Chapter 2 – DEFINITIONS

Section 200  Definitions.

Abandoned Sign. (See “Sign, Abandoned.”)

Abandonment shall mean the visible or otherwise apparent intention of an owner to discontinue a structure, use of a structure, or lot; or the removal of the characteristic equipment or furnishings used in the performance of the use without its replacement by similar equipment or furnishings, or the replacement of a nonconforming use or structure by a conforming use or structure; for six (6) consecutive months.

Access Improvements (Impact Fees). (See “Impact Fees”.)

Accessory Structure. (See “Structure, Accessory.”)

Accessory Use. (See “Use, Accessory.”)

Accounts (Impact Fees). (See “Impact Fees”.)

Acroter shall mean a small pedestal placed on the top of a pedestal or post.

Acute Care Medical Facilities shall mean those medical facilities that provide inpatient care as opposed to ambulatory care, and include hospitals, nursing homes, and assisted living facilities.

Addition (To an Existing Building) shall mean any walled and roofed expansion to the perimeter of a building in which the addition is connected by a common load bearing wall other than a free wall. Any walled and roofed addition which is connected by a fire wall or is separated by independent perimeter load bearing walls shall be considered to be new construction.

Addition shall mean any extension or increase in area or height of a building or structure.

Adjacent shall mean to have property lines, or portions thereof, in common or facing each other across a street, right-of-way or narrow water body.

Administrative Adjustment shall mean an administratively approved grant of relief from the requirements of this Code, specifically related to errors in yard measurements, front yard setbacks consistent with established neighborhoods, and errors of structure encroachments into county easements or rights-of-way.

Administrative Procedures (Impact Fees). (See “Impact Fees”.)

Adult Day Care Center shall mean any building, buildings, or part of a building, whether operated for profit or not, in which is provided through its ownership or management, for a part of a day, basic services to three (3) or more persons who are 18 years of age or older, who are not related to the owner or operator by blood or marriage, and who require such services.

Adult Family Care Home - see Residential Care Facility

Adverse Impact shall mean any modification or effect which is or potentially may be harmful or injurious to human health, safety, welfare or property; to biological productivity, diversity, or stability; or which unreasonably interferes with the enjoyment of life or property, including outdoor recreation. The term includes direct, secondary and cumulative impacts.

Affordable shall mean that monthly rents or monthly mortgage payments including taxes and insurance do not exceed thirty (30) percent of that amount which represents the percentage of the median annual gross income for the households which are classified as a Low-Income household, Moderate Income household or a Very-Low Income household. However, it is not the intent to limit an individual household's ability to devote more than thirty (30) percent of its income for housing, and housing for which a household devotes more than thirty (30) percent of its income shall be deemed affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the thirty (30) percent benchmark.

Agent shall mean any person or firm authorized by a property owner to act on his behalf.
**Agricultural Products Retail Stand** shall mean a structure used for the retail sale of fruit, vegetables, and other agricultural products accessory to the agricultural use which produced them.

**Agricultural Product Processing Plant** shall mean the use of land, buildings or structures for the production of vegetable or fruit crops, and the sorting, grading, cooling, washing, and final packaging and shipping of such agricultural products. This term may include animal products production, however, this term shall not be deemed to include an animal farm, farm, ranch, or feedlot and stockyard.

**Agricultural Research Facility** shall mean any premises where the principal use is the experimentation, testing, planting, raising, or growing of agricultural flora or fauna for research purposes.

**Agricultural Uses** shall mean activities such as aquaculture, silviculture, livestock and poultry raising, cattle and animal grazing, cultivation crops and other commercial production for sale to others, including apiculture, aquaculture, floriculture, groves and orchards, horticulture, pasturing of animals, training or instruction of animals, sod farming, tree farming, viticulture, on-farm composting and similar activities. Preparation (sorting, washing, packing) and shipping or sale of value added goods made using products produced onsite shall be considered an agricultural use. Stables or Equestrian Centers, Public or Private, are deemed to be agricultural uses.

**Agricultural Uses, Short Term** shall mean agricultural uses projected to transition to urban or suburban development. For the purpose of this Code, the term Short-Term Agricultural Uses shall not include confined feedlot operations, poultry farms and similar establishments used for the housing, exhibiting, displaying or keeping of Class I or II type wildlife as defined in Rule 68A-6.002, FAC.

**Airport**

**Aircraft Landing Field** shall mean a privately owned area of land or water, state licensed as a limited, temporary, or private airport under Chapter 330 Florida Statutes, which is used or intended to be used for the landing and taking off of aircraft, which provides limited size runways, required surfaces and any appurtenant areas that may be used for buildings or other aircraft facilities.

**Airport** shall mean any State Licensed Federal Aviation Administration (FAA) approved airport within Manatee County.

**Airport Elevation** shall mean the highest point of the airport's usable landing area measured in feet above Mean Sea Level (MSL).

**Airport Hazard** shall mean any structure, tree or use of land which exceed the federal obstruction standards as contained in 14 C.F.R., and which obstructs the airspace required for the flight of aircraft in taking off, maneuvering or landing or is otherwise hazardous to such or taking off, maneuvering or landing of aircraft and for which no person has previously obtained a permit or variance pursuant to Chapter 333, Florida Statutes.

**Airport Hazard Area** shall mean any area of land or water upon which an airport hazard might be established if not prevented pursuant to Chapter 333, F.S.

**Airport Height** shall mean the height of the airport runway as designated by the Federal Aviation Administration (FAA).

**Airport Obstruction** shall mean any structure or object of natural growth or use of land which obstructs the airspace required for flight of aircraft in taking off, maneuvering or landing at an airport or which may otherwise be hazardous to the taking off, maneuvering or landing of aircraft at the airport.

**Airport Proposal** shall mean any new airport or any expansion, addition or amendment to an existing airport which increases the total length of available runway, square footage of structures or land area.

**Airport, Private Use** shall mean any privately owned state licensed airport which is used for the landing or departure of aircraft, other than a personal aircraft of the airport owner.

**Airport, Public Use** shall mean any publicly owned state licensed airport which is used for the landing or departure of aircraft.

**Airspace Height** shall mean the height limits as established in all zones set forth in this Code. Mean Sea Level (MSL) elevation shall be the datum unless otherwise specified.
Aviation Airport, Commercial shall mean any airport facility which is designed, constructed, or used for the operation of commercial air carriers and their passengers.

Climb Gradient shall mean any aircraft instrument departure procedure requiring adherence to a minimum climb slope or grade expressed in feet per nautical mile.

Heliport shall mean any area, either at ground level or elevated on a structure, licensed or approved for the landing and takeoff of helicopters, and including auxiliary facilities such as parking, waiting room, fueling and maintenance equipment.

Helistop shall mean any designated landing area, but without auxiliary facilities such as parking, waiting room, fueling and maintenance equipment.

Minimum Descent Altitude (MDA) shall mean the lowest altitude to which descent is authorized on final approach or during circling to land maneuvering in execution of a Standard Instrument Approach (SIAP) where electronic glide slope is not provided.

Minimum En Route Altitude (MEA) shall mean the lowest published altitude between radio fixes that assures acceptable navigational signal coverage and meets obstruction clearance requirements between those fixes.

Minimum Obstruction Clearance Altitude (MOCA) shall mean the lowest published altitude between fixes on federal airways, off-airway routes, or route segments that meets obstruction clearance requirements for the entire route segment and assures acceptable navigational signal coverage within twenty-two (22) miles of an en route radio navigation aid.

Minimum Vectoring Altitude (MVA) shall mean the lowest altitude at which aircraft operating on Instrument Flight Rules (IFR) will be vectored by a radar controller, except when otherwise authorized for radar approaches, departures or missed approaches.

Non-Precision Instrument Runway shall mean a runway having an instrument approach procedure utilizing air navigation facilities with only horizontal guidance, or area type navigation equipment, for which a straight in non-precision instrument approach procedure has been approved or planned, and for which no precision instrument approach facilities are planned or indicated on an appropriate civil or military airport planning document.

Non-Standard Take-Off Minimums shall mean conditions of existing weather required for takeoff at an airport which exceeds the standards prescribed in Federal Aviation Regulations.

Other Than Utility Runway shall mean a runway that is constructed for and intended to be used by aircraft of a maximum gross weight greater than twelve thousand five hundred (12,500) pounds.

Precision Instrument Runway shall mean a runway having an instrument approach procedure established by the Federal Aviation Administration utilizing an Instrument Landing System (ILS), Microwave Landing System (MLS), or a Precision Approach Radar (PAR) including a runway for which such a system is planned as indicated on an approved airport layout plan or on any other airport planning document.

Utility Runway shall mean a runway that is constructed for and intended to be used by propeller driven aircraft of twelve thousand five hundred (12,500) pounds maximum gross weight and less.

Visual Runway shall mean a runway intended for the operation of aircraft using visual approach procedures with no instrument approach procedure planned or indicated on an approved layout plan, or on any other airport planning document.

Alcoholic Beverage Establishment shall mean any use located in any structure or building or portion thereof which:

A. Involves the retail sale of alcoholic beverages for consumption on the premises. This phrase does not include an accessory use which involves the retail sale of alcoholic beverages for consumption on-premises if the principal use is any of the following:
   1. Restaurants of any size;
   2. Hotels and motels meeting the requirements of F.S. § 561.20(2)(a)1;
3. Country clubs meeting the requirements of F.S. § 561.20(7)(b);
4. Private, civic and fraternal clubs located in non-residential zoning districts and meeting the requirements of F.S. §§ 561.20(7)(a) and 565.02(4);
5. Performing arts centers meeting the requirements of F.S. § 561.20(2)(j), and theaters with live performances meeting the requirements of F.S. § 565.02(10); or

B. Is a bottle club (bring-your-own-bottle).

Alley shall mean a narrow strip of land intended for vehicular traffic and designed to give main or secondary access, not principal access, to the side or rear of properties whose principal frontage and access is on a street, and is legally established to provide such secondary access.

Alteration shall mean any change or modification.

Alteration of a Sign. (See “Signs”.)

Alternative Support Structure shall mean clock towers, steeples, light poles, buildings, or similar structures that may support telecommunication facilities.

Animal Boarding Facility. (See Animal Services (Wild and Exotic Animals))

Animal Exhibits. (See Animal Services (Wild and Exotic Animals))

Animal Farm shall mean any facility or portion of any facility used for:

A. Pasturage, including but not limited to cow, horse, sheep, or goat grazing;
B. Dairying, including milk processing and distribution;
C. The raising of poultry or livestock; or
D. The raising or breeding of any other animals primarily for the production of food or agricultural products. (See “Agriculture.”)

Animal Product Processing Facility shall mean the use of land, buildings or structures for the processing of animal products including the grading, cooling, washing, packaging and shipping of animal products and falls under the classification of Industrial, heavy. This term shall not be deemed to include an animal farm, farm, ranch, feedlot, stockyard or slaughterhouse.

Animal Services (Wild and Exotic Animals) shall mean the boarding (temporary or permanent), rehabilitation, shelter, breeding, sale, and similar activities, of any Class I or II wildlife as listed in Section 68A-6.002, FAC. For the purpose of this code, this definition does not include zoo, animal exhibit and circus uses (See “Recreation, High Intensity”). In addition to the Class I and Class II Wildlife, the following animals shall be considered Wild and Exotic for purposes of land use regulation:

A. Primates collectively referred to as "prosimians," including but not necessarily restricted to lemurs, bushbabies, lorises and tarsiers.
B. Primates collectively referred to as "anthropoids," including but not necessarily restricted to New World Monkeys (cebids), Old World Monkeys (cercopithecids), gibbons and great apes.

Animal Services (Non-Wild and Exotic) - see Pet Services

Animal Rehabilitation Center (See Animal Services (Wild and Exotic Animals))

Animal Shelter. (See “Animal Services” and “Pet Services”.)

Animated Sign. (See “Sign, Animated.”)

Antenna shall mean any exterior apparatus designed for telecommunication and any other electronic communicating devices or services through the sending or receiving of electromagnetic waves. This term includes satellite dish antennas, utility pole mounted antennas, amateur radio antennas, antennas for the reception of television broadcasts, antennas which provide telemetry for lift stations, private mobile service, and antenna arrays.
Manatee County Land Development Code
Chapter 2. Definitions

Apartment. (See "Dwelling, Multi-family.")

Appeal shall mean any request for a review of a decision of an administrative determination of an official or employee of Manatee County.

Application for Development Approval shall mean a written request for approval of a proposed use and for issuance of a development order, including applications for approval of permitted uses, special permit uses, rezonings, text amendments, and variances.

Approved Agency shall mean an established and recognized agency regularly engaged in conducting tests or furnishing inspection services, when such agency has been approved by the appropriate department or governmental agency having jurisdiction.

Aquaculture shall mean the cultivation of animal and plant life in a water environment. (See "Agriculture.")

Aquarium shall mean any facility or structure designed for the keeping of water animals, under the supervision of professional staff, for the purpose of public display, with or without a charge. (See "Recreational Use, High Intensity.")

Aquiclude shall mean a soils formation which contains water but cannot transmit it rapidly enough to furnish a significant supply to a well or spring.

Arterial shall mean a route providing service which is relatively continuous and of relatively high traffic volume, long average trip length, high operating speed, and high mobility importance. The primary purpose of arterials is to provide service to major traffic movements; access to abutting property is a subordinate purpose. An arterial street (or road) is also typically characterized by restricted parking, access control, signals at important intersections and stop signs on the side streets, and typically distributes traffic to and from collector streets or roadways. Existing roads classified as Arterial are indicated on the adopted Roadway Functional Classification Map. Roads which are built or proposed subsequent to the adoption of the Comprehensive Plan shall be initially classified as Arterial only by action of the Manatee County Department Director of Building and Development Services, following a recommendation from the Manatee County Department of Public Works.

Artificial Drainage System. (See "Drainage System, Artificial.")

Asphalt Processing or Manufacturing shall mean any plant utilizing sand, stone, shell, recycled asphalt or other materials, plus petroleum products, to produce asphalt to be used in roadway and other paving.

