FILED
CLERK OF STATE
MANATEE COUNTY, FLORIDA

WHEREAS, on January 9, 1986, the Board of County Commissioners (BOCC) approved R-85-236, a Development Order* for the Cooper Creek Center DRI for a planned residential, commercial, office, and industrial development on approximately 604.68 acres; and

WHEREAS, on December 23, 1986, February 10, 1987, March 29, 1990, April 5, 1993, June 22, 1995, November 4, 1997, September 7, 1999, May 28, 2002, December 1, 2005, and February 3, 2011, The Board of County Commissioner approved Resolutions R-86-323, R-87-58, R-90-39, R-93-100, R-95-135, Ordinance 97-23, Ordinance 99-40, 02-31, 05-54, 11-07 and 11-16 respectively, approving amendments to the Development Order for Cooper Creek Center, which amendments were not found to be a substantial deviation to the originally approved Development Order; and

WHEREAS, County Line Road Associates, LTD. has been succeeded by Dick Road-Blend-All Hotel Development, Inc., a New York corporation, Walden Avenue-Blend-All Hotel Development, Inc., a New York corporation, WR-I Associates, LTD., a Florida limited partnership, RB-3 Associates, a New York general partnership, and Nathan Benderson, Ronald Benderson, and David H. Baldauf, as Trustee under a Trust Agreement dated September 22, 1993, known as the Randall Benderson 1993-1 Trust, and Wilmington Land Company, a Florida Corporation, as the Developer of Cooper Creek Center; and

WHEREAS, said Cooper Creek Center is a MULTI-USE PROJECT, as defined in Section 380.0651(3)(i), Florida Statutes, on approximately 604.68 acres, located in south Manatee County, the legal description of which is attached as "Exhibit A"; and

WHEREAS, the buildout date, pursuant to this amendment, for Cooper Creek Center expires on December 30, 2019; and

WHEREAS, the expiration date of the Development Order, pursuant to this amendment, is December 30, 2020; and

WHEREAS, the Developer has requested that further amendments to the Cooper Creek Center Development Order, as previously amended ("prior DO"), be approved to provide for the following changes to the project:

1. Update the build out date to December 30, 2019 and expiration date to December 30, 2020 pursuant to extensions granted with House Bill 7207.
2. Extend the CLOS expiration date to December 30, 2019, consistent with the updated Transportation Analysis.
3. Modify Project Summary Table 1 to provide for an additional 20,000 sq. ft. of commercial use and 83,000 sq. ft. office use.
4. Revise Project Summary Table 1 to allow an additional 20,000 sq. ft. of school use permitted with a corresponding reduction of commercial and/or office sq. ft. at a one to one ratio.
5. Amend General Condition A.(4) to revise tradeoffs between land uses set forth in Project Summary Table 1 to reflect the changes to allowable square footage for office and commercial uses as proposed, and allow conversion of residential to an Assisted Living Facility(ALF) use.
6. Amend Map H to permit additional access points from Cooper Creek Boulevard and add Commercial and Assisted Living Facility (ALF) as permitted uses in Parcel K and ALF in Parcel G.
7. Modify the Definition of Conservation Area to mean areas under a Conservation Easement to Manatee County or as shown on Exhibit "C" and delete the reference to TBRPC.
8. Update Exhibit "C" to include post development areas under a Conservation Easement.
9. Amend General Conditions, Section D.(6), to eliminate the reference to Table 3, and change the requirement for mitigation of impacts to wetlands to reference State requirements or Manatee County Comprehensive Plan requirements if mitigation is not required by the state.
10. Delete Table 3 which provides minimum wetland preservation and conservation area ratios.
11. Any other revisions deemed necessary or appropriate during the public hearing process.
12. Various other changes to the Development Order, including recodification of the existing development order; terminology; formatting; departmental references; clarification changes; and to denote stipulations that have been complied with or requirements that have been completed. The Ordinance amends, replaces, and supersedes Ordinance 11-16, DRI #14, as amended; and provides for severability and an effective date.

WHEREAS, while the development of Cooper Creek Center has commenced and is underway in accordance with the Prior DO*, this Development Order shall be, hence forth, considered the approved Cooper Creek Center Development of Regional Impact Development Order; and

WHEREAS, the above described changes in conjunction with all previous changes, do not constitute a Substantial Deviation to the Development Order, as amended, for Cooper Creek Center, pursuant to Chapter 380, Florida Statutes; and

WHEREAS, this Development Order shall be considered an amended Development Order; and

WHEREAS, all future development shall comply with the requirements of the Comprehensive Plan (Ordinance 89-01, as amended) and Land Development Code (Ordinance 90-01, as amended), except where specifically approved by the BOCC in this Development Order.

WHEREAS, the Board of County Commissioners as the governing body of the local government having jurisdiction pursuant to Section 380.06, Florida Statutes, has the statutory authority to consider and approve Notices of Proposed Changes (NOPC) for an amendment to an approved Development of Regional Impact; and

WHEREAS, the public notice requirements of Manatee County and Chapter 380, Florida Statutes, have been satisfied; and

WHEREAS, the Planning Commission of Manatee County as the Local Planning Agency of Manatee County has held a duly noticed public hearing on November 10, 2011, to consider the NOPC application, has found said NOPC application consistent with the Manatee County Comprehensive Plan and has recommended approval of this ordinance, subject to the conditions specified herein; and,

WHEREAS, the Board of County Commissioners has received and considered the comments of the Tampa Bay Regional Planning Council; and

WHEREAS, the Board of County Commissioners of Manatee County on December 1, 2011, held a duly noticed public hearings on said NOPC and has solicited, received and considered all testimony, reports, comments, evidence, and recommendations from interested citizens, County and City agencies, and the applicant, as well as the review and report of the Manatee County Planning Department;

WHEREAS, said Board of County Commissioners has considered all of the foregoing in the adoption of this Ordinance.

NOW THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MANATEE COUNTY, FLORIDA IN A REGULAR MEETING ASSEMBLED THIS 1ST DAY OF DECEMBER 2011 AS FOLLOWS:

SECTION 1. AMENDMENT AND RESTATEMENT OF DEVELOPMENT ORDER FOR DRI #14, ORDINANCE 11-16.

Ordinance 11-16 is hereby amended and restated in its entirety below. This Ordinance shall constitute the amended and restated Development Order for the Cooper Creek Development of Regional Impact. All prior Development Orders shall be superceded by this Ordinance. Provided this amendment shall not be construed to terminate the rights of the Developer, if any, granted under Section 163.3167(8), Florida Statutes, to the extent such rights have been previously granted and are not specifically herein or otherwise modified or amended.

SECTION 2. FINDINGS OF FACT

The Board of County Commissioners of Manatee County, after considering the testimony, evidence, documentation, application for amendment of the Zoning Ordinance, NOPC for an amended Development Order*, the recommendation and findings of the Planning Commission of Manatee County, as well as all other matters presented to said Board at the public hearing hereinafter referenced, hereby makes the following findings of fact:

A. All recitals preceding Section 1 of this Ordinance are adopted as findings of fact.

B. The real property involved in this development and owned by Dick Road-Blend-All Hotel Development, Inc., a New York corporation, Walden Avenue-Blend-All Hotel Development, Inc., a New York corporation, WR-I Associates, LTD., a Florida limited partnership, RB-3 Associates, a New York general partnership, and Nathan Benderson, Ronald Benderson, and David H. Baldauf, as Trustee under a Trust Agreement dated September 22, 1993, known as the Randall Benderson 1993-1 Trust, and Wilmington Land Company, a Florida Corporation, is located in Manatee County, Florida, and is described on "Exhibit A" attached hereto and made a part hereof.

C. The Developer* has received County approvals for and has completed certain development consistent with the prior DO.

D. Development of the Cooper Creek Center site to date has proceeded in accordance and in compliance with the prior Development Order, as amended, and the Land Development Regulations of Manatee County.

1. The Developer has submitted the information requested in the County environmental consultant's Summary Report dated September 1985.
2. The Developer has instituted and shall continue to conduct the required water quality monitoring program.
3. The Developer has submitted a Master Drainage Plan which has been approved by Manatee County and TBRPC.
4. The County and Developer have entered into a Fee Agreement dated February 10, 1987, regarding the advance payment of Transportation Component Impact Fees, with which the Developer is in full compliance and which shall remain in full force and effect, and is attached hereto and make a part hereof by reference as "Exhibit D". The Developer* has obtained all impact fee credits due under this agreement.
5. The required improvements set forth in Exhibit C of R-86-323 have been constructed (Construct a second northbound to westbound left turn lane on Interstate 75 exit ramp to University Parkway).

6. The required transportation improvements set forth in Section 4, Development Conditions B(6) a., b., c., and d. of this Development Order, have been constructed by the Developer and accepted by Manatee County.

E. An application has been submitted to Manatee County and is being processed concurrently with this NOPC to revise the General Development Plan for the 604.68 acre project.

F. A notice of Public Hearing in these proceedings was duly published in The Herald and Herald Tribune, newspapers of general circulation in Manatee County, Florida, pursuant to Section 380.06(11), Florida Statutes, and Section 502.5, Manatee County Land Development Code, and proof of such publication has been duly filed in these proceedings.

