The Traffic Circulation Map Series is a long range planning tool outlining the corridors, lanes and right-of-way needs for the County’s thoroughfare system. Detailed planning and engineering will refine alignments.

NOTE: This map was developed by the Manatee County Geographic Information Systems Division. It is provided for general reference and is not intended for legal or engineering purposes. The data is subject to change. Use of this data is at your own risk and in no event shall the County be held liable for any claim or cause of action you incur from any use of this data.

Last data update = April 30, 2010

1 inch = 16,074 feet