Assisted Living Facility (ALF) shall mean any building or buildings, section or distinct part of a building, private home, boarding home, home for the aged, or other residential facility, whether operated for profit or not, which undertakes through its ownership or management to provide housing, meals, and one or more personal services for a period exceeding 24 hours to one or more adults who are not relatives of the owner or administrator. For the purpose of this code, small ALF facilities house up to fourteen (14) residents. Large ALF facilities house more than fourteen (14) residents.

Auction House, Enclosed shall mean an establishment where the principal use is the public or private sale of property or items of merchandise to the highest bidder within an enclosed building.

Auction House, Open shall mean an establishment where the principal use is the public or private sale of property or items of merchandise, including motor vehicles and/or recreational vehicles, to the highest bidder.

Automatic Teller shall mean any automated facility through which certain banking functions such as deposits or withdrawals can be completed. For the purpose of this Code, when automatic teller is listed as a separate use, it refers to a freestanding facility not a part of a bank or branch bank building.

Available, as applied to the required connection to the Manatee County public sewerage system, shall be defined per Section 381.0065, Code of Florida Statutes, which states that it means that the public sewerage system is capable of being connected to the plumbing of an establishment or residence, is not under a Department of Environmental Protection moratorium, and has adequate permitted capacity to accept the sewage to be generated by the establishment or residence; and:

A. For a residential subdivision lot, a single-family residence, or an establishment, any of which has an estimated sewage flow of 1,000 gallons per day or less, a gravity sewer line to maintain gravity flow from the property’s drain to the sewer line, or a low pressure or vacuum sewage collection line in those areas approved for low
pressure or vacuum sewage collection, exists in a public easement or right-of-way that abuts the property line of the lot, residence, or establishment.

B. For an establishment with an estimated sewage flow exceeding 1,000 gallons per day, a sewer line, force main, or lift station exists in a public easement or right-of-way that abuts the property of the establishment or is within 50 feet of the property line of the establishment as accessed via existing rights-of-way or easements.

C. For proposed residential subdivisions with more than 50 lots, for proposed commercial subdivisions with more than 5 lots, and for areas zoned or used for an industrial or manufacturing purpose or its equivalent, a sewerage system exists within one-fourth mile of the development as measured and accessed via existing easements or rights-of-way.

D. For repairs or modifications within areas zoned or used for an industrial or manufacturing purpose or its equivalent, a sewerage system exists within 500 feet of an establishment’s or residence’s sewer stub-out as measured and accessed via existing rights-of-way or easements.

Average Grade shall mean a horizontal reference plane representing the average of finish ground surface elevations within and for a prescribed area.

Awning Sign. (See "Sign, Awning.")

Bank shall mean any financial institution engaged in deposit banking and closely related functions such as the extension of credit by means of loans, investments, and fiduciary activities. For the purpose of this Code, this use is classified as an Office.

Bank, Drive-Through shall mean any financial institution engaged in deposit banking and closely related functions, where the principal use is drive through banking. Not more than four (4) drive-through lanes may be considered accessory to the enclosed bank facility.

Banner. (See "Signs.")

Base Flood. (See "Floodplain Management.")

Base Flood Elevation (BFE). (See "Floodplain Management.")

Basement shall mean any building story having a floor below grade.

Beach shall mean the zone of unconsolidated material that extends landward from the mean low waterline to the place where there is marked change in material or physiographic form, or to the line of permanent vegetation, usually the effective limit of storm waves.

Beach and Shoreline Access Point shall mean access to beaches and shorelines that are suitable for recreation, boat launches or other use by the general public. Small, unsuitable access points in environmentally sensitive areas are not considered beach and shoreline access points.

Beacon Light shall mean any light with one (1) or more beams having a wattage that exceeds seventy-five (75) watts and is capable of being directed at any direction or directions, capable of being revolved automatically, or capable of having any part thereof revolve automatically. Beacon light shall not be deemed to include any lights used to illuminate either directly or indirectly, a sign, airport, or seaport rotating beacon lights.

Bed and Breakfast shall mean any building of residential character or portion thereof which provides lodging with no more than eight (8) rental room units for transient occupancy on a daily or weekly basis, where food may be served family style and not from a menu.

Bedroom (Impact Fees). (See "Impact Fees").

Bench Sign. (See "Sign, Bench.")

Benefit District (Impact Fees). (See "Impact Fees").

Berm shall mean any mound of soil used for screening or landscaping purposes which is planted with trees, shrubs or ground cover to prevent erosion.

Best Management Practices shall mean the practices which are technologically and economically feasible in abating pollution generated by point and non-point sources, to a level compatible with water quality and quantity.
goals of this Code (BMP list of approved practices by Board resolution for Special Overlay Districts—Evers Reservoir and Lake Manatee Watershed Areas).

Best Possible Technology shall mean the most advanced technology which provides the maximum protection possible for the public health, safety, and welfare and which minimizes to the greatest degree possible any adverse impacts from industrial uses, mining activities or major earthmoving activities, in the Special Treatment and Watershed Protection Overlay Districts. Best Possible Technology may include, but is not limited to: innovative reclamation techniques, augmentation of public water supplies that could be adversely affected by mining activities; construction of secondary containment structures or other measures to ensure against catastrophic failure of primary containment structures; construction of below grade lime pond clay settling areas; elimination of mine site rock dryers; and zero point discharge; provided however, such requirements shall not be applied if the applicant demonstrates that they are technologically infeasible.

Board shall mean the Board of County Commissioners of Manatee County, Florida.

Boating House shall mean any building or establishment which provides two (2) or more lodging units for non-transient occupancy, which may provide dining room service; and which is subject to licensing by the Division of Hotels and Restaurants of the Florida Department of Business Regulations as a rooming or boarding house. A rooming or boarding house shall not be deemed to include a Hotel, Motel, Boatel, Assisted Living Facility, Recovery Home, Residential Treatment Facility, or any similar establishment. For the purpose of this Code, this use is classified as Group Housing.

Boat Dock. (See “Single Boat Docking Facility” and “Dock.”)

Boat Livery shall mean any commercial establishment providing boat hauling or launching facilities, rental of covered or uncovered boat slips or dock space, or enclosed dry storage space, rental or sale of boats or boat motors, repair and maintenance of boats or boat motors; or the sale of marine fuel or lubricants, and accessory service uses, including onshore restaurants, hotels, motels, boateels, and sale of bait and fishing equipment. The term boat livery shall be deemed to include Marina, but shall not be deemed to include Boat Yard and Way. (See “Water Dependent Use”(if applicable).)

Boat Yard and Way shall mean a premise or site used as an establishment for the provision of all such facilities as are customary and necessary to the construction, reconstruction, repair, or maintenance and accessory sale of boats, marine engines, or marine equipment, supplies, or services of all kinds including, but not limited to, rental of covered or uncovered boat slips, or dockspace or enclosed dry storage space, marine railways, listing or launching services. The term boat yard and way shall be deemed to include Boat Livery and Marina. (See “Water Dependent Use”(if applicable).)

Boatel shall mean any establishment consisting of a single building or portion thereof, or a group of buildings that are accessible by water and used for transient lodging purposes on a daily, weekly, or similar short term basis. Such establishments shall also provide for boat hauling or launching facilities, rental of covered or uncovered boat slips, dock space, or dry storage space. A boat shall not be deemed as a boatel, and may not be used for occupancy or “live-a-board”.

Breeding Facility—Non-Wild and Non-Exotic Animals shall mean any facility or a portion of any facility used primarily for the breeding of animals other than Exotic and Wild Animals. This definition does not to include the breeding of common household animals (see Pet Service Establishments).

Breeding Facility—Wild and Exotic Animals. (See Animal Services)

Buffer, Roadway shall mean that area located within the required front yard of any nonresidential or multifamily lot, and adjacent to any right-of-way (public or private) that contains landscaping materials and/or fencing. The width of the roadway buffer is determined by whether or not the site is located within an entranceway on a collector or higher road.

Buffer, Screening shall mean a landscaped or fenced area providing residential and other low intensity land uses with protection from the visual, noise and other adverse impacts of more intensive land uses. (See Section 701)

Buffer, Wetland shall mean any upland area adjacent to a wetland that is necessary to protect the wetland and wetland species from the detrimental impacts of development or alteration. The buffer shall include canopy, understory, and groundcover, which consists of preserved existing vegetation or planted native species.
Buffer Yard is a landscaped strip along a parcel boundary that serves to separate uses and/or create attractive boundaries.

Buffer Zone shall mean the area which shields a natural community or protected species habitat by prohibiting development activities and the removal of native vegetation. (See Chapter 7)

Building shall mean any structure that encloses a space used for sheltering any occupancy; including a gas or liquid storage tank, that is principally above grade; and shall include mobile homes. The term building shall not be deemed to include any "restricted vehicles."

Building Codes. (See "Florida Building Codes.")

Building Footprint shall mean the two-dimensional area at grade level of a building as measured at the outer perimeter of the structure from the exterior surfaces of the exterior walls. Where a building is elevated above grade level, the building footprint is the area the building would cover if it were located at grade level. In the Parrish Commercial Village Overlay, the building footprint shall not include a one-story covered, unenclosed front porch; canopied patio; one-story gallery or walkway; porte-cochere, etc., even if covered by metal, asphalt, tile, or other permanent roof materials.

Building Frontage shall mean the length of an exterior wall of an establishment facing a street or any rights-of-way, exclusive of alleys and railroad rights-of-way.

Building Height. (See "Height, Building.")

Building Line shall mean a line intersecting the side lot lines of a lot and located parallel to the front lot line at the point closest to and at the farthest point from such front lot line where the principal structure or building is erected.

Building Materials Establishment shall mean any supplier of a wide variety of materials which enter into building construction which shall include but shall not be limited to carpentry including a lumberyard, masonry, painting, plumbing, electrical and heating.

Building Official shall mean the officer or other designated authority charged with the administration and enforcement of the Florida Building Code, or his or her duly authorized representative. (DEFINITION COPIED FROM CODE OF ORDINANCES)

Building Permit shall mean an official document or certification issued by the Building Official authorizing performance of a specified activity.

Building, Principal shall mean a building in which the principal, main, or primary use is conducted.

Build-to line shall mean a line stated as a setback dimension, along which a facade must be placed.

Bulk Regulations shall mean the dimensional regulations set out in this Code.

Bus, Truck or Train Maintenance Facility shall mean a facility where buses, trucks, railroad cars, railroad engines and other associated equipment is cleaned, maintained and upgraded. This shall not be deemed to include any manufacturing, fabrication or other manufacturing type uses.

Bus or Train Terminal shall mean any area or building where buses or trains stop to load and unload passengers, cargo, or luggage on a regular basis. The sale of tickets may occur in conjunction with this use.

Business Service shall mean any establishment offering primarily services to the business community and to individuals. Such services shall include but shall not be limited to advertising agencies, blueprinting services, interior cleaning services, computer and data processing services, detective agencies and security services, insurance agencies, management consulting and public relations services, news syndicates, personnel services, photofinishing laboratories, photography, art and graphics services, financial services (other than banks), and printing services with no use or storage of noxious chemicals apparent off-site (printing services using noxious chemicals are classified as an Light Industrial).

Caliper shall mean a measurement of the diameter of the tree trunk measured six (6) inches above grade for trees under four (4) inches in diameter and one (1) foot above grade for trees greater than four (4) inches in diameter.

Camouflaged Tower shall mean any telecommunication tower that due to design or appearance hides, obscures, or conceals the presence of the tower and antennas. Towers which have been painted shall not be considered
"camouflaged."

Canopy, Building shall mean a structural cover, to include but not limited to: canvas or hard surface for protection from the elements, typically a wall less structure; either attached to another structure or detached.

Canopy Sign. (See "Sign, Awning.")

Canopy Tree. (See "Tree, Canopy.")

Capital Improvement shall mean physical assets constructed or purchased to provide, improve or replace a public facility, and which are large scale and high in cost. The cost of a capital improvement is generally non-recurring and may require multi-year financing. For the purpose of this Code, physical assets which have been identified as existing or projected needs in the individual Comprehensive Plan elements shall be considered capital improvements.

Capital Law Enforcement Facilities (Impact Fees). (See "Impact Fees").

Capital Public Safety Facilities (Impact Fees). (See "Impact Fees").

Capital Public Facility Standards (Impact Fees). (See "Impact Fees").

Capital Transportation Facilities (Impact Fees). (See "Impact Fees").

Capture and Diversion Rate (Impact Fees). (See "Impact Fees").

Carport, Attached shall mean an open sided or semi-enclosed shelter intended primarily for the storage of vehicles, which has at least one wall in common with a residence or other main building and has a permanent roof.

Carrier or Cellular on Wheels (COW) shall mean a portable PWSF that can be moved to a location and set up to provide wireless communication service on a temporary or emergency basis. A COW is ordinarily mounted on or towed by a vehicle or trailer and often contains a telescoping boom as the antenna support structure.

Car Wash, Full Service shall mean any facility providing complete car washing and cleaning services. Car washing is generally automatic, with the driver leaving the car during the washing procedure. Waxing and detailing may also be provided.

Car Wash, Incidental shall mean any automated car wash which is incidental to the sale of fuel, and characterized by an automatic wash which requires the driver to remain in the vehicle during operation. The facility may be an attached or a free standing structure.

Car Wash, Self Service shall mean any facility providing stalls with water, soap, wax or other materials for cleaning vehicles by individuals.

Catering Service. (See "Food Catering Service.")

Cemetery shall mean one of the following:

A. Human—Land used or intended to be used for the burial of the human dead and dedicated to cemetery purposes, including crematories, mausoleums, and mortuaries, if operated in connection with and within the boundaries of such cemetery; or

B. Pet—Land used or intended to be used for the burial of animals in individual burial plots or a mausoleum, dedicated to cemetery purposes.

Centerline shall mean a line lying midway between the side lines of the rights-of-way or a street.

Certificate of Appropriateness shall mean a written document permitting specified alterations, demolition, or other work to a designated historic landmark or for a building within a designated historic landmark district.

Certificate of Completion shall mean one of the following certificates:

A. A Certificate other than a Certificate of Occupancy that is issued upon the satisfactory completion of a building, structure, electrical, gas, mechanical or plumbing system;

B. A Certificate issued for subdivisions under Chapter 3; or

C. A Certificate that is issued for site plans and other development approvals upon the satisfactory completion of
Certificate of Occupancy shall mean a document issued by the Department Director allowing the occupancy or use of a building and certifying that the structure or use has been constructed in compliance with all applicable County codes and ordinances.