G. The Board of County Commissioners of said County has received and considered the recommendation of the Manatee County Planning Commission concerning this NOPC to a Development Order pursuant to Section 380.06, Florida Statutes.

H. The Board of County Commissioners held a public hearing on December 1, 2011, regarding the said NOPC described herein, in accordance with the requirements of The Manatee County Land Development Code (Ordinance 90-01, as amended) and the 2020 Manatee County Comprehensive Plan (Ordinance 89-01, as amended) and has further considered the testimony, comments, and information received at the Public Hearing.

I. Manatee County has adopted the Manatee County Comprehensive Plan which is in compliance with applicable state laws.

J. The Comprehensive Plan requires Certificates of Level of Service be issued for Water, Wastewater, Solid Waste, Parks and Recreation, Transit, Transportation, and Drainage in compliance with state requirements.

K. This Development Order is issued based on information provided by the Developer* in the ADA*, as amended, and information provided in the sufficiency responses, NOPC's, and ensures compliance with the Manatee County Comprehensive Plan. Subject to the Development Order conditions listed in Section 4, the County has determined that, with the required transportation improvements listed in Conditions B. (2) and (7) of this Development Order, adequate Levels of Service exist until December 30, 2019, for this project in each of these areas referenced in subsection 1.J above, except potable water which will shall be addressed in accordance with the requirements of the Comprehensive Plan.

L. The build-out date is approved for December 30, 2019.

M. The proposed Development of Regional Impact regarding the property described in Section 6 herein is found to be consistent with the requirements of the previously adopted Development Orders and The Manatee County Comprehensive Plan.

N. The "Developer*" submitted to Manatee County, Florida an ADA* and NOPC, and sufficiency responses identified in Section 1 which are incorporated herein by reference.

O. This amended Development Order is consistent with all prior Manatee County Development Approvals* granted pursuant thereto.

P. The real property which is the subject of this Application* is legally described as set forth in "Exhibit A" of this Development Order.

Q. The proposed development is not in an Area of Critical State Concern, as designated pursuant to Section 380.05, Florida Statutes.

R. The authorized agents for the Developer* are Elizabeth Benac and Todd Mathes of Benderson Development Company, LLC.

S. The Owners* of the property are Dick Road-Blend-All Hotel Development, Inc., a New York corporation, Walden Avenue-Blend-All Hotel Development, Inc., a New York corporation, WR-I Associates, LTD., a Florida limited partnership, RB-3 Associates, a New York general partnership, Nathan Benderson, Ronald Benderson, and David H. Baldauf, as Trustee under a Trust Agreement dated September 22, 1993, known as the Randall Benderson 1993-1 Trust, and the Wilmington Land Company, a Florida Corporation, their heirs, assigns, designees, agents, and successors in interest.

T. A comprehensive review of the impact generated by the development has been conducted by the departments of Manatee County, the Planning Commission, Tampa Bay Regional Planning Council (TBRPC), and the State Land Planning Agency in conjunction with the original Development Order, as amended, and all notices of proposed change.

U. The Developer will be issued a Level of Service Certificate which will expire on December 30, 2019.

V. The Developer has prepared and submitted and the County has approved Construction Drawings and issued construction permits for the transportation improvements listed in Transportation Condition B.(7).

SECTION 3. CONCLUSIONS OF LAW

A. Based upon the previous findings of fact and the following conditions of Development Approval*, the Board of County Commissioners of Manatee County concluded that:

1. The Development will not unreasonably interfere with the achievement of the objectives of the Adopted State Land Development Plan applicable to the area.

2. The Development remains consistent with the report and recommendations of Tampa Bay Regional Planning Council issued on July 8, 1985, regarding DRI #103, and on October 10, 2011, regarding this NOPC.
3. This Development remains consistent with the State Comprehensive Plan.
4. This Development remains consistent with the Manatee County Comprehensive Plan and Land Development Code.

B. That these proceedings have been duly conducted pursuant to applicable laws and regulations, and based upon the record in these proceedings, the Developer* is authorized to conduct development as described herein, subject to the conditions, restrictions, and limitations set forth below.

C. That the review by the County, the TBRPC, and other participating agencies and interested citizens reveals that impacts of the development are adequately addressed pursuant to the requirements of Chapter 380, Florida Statutes, within the terms and conditions of this Development Order and the ADA*. To the extent that the ADA* is inconsistent with the terms and conditions of this Order, the terms and conditions of this Order shall prevail. A summary of the development covered by this development order is included as Table 1.

D. Pursuant to Section 380.06(19), Florida Statutes, the Developer has submitted clear and convincing evidence to rebut the presumption that the changes proposed by this NOPC and approved pursuant to Ordinance 11-38 are a Substantial Deviation.

SECTION 4. DEFINITIONS

The definitions contained in Chapter 380, Florida Statutes, and in the Manatee County Land Development Code and Comprehensive Plan shall apply to this Development Order in addition to those listed herein. The following capitalized terms used herein shall have the following meanings:

A. "Acceptable Level of Service*" shall, for links and intersections in Manatee County, Florida, mean Level of Service "C" on an average daily basis, or "D" on a peak hour basis, as provided in the Land Development Code. Level of Service "D" shall be measured on a peak hour basis as determined by the most recent Highway Capacity Manual, TRB Special Report 209 or the most current manual and computer software version in accordance with guidelines acceptable to Manatee County. Level of Service "C" capacity on an average daily basis shall be calculated either as 10 times the peak hour Level of Service "D" capacity, or if actual data is available to determine the "K" factor (please refer to the Florida Department of Transportation Planning and Statistics Department), then on the basis of the "K" factor. Acceptable Level of Service for links and intersections in Sarasota County, Florida, shall mean Level of Service "C" on an average daily basis ("D" on a peak hour basis), which shall be measured as provided in this paragraph. Where a link or intersection in Sarasota County is operating at Level of Service "D" on an average daily basis ("E" on a peak hour basis) on the effective date of this Ordinance, then the Acceptable Level of Service in Sarasota County for that link or intersection shall mean Level of Service "D" on an average daily basis ("E" on a peak hour basis).

B. "Application*" and "Application for Development Approval*" or "ADA" shall mean Cooper Creek Center's Development of Regional Impact Application for Development Approval*, and the NOPC submitted on July 26, 1996, and revised on March 31, 1997 and August 19, 1997, the NOPC, submitted on January 27, 1999, the NOPC submitted on January 9, 2002, the NOPC submitted on May 17, 2005, the NOPC submitted on March 26, 2009, the NOPC submitted on March 16, 2011 and the NOPC submitted on August 24, 2011(included as "Exhibit G").

C. "Best Management Practices*" shall mean the practices which are technologically and economically feasible in abating pollution generated by point and non-point sources, to a level compatible with water quality and quantity objectives of the Land Development Code (BMP list of approved practices by Board resolution for Special Overlay Districts-Evers Reservoir and Lake Manatee Watershed Areas).

D. "Conceptual Master Plan*" shall mean a graphic depiction of the development shown on Revised "Map H", last revised September 2011, for the Cooper Creek Center, and attached hereto as "Exhibit B".

E. "Conservation Area*" shall mean areas under a Conservation Easement to Manatee County and those areas shown on revised "Exhibit C", last revised on September, 2011.

F. "County Transportation Authority*" shall be defined as the Planning Department in cooperation with Manatee County's Transportation Department, or whatever County entity is responsible for roadway approvals.

G. "Developer*" shall mean Dick Road-Blend-All Hotel Development, Inc., a New York corporation, Walden Avenue-Blend-All Hotel Development, Inc., a New York corporation, WR-4I Associates, LTD., a Florida limited partnership, RB-3 Associates, a New York general partnership, Nathan Benderson, Ronald Benderson, and David H. Baldauf, as Trustee under a Trust Agreement dated September 22, 1993,

known as the Randall Benderson 1993-1 Trust, and Wilmington Land Company, a Florida Corporation, their heirs, assigns, designees, agents, and successors in interest.

H. "Development Approval*" shall mean any approval for development granted through the Preliminary and Final Site Plan*, Preliminary and Final Subdivision Plat process, and construction drawing approval where site plans are not required, and all its conditions of approval.

I. "Development Order" shall mean the Ordinance Granting a Development Order for Cooper Creek Center, Ordinance 11- 38.

J. "Fee Agreement*" shall mean the Transportation Component Impact Fee agreement by and between the County and the developer's predecessors in interest which was adopted on February 10, 1987, and is attached hereto as "Exhibit D".

K. "Funding Commitments*" shall mean to assure the completion of any improvement required by this Development Order, or any combination of the following:

1. Binding commitments for the actual construction with a posting of a cash bond or irrevocable letter of credit in a form satisfactory to the County; or
2. Actual construction; or
3. The placement of the improvements in the capital improvements work plan of a responsible entity for construction during the fiscal year when the improvement is required as long as said improvement is within the first two years of the Manatee County Capital Improvement Plan or the first two years of the FDOT Work Plan at the time of Preliminary Site Plan approval of a subphase or phase; or
4. A local development agreement as defined by Florida Statutes or the Land Development Code. The funding commitment shall guarantee that the improvement will be in place when needed or concurrent with the expected impacts of the development, whichever is sooner.

L. "Horizontal Development*" shall mean and shall be deemed to include the construction of any and all improvements required to serve Vertical Development* (e.g., roadway, drainage, water, sewer, communication, utilities, etc).

M. "Master Development Plan*" shall be defined as Revised Map H, last revised September 2011, incorporated as "Exhibit B" and made a part hereof. Development on Map H shall be limited to the total number of dwelling units and non-residential development on Table 1.

N. "Owner*" shall mean Dick Road-Blend-All Hotel Development, Inc., a New York corporation, Walden Avenue-Blend-All Hotel Development, Inc., a New York corporation, WR-I Associates, LTD., a Florida limited partnership, RB-3 Associates, a

New York general partnership, Nathan Benderson, Ronald Benderson, and David H. Baldauf, as Trustee under a Trust Agreement dated September 22, 1993, known as the Randall Benderson 1993-1 Trust, and Wilmington Land Company, a Florida Corporation, their heirs, assigns, designees, agents, and successors in interest as to the Cooper Creek Center DRI and all its stipulations.

O. "Post Development Wetland*" shall mean any Wetland* area, which upon completion of the subphase, that will be a jurisdictional Wetland* under the regulations of the Southwest Florida Water Management District or the Florida Department of Environmental Protection. This definition shall not apply to stormwater ponds or littoral shelves not required for mitigation.

P. "Preliminary Site Plan*" (PSP*) shall mean a Preliminary Master Development Plan* or a Preliminary Site Plan* for a Phase or Sub-Phase as defined in The Manatee County Land Development Code, (Ordinance 90-01, as amended), for a Phase or Sub-Phase.

Q. "Preservation Areas*" shall mean areas as defined by TBRPC and shown on revised "Exhibit C", revised on September 2011.

R. "Site Development Plan*" shall be defined as any preliminary plat, final plat, Preliminary Site Plan*, or final site plan to be submitted for consideration of approval pursuant to the LDC.

S. "Traffic Study*" shall mean a report presented by the Developer*, pursuant to the provisions of *Section 380.06, F.S.* and *Rule 9J-2.045 F.A.C.*, using a methodology acceptable to the County Transportation Authority*, the Tampa Bay Regional Planning Council, the Florida Department of Community Affairs, and the Florida Department of Transportation. Such study will be designed to determine if the proposed development will reduce daily or peak hour Level of Service* on any of the roadway segments or intersections within the Transportation Impact Area*, to below an Acceptable Level of Service*. Any such Traffic Study* shall include traffic to be generated by the proposed Phase or Sub-Phase, existing traffic, and traffic anticipated from prior Development Approvals* cumulatively.

T. "Transportation Impact Area*" shall be defined as the roadway segments and intersections receiving transportation impacts where the cumulative traffic generated by a proposed PSP* in combination with prior approvals of this project will be five percent (5%) or more of the Acceptable Level of Service*. This area will be determined in conjunction with any traffic study required for Development Approval after December 30, 2007. This area is generally depicted on Map J which was submitted with the ADA. This area will be revised as appropriate, based on a new Traffic Study*.

U. "Vertical Development*" shall mean and shall be deemed to include the construction of new residential units and non-residential units or the reconstruction or addition to any structure.

V. "Warranted*" shall mean a determination by the County based on generally accepted transportation engineering practices that the Acceptable Level of

Service* cannot be maintained on a roadway segment or intersection without the construction of a transportation improvement required by this Development Order.

W. "Wetland*" shall mean any wetland under the jurisdictional limits defined by *Chapter 40D-4.021, Florida Administrative Code*, and implemented by the Florida Department of Environmental Protection, or as defined within *Chapter 40D-4, F.A.C.*, and implemented by the Southwest Florida Water Management District.

X. The definitions contained in Chapter 380, Florida Statutes, shall apply to this Development Order.

SECTION 5. DEVELOPMENT CONDITIONS

- A.(1) Approved Development Totals and development authorized for construction pursuant to this D.O. are as set forth in Table 1. Building Permits for non-residential development and Final Plats (or Building Permits if platting is not required) for residential shall be obtained prior to December 30, 2020.
- A.(2) Development may occur anywhere on site provided all conditions of this Development Order are adhered to and it is concurrent with all necessary infrastructure improvements.
- A.(3) The Developer* has demonstrated the availability of adequate infrastructure, including roads, parks, transit, waste water service, solid waste service, fire, police, and other emergency services and will be issued a revised Level of Service Certificate which will expire December 30, 2019. Concurrency for potable water will be addressed at the Final Site Plan approval, pursuant to the Manatee County Comprehensive Plan Policies 2.4.1.2. and 2.4.1.5.
- A.(4) Tradeoffs between the land uses set forth in Table 1 may be granted by the the Building and Development Services Director with an amendment to the General Development Plan approved by staff along with a traffic study addressing any changes in trip generation, distribution, average queue length at intersections, and any mitigation necessary as a result of the tradeoff (Note: If the trip generation estimates as a result of the tradeoff are less than or equal to what was previously approved, a traffic study shall still be required to address the change in entering and exiting percentages, and consequently other measures of effectiveness). The staff has not reviewed any such "trade-off" and has not determined whether any "tradeoff" is appropriate. Any proposal for a "trade-off" shall be reviewed for compliance with the provisions of this Development Order, the Manatee County Land Development Code, and the Manatee County Comprehensive Plan. The developer shall also be required to demonstrate that 1) the quantities of solid waste generated, potable water consumed, and wastewater, and 2) the impacts to the County Parks, Transit Services, EMS, and Sheriff, in the event of any tradeoffs, are less or meet County standards in effect at the time of tradeoff. The Developer* shall give the State Land Planning Agency and the Tampa Bay Regional Planning Council notice of its intent to trade off land uses at least 15 days prior to the County's approval of any such trade off. The Notice shall identify the resulting impacts of the trade off in terms of land use, traffic generation, potable water, wastewater, solid waste, and

affordable housing. In addition, the DRI biennial report shall include information indicating cumulative amounts of development which have been approved by the County as of the biennial report date and the resulting impacts on traffic generation, potable water, wastewater, solid waste, and affordable housing. Following the County's approval of any such trade off, the County shall provide to the State Land Planning Agency and TBRPC a copy of said approval. An amendment to applicable provisions of this Development Order pursuant to an NOPC or Substantial Deviation proceeding shall not be necessary or required to approve a "trade off" pursuant to this condition.

The following limitations shall apply to any trade-off:

1. Residential uses shall not be increased nor decreased by more than 200 dwelling units. 680 to 1,080 Dwelling Units. An ALF may be permitted in lieu of dwelling units.
2. The mix of approved uses shall not be increased nor decreased by more than 50,000 square feet of General Commercial or Office, 744,000 to 844,000 square feet for General Commercial and 173,000 to 273,000 Square Feet for Office.
3. Hotel uses shall not be increased or decreased by more than 75 motel rooms 175 to 325 Rooms.

Office ^{1, 3}	223,000 Sq. Ft.	
Motel	250 Rooms	
School ³	20,000 Sq. Ft.	
P.M. Peak Trips (net external)	3,058 Trips	
BUILD-OUT DATE	December 30, 2019	

- ¹ May include communication antenna structures as allowed by the approved General Development Plan and applicable regulations.
- ² Includes one existing communication antennae structure.
- ³ May include up to an additional 26,000 sq. ft. of School upon corresponding decrease of office and/or commercial use at a 1:1 ratio. All School space may revert to office and/or commercial space.

- A.(5) Existing agricultural uses on the property, in whole or in part, as an approved secondary use are hereby granted until development commences on the applicable section or portion of the site.
- A.(6) Any excess infrastructure capacity constructed to potentially serve development beyond that described in Condition A.(1) shall be at the developer's risk and shall not be construed to vest additional Vertical Development* construction rights.

TRANSPORTATION CONDITIONS

- B.(1) All residential development which does not have a Final Plat approval (or building permit if platting is not required) and all non-residential development which does not have a building permit prior to December 30, 2019, shall be subject to review and approval of a transportation analysis pursuant to Section 380.06, Florida Statutes and issuance of a transportation level of service certificate pursuant to the Manatee County Land Development Code. Completed.
- B.(2) Maintenance of Acceptable Level of Service* on intersections or in the Study Area to be determined consistent with methodologies in accordance with Section 380.06, Florida Statutes shall be verified by the developer to the satisfaction of the County Transportation Authority* as part of each biennial report as required by Subsection 380.06(18), Florida Statutes.
- B.(3) There shall be no approvals granted as to development beyond that specified in Table 1 unless a tradeoff is approved, consistent with the limitations of condition A(4) and the transportation improvements required have been completed or such improvements are determined as not warranted under the required transportation analysis.