Certificate of Use Compliance shall mean the Certificate of Use and Density/Intensity Compliance under the provisions of the Comprehensive Plan and this Code.

Certified Lot(s) shall mean any subdivision, dividing or splitting of unplatted land for no more than two lots, all of which are buildable per the current zoning of the proposed parcel(s) and consistent with the LDC and Comprehensive Plan.

Change of Use shall mean any change, modification or alteration of the use of any structure, lot, or building from one defined use to another. In instances where the specific use is not defined, the defined use closest to that of the specific use shall be used.

Changeable Copy Sign. (See "Sign, Changeable Copy.")

Church or Other Place of Worship shall mean any premises operating as a non-profit organization and used principally as a place of worship and religious education, which shall include, but shall not be limited to chapels, funeral chapels, temples, and synagogues. A church shall not include any Group Housing. A church may also include one (1) accessory dwelling unit for exclusive use of the pastor, priest, rabbi or other church leader.

Child Care Center shall mean any establishment that provides, on a regular basis, supervision and care for six (6) or more children unrelated to the operator and which may or may not receive a payment, fee or grant for any of the children receiving care, wherever operated, and whether or not operated for profit. A Care Center shall not be deemed to include: public and non-public schools and their integral programs, except as provided in Section 402.3025, Florida Statutes; summer camps having children in fulltime residence; summer day camps; Bible schools normally conducted during vacation periods; and operators of transient establishments, as defined in chapter 509, F.S., which provide child care services solely for the guests of their establishment or resort, provided that all child care personnel of the establishment are screened according to the level 2 screening requirements of chapter 435, F.S. The term shall include but shall not be limited to, kindergartens, nurseries, nursery schools, and day nurseries. A Child Care Center shall fall under one of the following categories:

A. Small—6 to 50 persons

B. Medium—51 or more persons

Child Care Center, Accessory shall mean any child care facility used in conjunction with any church, school, private community use, or cultural facility. A child care facility built in conjunction with any other professional, commercial, industrial or retail use shall not be deemed an Accessory Child Care Center.

Circus or Circus Exhibition shall mean a permanent facility or temporary, traveling facility where wild and exotic animals are displayed or exhibited to the public during scheduled performances under the supervision of Professional Staff, primarily for commercial, entertainment purposes. (See "Recreation Use, High Intensity.")

Civic, Social and Fraternal Organizations/Clubs shall mean any recreational or social use, owned, organized and operated by a profitable or non-profit organization, where membership is limited to bona fide members paying dues.

Clearing shall mean the removal of trees that have a two-and-one-half (2½) inch diameter breast height or greater. The term shall not include grubbing, the removal of brush, or the ordinary mowing of grass.

Clinic shall mean any establishment where patients, who are not lodged overnight except for observation or emergency treatment, are admitted for examination and treatment by one (1) person or group of persons practicing any form of healing or health building services to individuals, whether such persons are medical doctors, chiropractors, osteopaths, chiropodists, naturopaths, optometrists, dentists, or any such profession, the practice of which is lawful in the State of Florida. The term clinic shall not be deemed to include Veterinary Clinics, Hospitals or Personal Service Establishments.

Clinic, Veterinary. (See "Veterinary Clinic.")

Cluster Development. (See "Development, Cluster.")
Development. Cluster Development shall mean a type of development that concentrates density and/or intensity in one area of the site while preserving the remaining area for recreation, common open space, or protection of natural resource areas; development approach of the division of land into lots which permits a reduction in the minimum lot size requirements for certain residential districts where said lots are arranged into one (1) or more groups while keeping the overall project gross density the same as in a conventional development. These clusters or groups shall be separated from adjacent property and other groups of lots by intervening common land. No lot shall front on a major local street, thoroughfare, or arterial. [MEMO #5, RECOMMENDATION 1]

Coastal Area shall mean, for purposes of this Code, Coastal Evacuation Area (CEA), Coastal High Hazard Area (CHHA), and Coastal Planning Area (CPA).

Coastal Evacuation Area (CEA) shall mean the evacuation level A for a Category 1 hurricane as established in the regional hurricane evacuation study applicable to Manatee County, as updated on a periodic basis.

Coastal High Hazard Area (CHHA) shall mean the geographic area below the Category 1 storm surge line as established by a Sea, Lake, and Overland Surges from Hurricanes (SLOSH) computerized storm surge model, pursuant to applicable law, as updated on a periodic basis. See CHHA Map in the Coastal Management Element of the Manatee County Comprehensive Plan.

Coastal Planning Area (CPA) shall mean those portions of Manatee County which lie within the Hurricane Vulnerability Area (evacuation levels A, B, and C) as updated on a periodic basis. This area shall also include water and submerged lands of oceanic water bodies or estuarine water bodies; shorelines adjacent to such water bodies; coastal barriers; living marine resources, marine wetlands; water-dependent or water-related facilities on oceanic or estuarine waters; public access facilities to oceanic beaches or estuarine shorelines; and all lands adjacent to such occurrences where development activities would impact the integrity of the above mentioned land or water body.

Code shall mean this Land Development Code.

Collapse Zone. See “Falldown Radius.”

Collector, road shall mean a route providing service which is of relatively moderate average traffic volume, moderately average trip length, and moderately average operating speed. Traffic movement is a priority but there is a higher degree of land access than with an arterial road, allowing such a route to collect and distribute traffic between local roads or arterial roads and serve as a linkage between land access and mobility needs. A collector street (or road) is also one which typically collects traffic from local streets and which generally connects with Arterials, as defined herein.

College. (See “School, College/University.”)

Collocation shall mean the placement of a second or subsequent wireless antenna on an existing telecommunication tower or existing structure. The term includes the ground, platform or roof installation of equipment enclosures, cabinets or buildings, and cables, brackets, and other equipment associated with the location and operation of the antenna.

Co-location shall mean the ability to use or the use of a common telecommunication facility by more than one (1) telecommunication service provider, or more than one (1) type of telecommunications technology by one (1) provider.

Combination Sign. (See “Sign, Combination.”)

Commercial Parking. (See “Parking, Commercial.”)

Commercial Use - An activity carried out for pecuniary gain, excluding the rental, lease of any residential, or equivalent residential, dwelling unit. This term shall also specifically include certain uses providing residential accommodation for individuals if providing nursing services as described in Ch. 464, F.S. Includes retail, wholesale, office uses, and recreational vehicle parks.

Commercial Use, Intensive shall mean a commercial use which is either: Carrying out the sale of large or bulky items (e.g., building supplies or heavy equipment), or

A. Providing services other than those usually associated with the normally recurrent needs of a residential area (e.g., automobile body repair shops), or
B. Engaging in a commercial activity normally associated with significant outdoor storage, adverse noise or other adverse sensory impact, or large amounts of heavy vehicular traffic.

Intensive commercial uses are typically community or region-serving in nature. However, many community or regional commercial uses are not intensive commercial uses.

**Commercial Vehicle, Commercial** (See “Vehicle, Commercial-Vehicle”)

Commercial Vehicle shall mean any motor vehicle (including mobile homes or recreational vehicles) that qualifies as one of the following:

A. Is designed, altered or used principally for business, governmental, institutional, or non-profit organizational purposes;

B. Has a platform, cabinet, box, rack, compartment, or other facility for transportation of materials, equipment, and items other than the personal effects of private passengers or for carrying passengers for hire;

C. Conspicuously displays the name or other advertising of the business, agency or organization on the exterior thereof, resulting in a total of more than six (6) square feet of sign area on the vehicle;

D. Is designed to carry passengers for hire; or

E. Has a rated gross payload of three quarter (¾) ton or greater.

Common Household Pet. (See “Pet, Common Household.”)

Common Improvement shall mean all streets, driveways, parking areas and other vehicular use areas, and all uses, facilities, structures, buildings, and other improvements, or portions thereof, which are designed and provided for the common use, benefit, and enjoyment of all residents or occupants of all or a designated portion of a development or neighborhood, or for the protection of adjacent property.

Common Open Space. (See “Open Space, Common”)

Common Ownership. (See “Ownership, Common”)

Community Residential Home. A dwelling unit which provides a living environment for 7 to 14 unrelated residents who operate as the functional equivalent of a family, including such supervision and care by supportive staff as may be necessary to meet the physical, emotional, and social needs of the residents. Homes of six (6) or fewer residents shall be deemed a single-family unit and a non-commercial, residential use. For the purpose of this Code, Adult Family Care Homes, as defined in the Florida Statutes, are deemed to be Community Residential Homes.

Community Residential Home Resident. A frail and elderly person, a physically disabled or handicapped person, a developmentally disabled person, a non-dangerous mentally ill person or child as defined by Florida Statutes.

Compactor shall mean a container ranging from five (5) to forty (40) cubic yards in size, in which wastes are compressed to reduce their volume and are stored for disposal.

Compatibility shall mean a condition in which land uses or conditions can coexist in relative proximity to each other in a stable fashion over time such that no use or condition is unduly negatively impacted directly or indirectly by another use or condition.

Comprehensive Plan shall mean the Manatee County Comprehensive Plan adopted pursuant to the requirements and authority of Chapter 163, Part II, Florida Statutes (the “Community Planning Act”).

Concrete Processing, Manufacturing, or Recycling Facility shall mean a plant that combines various ingredients, including, sand, water, aggregate (rocks, gravel, etc.), fly ash, potash, and cement to produce concrete. The term includes both ready mix and central mix plants. Concrete recycling refers to the crushing of concrete from structures, roadways, etc. to be reused as gravel, sub-base, riprap, etc.

Conservation Area shall mean any area that has been set aside for environmental protection through conservation easements, dedicated open space, or other legal mechanism.

Consistent shall mean in accordance, in compliance, in agreement, and to the same extent as.

Construction shall mean any manmade change to improved or unimproved real estate, which shall include but shall not be limited to: buildings or other structures, mining, dredging, filling, grading, paving, or excavation.
Construction Drawing shall mean the drawing(s) showing the location, elevations, dimensions, and materials of improvements and facilities to be installed in a development.

Construction equipment sale, leasing, storage and repair (See "Equipment sales, leasing, storage and repair, heavy").

Construction Service Establishment shall mean any premises which may contain outside storage of equipment, materials, vehicles and other items, where the principal use is the provision of services off the premises that directly result in the fabrication, construction, addition, alteration, repair or development of land, buildings or other structures. Construction Service Establishment shall also mean an establishment whose principal use is the rental and retail/wholesale sales of heavy equipment over one and one-half (1½) tons in size. This equipment shall include, but not be limited to bulldozers, backhoes, other construction equipment and tractor/trailer rigs. For the purpose of this code, this use is classified as Equipment Sale, Rental, Leasing, Storage and Service, if there is equipment stored on the site, or as Office if there is no equipment involved.

Construction Sign. (See "Sign, Construction.")

Contiguous shall mean adjoining or separated by no more than a street, railroad, canal, stream, or similar feature.

Control Structure shall mean any structure designed to control the volume of stormwater runoff that passes through it during a given time period.

Convenience Retail. (See "Retail, Convenience.")

Correctional Facility shall mean any facility used for the housing of persons convicted of or being held for a crime. A correctional facility may be:

A. A prison facility regulated by the State of Florida Department of Corrections designed for maximum security to house persons convicted of a crime, or
B. A facility designed to house persons convicted of a crime, or for the custody of persons arrested for a crime and awaiting adjudication. Such facilities shall include community correctional centers, probation and restitution centers, vocational training centers and forestry camps (all as defined by the State of Florida Department of Corrections), or local government jails or detention centers.

Cost (Floodplain Management). See Floodplain Management.

County shall mean Manatee County, Florida, a political subdivision of the State of Florida.

County Capital Facilities (Impact Fees). (See "Impact Fees").

County Impact Fee Administrator (Impact Fees). (See "Impact Fees").

County Impact Fee Funds (Impact Fees). (See "Impact Fees").

Critical Habitat shall mean viable areas of habitation for Endangered and Threatened species as confirmed by appropriate jurisdictional agency documentation, or by reports which may be submitted by an applicant requesting a development order on a site containing an area of such habitation by Endangered or Threatened species. The extent of these areas shall have a definitive boundary which may vary in extent based upon the individual species, e.g., bald eagle’s nest or pond harboring a protected turtle.

Cul-de-Sac shall mean a minor local street, one (1) end of which is closed and consists of a non-symmetrically shaped circular space for turning around vehicles, and designated either as a left cul-de-sac which indicates that the turning is mostly accomplished on the left portion of the center of the turning area, when looking at the subject space from the open end of the street; as a right cul-de-sac which indicates that the turning is mostly accomplished on the right portion of the center of the turning area, when looking at the subject space from the open end of the street. (See also "Turnaround.")

Cultural Facility shall mean the use of land, buildings, or structures to provide educational and informational services to the general public, which shall include but not be limited to art galleries, museums, libraries, conference and convention centers which do not include hotels.

Dam or Dike shall mean a barrier erected to impound or restrain the flow of water or fluid materials.

Dancing Establishment shall mean a dance hall or night club where the primary use of the facility is for the purpose of
recreational dancing.

Day Care Home, Family. (See "Family Day Care Home.")

Decision Making Body shall mean the person or body designated by this Code to have decision making authority.

Density:

Residential Density, Net shall mean the total number of residential dwelling units or equivalent residential units within a residential project, or within a residential parcel contained within a project, divided by net residential acreage (as defined herein).

Residential Density, Gross shall mean the total number of residential dwelling units or equivalent residential units within a residential project, or within a residential parcel contained within a project, divided by gross residential acreage (as defined herein).

Residential Density, Gross, Urban Corridors, shall mean the total number of residential dwelling units or equivalent residential units within a project divided by the gross acreage of the entire project site within the urban corridor (as defined herein).

Dental Laboratory. (See "Medical and Dental Laboratory.")

Department Director shall mean the staff person designated by the County Administrator to administer this code. Whenever used in this Code, the term Department Director shall also include his/her designee. [PER BOWMAN]

Design Storm shall mean the minimum recurrent interval storm, based upon the current edition of the Florida Department of Transportation Rainfall Duration Charts applicable in the County, for which a stormwater management facility shall be designed.