- B.(4) The Developer* shall continue to demonstrate continuous progress towards building permit applications for the development totals set forth in Table 1. Continuous progress shall mean Final Plat approval (or the issuance of building permits if a Final Plat is not required) for 200 residential lots or dwelling units and the issuance of building permits for at least 50,000 square feet of non-residential use. Failure to demonstrate such progress may require a revised and updated Traffic Study* to demonstrate that Acceptable Levels of Service* are still projected to exist at the time building permits are issued. The determination that a revised and updated Traffic Study* is required shall be made by the Board of County Commissioners at a public hearing with notice to the developer, upon recommendation by the Planning Director.
- B.(5) The Developer* shall provide for a bus bay area acceptable to Manatee County at one location within each commercial land use area and at one location on University Parkway near the project entrance at time of Development. (This condition provides the Transportation Management System required by TBRPC).
- B.(6) The Developer* shall implement, at their expense, the following specified safety transportation improvements.
- a. Signalize the intersection of University Parkway and Cooper Creek Boulevard. The signal shall be of the mast arms type. Completed.
 - b. Provide a westbound right-turn deceleration lane on University Parkway, at the intersection with Cooper Creek Boulevard. The turning lane length shall be 500 feet. Completed.
 - c. Provide an additional southbound left-turn lane on Cooper Creek Boulevard at the intersection with University Parkway. The resulting dual left-turn lanes shall have a queue length component of 225 feet each. The Southbound right-turn lane queue length should be 150 feet. The dual left-turn lanes shall be supplemented by guiding pavement markings to provide turning lane separation (2-ft long dashed lines with 4-ft gaps to channelize turning traffic). Completed.
 - d. Add one right hand, northbound to eastbound turn lane from Honore Avenue to Cooper Creek Boulevard, approximately 400 feet in length. Completed.
 - e. Add one eastbound to northbound left turn lane from University Parkway to Cooper Creek Boulevard adjacent to the existing left turn lane prior to the issuance of the Certificate of Occupancy for the second office building in Parcel K. Completed.
- B.(7) The Developer* shall evaluate the need for traffic safety and circulation improvements with each PSP*. Manatee County shall review and evaluate the information submitted by the Developer* and reserve the right to require additional safety and circulation improvements such as turn lanes, signals, signal timing, and pavement markings.

ENVIRONMENT

Air Quality

- C.(1). Manatee County shall reserve the right to require mitigation measures or a revision of the site plan to alleviate potential negative impacts of the project on ambient air quality.

WATER QUALITY, WETLANDS* AND DRAINAGE

- D.(1) In order to protect water quality in the Braden River watershed and the Evers Reservoir Watershed, there shall be no degradation of water quality by stormwater exiting the site. All stormwater discharges to the Braden River shall be required to meet all state water standards and criteria as defined in Chapters 62-302, and 62-25, F.A.C., as well as Manatee County requirements.
- D.(2) The Developer* shall continue to conduct the approved comprehensive surface water quality and quantity monitoring program approved by the County. The program shall continue through one year beyond project buildout. The County may require that the program may be extended beyond buildout if conditions are observed that would require additional monitoring. All water quality sample collections and laboratory analysis shall be made in accordance with USEPA/FDEP approved methodology. The laboratory performing the analyses shall be certified by the Florida Department of Health and shall have an approved comprehensive quality assurance plan on file with the FDEP. Any violation of federal, state, or local water quality standards shall require corrective measures as required by the appropriate authority. All monitoring reports shall be submitted to Manatee County and to the TBRPC with each biennial report.

Any changes to the Surface Water Quality Monitoring Program Criteria shall be submitted to the City of Bradenton and TBRPC for review and comment, and approval by Manatee County.

Should Manatee County adopt a Comprehensive Evers Reservoir Watershed Surface Water Quality Monitoring Program and the Developer* participates in this Comprehensive Surface Water Quality Monitoring Program, then the Developer*, with the approval by Manatee County and TBRPC, may terminate the required Surface Water Quality Monitoring Program contained in this Development Order.

- D.(3) The Developer* shall continue to conduct the comprehensive ground water quality and quantity monitoring program as previously approved by Building and Development Services Department. The program shall continue through one year beyond project buildout. All monitoring reports shall be submitted to Manatee County and to the TBRPC with each biennial report.

Any changes to the Groundwater Quality Monitoring Program Criteria shall be submitted to the City of Bradenton and TBRPC for review and comment, and approval by Manatee County.

All water quality sample collections and laboratory analysis shall be made in accordance with USEPA/FDEP approved methodology. The laboratory performing the analyses shall be certified by the Florida Department of Health and shall have an approved comprehensive quality assurance plan on file with the FDEP. Any violation of federal, state, or local water quality standards shall require corrective measures as required by that approved authority.

D.(4) The Developer* shall be responsible for Operation and Maintenance for all portions of the Surface Water Management System, except for those portions which are dedicated to and accepted by the County.

D.(5) All development shall be subject to the requirements of Chapter 40D-4, F.A.C. All Wetlands* in the entire 604.68 acre development shall be subject to the requirements of Section 719 of the Manatee County Land Development Code or as otherwise approved by Manatee County.

D.(6) Impacts to Wetlands*, Preservation Areas*, and Conservation Areas* shall be mitigated in accordance with SWFWMD. In the event mitigation is not required by the applicable State agency, then impacts to wetlands, preservation areas and conservation areas shall be mitigated in accordance with the requirements of the Manatee County Comprehensive Plan and the Land Development Code. . Mitigation shall be required prior to the completion of the parcel in which the impact occurs.

a. **Preservation and Conservation Areas***

Conservation Area* shall comprise of all SWFWMD jurisdictional wetlands, in addition to other areas as delineated on Exhibit C.

The Conservation Areas* on site encompass approximately 88 acres as indicated on the attached Revised Preservation/Conservation Map dated September 2011, Exhibit C. All Conservation Areas* shall remain undisturbed or mitigated.

There shall be no impact to those Wetlands* encompassing approximately 16.41 acres, indicated as Preservation Areas* on the attached Revised Preservation/Conservation Map, dated September 2011, Exhibit C. Impacts authorized pursuant to state and federal permits approved prior to the effective date of this development order and impacts for necessary infrastructure (such as roads, utility lines, recreational trails, and paths, per Manatee County Comprehensive Plan policy) may be allowed.

b. **Wetland Areas***

Wetlands created as a result of flood storage compensation shall be credited as mitigation lands if acceptable to the Building and Development Services Department and other permitting agencies.

As required by Manatee County Comprehensive Plan, the Developer* shall provide buffers around all Post-Development Wetlands*.

Mitigation security for impacts to wetlands, preservation, and conservation areas shall be required in accordance with applicable County Ordinances.

All herbaceous mitigation areas and littoral shelves used for mitigation shall be monitored annually after planting for a period of three years. Forested mitigation areas shall be monitored annually for at least five years. Monitoring shall include survival rates, species diversity composition, spreading, and exotic species encroachment. Additional planting may be required to maintain an 85 percent survival of planted species at the end of three years.

All Post Development Wetlands*, Conservation and Preservation Areas*, and their buffers shall be protected by a recorded conservation easement to Manatee County, as a separate easement document acceptable to Manatee County, and shall be shown on any Preliminary and Final Site Plans and Subdivision Plats. Deed restrictions shall be included that prohibit development activity and removal of native vegetation in the conservation easement unless approved by the County and any permitting agency or agencies with jurisdiction. Any replanting within the buffer shall be with flora native to the Braden River area of Manatee County.

Each biennial report shall include the results of the mitigation monitoring. The report shall also include information on what Conservation Areas* and Preservation Areas* have been impacted and the steps taken to mitigate the impacts and the results of the mitigation monitoring.

- D.(7) The stormwater management systems shall be designed, constructed, and maintained to meet or exceed applicable requirements of the adopted Manatee County Comprehensive Plan and Chapter 62-4, 62-25, 40D-4, 40D-40, 40D-400 F.A.C. The stormwater management system within the Evers Reservoir watershed shall treat stormwater to Outstanding Florida Waters standard. Stormwater treatment shall be provided by biological filtration where required by the Master Drainage Plan as referenced as "Exhibit I".
- D.(8) The Developer* shall not seek permits for, or otherwise implement, any point source discharges of pollutants into the Braden River or its tributaries. Stormwater is not point source discharge as defined today, and no re-definition of point source discharges shall create a requirement that existing storm water discharges be prohibited under this section.

FLOODPLAINS

- E.(1) All habitable portions of structures shall be constructed above the 100-year floodplain, and in accordance with local, state, and federal requirements.
- E.(2) Any encroachment of the 100-year floodplain or floodway shall be mitigated in accordance with FEMA and Manatee County standards.
- E.(3) No discharges to groundwater shall be permitted on-site.

ECONOMICS

- F.(1) The Cooper Creek Center development shall promote entrepreneurship and small and minority-owned business start-up, and encourage non-discriminatory employment opportunities, pursuant to Policies 21.2, State Comprehensive Plan and 2.7.2, FRSRPP, respectively.

WILDLIFE HABITAT AND VEGETATION

- G.(1) In the event that any species listed in Rule 68A-27.003 through 68A-27.005, F.A.C., are observed frequenting the site for nesting, feeding, or breeding, proper protection or mitigation measures shall be employed immediately in cooperation with the Florida Fish and Wildlife Conservation Commission (FFWCC), the Manatee County Building and Development Services Department, and the Florida Department of Community Affairs. This shall include, at a minimum, a wildlife management plan which contains information on impacts to listed species, site maintenance, fire frequency, Wetland* management, and boundary protection. Any such plan not adopted as part of the original Development Order shall require an amendment to the Development Order.

ARCHAEOLOGICAL AND HISTORICAL RESOURCES

- H.(1) Any historical or archaeological resources discovered during development activities shall be immediately reported to the Florida Department of State Division of Historical Resources (DHR) and treatment of such resources shall be determined in cooperation with the DHR, and Manatee County. Treatment of such resources must be completed before resource-disturbing activities are allowed to continue. A description of the project's compliance with these conditions shall be included in the subsequent biennial reports, to be submitted for review to DHR, in addition to TBRPC and Manatee County.

WASTEWATER

- I.(1) Sanitary sewer facilities including lift stations (pump stations) shall be designed, installed/constructed and equipped in accordance with the version of Manatee County Public Works Utility Standards that is in affect at the time of final site plan submittal.
- I.(2) Wastewater services to be provided by Manatee County. The quantity reserved shall be pursuant to the CLOS.
- I.(3) The disposal of waste into the sewer system shall comply with the Manatee County Sewer Use Ordinance (91-39).
- I.(4) The Developer* shall not utilize on-site wastewater treatment.

WATER

- J.(1) The Developer* shall require the installation of water conservation fixtures. Water saving devices shall be installed in accordance with the Florida Water

Conservation Act (Section 553.14, Florida Statutes). The Developer* shall require the use of native vegetation and Xeriscape techniques, to be used in landscaping to the greatest extent possible.

- J.(2) The Developer* shall use only non-potable water to meet non-potable demands. For purposes of this Development Order, "non-potable" water is defined as water emanating from any source other than a public water utility. No reclaimed water shall be used within the Evers Reservoir watershed provided that if spray effluent is permitted by Manatee County and other agencies having jurisdiction, no amendment to the Development Order shall be required to allow the Developer* to use spray effluent.
- J.(3) The Developer* shall comply with the rules and recommendations of the SWFWMD in regard to protection of the groundwater resources.

SOLID/HAZARDOUS WASTE

- K.(1) The Developer* shall provide to all Cooper Creek Center businesses information that:
- a. Indicates the types of wastes and materials that are considered to be hazardous and are to be stored or disposed of only in the specially-designated containers or areas;
 - b. Concerns the availability of existing companies that will accept wastes for recycle, reuse, exchange, and treatment; and
 - c. Advises of applicable statutes and regulations regarding hazardous wastes and materials.
- K.(2) The Developer* shall notify all commercial tenants of their responsibility to comply with all the applicable sections of Title III (Community Right-to-Know Law) of the Superfund Amendment and Reauthorization Act (SARA).

ENERGY

- L.(1) All Cooper Creek Center tenants, business, residents, etc., shall be notified in writing by the Developer* upon occupancy, that the following related practices are encouraged:
- a. Use energy alternatives, such as solar energy, resource recovery, waste heat recovery, and co-generation, where economically feasible;
 - b. Obtain energy audits provided by energy companies or other qualified agencies;
 - c. Install water heater timers and set water heaters at 130 degrees Fahrenheit or lower;

- d. Use landscaping and building orientation to reduce heat gain, where feasible, for all Cooper Creek Center construction;
 - e. Promote energy conservation by employees, buyers, suppliers, and the public, as appropriate;
 - f. Reduce levels of operation of all air conditioning, heating, and lighting systems during non-business hours, as appropriate;
 - g. Institute and utilize recycling programs; and
 - h. Utilize energy efficient packaging or recyclable materials.
- L.(2) The Developer* should designate an energy officer to establish energy policies, monitor energy use, and encourage conservation for project businesses. This information shall be included in the first annual report. Completed.

RECREATION AND OPEN SPACE

- M.(1) All recreation and open space areas not dedicated to the County or other state agencies shall be maintained by the Developer*.
- M.(2) A decrease in open space acreage shall require a substantial deviation determination conducted pursuant to Subsection 380.06(19), Florida Statutes.

PUBLIC SAFETY

- N.(1) Sheriff and emergency medical services will be provided by Manatee County. The Developer* shall be responsible for contributing a pro-rata share of the cost of land acquisition, construction, and equipping of emergency service facilities for police and emergency medical services or any combination thereof. The Developer* may, with the concurrence of the County, satisfy this obligation in whole or in part by conveyance of land deemed suitable for the intended use by the County or payment of impact fees, as allowed by the Land Development Code, if applicable. An agreement shall be approved prior to the next Final Site Plan approval. Provided, however, no approval shall be delayed if the applicant submits an agreement, and it is withheld because of the County's inability or failure to determine needs or pro-rata share determination for a period exceeding 2 months after its submittal. In no event, shall the developer's payment or pro-rata share exceed impact fee amount.
- N.(2) The Cooper Creek Center development shall be designed and constructed to meet or exceed specifications of the State Fire Code - Rule 4A-3.012, FAC or be in compliance with Manatee County Comprehensive Plan and Land Development Code Requirements.

GENERAL CONDITIONS

- O.(1) The Developer* shall be required to adhere to any and all commitments made in Section 6 incorporated herein, unless that commitment is superseded by a Development Order Condition in which case the Development Order Condition shall prevail.
- O.(2) The Developer* shall submit biennial DRI reports in accordance with Section 380.06(18), Florida Statutes, to Manatee County, the Tampa Bay Regional Planning Council, the State Land Planning Agency, and other agencies, as may be appropriate, on or before the 9th of January of all even-numbered years starting in 2012, until such time as all terms and conditions of this Development Order are satisfied. Six (6) copies of this report shall be submitted to the Director of Manatee County Building and Development Services Department or the Director's designee, who shall review the report for compliance with the terms and conditions of this Development Order and who may submit an appropriate report to the County Commission should the Director decide that further orders and conditions are necessary. The Developer* shall be notified of any Board of County Commissioners hearing wherein such report is to be considered or reviewed; provided, however, that receipt and review of any such report by the Board of County Commissioners shall not be considered as a substitute, waiver, or change of any conditions, or any terms or conditions of this Development Order. The biennial report shall contain the following:
- a. Any changes in the plan of development, or in the representation contained in the ADA*, or in the phasing for the reporting period and for the next period;
 - b. A summary comparison of development activity proposed and actually conducted for the 2 years;
 - c. Undeveloped tracts of land, other than individual single-family lots, that have been sold to a separate entity or Developer*;
 - d. Identification and intended use of lands purchased, leased, or optioned by the Developer* adjacent to this DRI site since the amended Development Order was issued;
 - e. An assessment of the Developer*'s and the local government's compliance with the conditions of approval contained in the DRI development order and the commitments that are contained in the Application for Development Approval* and which have been identified by the County, the TBRPC, or the Department of Community Affairs as being significant;
 - f. Any known incremental DRI Applications for Development Approval* or requests for a substantial deviation determination that were filed in the reporting year and to be filed during the reporting period;
 - g. An indication of a change, if any, in local government jurisdiction for any portion of the development since the development order was issued;

- h. A list of significant local, state, and federal permits which have been obtained or which are pending by agency, type of permit, permit number, and purpose of each;
 - i. A statement that all persons have been sent copies of the biennial report in conformance with Subsections 380.06(15) and (18), Florida Statutes; and
 - j. A copy of any recorded notice of the adoption of a development order or the subsequent modification of an adopted development order that was recorded by the Developer* pursuant to Subsection 380.06(15)(f), Florida Statutes.
 - k. Reports or information pursuant to stipulations D(2), D(3), D(6), F(1), H(1), and L.(2) .
- O.(3) Any changes in the Development from the parameters set forth in the Application* and this Development Order shall be governed by Subsection 380.06(19), Florida Statutes.
- O.(4) The Manatee County Building and Development Services Director or the Director's authorized designee shall be responsible for monitoring the Development and ensuring its compliance with this Development Order. The data necessary for monitoring the Development shall be generated by building permits, certificates of occupancy, approval of plats and offering statements, the Biennial Report, and on-site observations. The enforcement of the Terms and conditions of this Development Order shall be through such means as are authorized by Chapter 380, Florida Statutes, and through the Manatee County Land Development Code.
- O.(5) The Developer* has elected, pursuant to Section 380.06(5)(c), Florida Statutes, to be bound by the rules adopted pursuant to Chapters 403 and 373, Florida Statutes, in effect at the time the Development Order was issued on September 30, 1997. Accordingly, to the extent the provisions of Section 380.06(5)(c), Florida Statutes, affect the determination as to which rules are applicable to the Development, said election shall apply, notwithstanding any provision in this Development Order to the contrary.
- O.(6) This Development Order shall expire December 30, 2020. Buildout shall be completed by December 30, 2019. Unless otherwise specified in this Development Order, all conditions herein shall be complied with on or before the expiration date of this Development Order.
- O.(7) This Ordinance shall constitute a Development Order issued in accordance with Chapter 380, Florida Statutes.
- O.(8) In the event of a Development Order appeal or other legal challenge of the Development Order by the DCA or TBRPC, the Developer shall pay all costs and fees of County Staff and attorneys the County is required to expend related to said appeal or legal challenge at the rate of the processing fee for the

Development Order under the current Building and Development Services Department fee schedules. Payment of all billings by the Developer related to such fees and costs shall be made within 45 days of the submittal of an invoice. Payment to County staff and County attorneys shall be at the rate of the processing fee for the Development Order under the current Building and Development Services Department fee schedule, and payment shall be remitted within forty-five days of submittal of an invoice.