Detention shall mean the temporary storage of stormwater runoff for subsequent disposal by evapo-transpiration, percolation, or surface release at a rate which is less than the rate of inflow.

Detention Area or Facility shall mean a natural or artificially created area or facility for stormwater detention.

Developer shall mean any person undertaking the use of land, the construction, reconstruction, or demolition of structures or improvements thereon, or the preparation of land for any use. A developer shall be the legal or beneficial property owner of the land involved, or the authorized agent, thereof. The holder of an option of contract to purchase, any person with the power of condemnation, or other person having an enforceable possessory interest in such land shall be deemed to be a developer for the purpose of this Code. Developer shall also mean the owner(s) of record executing the dedication required for approval of a plat in accordance with Ch. 177, F.S.

Development shall mean the carrying out of any building activity or mining operation, the making of any material change in the use or appearance of any structure or land, or the dividing of land into parcels. The following activities or uses shall be taken, for the purpose of this Code, to involve development:

A. New construction, reconstruction, alteration of, or material change in the external appearance of a structure, or land.

B. A change in the intensity of use of land, such as an increase in the number of dwelling units in a structure or on land, or a material increase in the number of businesses, manufacturing establishments, offices, or dwelling units in a structure or on land.

C. The alteration of a shore or bank of a seacoast, river, stream, lake, pond, or canal, including any coastal construction as defined in Section 161.021, Florida Statutes.

D. Mining, drilling, or excavation, except to obtain soil samples, on a parcel of land.

E. The demolition of a structure.

F. The clearing of land as an adjunct of construction.

G. Depositing refuse, solid or liquid waste, or fill on a parcel of land.

The following operations or uses shall not be taken, for the purpose of this Code, to involve "development":

A. Work by a highway or road agency or railroad company for the maintenance or improvement of a road or
railroad track, if the work is carried out on land within the boundaries of the right-of-way.

B. Work by any utility and other persons engaged in the distribution or transmission of gas or water, for the purpose of inspecting, repairing, renewing, or constructing on established rights-of-way any sewers, mains, pipes, cables, utility tunnels, power lines, towers, poles, tracks, or the like.

C. Environmental preserve restoration taking place within environmental preserves.

D. Work for the maintenance, renewal, improvement, or alteration of any structure, if the work affects only the interior or the color of the structure or the decoration of the exterior of the structure.

E. The use of any structure or land devoted to dwelling uses for any purposes customarily incidental to enjoyment of the dwelling.

F. The use of any land for the purpose of growing plants, crops, trees, and other agricultural or forestry products; raising livestock; or for other agricultural purposes.

G. A change in the ownership or form of ownership of any parcel or structure.

H. The creation or termination of rights of access, riparian rights, easements, covenants concerning development of land, or other rights in land.

Development shall include all other development customarily associated with it unless otherwise specified. When appropriate to the context, "development refers to the act of developing or to the result of development. (See also "Redevelopment.")

Development Order shall mean any order granting, denying, or granting with conditions, an application for a development permit, including a building permit, zoning compliance permit, subdivision approval, rezoning, certification, special permit use, variance, or any other official action of the County having the effect of permitting the development of land. It shall also refer to the final action of a land use hearing officer. The issuance of any development order shall be determined to include the issuance of a certificate of density and intensity compliance as required by the Comprehensive Plan.

Development (Impact Fees). (See "Impact Fees").

Development Standards shall mean the adopted Manatee County Development Standards, and any amendment thereto, setting forth engineering and construction standards and practices, and associated procedures, for approval of improvements for development.

Development Unit (Impact Fees). (See "Impact Fees").

Diameter Breast Height (DBH) shall mean a measurement of the diameter of the tree trunk measured four and one half (4.5) feet above grade.

Directional Sign, Off Site. (See "Sign, Directional Off Site.")

Directional Sign, On Site. (See "Sign, Directional On Site.")

Disaster shall have the same meaning as set forth in Section 252.34, Florida Statutes.

Discharge Rate shall mean the volume of runoff over time, expressed as Gallons Per Minute (G.P.M.) or Cubic Feet per Second (C.F.S.).

Discharge, Stormwater shall mean the stormwater runoff which leaves a site and subsequently directly enters natural or artificial surface drainage systems, artificial subsurface drainage systems, or other property. For water quality purposes, this term shall also include stormwater runoff which directly or indirectly enters surface waters of the State, including surface waters wholly within the site boundaries.

District shall mean all areas of land or water whose boundaries are identified on the Official Zoning Atlas adopted pursuant to the provisions of this Code.

District, Non-Residential District. (See "District, Non-Residential District.")

District Park shall mean a park designed to serve the recreational needs of several communities or an entire county, and usually provides some areas and facilities that are resource-based. Typical facilities may include play apparatus, natural lands, natural trails, multi-use trails, nature center, boating, swimming, picnic areas and sports activities. This definition shall not be interpreted to include golf courses.
fields.

Disturbed Wetland. (See "Wetland, Disturbed.")

Ditch shall mean a man-made channel or excavation, through upland, non-phytic soils, for the purpose of conveying or directing water, draining land, watering livestock or irrigating crops.

Dock shall mean any structure intended to serve a boat which is constructed on pilings over open water, or which is supported by flotation on the water. The term shall include but shall not be limited to piers, wharfs, and loading platforms. (See also "Waterfront Structures" and "Single Boat Docking Facility.")

Domestic Vehicle. (See "Vehicle, Domestic.")

Dormitory shall mean any building used as group living quarters for a student body, religious order, rehabilitation/support group or other group as an associated use to a college, university, boarding school, orphanage, convent, monastery, farm labor camp or other similar use. Dormitories shall not include any kitchen facilities but may include a group kitchen facility to serve all residents. For the purpose of this Code, this use is classified as Group Housing.

Drainage Facility, Major shall mean any retention/detention pond, ditch, culvert, or other drainage way or facility designed to serve more than one (1) development, and shall include all major drainageways and facilities so designated on the official major drainage plan.

Drainage Outfall shall mean any positive conveyance of stormwater by means of natural or artificial structures.

Drainage Plan, Major shall mean a plan depicting the major drainage facilities for the County as adopted by the Board.

Drainage System, Artificial shall mean any canal, ditch, culvert, dike, storm sewer, detention or retention facility, or other manmade facility which is designed to control the surface flow of water.

Dredging shall mean excavation by any means in the water or a wetland; also the excavation or creation of a waterbody that is, or is to be, connected to waters, directly or via excavated waterbodies or a series of waterbodies.

Drive-Through Facilities shall mean establishments which provide services or sales that are extended mechanically or personally to customers who do not exit their motorized vehicle. Such facilities include banking facilities, restaurants, food and/or beverage sales, dry cleaning, drug stores, retail sales, express mail services and other services. Not included in this definition are auto fuel pumps and depositories which involve no immediate exchange or dispersal to the customer, such as mailboxes, library book depositories and recycling facilities.

Driveway shall mean that portion of a lot unobstructed to the sky, and the portion of the rights-of-way, which provides vehicular access between an abutting street and vehicular parking area.

Dry Cleaner, General shall mean any establishment engaged in providing laundry, dyeing or dry cleaning services. General Dry Cleaners shall not be deemed to include a dry cleaning plant (see Intensive Services). For the purpose of this Code, this use is classified as Intensive Personal Service.

Dry Cleaner, Pick-Up shall mean any establishment where all laundry cleaning operations are conducted off site and where the customer delivers and later retrieves the laundry. For the purpose of this Code, this use is classified as a Personal Service.

Dry Lines shall mean pipes used for the transmission of wastewater, which are internal to a project site, and which are installed during initial construction but remain dry (i.e., not used) until an adequate off-site sanitary sewer collection system is available to take wastewater from the development site to the wastewater treatment plant.

Dumpster shall mean a container with a lid, used by businesses to store wastes.

Duplex shall mean a single building that contains two (2) dwelling units attached to each other by a common wall and designed for or used as separate homes or residences of two (2) separate and distinct families.

Dustless Surface shall mean a pavement composed of asphaltic concrete or cement concrete, or other pavement or surface determined by a professional testing laboratory to be equivalent with respect to dust emissions and stability, in accordance with the Development Standards.
Manatee County Land Development Code
Chapter 2. Definitions

Dwelling shall mean a conventional or manufactured, detached or attached structure constituting a single, independent, habitable unit used for, or intended to be used for, living, sleeping, sanitation, cooking, and eating purposes by one family only, for owner occupancy or for rental, lease or other occupancy on a weekly or longer basis, and containing kitchen, sanitary and sleeping facilities not shared by any other such unit. A dwelling shall not include hotels, boatels, rooming or boarding houses, dormitories, fraternity or sorority houses, lodging houses, guest houses, nursing homes, recreational vehicles or any temporary lodging, boarding or rooming building or structure designed for transient residence.

Dwelling, Modular Unit (also known as manufactured dwelling units) shall mean a dwelling unit that may include structural, electrical, plumbing, heating, ventilating, or other service systems manufactured in manufacturing facilities for installation or erection as a finished building or as part of a finished building. A modular dwelling unit shall be deemed a Single Family dwelling and shall not be deemed a Manufactured Mobile Home Dwelling.

Dwelling, Multi-Family shall mean any residential building containing three (3) or more separate dwelling units located on a single lot or parcel of ground such as triplexes, quadruplexes, condominiums and apartments.

Dwelling, Single Family Attached shall mean three (3) single family dwellings or more attached to one another by a common wall. This term includes townhouse development.

Dwelling, Single Family Detached shall mean any building which is developed with open yards on all sides and contains one (1) dwelling unit, not attached to any other building or dwelling unit. A detached dwelling shall not include mobile homes. No such dwelling shall contain more than one kitchen facility.

Dwelling, Single Family Semi Detached shall mean a one (1) family dwelling which is joined to no more than one (1) other such unit by a common party wall, a common floor/ceiling or connecting permanent structure such as breezeways, carports, garages, screening fences or walls, where such two (2) dwelling units are also located on adjoining individual lots such as duplex dwellings which have been divided into two (2) dwelling units on separate lots.

Dwelling Unit shall mean one (1) or more rooms in a residential building or residential portion of a building which are arranged, designed, used or intended for use as a complete independent living facility for no more than one (1) family and which includes permanent provisions for living, sleeping, eating, cooking and sanitation, and is readily accessible in the interior to all spaces therein.

Dwelling Unit, Substandard shall mean any dwelling unit which is unsafe, unsanitary, unfit for human habitation, or not provided with adequate egress, or which constitutes a fire hazard, or is otherwise dangerous to human life, or which in relation to existing use constitutes a hazard to safety or health by reason of inadequate maintenance, dilapidation, obsolescence, or abandonment.

Earthmoving shall mean the removal, transport, extraction, excavation, fill or grading for any purpose of soil, sand, shell, limestone, dolomite, gravel, ore, rock, clay, peat or any material by whatever process.

Easement shall mean a grant by a property owner of the right of use of his land by another party for a specific purpose.

Ecosystem Management Plan shall mean a plan for significant, cumulative improvement to the ecological function of the drainage basin in which wetlands are proposed to be impacted by development. The ecosystem management plan shall demonstrate no net loss of wetland quality and function. To mitigate impacts, a combination of restoration, creation, enhancement, and upland preservation may be considered depending on the size, type, function, viability, and historic status of the wetlands proposed to be altered.

Egress Window shall mean any window meeting the requirements of emergency egress openings from bedrooms as required by the Florida Building Code.

Elementary School. (See "School, Elementary")

Eligible Affordable Housing shall mean any real or personal property located within the County which is designed and intended for the primary purpose of providing decent, safe and sanitary residential units that are designed to meet the standards of the Florida Building Code or previous building codes adopted under Chapter 553, or manufactured housing constructed after June 1994 and installed in accordance with the installation standards for mobile or manufactured homes contained in rules of the Department of Highway Safety and Motor Vehicles, for home ownership or rental for eligible persons. Eligible affordable housing units shall not exceed the maximum
values as defined by Manatee County’s Local Housing Assistance Plan. [Oct. 12-008]

Eligible Persons or "Eligible Household" shall mean one or more natural persons or a family determined by Manatee County to be of very low income, low income, or moderate income according to the income limits adjusted to family size published annually by the United States Department of Housing and Urban Development based upon the annual gross income of the household.

Emergency Shelter shall mean any residence, building, or other place providing, for a period not to exceed an average stay of thirty (30) days per person; room, board, protection, pre-placement screening, or counseling for abused children, abused adults, or similar persons not related to the owner of the premises by law, blood, marriage or adoption; provided that such services shall not include intensive treatment or therapy. The term emergency shelter shall not be deemed to include assisted living facilities, community residential homes, recovery homes, or residential treatment facilities.

Emergency Shelter Home shall mean any dwelling providing, for a period not to exceed an average stay of thirty (30) days per person, room, board and protection, pre-placement screening or counseling for no more than two (2) abused children, abused adults, or similar persons, not related to the owner of the premises by law, blood, marriage or adoption provided that such services shall not include intensive treatment or therapy.

Encumbered shall mean the obligation to expend funds under a purchase order issued by the County.

Engineer shall mean a professional who is registered with the State of Florida to engage in the practice of engineering and licensed as a professional engineer.

Engineering Standards (See "Manatee County Public Works Standards.")

Enhancement shall mean the increase in one (1) or more values on all or a portion of an existing wetland by man's activities. The intentional alteration of an existing wetland to provide conditions which previously did not exist and by consensus increase more than one (1) wetland value is enhancement for the purpose of this Code.

Environmental Education Facility shall mean a facility that provides outdoor experiences, exhibits and programs intended to educate the public on issues related to the natural environment.

Environmental Land Preserve, Public and Private shall mean a resource based preserve operated by a public or private entity for the primary purpose of environmental preservation and public enjoyment of environmentally sensitive lands.

Environmental Preserve Management Plan shall mean a management plan depicting or describing the improvements to and uses within, an Environmental Preserve.

Equestrian Centers shall mean any commercial facility designed primarily for the purpose of riding, training, or stabling of horses.

Equipment sales, rental, leasing, storage and repair, heavy shall mean establishments primarily engaged in

| sales, selling, renting, leasing, storing and/or repairing of farming, landscaping or construction equipment, industrial trucks, portable toilets, lawn care and similar equipment.