SECTION 6. DEVELOPER* COMMITMENTS

Developer* commitments set forth in the attached "Exhibit F" shall be honored by the Developer*, except as they may be superseded by specific terms of this Development Order.

SECTION 7. LEGAL DESCRIPTION

Development of Cooper Creek Center shall be restricted to the 604.68 acre tract of land described by the legal description included as "Exhibit A" attached to and made a part of this Development Order.

SECTION 8. COMMENCEMENT OF DEVELOPMENT

Physical development of the project not previously permitted shall commence within three (3) years of approval of this Development Order unless the time period for commencement is extended by the Board of County Commissioners; however, no Development Approval* shall occur until the expiration of the appropriate appeal for this Development Order. If any five year period shall expire without significant development activity on the site, the Board of County Commissioners may conduct a public hearing in accordance with the Land Development Code and may, at its option, based on testimony presented at that hearing, rescind or suspend or take other appropriate action on any and all approvals granted herein except where the failure to carry out development is attributable to factors beyond the control of the Developer* (such as the unavailability of permits because of inadequate public facilities, or for any other similar reason). For the purpose of this provision, "significant development" shall be the actual construction of Vertical Development* as part of an ongoing effort to prepare improved land or buildings for sale, lease, or use. Physical development has been initiated.

SECTION 9. RESTRICTIONS ON DOWN-ZONING

Prior to December 30, 2019, the County may not down-zone or reduce the intensity or unit density permitted by this order, unless the County can demonstrate that:

- A. Substantial changes in the conditions underlying the approval of the order have occurred; or
- B. The order was based upon substantially inaccurate information provided by the Developer*; or
- C. The change is clearly established by the County to be essential for the public health, safety, or welfare.

Any down-zoning or reduction in intensity shall be affected only through the usual and customary procedures required by statute or ordinance for change in local land development regulations.

For the purposes of this order, the term "down-zone" shall refer only to changes in zoning, land use, or development regulations that decrease the development rights approved by this order, and nothing in this paragraph shall be construed to prohibit legally enacted changes in zoning regulations which do not decrease the development rights granted to the Developer* by this order. The inclusion of this section is not to be construed as evidencing any present or foreseeable intent on the part of the County to down-zone or alter the density of the development, but is included herein to comply with Paragraph 380.06(15)(c)3, Florida Statutes.

SECTION 10. BINDING ORDER UPON DEVELOPER*

This order shall be binding upon the Developer* and Owners*.

SECTION 11. COMPLIANCE WITH CODES, ORDINANCES

All development undertaken pursuant to this order shall be in accordance with all applicable local codes and ordinances in effect at the time of permitting, and other laws, except as specifically provided herein.

SECTION 12. RENDITION

The Building and Development Services Department is hereby directed to send certified copies of this Development Order within thirty (30) days of the Board of County Commissioners approval of this Development Order to the Developer*, the State Land Planning Agency, and the TBRPC.

SECTION 13. NOTICE OF RECORDING

The Developer* shall record a notice of adoption of this order as required pursuant to Chapter 380, Florida Statutes, and shall furnish the Building and Development Services Department a copy of the recorded notice.

SECTION 14. SEVERABILITY

It is the intent of this development order to comply with the requirements of all applicable law and constitutional requirements. If any provision or portion of this development order is declared by any court of competent jurisdiction to be void, unconstitutional, or unenforceable, then such provisions or portions shall be deemed null and void but all remaining provisions and portions of this development order shall remain in full force and effect.

SECTION 15. EFFECTIVE DATE

This Ordinance shall become effective upon filing of a certified copy with the Department of State and rendered to the parties specified in Section 380.07(2), Florida Statutes, whichever occurs later; provided, however, that the filing of a notice of Appeal

pursuant to Section 380.07, Florida Statutes shall suspend development authorization granted by this Development Order, until the resolution of said appeal. However, this is not intended to suspend development previously authorized pursuant to Ordinance 11-38 during the pendency of any appeal.

SECTION 16. RECONCILE INTO ONE DOCUMENT

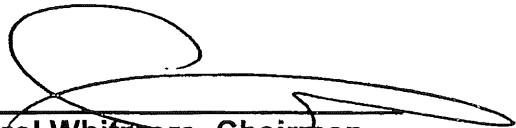

This Development Order represents a codification of the existing approvals for the project integrating those changes proposed in this Notice of Proposed Change and approved by the Board of County Commissioners into a single Development Order for administrative convenience and is not intended to provide a new point of entry for current conditions and requirements of this project that are not related to this Notice of Proposed Change.

SECTION 17. REPEAL OF PRIOR ORDINANCE

Ordinance 11-16 adopted by the Board of County Commissioners on May 24, 2011, is hereby repealed and of no further force or effect.

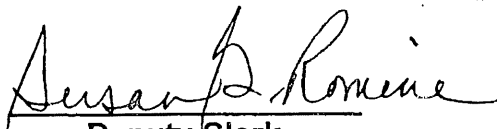

ADOPTED AND APPROVED with a quorum present and voting by the Board of County Commissioners of Manatee County, Florida this the 1st day of December, 2011.

"EXHIBIT F"