Equipment sales, rental, leasing, storage services and repair, light shall mean establishments primarily engaged in

| sales, selling, renting, leasing, storing and/or servicing computers, electronic equipment, appliances, party supplies, pianos, plants, vending machines, and furniture.

Erosion shall mean the wearing away of the land surface by water, wind, ice or other geologic agents or by the activities of man, other animals, or natural catastrophes.

Erosion Control Structure shall mean any groin, jetty, breakwater, riprap, seawall, or other similar structure intended to control erosion.

Establishment shall mean any entity that functions as a separate economic unit.

Exempt Sign. (See "Sign, Exempt.")

Existing shall mean in existence on or before the effective date of a regulation or standard contained in the Land Development Code.

Existing Structure shall mean a structure that exists at the time an application for permission to place antennae on a
structure is filed with the County. The term includes any structure that can structurally support the attachment of antennae in compliance with applicable codes.

Exit Discharge shall mean that portion of a means of egress between the termination of a building exit and a public way.

Expansion of the Capacity of a Road shall mean, but shall not be limited to, any widening, intersection improvement, signalization or other capital improvement designed to increase the road's capacity.

Expansion of the Capacity of a Road (Impact Fees). (See "Impact Fees").

Exterminating and Pest Control shall mean an establishment engaged in the service of eliminating insects, mice, rats or other nuisance animals. For the purpose of this Code, this use is classified as Intensive Service.

Extremely Low Income Household shall mean one or more natural persons or a family that has at total annual gross household income that does not exceed 30 percent of the area median income adjusted for family size for households within the metropolitan statistical area, the county, or the non-metropolitan median for the state, whichever is greater. [Ord. 12-008]

Facility Investment Fee (FIF) (relative to water and sanitary sewer) shall mean the dollar investment, the capital cost of the facilities necessary to collect or distribute and treat the volume purchased by a typical customer in each class of customers pursuant to Article VIII of Chapter 2-31 of the Code of Ordinances. The FIF approximates the customer's proportional share of the total capital costs of facilities serving all customers. It is not transferable from one property to another.

Fair Market Value shall mean that value that has been established prior to the commencement of impact generating land development activity. The value shall be established by the Manatee County Property Appraiser, or an appraisal as provided by a State of Florida licensed real estate appraiser, or an appraiser which is a member of the American Institute of Real Estate Appraisers or the Society of Real Estate Appraisers.

Fair Market Value (Impact Fees). (See "Impact Fees").

Falldown Radius shall mean the designated area of a telecommunication facility surrounding a telecommunication tower, which, in the event of a structural failure of all or part of the telecommunications tower, would likely contain the failed or collapsed telecommunication tower. This area may also be called the collapse zone. The falldown radius size shall equal one hundred twenty-five (125) percent of the tower height, unless an engineering certification (structural) shows that in the event of collapse, the telecommunication tower is designed to collapse within a smaller area.

Family shall mean one (1) or more persons living together on a non-transient basis as a single, housekeeping unit in a dwelling unit, which group is comprised of:

A. A natural family of one (1) or more persons who are all related to each other by law, blood, marriage or adoption.

B. Two (2) or more persons so related (the natural family) and not more than four (4) persons who are not so related to persons in the natural family.

C. A group of not more than six (6) persons who are not so related.

Stepchildren and foster children under State approved care shall be deemed to be part of the family.

Family Day Care Home shall mean an occupied residence in which child care is regularly provided for children from at least two unrelated families, which receives a payment, fee, or grant for any of the children receiving care, whether or not operated for profit. Household children under 13 years of age, when on the premises of the family day care home, shall be included in the overall capacity of the licensed home. A family day care home shall be allowed to provide care for one of the following groups of children, which shall include household children under 13 years of age:

A. Small Family Day Care Home:
   1. A maximum of four children from birth to 12 months of age.
   2. A maximum of three children from birth to 12 months of age, and other children, for a maximum total of
six children.
3. A maximum of six preschool children if all are older than 12 months of age.
4. A maximum of 10 children if no more than 5 are preschool age and, of those 5, no more than 2 are under 12 months of age.
8. Large Family Day Care Home:
   1. A maximum of 8 children from birth to 24 months of age.
   2. A maximum of 12 children, with no more than 4 children under 24 months of age.
   3. Has at least two (2) full-time child care personnel on the premises during the hours of operation. One of the two full-time child care personnel must be the owner or occupant of the residence.

Farm Animal shall mean those animals commonly raised, bred or used for agricultural or livestock purposes, including, but not limited to: cattle, sheep, poultry, swine (including miniature pot-bellied pigs), horses, ostriches, emus, rheas, goats and other livestock. Farm animals shall not be deemed to include common household pets, or pot-belly pigs (see definition of Agricultural Uses).

Farm Labor Housing. (See "Farm Worker Housing.")

Farm, Tree. (See "Agricultural Uses.")

Farming equipment sale, leasing, storage and repair (See "Equipment sales, leasing, storage and repair, heavy").

Farming Service Establishment shall mean any premises where the principal use is the provision of farming services off of the premises, such as vegetable or fruit picking, harvesting, agricultural pest control, plowing, hauling of agricultural products or similar operations. Farming Service Establishment shall not be deemed to include airfields or landing strips, but may include the carrying out, maintaining, operating or accomplishing repairs upon the user's or occupier's farm implements, vehicles and farming service related equipment.

Farmworker(s) shall mean a person(s) who has worked twenty-five (25) days or more, earning at least one-half (½) of their income in agricultural work in the last twelve (12) months and was not employed year round by the same employer.

Farm Worker Housing shall mean habitable structures or dwelling units intended to be occupied by, and for which occupancy is limited to, farm employees and their families. Such uses occur exclusively in association with the performance of agricultural labor.

Fascia Sign. (See "Sign, Wall" under "Signs").

Federal Communications Commission (FCC) shall mean an independent federal agency charged with licensing and regulating wireless communications at the national level.

Feed Lot and Stock Yard shall mean the use of land, buildings or structures for the confinement of animals for the purpose of producing animal products for consumption or other uses, conducting such activities predominantly outdoors and in partially enclosed buildings. This term shall not be deemed to include farms, ranches, or agricultural product processing plants.

Feepayer (Impact Fees). (See "Impact Fees").

Fence shall mean a freestanding structure of metal, masonry, composition or wood or any combination thereof resting on, or partially buried in, the ground and rising above ground level, and used for confinement, screening or partition purposes. This shall not be deemed to include a retaining wall.

Festoon. (See "Signs").

Filling shall mean the deposition or burial of materials, such as land clearing debris, soil, rock or other solid materials, onto any land, water, or wetland. For purpose of this Code, filling shall not include permitted Landfills with garbage or other similar waste matter, or the (non-jetted) placement of pilings.

Fire Control District shall mean areas in the County that are units of special purpose government created by a special act and are public municipal corporations having the powers and duties of fire protection and control as set forth in their individual special acts.
**Manatee County Land Development Code**

**Chapter 2. Definitions**

*Firework/Sparkler Manufacturer* shall be the manufacturer of fireworks and/or sparklers as defined in Section 2-21-86 of the Code of Ordinances. For the purpose of this Code, firework/sparkler manufacturer is classified as Manufacturing, Heavy.

*Fish Hatchery* shall mean any commercial facility designed for the artificial propagation of non-tropical fish species, for the primary purpose of producing food or food products. (See "Agriculture.")

*Five-year CIE* shall mean the five-year schedule of transportation improvements set forth in the capital improvements element of the Comprehensive Plan.

*Flashing Sign.* (See "Sign, Flashing.")

*Flea Market* shall mean any premises where the principal use is the sale of new and used household goods, personal effects, tools, art work, small household appliances, and similar merchandise, objects, or equipment, in small quantities, in broken lots or parcels, not in bulk, for use or consumption by the immediate purchaser in open air or partly enclosed booths or stalls or within an enclosed building.

*Floating Residential Unit* shall mean a structure primarily designed or constructed as a living unit, built upon a floating base, which is not designed primarily as a vessel, is not self-propelled although it may be towed about from place to place, and is primarily intended to be anchored or otherwise moored in a fixed location.

*Floodplain Management*

  - **Base Flood** shall mean the flood having a one (1) percent chance of being equaled or exceeded in any given year, also known as the one hundred (100) year flood.
  - **Base Flood Elevation (BFE)** shall mean the height above mean sea level that flood waters are estimated to reach during a base flood event.
  - **Cost (Floodplain Management)** shall mean the dollar value, actual or estimated, of all material, equipment and labor used in the reconstruction, addition, rehabilitation, or other improvements of a structure. Nationally published and industry accepted cost valuation or manhour tables may be used as a guide by the Building Official, who may adjust such information as necessary to more accurately verify or estimate the cost.

When material or equipment is donated or discounted below the retail market value, the cost shall be equal to the retail market value.

The value of labor, donated or self, shall be computed based on the standard trade wage in Manatee County, but in no case less than the minimum federal hourly wage.

Surveyors, architects, designers, testing labs, other professional fees, permitting costs, impact fees, and site development costs that are not directly related to the physical construction, reconstruction, rehabilitation, addition or other improvement of a structure are not included in the determination of cost for substantial improvement, (floodplain management).

*Flood or Flooding* shall mean a general and temporary condition of partial or complete inundation of normally dry land areas from:

  a. The overflow of inland or tidal waters; or
  b. The unusual and rapid accumulation of runoff of surface waters from any source.

*Flood Boundary and Floodway Map* shall mean an official map of the unincorporated area of the County on which the Federal Emergency Management Agency (FEMA) has delineated the One Hundred (100) and Five Hundred (500) Year Flood Boundary and Floodways.

*Flood Insurance Rate Map (FIRM)* shall mean an official map of the unincorporated area of the County on which the Federal Emergency Management Agency (FEMA) has delineated both the One Hundred (100) Year Floodplain and the insurance risk premium zones.

*Flood Insurance Study* shall mean the official flood insurance study, dated September 15, 1983, along with the "Flood Insurance Rate Map (FIRM)," dated March 15, 1984, all provided by the Federal Emergency Management Agency (FEMA).
Flood Protection Elevation shall mean the height above mean sea level (MSL) that a building must be elevated in order to substantially minimize property damage. The Flood Protection Elevation (F.P.E.) shall be one (1) foot above the Base Flood Elevation (B.F.E.) established in accordance with the Floodplain Management Section (See “Freeboard.”)

Floodplain, One Hundred (100) Year shall mean areas inundated during a 100-year, or other specified flood event or identified by the National Flood Insurance Program as an A Zone or V Zone on Flood Insurance Rate Maps or Flood Hazard Boundary Maps.

Floodplain Management Code. (See “Manatee County Floodplain Management Code.”)

Floodplain Management Permit shall mean a separate permit issued by the Building and Development Services Department Director for structures within the Floodplain. The purpose is to track and insure compliance with this Code and the Manatee County Floodplain Management Code. Upon issuance, the applicant may apply for a building permit.

Floodway shall mean a channel of a stream plus any adjacent floodplain areas that must be kept free of encroachment so that the 100-year flood discharge can be conveyed without increasing the elevation of the 100-year flood more than a specified amount.

Floor, Lowest (For Floodplain Management Purposes) shall mean the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor; provided, that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of 44 CFR, 60.3.

Habitable Space [shall mean] a space in a structure for living, sleeping, eating, cooking, working, entertainment or otherwise occupied by people for their use. Storage or utility space and similar areas are not considered habitable space. (For Floodplain Management purposes only.)

National Flood Insurance Program (NFIP) shall mean a federal program enabling property owners to purchase flood insurance. NFIP is designed to provide an insurance alternative to disaster assistance to meet the escalating costs of repairing damage to buildings and their contents caused by floods. The NFIP is based on an agreement between local communities and the Federal Government which states that if a community will implement measures to reduce future flood risks to construction, the Federal Government will make flood insurance available within the community. The NFIP is administered by the Federal Insurance Administration (FIA), a component of the Federal Emergency Management Agency (FEMA), an independent agency.

Substantial Improvement (Floodplain Management) shall mean any reconstruction, rehabilitation, addition, or other improvement of a structure, the cost of which equals or exceeds fifty (50) percent of the market value of the structure before the "start of construction" of the improvement. This term includes structures which have incurred "substantial damage," regardless of the actual repair work performed. The term does not, however, include either:

a. Any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary to assure safe living conditions; or

b. Any alteration of a historic structure" provided that the alteration will not preclude the structure's continued designation as a "historic structure."

Floor Area, Gross (gross non-residential building floor area) shall mean the sum of the horizontal areas of the several floors of all non-residential buildings or portions of buildings on a lot, measured from the exterior faces of exterior walls, and from the center line of walls separating two (2) or more buildings. The term gross floor area shall be deemed to include, but shall not be limited to: basements, wall-less structures where business is transacted (e.g., including but not limited to: garden centers and outdoor open air eating areas and shall not include seasonal display sales areas), elevator shafts and stairwells at each story, floor space used for mechanical equipment with structural headroom of six feet six inches (6'-6") six (6) feet six (6) inches or more, penthouses, attic space, whether or not a floor has actually been laid, providing structural headroom of six feet six inches (6'-6") six (6) feet six (6) inches or more, interior balconies, and mezzanines with structural headroom of six feet six inches (6'-6").
six (6) feet six (6) inches or more. Gross floor area shall not include wall-less structures where business is not transacted, awnings, canopies, porte-cochere, architectural buttresses, gazebos, roof overhangs, and interior parking garages and loading areas, as long as business is not transacted within all of which where business is not transacted. Parking garages/parking structures shall not be included in the calculation of gross floor area.

Floor Area, Minimum (Residential) shall mean the minimum habitable gross floor area permitted for a dwelling unit, exclusive of carpors, attics, garages, breezeways, porches, terraces, basements or cellars.