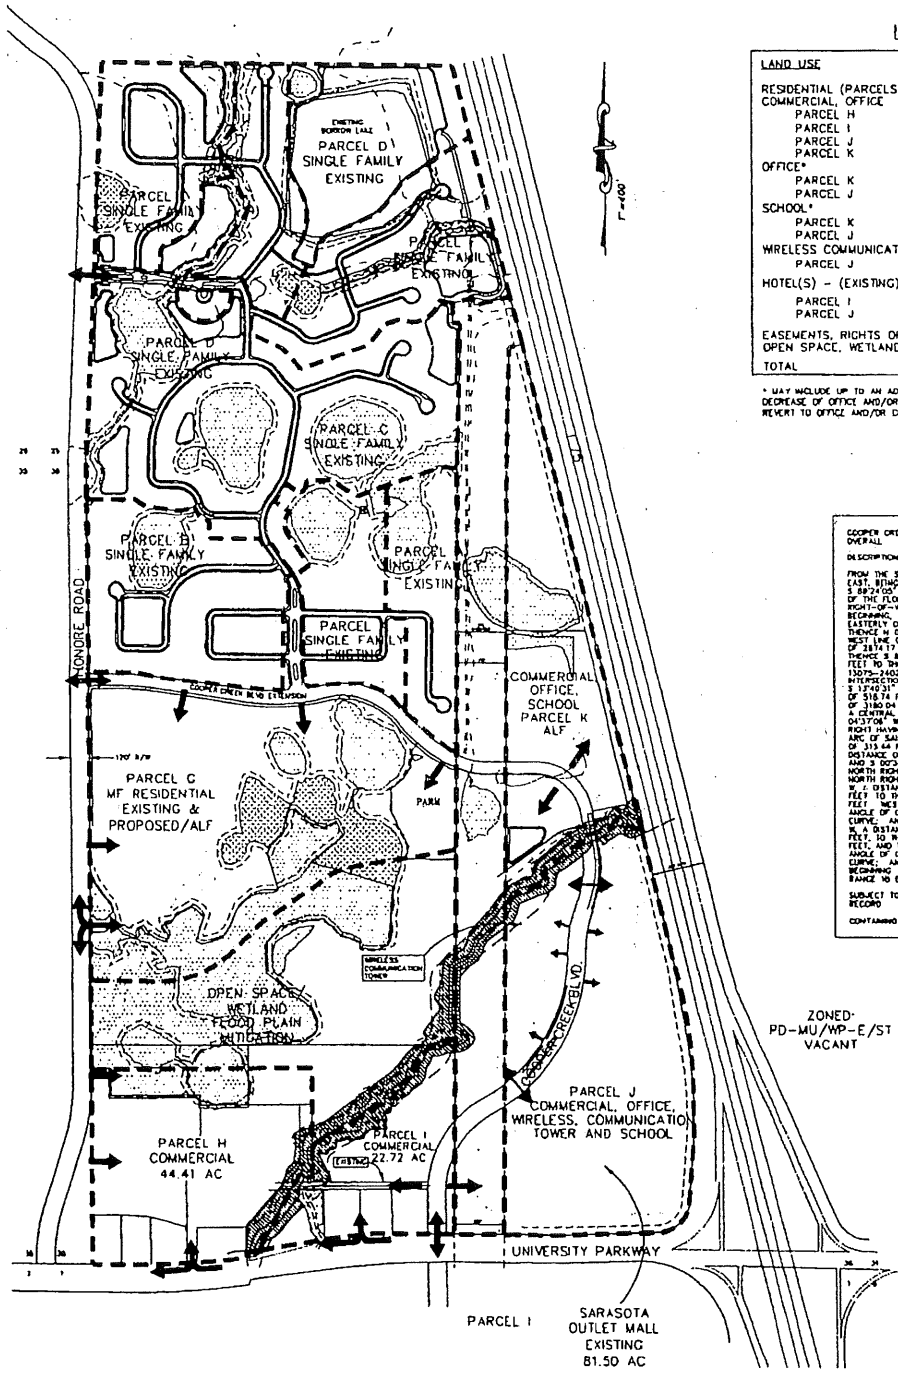

DEVELOPER COMMITMENTS

1. The home sites shall be clustered around the sites/ natural features. (ADA Pg 12-1)
2. Infrastructure including water, sewer and electricity, along with roadway paving, shall be in place prior to certificate of occupancy. (ADA, Pg 32-2)
3. There shall be a minimum of three percent of the original coniferous remaining after development. (Pg 12-4, S.R.)
4. Standard fugitive particulate abatement procedures shall be used to control dust prior to construction of the various phases of Cooper Creek Center. (Pg. 13-5, S.R.)
5. Manatee County Air Pollution Rules take effect at the time of construction approval and shall apply throughout the balance of construction of Cooper Creek Center. (Pg. 13-5, S.R.)
6. Temporary erosion control measures shall be employed during project construction to minimize wind and water erosion. Temporary measures may include hay bales, silt screens, grassing, mulching, floating or staked silt barriers, sandbagging, or other appropriate methods described in the FDOT Standard Specifications for Road and Bridge Construction. Dust control measures such as watering, or the use of calcium chloride shall be employed as needed. (ADA, 14-2; SR11, pg A1-10)
7. Flood elevations shall generally not be altered by the development; however, the acreages within the flood hazard zones will shall change due to dredge and fill activities which shall occur as part of the construction of the stormwater management system and site grading plan. (Pg. 17-1, S.R.)
8. The 25-year flood elevations of Cooper Creek shall be shifted approximately 0.5 feet higher within the project by the construction of a new bridge across Cooper Creek and encroachment down to the 10-year floodplain of Cooper Creek. (Pg. 17-1, S.R.)
9. The 100-year flood elevation shall not be increased off-site due to the additional flow capacity provided by the new auxiliary floodway to be constructed in the uplands along the northwest side of Cooper Creek. (Pg. 17-1, S.R.)
10. There shall be no significant net change in surface and groundwater at buildout. The stormwater treatment ponds shall be instrumental in replenishing the groundwater storage. (SR, pg. C1-8)
11. Clearing of existing vegetation shall be selective, emphasizing conservation of valuable existing plant materials and wetlands. (ADA, pg 12-5)

12. The applicant agrees to cooperate with the Division of Archives and Manatee County in deciding the ultimate disposition of any archaeological or historical resources found during construction. (Pg. 19-1, S.R.)
13. The project shall comply with the requirement of Chapter 62.4, 62.25, 40D-4, 41D-40, and 40D-400, FAC, concerning water quality of stormwater discharge. (SRIII, pg. 6)
14. The wastewater collection system outside the public rights-of-way shall be maintained by the owner of the property. (Pg. 21-1, S.R.)
15. Water users in the industrial park shall have individual meters in order to encourage water conservation. (Pg. 21-2, S.R.)
16. The detention areas of the proposed drainage system shall be designed to contain the runoff from a 25-year, 24-hour storm event for post-development conditions. (ADA, Pg. 22-1)
17. The project design shall consider various methods of energy efficiency and incorporate energy-conserving materials, lighting and equipment. (ADA, 25-3)
18. The proposed facilities and open space shall be owned, operated, and maintained by the Developer, its successors and assigns. (SRIV, pg. 17)
19. Permanent erosion control features, such as permanent landscaping, shall be incorporated into the project at the earliest practical time. (ADA, Pg. 14-2)
20. When practical, conveyance within the drainage system shall incorporate isolated Wetland systems and shallow grassy swales to provide for additional treatment assimilation of nutrients, and additional percolation and evaporation; and utilize shallow grassy swales for conveyance. (ADA, 15-10)
21. Alterations to the floodplain and floodway of Cooper Creek shall allow portions of the floodplain and floodway to be utilized for development or stormwater management without reducing the conveyance of Cooper Creek or causing an increase in the 100-year flood stage. (Pg. 17-6, ADA)
22. A new crossing between powerline bridge and I-75 bridge may be constructed having a flow cross section at stage 18.0 feet msl at least equal to the existing box culvert crossing under University parkway. This crossing shall be either a bridge or a triple box culvert with the center barrel 2.0 feet lower than the outer barrels to provide for passage of animals along the Cooper Creek corridor. (Pg. 22-14, ADA)
23. Natural trail or other passive recreational elements may be constructed in Subbasin A outside the banks of the creek but within the floodway. These elements shall be design not to reduce the conveyance of Cooper Creek and its floodway. (Pg. 22-14, ADA)

24. The fire flow required shall be based upon the proposed type of construction at the current recommendation of the National Board of Fire Underwriters at the time of construction. (Pg. 23-4, ADA)

RE: Request for Notice of Proposed Change to the
Cooper Creek DRI #14

Dear Lisa:

In response to the recently adopted modifications to Chapter 380.06 (19), and in order to allow for future infill development opportunities at the existing development, we are submitting the enclosed applications for a Notice of Proposed Change (NOPC) to a previously approved DRI. The changes proposed to the DRI include:

1. Provide an increase in the allowable area/square feet (SF) for retail commercial development of 20,000 SF, bringing the maximum allowable SF for Commercial Uses to 794,000 SF.
2. Provide an increase in the allowable area for office commercial development of 83,000 SF, with the ability to have an additional 20,000 SF of school of special education as a trade-off for the office.
3. Add Commercial and Assisted Living (ALF) as an allowable use in Parcel K.
4. Modify Map H to reflect the above referenced increases to the office and commercial uses, as well as to modify the Conservation Area to reflect areas that are under a conservation easement with Manatee County, in addition to existing wetlands in the developed portion of the site that may not be under a conservation easement. This change results in an increase in the amount of Conservation Area shown on the map.
5. Reflect new access points along Cooper Creek Blvd. to accommodate future development.
6. Update Exhibit "C" to reflect areas that are in a conservation easement or other wetlands existing in the developed portion of the site. Modify the definition of "Conservation Area" to reflect the existing conservation areas under easement to Manatee County as well as the other wetland areas shown on Exhibit "C". The reference to "TBRPC Conservation Areas" is being deleted.
7. Modify Development Condition A.(4) to change the limitations for tradeoffs to reflect the changes to the maximum allowable SF for office and commercial uses, to eliminate the restrictions on hotel uses, and to increase the amount of school that may be allowed as a tradeoff for office or commercial uses.
8. Eliminate Table 3, and change the requirement for wetland mitigation to be consistent with State requirements or the Manatee County Comprehensive Plan

Commercial and Industrial Properties • Offices • Plazas • Apartments • Hotels • Self Storage

when mitigation is not required by the State and modify Condition D(6) to reflect this change.

- 9. Recognize additional four year extensions of the buildout date (to December 30, 2019) and the Development Order expiration date (December 30, 2020) in accordance with HB 7207.

It is our position that these changes do not constitute a substantial deviation, under the recently amended Chapter 380.06. The calculations for the additional SF as a percentage of the 110% threshold as allowed in Chapter 360.09(19) e as amended are detailed below:

20,000 retail /77,400 SF (10% of the approved commercial SF)	=26%
83,000 office /100,000 SF	=83%
<u>Total</u>	<u>=109%</u>

Our application will include a traffic study prepared by Kimley Horn and Associates (to be provided under separate cover) which demonstrates that the total number of trips to be generated from the proposed additional SF do not exceed 15% of the trips approved with the original development order for the shopping center, and that the new access points along Cooper Creek Boulevard do not have a negative impact on the surrounding transportation network.

The changes proposed to Map H include the proposed increase in SF, and also a change to the area shown as Conservation Land. This change includes an updated Exhibit "C", which does not appear to have been modified since 1999. However, with construction of the development, changes have been made to the Conservation areas, and these changes have resulted in the recording of conservation easements to Manatee County. In some cases, areas shown as Conservation have been or are proposed to be mitigated (as anticipated by the Development Order). This change will correct the map to reflect only those wetland areas that exist or are proposed to be placed in a Conservation easement. The definition of conservation area is proposed to be changed to reflect the use of conservation easements provided to Manatee County to protect these areas. The reference to "TBRPC Conservation Areas" is being deleted, as there does not appear to be an existing definition of such areas in the current Regional Policy Plan. No changes are proposed to any Preservation Areas.

The development order is proposed to be modified to eliminate Table 3, which provides for minimum wetland, preservation and conservation area mitigation ratios. This table makes reference to TBRPC Conservation Areas, which are not defined in the Development Order, Chapter 360 FS or in the Manatee County Comprehensive Plan. The Development Order in Table 3 provides for mitigation ratios that do not

meet the standards for mitigation currently utilized by the SWFWMD, FDEP and Manatee County, as the Manatee County Comprehensive Plan has been amended to include UMAM standards for classification and mitigation of wetlands.

Please let us know if you have any questions regarding the proposed changes, and we look forward toward working with you on adoption of the NOPC and the GDP amendment.

Sincerely,

Betsy Benac, AICP, LEED AP

**NOTIFICATION OF A PROPOSED CHANGE TO A PREVIOUSLY APPROVED
DEVELOPMENT OF REGIONAL IMPACT (DRI)
SUBSECTION 380.06(19), FLORIDA STATUTES**

Subsection 380.06(19), Florida Statutes, requires that submittal of a proposed change to a previously approved DRI be made to the local government, the regional planning agency, and the state land planning agency according to this form.

1. I, Elizabeth J Benac, the undersigned owner/authorized representative of Dick Road-Blend-All Hotel Development, Inc. (developer/owner), hereby give notice of a proposed change to a previously approved Development of Regional Impact in accordance with Subsection 380.06(19), Florida Statutes. In support thereof, I submit the following information concerning the Cooper Creek Center development, which information is true and correct to the best of my knowledge. I have submitted today, under separate cover, copies of this completed notification to Manatee County, to the Tampa Bay Regional Planning Council, and to the Bureau of Local Planning, Department of Community Affairs.

Signature

2. Applicant (name, address, phone)

Dick Road-Blend-All Hotel Development, Inc. 8441 Cooper Creek Blvd., University Park, FL 34201 (941) 359-8303

3. Authorized Agent (name, address, phone).

Elizabeth J. Benac, Benderson Development Company, LLC 8441 Cooper Creek Blvd. University Park, FL 34201 (941) 359-8303

4. Location (City, County, Township/Range/Section) of approved DRI and proposed change.

Manatee County, Florida-Sections 25 and 36, Township 35S, Township 35S, Range 18 E

5. Provide a complete description of the proposed change. Include any proposed changes to the plan of development, phasing, additional lands, commencement date, build-out date, development order conditions and requirements, or to the representations contained in either the development order or the Application for Development Approval.

Indicate such changes on the project master site plan, supplementing with other detailed maps, as appropriate. Additional information may be requested by the Department or any reviewing agency to clarify the nature of the change or the resulting impacts.

The Proposed Changes include:

1. **Modification to the approved Land Uses in Project Summary Table 1 to include:**
 - a. **An additional 20,000 SF of Commercial for a total of 794,000 SF (26% of max. allowable 77,400 SF)**
 - b. **An additional 83,000 SF of Office and/or school Use for a total of 243,000 SF (83% of max. allowable 100,000 SF)**
 - c. **Modified the Office Use to note that up to 26,000 SF of School may be permitted in lieu of Office SF .**
2. **Modifications to Map H to include:**
 - a. **Additional Access points to Cooper Creek Blvd, a thoroughfare roadway internal to the project**
 - b. **Added Commercial and Assisted Living Facility as an allowable land use in parcel K**
 - c. **Land Use Changes listed above in #1 reflected in the Land Use Summary Table**
3. **Modification to the Conservation Areas consistent with the proposed definition to include areas under a Conservation Easement to Manatee County and those areas shown on revised "Exhibit C" (as updated with this NOPC). The result is that the Conservation Area is much larger than on the current Map H and Exhibit "C".**
4. **Extend the build-out date and expiration dates in compliance with HB 7207; to 2019 and 2020 respectively**
5. **Amend the Definition of Conservation Area to delete the reference to TBRPC and substitute the language to "mean areas under a Conservation Easement to Manatee County and those areas shown on revised "Exhibit C".**
6. **Update "Exhibit C" to show Conservation Areas based on recorded Conservation Easements and conservation areas (both wetlands and uplands) existing (but not in an easement) within the developed portions of the project.**
7. **Amend General Condition D(6) to eliminate reference to Table 3, and change the requirement for mitigation of impacts to reference SWFWMD requirements, or the Manatee County Comprehensive Plan if mitigation is not required by the State. Update the acreage amount of the Conservation Areas and the date of the Exhibit C.**
8. **Delete Table 3 providing for Mitigation Ratios.**

9. **Modify Development Condition A.(4) to change the limitations for tradeoffs to reflect the changes to the maximum allowable SF for office and commercial uses, to eliminate the restrictions on hotel uses, and to increase the amount of school that may be allowed as a tradeoff for office or commercial uses.**
6. Complete the attached Substantial Deviation Determination Chart for all land use types approved in the development. If no change is proposed or has occurred, indicate no change. **(Please see attached)**
7. List all the dates and resolution numbers (or other appropriate identification numbers) of all modifications or amendments to the originally approved DRI development order that have been adopted by the local government, and provide a brief description of the previous changes (i.e., any information not already addressed in the Substantial Deviation Determination Chart). Has there been a change in local government jurisdiction for any portion of the development since the last approval or development order was issued? If so, has the annexing local government adopted a new DRI development order for the project? **The Development Order for Cooper Creek Center was originally approved on January 9, 1986 and became effective on January 13, 1986 (Resolution 85-236). Since then the DO has been amended 11 times. The most recent NOPC was approved to allow extensions of time consistent with SB 1752, and a new right-in/right-out access drive on University Parkway. The NOPC was found not to be a Substantial Deviation and approved on May 24, 2011 (Ordinance 11-16). There has not been any change to the local government jurisdiction (Manatee County) since the original DO approval in 1986.**
8. Describe any lands purchased or optioned within 1/4 mile of the original DRI site subsequent to the original approval or issuance of the DRI development order. Identify such land, its size, intended use, and adjacent non-project land uses within 1/2 mile on a project master site plan or other map. **No lands have been purchased by the Owner within 1/4 mile of the original DRI site subsequent to the original approval or issuance of the DRI development order.**
9. Indicate if the proposed change is less than 40% (cumulatively with other previous changes) of any of the criteria listed in Paragraph 380.06(19)(b), Florida Statutes.

Do you believe this notification of change proposes a change which meets the criteria of Subparagraph 380.06(19)(e)2., F.S.

YES X NO

10. Does the proposed change result in a change to the buildout date or any phasing date of the project? If so, indicate the proposed new buildout or phasing dates. **Yes-the new buildout date will be December 30, 2019 and the Expiration date will be December 30, 2020, consistent with the recently approved 4-year allowable extension granted with HB 7207**
11. Will the proposed change require an amendment to the local government comprehensive plan? **No**

Provide the following for incorporation into such an amended development order, pursuant to Subsections 380.06 (15), F.S., and 9J-2.025, Florida Administrative Code:

12. An updated master site plan or other map of the development portraying and distinguishing the proposed changes to the previously approved DRI or development order conditions. **An updated master site plan (Map H) has been provided**
13. Pursuant to Subsection 380.06(19)(f), F.S., include the precise language that is being proposed to be deleted or added as an amendment to the development order. This language should address and quantify:
 - a. All proposed specific changes to the nature, phasing, and build-out date of the development; to development order conditions and requirements; to commitments and representations in the Application for Development Approval; to the acreage attributable to each described proposed change of land use, open space, areas for preservation, green belts; to structures or to other improvements including locations, square footage, number of units; and other major characteristics or components of the proposed change; The proposed changes include:

Modification to the approved Land Uses in Project Summary Table 1 to include:

- i. **An additional 20,000 SF of Commercial for a total of 794,000 SF (26% of max. allowable 77,400 SF)**
- ii. **An additional 83,000 SF of Office and/or school Use for a total of 243,000 SF (83% of max. allowable 100,000 SF)**
- iii. **Modified the Office Use to note that up to 26,000 SF of School may be permitted in lieu of Office SF .**

Modifications to Map H to include:

- **Additional Access points to Cooper Creek Blvd, a thoroughfare roadway internal to the project**
- **Added Commercial and Assisted Living Facility as an allowable land use in parcel K**

Land Use Changes listed above in #1 reflected in the Land Use Summary Table

Modification to the Conservation Areas consistent with the proposed definition to include areas under a Conservation Easement to Manatee County and those areas shown on revised "Exhibit C" (as updated with this NOPC). The result is that the Conservation Area is much larger than on the current Map H and Exhibit "C".

Extend the build-out date and expiration dates in compliance with HB 7207; to 2019 and 2020 respectively

Amend the Definition of Conservation Area to delete the reference to TBRPC and substitute the language to "mean areas under a Conservation Easement to Manatee County and those areas shown on revised "Exhibit C".

Update "Exhibit C" to show Conservation Areas based on recorded Conservation Easements and conservation areas (both wetlands and uplands) existing (but not in an easement) within the developed portions of the project.

Amend General Condition D(6) to eliminate reference to Table 3, and change the requirement for mitigation of impacts to reference SWFWMD requirements, or the Manatee County Comprehensive Plan if mitigation is not required by the State. Update the acreage amount of the Conservation Areas and the date of the Exhibit C.

Delete Table 3 providing for Mitigation Ratios.

Modify Development Condition A.(4) to change the limitations for tradeoffs to reflect the changes to the maximum allowable SF for office and commercial uses, to eliminate the restrictions on hotel uses, and to increase the amount of school that may be allowed as a tradeoff for office or commercial uses.

- b. An updated legal description of the property, if any project acreage is/has been added or deleted to the previously approved plan of development; **No Additions or changes to the legal description**
- c. A proposed amended development order deadline for commencing physical development of the proposed changes, if applicable; N/A
- d. A proposed amended development order termination date that reasonably reflects the time required to complete the development; **December 31, 2020**
- e. A proposed amended development order date until which the local government agrees that the changes to the DRI shall not be subject to down-zoning, unit density reduction, or intensity reduction, if applicable; and
- f. Proposed amended development order specifications for the annual report, including the date of submission, contents, and parties to whom the report is submitted as specified in Subsection 9J-2.025 (7), F.A.C.