Floor Area Ratio (FAR) shall mean a measure of intensity for nonresidential development. It is calculated by dividing the gross floor area of the non-residential buildings on the site by the gross non-residential acreage (converted to square feet) of the development site. For vertical mixed-use developments in the County, and horizontal and mixed-use use developments along designated urban corridors (as defined herein), it shall be divided by the total gross acreage of the entire development site (including residential and non-residential) gross non-residential building floor area divided by gross land area related to such building area. Floor Area Ratio (FAR) is a measure of intensity for nonresidential development, and is calculated by determining the ratio of gross floor area of the sum of gross horizontal areas of all floors of an enclosed building measured from the exterior face of exterior walls, but not including interior parking, loading, or heights of less than six feet (in square feet), to the product of the total number of Gross Nonresidential Acres (as defined herein), or the total number of Gross Residential Acres plus the total number of Gross Nonresidential Acres in the case of Urban Corridors, contained in that lot or parcel times 43,560. Height of any floor within an existing or proposed building shall not be considered in determining FAR of an existing building, nor considered in determining maximum allowable gross floor area by use of a maximum FAR. Where projects are proposed to contain more than one lot, FAR shall be calculated on a project-wide basis.

Floor, Lowest. See Floodplain Management.

Food Catering Service shall mean any establishment primarily engaged in the preparation and sale of prepared food and drinks to be served and consumed off the premises.

Forestry shall mean the use of land for the planting, raising, harvesting, and replanting of trees. (See "Agriculture.")

Foundation Landscaping shall mean a planting area located contiguous to the principal structure on the site.

Freeboard shall mean a factor of safety usually expressed in feet above a flood level for purposes of floodplain management. "Freeboard" tends to compensate for the many unknown factors that could contribute to flood heights greater than the height calculated for a selected size flood and floodway conditions, such as wave action, bridge openings, and the hydrological effect of urbanization of the watershed. For the purpose of this Code, the term "Freeboard" shall be deemed the distance between the Base Flood Elevation (BFE) and the Flood Protection Elevation (FPE).

Freestanding Sign. (See "Sign, Freestanding.")

Front Lot Line. (See "Lot Line, Front.")

Front Yard. (See "Yard, Front.")

Frontage shall mean the length of the property line for a single parcel which runs contiguous to and parallel with each public rights-of-way or private street, exclusive of alleys, that it borders.

Functionally Dependent Facility. (See "Water Dependent Use.")

Functionally Impaired shall mean any person sixty (60) years of age or older with physical or mental limitations which restricts the ability to perform the normal activities of daily living and which impede the capacity to live independently without the provisions of core services. This term shall include those persons who meet the definition of Functionally Impaired according to Section 410.023(f), F.S., and are determined to be such through a function assessment administered in accordance with state provisions.

Funeral Home shall mean any building or part thereof used for human funeral services. Such building may contain space and facilities for any of the following:

A. Embalming and the performance of other services used in the preparation of the dead for burial,

B. The performance of autopsies and other surgical procedures,
C. The storage of caskets, funeral urns and other related funeral supplies,
D. The storage of funeral vehicles, or
E. Facilities for cremation.

Future Development Area Boundary (FDAB) shall mean a boundary generally established to designate on the Future Land Use Map the location for new residential and non-residential development consistent with the adopted Land Use Concept in the Technical Support Document for the Manatee County Comprehensive Plan (May 15, 1989). Those lands east of the Future Development Area Boundary are intended to be preserved for primarily agricultural uses. The boundary is intended to serve as a means to provide an efficient use of land and public and private investment, and to contain urban sprawl. This line shall be consistent with the boundaries of the Water Supply and Wastewater Service Areas established by the Board of County Commissioners.

Game Preserve shall mean a privately owned commercial facility where game is taken or hunted for a fee.

Garage shall mean an enclosed building or portion thereof which is designed for the enclosed parking or storage of automobiles and other motor vehicles. To be considered as a garage, the building or portion thereof shall have a garage door or similar opening to allow automobiles or motor vehicles to enter or exit.

Garage Sale shall mean the sale of used household or personal articles, such as furniture, tools, or clothing, held on residentially used property for a limited time.

Gas Pump shall mean any pump used for the retail sale of fuel for up to two (2) motor vehicles at a time incidental to the sale of other goods or activities on site.

General Development Plan shall mean the initial development approval in the planned development approval process under Section 603.402 of this Code and shall meet the requirements of Section 508.321.

Generation of Traffic (Impact Fees). (See "Impact Fees").

Golf Course shall mean any tract of land for playing golf, improved with tees, greens, fairways, hazards, and other similar improvements. A golf course may include a driving range. (See "Recreational Use, Low Intensity.")

Government Sign. (See "Sign, Government.")

Greenhouse - A building or structure whose roof and sides are made largely of glass or other transparent or translucent material and in which the temperature and humidity can be regulated for the cultivation of plants for personal use and/or for subsequent sale. A greenhouse may or may not be a permanent structure.

EXHIBIT A

Gross Acreage, Urban Corridors shall mean the acreage of the site that is above the mean high water or mean high tide line of any naturally occurring water body.

Gross Floor Area. (See "Floor Area, Gross").

Gross Non-Residential Acreage shall mean the total acreage within a project, or part thereof, which is proposed for nonresidential lots or parcels, and which is also:

A. Exclusive of all areas considered to be part of a project's gross residential acreage;
B. Above the mean high water line or mean high tide of any naturally occurring water body;
C. Occupied by any manmade water body;
D. Wetland acreage subject to the jurisdiction of any local, state, or federal environmental review agency, provided that the pre-development jurisdictional wetland area is less than or equal to twenty (20) percent of the total project acreage; and fifty (50) percent less in the WPM, WPE overlay districts;
E. Within any required setbacks from such jurisdictional area as required by the Comprehensive Plan;
F. Within any area reserved for protection of any threatened or endangered species, or species of special concern, including any setback from such species' habitat;
G. Part of any proposed public facility dedicated to, and accepted by the County, or by the Manatee County School Board, or part of any private park or outdoor recreation area;
Gross Residential Acreage shall mean the total acreage within a project, or part thereof, which is proposed for residential lots or parcels above the mean high water or mean high tide line of any naturally occurring water body, and exclusive of all areas considered to be part of a project’s gross nonresidential acreage, as defined herein. The total acreage shall include:

A. Any manmade water body;
B. Wetland acreage subject to the jurisdiction of any local, state, or federal environmental review agency, provided that the pre-development jurisdictional wetland area is less than or equal to twenty (20) percent of the total project acreage, and fifty (50) percent less in the WPE or WPM overlay districts;
C. Acreage within any required setbacks from such jurisdictional area as required by the Comprehensive Plan;
D. Acreage within any area reserved for protection of any threatened or endangered species, or species of special concern, including any setback from such species’ habitat;
E. Acreage that is part of any proposed public facility dedicated to, and accepted by the County, or by the Manatee County School Board, or part of any private park or outdoor recreation area;
F. Local streets or other streets internal to the project;
G. Any easement for public or private utility, including those easements shown as P/SP(1) on the Future Land Use Map of the Comprehensive Plan;
H. Acreage proposed for any church or religious place of worship; and
I. Acreage proposed as an open space area or community center.

Total acreage shall be adjusted, where applicable, for any reductions in gross residential acreage as described in the Future Land Use Element of the Comprehensive Plan regarding disturbance of wetlands, which are directly connected with inflowing watercourses in the WPE and WPM Overlay Districts as shown on the Future Land Use Map in the Comprehensive Plan.

Gross Residential Density. (See “Density”)

Gross Sales Area. (See “Sales Area, Gross.”)

Ground Cover shall mean plants of species which normally reach a height of less than three (3) feet upon maturity, installed in such a manner as to form a continuous cover over the ground.

Group Housing shall mean any premises where the principal use involves the provision of two (2) or more residential units for transient or permanent occupancy. The term group housing shall be deemed to include rooming and boarding house, hospital guest house, fraternity or sorority houses, dormitories, convents, monasteries, retreat houses or camps, farmworker housing and similar uses, but shall not be deemed to include hotels, boatels, nursing homes, or emergency shelters.

Guest House shall mean a structure accessory to a residential use, used for the occasional housing of guests of the occupants of the principal structure, and not as a rental unit or for permanent occupancy as a housekeeping unit. A guest house does not include kitchen or dining facilities. Mobile homes, recreational vehicles, or structures built in conformance with Section 320.823 Florida Statutes, shall not be deemed a guest house.

Guayed Tower shall mean a telecommunication tower that is supported in whole or in part by guy wires and ground
anchors or other means of support besides the superstructure of the tower itself.

**Hazardous Substance** shall mean any substance which is defined as a hazardous substance in the U.S. Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended.

**Hazardous Waste** shall mean solid waste, or a combination of solid wastes, which, because of its quantity, concentration, or physical, chemical, or infectious characteristics, may cause, or significantly contribute to, an increase in mortality or an increase in serious irreversible or incapacitating reversible illness or may pose a substantial present or potential hazard to human health or the environment when improperly transported, disposed of, stored, treated, or otherwise managed. The term does not include human remains that are disposed of by persons licensed under chapter 497, F.S.

**Hazardous Waste Generator** shall mean any person, or site, whose action or process produces hazardous waste, identified or listed in 40 CFR 261, or whose act first causes a hazardous waste to become subject to regulation.

**Hazardous Waste Transfer Facility** shall mean any establishment providing short term storage, less than ninety (90) days, of hazardous waste.

**Heavy Utility Use.** (See Utility Use, Heavy.)

**Hedge** shall mean a row of closely planted shrubs, bushes, or other vegetative screening forming a boundary or restrictive barrier. The minimum height of such shrubs shall be twenty-four (24) inches at the time of planting.

**Height, Building** shall mean the vertical distance from average grade to the highest point of the roof for flat roofs; to the deck line for mansard roofs; and to the average height between eaves and the ridge for gable, hip, and gambrel roofs measured from the grade; provided that where land is subject to required minimum flood elevations the building height shall be measured from such required elevation. When building height is given in stories in this code, each floor meeting the minimum and maximum floor-to-ceiling height standards of this code constitutes a story.

**Height, Satellite Dish Antenna** shall mean the height of a ground mounted antenna measured vertically from the highest point of the antenna when positioned for operation to the bottom of the base which supports the antenna.

**Height, Sign.** (See "Signs").

**Height, Telecommunication Tower** shall mean the distance measured from base (top of foundation) to the highest point of the tower. This measurement excludes any attached antennas, and lighting. The height of the base exceeding four (4) feet above grade shall be included in height of tower.

**Heliport.** (See AIRPORT.)

**Helistop.** (See AIRPORT.)

**High School.** (See "School, High.")

**Highest Adjacent Grade** shall mean the highest natural elevation of the ground surface, prior to any construction immediately adjacent to and within two (2) feet of the proposed walls of a structure.

**Historic Landmark** shall mean any site, building, structure, landscape feature, improvement, aesthetically significant zone, or archaeological site, which has been designated as a historic landmark pursuant to procedures described in this Code.

**Historic Property or Historic Resource** shall mean any prehistoric or historic district, site, building, object or other real or personal property of historical, architectural, or archaeological value. These properties or resources may include, but are not limited to, monuments, memorials, Indian habitations, ceremonial sites, abandoned settlements, sunken or abandoned ships, engineering works, artifacts, or other objects with intrinsic historical or archaeological value, or any part thereof, relating to the history, government, and culture of Florida or Manatee County.

**Historic Resources** shall mean all areas, districts or sites containing properties listed as significant on the Florida Master Site File, the National Register of Historic Places, or designated by Manatee County as historically, architecturally, or archaeologically significant.

**Historic Structure.** (See "Structure, Historic.")
Historical Research shall mean a thorough study of a past event, place, character or society using primary resources such as but not limited to maps, oral histories, newspapers, diaries, photographs, inventories and governmental records.

Historical Significance shall mean a determination based on the U.S. Secretary of the Interior’s criteria for eligibility to the National Register of Historic Places (including archaeological and historical resources).

Home Occupation shall mean any use of a dwelling unit for an occupation subordinate to the dwelling unit and only conducted by the resident thereof, entirely within the dwelling unit, and which is clearly incidental to the use of the structure for residential purposes, does not change the character thereof, and which shall not occupy more than twenty-five (25) percent of the gross floor area or two hundred (200) square feet, whichever is less.

Horticulture shall mean the science and art of growing fruits, vegetables, flowers, and ornamental plants. (See "Agriculture.")

Hospital shall mean any establishment that offers services more intensive than those required for room, board, personal service, and general nursing care, and offers facilities and beds for use beyond twenty-four (24) hours by individuals requiring diagnosis, treatment, or care of illness, injury, deformity, infirmity, abnormality, disease, or pregnancy, and regularly makes available at least clinical laboratory services, diagnostic x-rays services, and treatment facilities for surgery or obstetrical care, or other definitive medical treatment of similar extent, and including the issuance of a Certificate of Need by the State of Florida. The term “hospital” also includes a medical office building located on the same premises as a hospital facility if the premises were zoned for hospital purposes on January 1, 1992.

Hospital Guest House shall mean any establishment that provides lodging and meals to relatives of patients in a hospital or in a nursing, convalescent or extended care facility associated with the hospital guest house. For the purpose of this Code, this use is classified as Group Housing.

Hospital, Veterinary. (See "Veterinary Hospital.")

Hotel shall mean any building or portion thereof, or a group of buildings which provides two (2) or more lodging units for transient occupancy on a daily, weekly, or similar short term basis. Hotel shall include but shall not be limited to motel, inn, motor inn, motor lodge, tourist cabin and tourist court. A hotel shall also be deemed to include any establishment which provides residential living accommodations on a more or less permanent basis, such as an apartment hotel; provided that where more than twenty-five (25) percent of the units in an apartment hotel have cooking facilities, such establishment shall be deemed a multi-family dwelling and shall be subject to this Code as such, counting each such unit as a dwelling unit for all purposes.

House. (See "Dwelling.")

Hydric Soil shall mean soil that is wet long enough to periodically produce anaerobic conditions, thereby influencing the growth of plants.

Hydrologic Connection shall mean connection to a natural surface water body such as lakes, ponds, rivers, creeks and sloughs, where a flow of surface water occurs on an average of thirty (30) or more consecutive days per year under normal hydrologic conditions. In the absence of reliable hydrological records, a continuum dominated by the plant species listed in the Wetlands Planning Guidelines may be used to establish a hydrological connection. Artificial or manmade ditches, canals or channels constructed through uplands that connect previously isolated wetlands to natural surface water bodies shall not be deemed as a hydrological connection. Artificial or manmade ditches, canals or channels constructed in historical natural drainage ways shall be deemed a hydrological connection.

Hydroperiod shall mean a measure of the time (usually in days per year) that water is at or above soil surface under normal hydrologic conditions.

Identification Sign. (See "Sign, Identification.")

Illegal Sign. (See "Sign, Illegal.")

Illuminated Sign. (See "Sign, Illuminated.")

Impact Fees
**Access Improvements** shall mean improvements designed to insure safe and adequate ingress and egress. The term “access improvements” includes, but is not limited to, acceleration, deceleration and turn lanes, traffic signals and signs and any road capital facility which does not increase the existing road’s capacity.

**Accounts** shall mean any impact fee account established by the County pursuant to Chapter 11.

**Administrative Procedures** shall mean the manual adopted by the Board by resolution, to implement the provisions of this Chapter 11: Impact Fees.

**Bedroom (Impact Fee Calculations)** shall mean a room that can be used for sleeping purposes, which exceeds seventy (70) square feet in floor area with no less than seven (7) feet in any dimension, which can be cl for to be a room other than a living room, family room, dining room, breakfast nook, sitting area, laundry room, pantry, or walk-in closet. Dens, studies, libraries, game rooms and offices immediately contiguous to a common area (excluding a hallway) and without a closet, shall not be considered a bedroom.

**Benefit District** shall mean those Benefit Districts established pursuant to Chapter 11: Impact Fees.

**Capital Countywide Parks Facilities** shall mean lands, as well as buildings, improvements to land, and capital equipment, facilities and vehicles, used for public parks, recreation, open space, and/or trails — and specifically including those park, open space, recreation and trail elements included in the calculation of Countywide Parks Impact Fees in the Impact Fee Study.

**Capital Law Enforcement Facilities** shall mean land, as well as buildings, improvements to land, and capital equipment, facilities and vehicles, used for county law enforcement services — and specifically including those law enforcement facilities included in the calculation of Law Enforcement Impact Fees in the Impact Fee Study.

**Capital Public Facility Standards** shall mean those measures of levels of service for countywide parks facilities, law enforcement facilities, public safety facilities, and roads facilities documented and used in the Impact Fee Study to calculate the Impact Fees.

**Capital Public Safety Facilities** shall mean lands, buildings, improvements to land, and equipment, facilities and vehicles, used for the provision of public safety services — and specifically including those public safety facilities included in the calculation of Public Safety Impact Fees in the Impact Fee Study.

**Capital Roads Facilities** shall mean transportation planning and the right-of-way acquisition, engineering and construction of road improvements to land of any project to expand the capacity of any arterial or collector shown in Map 5-B (the Future Traffic Circulation Functional Classification Map) of the Manatee County Comprehensive Plan but not including routine or periodic maintenance.

**County Capital Facilities** shall mean Capital Countywide Parks Facilities, Capital Roads Facilities, Capital Law Enforcement Facilities, and Capital Public Safety Facilities, as defined in this chapter.

**Capture and Diversion Rate (Impact Fees)** shall mean that portion of the travel to and from automobile oriented commercial land uses presented by vehicles making intermediate stops within a longer primary trip.

**County Capital Facilities** shall mean Capital Local Park Facilities, Capital Countywide Park/Open Space Facilities, Capital Transportation Facilities, Capital Law Enforcement Facilities, and Capital Public Safety Facilities, as defined in this chapter.

**County Impact Fee Administrator** shall mean the County Administrator or a designee, who shall be responsible for the administration of Chapter 11: Impact Fees.

**County Impact Fee Funds** shall mean the funds established by the County pursuant to Chapter 11 to ensure the Impact Fees collected are designated for the accommodation of impacts reasonably attributable to new Impact-Generating Land Development that paid the Impact Fees. The County Impact Fee Funds include Accounts established pursuant to Chapter 11.

**Credit Authorization** shall mean the document approved by the Board which grants impact fee credits to a person for the completion of non-site related improvements or non-site related transportation facilities and which includes any conditions placed on the use of those credits.
Development shall mean any construction or expansion of a building, structure, or use, any change in use of a building or structure, or any change in the use of land, which creates additional demand for public services.

Development Unit shall mean any lot, parcel, or phase in a project as depicted in a development order, and for which credit under the provisions of Chapter 11 is sought.

Expansion of the capacity of a road includes any widening, intersection improvements or other capital improvements which results in an increase of the road's capacity.

Fair Market Value shall mean the value of land or land and Capital County Facilities that is determined as part of an Offer of Credit. Fair market value shall be established by the Manatee County Property Appraiser, or through an appraisal provided by a State of Florida licensed real estate appraiser, or an appraiser who is a member of the American Institute of Real Estate Appraisers or the Society of Real Estate Appraisers, or, in cases where the value of new construction has not yet been included on the Tax Roll in force, the declared value of the improvement on a Manatee County building permit, pursuant to the Administrative Procedures.

Feepayer shall mean a person commencing Impact-Generating Land Development who is obligated to pay Impact Fees in accordance with the terms of Chapter 11: Impact Fees.

Generation of Traffic (Impact Fees) shall mean both the production and attraction of traffic.

Impact Fees shall mean the Countywide Parks Impact Fees, the Roads Impact Fees, the Law Enforcement Impact Fees, and the Public Safety Impact Fees, established by Chapter 11: Impact Fees.

Impact Fee Component shall mean each separate County Capital Facility for which Impact Fees are exacted. More specifically, the following shall each constitute a separate Impact Fee Component:

a. Capital Countywide Parks Facilities;
b. Capital Roads Facilities
c. Capital Law Enforcement Facilities; or
d. Capital Public Safety Facilities.

Impact Fee Road System shall mean all arterial and collector roads shown in Map 5-B (the Future Traffic Circulation Functional Classification map) of the Manatee County Comprehensive Plan.

Impact Fee Study shall mean the document titled "Impact Fee Rate Study for Roads, Parks, Public Safety, and Law Enforcement in Manatee County, Florida", prepared by Henderson Young & Company, and dated May 26, 2011, that sets forth reasonable methodologies and analyses for determining the impacts of various types of development on the County's Capital Countywide Parks Facilities, Capital Roads Facilities, Capital Law Enforcement Facilities, and Capital Public Safety Facilities, and for determining the cost of these County Capital Facilities necessary to meet the demands created by new development.

Impact Fee Schedule shall mean a fee schedule comprised of Impact Fee Components for each separate County Capital Facility provided by the County for which Impact Fees are exacted.

Impact-Generating Land Development shall mean either:

a. Land development designed or intended to permit a use of the land that will contain more dwelling units, lots, or floor space than the then existing use of the land, or the making of any material change in the use of any structure or land in a manner that increases demand on Capital Countywide Parks Facilities, Capital Roads Facilities, Capital Law Enforcement Facilities, and/or Capital Public Safety Facilities, unless exempted pursuant to Chapter 11. (The type of proposed Impact-Generating Land Development shall be based on the proposed use of the land.); or
b. Any "land development activity" as defined in Chapters 2 and 11 of the Manatee County Land Development Code, that is obligated to pay but has not paid impact fees.

Improvements shall mean the results of planning, engineering design, construction inspection, on-site construction, off-site construction, land, the purchase of related equipment, vehicles, and financing associated with new or expanded capital facilities, buildings, and equipment that expand the capacity of a
Manatee County Land Development Code
Chapter 2. Definitions

facility or service system, but not including maintenance, operations, or improvements that do not expand capacity.

Independent Impact Analysis Study shall mean a study prepared by a Feepayer, calculating the cost the County will incur in providing the necessary Capital Countywide Parks Facilities, Capital Roads Facilities, Capital Law Enforcement Facilities, and/or Capital Public Safety Facilities to serve the Feepayer's proposed Impact-Generating Land Development, based on the established Capital Facility standard(s).

Land (See "Land.").

Law Enforcement shall mean the provision of services for the protection of people and property in existing and proposed developments, and the enforcement of the penal, criminal, traffic or highway laws enforceable by the Manatee County Sheriff's Department.

Manufacturing (Impact Fees) shall mean the use of a building or structure or any portion thereof for assembling, disassembling, repairing, fabricating, finishing, manufacturing, packaging or processing operations.

Non-Site Related Improvements shall mean contributions, construction or dedication of land for Capital Countywide Parks Facilities, Capital Law Enforcement Facilities, Capital Roads Facilities, or Capital Public Safety Facilities that are not Site-Related Improvements.

Nursing Home shall mean the same as outlined in Chapter 400.021 Florida Statutes, and for the purposes of nursing home impact fees shall include residential treatment facilities.

Person shall mean an individual, corporation, governmental agency, business trust, estate, trust, partnership, association, two (2) or more persons having a joint or common interest, or any other entity.

Warehouse (Impact Fees) shall mean any premises where the principal use is the storage of merchandise, products, or materials in bulk, for a fee or charge or for distribution to other establishments operated by the same business enterprise or establishment. A warehouse may include accessory wholesale sales, but shall not be deemed to include retail sales establishments, motor freight terminals, mini-warehouses or the bulk storage of flammable, explosive, toxic, or noxious materials as a principal use.

Impact Fee Component (Impact Fees). (See "Impact Fees").

Impact Fee Road System (Impact Fees). (See "Impact Fees").

Impact Fee Schedule (Impact Fees). (See "Impact Fees").

Impact Fee Study (Impact Fees). (See "Impact Fees").

Impact-Generating Land Development (Impact Fees). (See "Impact Fees").

Impervious Surface shall mean any surface which has been compacted or covered with a layer of material so that it is highly resistant to infiltration by water. It includes surfaces such as compacted sand, lime rock, shell, or clay, as well as most conventionally surfaced streets, roofs, sidewalks, parking lots and other similar structures.

Improvements (Impact Fees). (See "Impact Fees").

Incidental Adult Materials Vendor. (See "Adult Entertainment").

Incinerator shall mean a facility in which wastes are reduced by combustion.

Independent Impact Analysis Study (Impact Fees). (See "Impact Fees").

Independent Special District shall mean a special district that is not a dependent special district.

Industrial, heavy shall mean an establishment whose principal purpose is the mechanical or chemical transformation of materials or substances, including the bulk storage of raw materials, and which process may emit noise, vibration, dust, odor or pollutants. Activities include animal product processing facility, manufacturing, assembly and fabrication of items, including large scale or specialized industrial operations, firework/ sparklers, processing and compounding of semi-finished products from raw material in bulk form to be used in an industrial operation.
Industrial, light shall mean an establishment whose principal purpose is the manufacturing, assembling, compounding, processing, packing, baling, repairing, storing or distribution of products made from previously prepared basic materials, such as bond, cloth, cork, fiber, leather, paper, plastics, metals (not involving punch presses over fifty (50) tons rated capacity), stones, tobacco, wax, yarns, or wood (except where sawmills or planing mills are employed). Also included in this definition are micro-breweries. See Equipment Sales, Rental, Leasing Service and Repair, Light for repair of household appliances and office equipment.

Industrial Uses shall mean activities within land areas predominantly connected with manufacturing, assembly, processing, distribution, or storage of products. Office uses are not precluded from classification under the term “industrial” when utilized in a broader sense.

Infill Development shall mean the process of developing vacant or under-used parcels within existing urbanized areas that are mostly built-out and what is being built is in effect “filling in” the gaps.

Infirm Elderly shall mean any person sixty (60) years of age or older meeting the definition of functionally impaired.

Infrastructure shall mean road, water, sewer, stormwater or drainage facilities, public use area specifically designed to accommodate the impact generating land development activity.

Intensity. See “Floor Area Ratio.”

Intensive Services shall mean any type of service that includes carpet cleaning plants, pest control/extminating services, industrial-type cleaning and laundry, dry cleaning plants, printing and publishing plants, sign painting establishments, wholesale photo processing, and other similar service uses where personal customer visits to the establishment are not commonly necessary. This use category shall also include taxi/limousine service and towing service establishments as defined in this chapter.

Interior Lot. (See "Lot, Interior.")

Intermodal Terminal shall mean the use of land, buildings or structures for the storage and handling of cargo and the transfer of cargo from one mode of transportation to another. Such intermodal transfer may include the transfer of cargo from water vessels to rail or truck. This term shall not be construed to mean airport or airfield as defined in this section.

Interneighborhood Tie shall mean any future street connection made to an existing residential neighborhood’s local street network.

Interstate Connector shall mean any thoroughfare that both intersects and has access onto Interstate 75 (I-75) and Interstate 275 (I-275).

Irreversible shall mean any action, deed or accomplishment that is incapable of being reversed as it relates to the Code Enforcement citation program.

Isolated Wetland. (See "Wetland, Isolated.")

Junk Vehicle. (See "Vehicle, Junk.")

Junkyard shall mean any establishment or place of business which is maintained, used, or operated for storing, keeping, buying, or selling wrecked, scrapped, ruined, or dismantled motor vehicles, motor vehicle parts, scrap metal, waste paper rags, used building materials, white goods, etc.

Laboratory, Medical and Dental. (See "Medical and Dental Laboratory.")

Land shall mean the earth, water, and air above, below, or on the surface, and includes any improvements or structures customarily regarded as land pursuant to Section 380.031, Florida Statutes.

Land (Impact Fees). (See "Impact Fees").

Land Development Regulations shall mean documented rules, standards and procedures contained in the Manatee County Comprehensive Zoning and Land Development Code or in any regulations developed pursuant to Section 163.3202, F.S.

Land Reserve, Public or Private shall mean land restricted for the protection and preservation of the wildlife, natural resources or unique features of the land. For the purpose of this Code, this use is classified as Environmental Land Preserve.
Landfill shall mean land used for the disposal of waste as defined by the Florida Department of Environmental Protection. All landfills shall be in compliance with Chapter 403, Florida Statutes, as amended. Landfills may include accessory resource recovery or volume reduction facilities. For the purpose of this code, landfills are classified as Solid Waste Management Facilities.

Landscape Architecture shall mean the consultation, investigation, research, planning, design, preparation of drawings, specifications, contract documents and reports, responsible construction supervision, or landscape management in connection with the planning and development of land and incidental water areas where, and to the extent that the dominant purpose of such services or creative works is the preservation, conservation, enhancement, or determination of proper land uses, natural land features, ground cover and plantings, or naturalistic and aesthetic values.

Landscape Professional shall mean a landscape architect or other professional permitted to prepare plans or drawings in accordance with Chapter 481 Pt. II, Florida Statutes.

Landscape Service. (See "Lawn Care and Landscaping Service.")

Large project shall mean a development that contains eight hundred (800) residential units or more, an/or meets eighty (80) percent of a numerical threshold for DRI's or more, as provided in the Florida Administrative Code Rule Chapter 28-24.

Lattice Tower shall mean a telecommunication tower that consists of vertical and horizontal supports and crossed metal braces, which is usually triangular or square in a cross section.

Law Enforcement. (See "Impact Fees.")

Lawn Care and Landscaping Service Establishment shall mean any establishment engaged in performing a variety of lawn and landscaping services such as but not limited to lawn fertilizing, mowing, spraying and planting, and the planting and maintenance of landscaping. For the purpose of this Code, this use is classified as Office if no storage of equipment is provided on-site. Otherwise it shall be classified as Equipment sales, leasing, storage and repair.

Level of Service shall mean an indicator of extent or degree of service which is, or will be, provided by a facility. Level of Service standards are targets or objectives with which compliance is required.

Lighting, Outdoor. (See "OUTDOOR LIGHTING.")

Limits of Clearing shall mean the area of land to be cleared of trees and other vegetation in conjunction with proposed development or land use.

Limousine Service. (See "Taxi-Cab and Limousine Service.")

Liquor Store shall mean an establishment engaged in the retail sale of packaged alcoholic beverages for consumption off-premises. (See "Retail Sales, Other.")

Live Bottom Communities shall mean sub-tidal biological communities which aggregate on the bottom of water bodies. Live bottom communities include oyster bars, clam, scallop and mussel beds, hard and soft coral reefs, seagrass and algae beds.

Local Park shall mean a park that is a "walk-to" or "short drive-to" a public or private park generally located along streets people can walk or bicycle without encountering heavy traffic. It serves the population of a neighborhood/community in radius of up to one and one-half miles and should have at least two acres for each 1,000 population or other space requirement as determined by adopted level of service standards.

Local Road. (See "Road, Local.")

Local Street. (See "Street, Local.")

Lodging Places shall mean the use of land, structure or buildings for the provision of lodging, including, but not limited to, boarding, camps, dormitories and hotels/motels.

LOS shall mean the level of service established for a transportation facility pursuant to the Comprehensive Plan.

Lot shall mean a single or continuous plot, parcel, or tract of land all of which is to be used, developed or built upon as...
a unit under single ownership throughout and defined by boundaries or lot lines ascertainable by recorded deed or plat; and which shall be deemed to be a lot in accordance with this definition, regardless of whether or not the boundaries thereof coincide with the boundaries of lots or parcels as shown on any map of record. This definition shall not include individual units under condominium ownership.

Lot Area shall mean the total horizontal area within the legal lines of a lot, excluding streams, ponds, canals, rivers, creeks, or other water bodies, except as may be permitted in the General Agricultural District, and any area under an easement for a private street or dedicated as or otherwise having the legal status of a public street except for platted subdivisions in the A District platted or recorded prior to September 9, 1926, in which one-half (½) of the adjacent platted right-of-way or easement for a private street from the extensions of lot lines may be included in calculating lot area. That portion of a lot within the area between the existing right-of-way of a street and any officially adopted future right-of-way lines shall be considered as part of the lot area.

Lot, Certified. (See Certified Lot)

Lot Consolidation shall mean the combining of two or more subdivision lots into a single parcel for the purpose of development and density calculations.

Lot, Corner shall mean a lot at the point of intersection of and abutting on two (2) or more intersecting street lines, or in the case of a curved street, extended street lines, being not more than one hundred thirty-five (135) degrees.

Lot Coverage shall mean the number determined by dividing that area of a lot, which is occupied or covered by the total horizontal projected surface of all buildings, including covered porches and accessory buildings, by the lot area.

Lot Depth shall mean the mean horizontal distance between the front and rear lot lines.

Lot, Interior shall mean any lot, including a through lot, other than a corner lot.

Lot Line shall mean any legal boundary line of a lot.

Lot Line, Front shall mean the street line of a lot, except:

A. On a through lot, the front lot line shall be deemed the street line which faces the principal entrance of the principal building.

B. On lots in common or dedicated open space, the front lot line shall be deemed to be the closest lot line which faces the principal entrance to the principal building or structure.

C. On an existing approved flag lot (lot of record), the closest lot line which faces the principal entrance or approach to the principal building shall be deemed to be the front lot line.

Lot Line, Rear shall mean that lot line that is most distant from, and is most nearly parallel with, the front lot line. A corner lot shall not have a rear lot line. If a rear lot line is less than ten (10) feet in length, or if the lot comes to a point at the rear, the rear lot line shall be deemed to be a ten (10) foot line parallel to the front lot line, lying wholly within the lot.

Lot Line, Side shall mean a lot line which is neither a front lot line, nor a rear lot line.

Lot of Record shall mean either a lot or contiguous lots which legally exist, under single ownership at the time of adoption of this Code, and which are part of a subdivision, the plat of which has been recorded in the office of the Clerk of the Circuit Court of the County; or any parcel of land not a part of a subdivision, that has been officially recorded by deed in the office of the Clerk; provided that such platted lot or parcel was legally established at the time of recording, or provided that the deed for the lot or parcel was recorded prior to the effective date of zoning in the area where the lot is located.

Lot, Nonconforming shall mean any lot of record lawfully existing on the effective date of this Code, which is not in accordance with all provisions of this Code or any amendment hereto for the zoning district in which it is located.

Lot, Reverse (or Double) Frontage shall mean any through or corner lot, intentionally designed so that the front lot line faces a local street rather than facing a thoroughfare.

Lot, Through shall mean any lot, other than a corner lot, abutting two (2) or more public streets, but not abutting an alley.
Lot Width shall mean the horizontal distance between the side lot lines of a lot measured at right angles to its depth along a straight line, parallel to the front lot line at the minimum required building setback line.

Low Income Household shall mean one (1) or more natural persons or a family with a total annual gross household income which does not exceed eighty (80) percent of the median annual income adjusted for family size for households within the metropolitan statistical area, the County, or the non-metropolitan median for the state, whichever amount is greatest. With respect to rental units, the low income household's annual income at the time of initial occupancy may not exceed eighty (80) percent of the area's median income adjusted for family size. While occupying the rental unit, a low income household's annual income may increase to an amount not to exceed one hundred forty (140) percent of eighty (80) percent of the area's median income adjusted for family size.

Lowest Floor. (See "Floodplain Management, Floor, Lowest.")

Lumberyard shall mean any establishment engaged in the cutting, dressing, finishing and wholesale sale of lumber. For the purpose of this Code, lumberyards are deemed Building Materials Establishments.

Lumen (Outdoor Lighting). (See "OUTDOOR LIGHTING.")

Mail Order Pickup Facility shall mean any establishment which engages in the taking of requests in person or the on-premises delivery of mail order or catalog merchandise.

Major Collector. (See "Collector, Major.")

Major Drainage Facility. ("See Drainage Facility, Major.")

Major Drainage Plan. (See "Drainage Plan, Major.")

Major Earthmoving. (See "Earthmoving, Major.") [THE CODE NEVER HAD A DEFINITION FOR MINOR OR MAJOR EARTHMOVING. THE LIST OF USES IN CHAPTER 4 REFERS TO SECTION 702 FOR DETERMINATION OF MINOR VS. MAJOR]

Major Subdivision. (See "Subdivision, Major.")

Major Trip Generators or Attractors shall mean concentrated areas of intense land use or activity that produces or attracts a significant number of local trip ends.

Major Wellheads shall mean major ground water wells with a permitted capacity of one hundred thousand (100,000) gallons or greater, or a well casing of six (6) inches in diameter or larger.

Management Practices shall mean, with respect to water quality, design, construction, and operation practices tending to maximize water quality control within the limits of demonstrated technology and reasonable cost. Best management practices for control of non-point sources have been established in the Area-Wide Water Quality Management (208) Plan for the Tampa Bay Region and shall be as set forth in the Manatee County Development Standards, or as the County Engineer may otherwise approve.

Manatee County Floodplain Management Code shall mean Section 802 of this LDC.

Manatee County Public Works Standards shall mean those standards contained in the Public Works Standards Manual. The document, which contains three parts: the Stormwater Management Design Manual, the Traffic and Highway Standards Manual, and the Utility Standards Manual, is adopted and amended by resolution by the Board, and is on file with the Manatee County Building and Development Services Department.

Mangrove Stand shall mean an assemblage of mangrove trees which is mostly low trees noted for a copious development of interlacing adventitious roots above the ground and which contain one (1) or more of the following species: black mangrove (Germinans); red mangrove (Rhizophora mangle); white mangrove (Languncularia racemosa); and buttonwood (Conocarpus erects).

Mansard Sign. (See "Sign, Mansard.")

Manufacturer/Manufacturing developer shall mean either a specific business that is classified as a Manufacturing use or a developer of a Manufacturing use located in or intended to be located within the Master Development Plan Eligibility Area. [ORD 15-03]

Manufacturing use shall mean those land uses established for the purpose of conducting those businesses classified...
within Sectors 31-33 of the North American Industry Classification System (NAICS). [ORD.15-03]

Manufacturing (Impact Fees). (See "Impact Fees").

Marina shall mean any establishment with a waterfront location for the dockage of watercraft in wet slips, or for the refueling of watercraft used primarily for recreation, and providing minor repair services for such craft, not involving removal of the watercraft from the water or the removal of an inboard or outboard engine from the watercraft. The term marina shall not be deemed to include a boat yard and way, or boat livery. (See Water Dependent Uses).

Marina-Type Uses shall mean any marina, boat livery or boat yard and way.

Mass Transit shall mean passenger services provided by public, private or non-profit entities such as the following surface transit modes: commuter rail, rapid rail transit, light rail transit, light guideway transit, express bus and local fixed route or demand-response bus.

Master Development Plan ("MDP") shall mean the development order that, upon approval by Manatee County pursuant to Section 357, authorizes manufacturing development within a specified geographic area and which sets forth applicable conditions, limitations, and standards. [ORD.15-03]

Master Development Plan Eligibility Area ("MDPEA") shall mean only those areas within Manatee County designated as the MDPEA pursuant to Sections 357.3 and 403.15. [ORD.15-03]

Master Mining and Reclamation Plan shall mean a plan that provides a description of proposed mining activities over the life of a mine, including a plan for reclamation, which shall allow review of the applicant's proposed project during pre-mining, mining, and reclamation phases Master Mining Plan approved in accordance with Chapter 2-20 of the Code of Ordinances.

Mean High Water Line shall mean the line formed by the intersection of the tidal plane of mean high water with the shore as established by procedures approved under the Florida Coastal Mapping Act of 1974, Ch. 177, Florida Statutes, as amended.

Mean Sea Level shall mean the average height of the sea for all stages of the tide. It is used as a reference for establishing various elevations within the floodplain.

Medical and Dental Laboratory shall mean any establishment engaged in the testing and analysis of material for medical or dental services or for the patient on prescription of a health practitioner. This shall also include the creation, fitting and fixing of dentures, crowns, and other dental materials.

Medical and Dental Laboratory shall mean any establishment engaged in the testing and analysis of material for medical or dental services or for the patient on prescription of a health practitioner. This shall also include the creation, fitting and fixing of dentures, crowns, and other dental materials.

Medical Marijuana Treatment Center shall have the meaning provided in Article X, Section 29, Florida Constitution. Medical Marijuana Treatment Center Dispensing Facilities shall be a component of said definition. Said Medical Marijuana Treatment Center Dispensing Facilities are subject to licensure by the Florida Department of Health, pursuant to Section 381.986, Fla. Stat. (2017) and implementing regulations. [ORD.15-03]

Message Center Sign. (See "Sign, Message Center").

Middle School. (See "School, Middle").

Minimum En Route Altitude (MEA). (See AIRPORT.)

Minimum Descent Altitude (MDA). (See AIRPORT.)

Minimum Obstruction Clearance Altitude (MOCA). (See AIRPORT.)

Minimum Floor Area (Residential). (See "Floor Area, Minimum (Residential)").

Minimum Project Size shall mean the minimum size in acres or dwelling units, of a development project for which a particular development approval may be obtained. The project size may be divided into phases where initial site or development plan approval is obtained for the entire project, and may include contiguous lands separated only by a public street, canal, or similar feature.

Minimum Vectorsing Altitude (MVA). (See AIRPORT.)

Mining shall have the meaning set forth in Chapter 2-20 of the Code of Ordinances.

Mining Activities shall mean all functions, work, facilities, and activities in connection with the development, extraction,
drying, transporting or processing of mineral deposits and all uses reasonably incidental thereto. The definition of mining activities shall also include reclamation of lands disturbed by oil, natural gas, or mineral extraction operations incidental thereto.

**Mini-Warehouse.** (See "Warehouse, Mini.")

**Minor Collector.** (See "Collector, Minor.")

**Minor Earthmoving.** (See "Earthmoving, Minor.") [THE CODE NEVER HAD A DEFINITION FOR MINOR OR MAJOR EARTHMOVING. THE LIST OF USES IN CHAPTER 4 REFERS TO SECTION 702 FOR DETERMINATION OF MINOR VS. MAJOR]

**Minor Subdivision.** (See "Subdivision, Minor.")

**Mitigation.** (See "Wetland Mitigation.")

**Mixed-use** shall mean the mixture of more than one land use within a single building, or within a single project in separate buildings, with such uses planned in a coordinated manner under a single master development plan. Land uses, which when combined constitute mixed or multiple uses, exclude parks, golf courses, schools, and public facilities (fire stations, utility substations, etc.). Land uses, which when combined within a single project constitute mixed or multiple uses include residential, commercial, industrial uses.

**Mobile Home** shall have the meaning set forth in Section 513.01, Florida Statutes.

**Mobile Home and Recreational Vehicle Sale, Rental and Leasing Establishment** shall mean any premises where the principal use is the sale, rental or leasing of any mobile home or recreational vehicle. A mobile home and recreational vehicle sale, rental and leasing establishment shall not be deemed to include the storage, except for sales display, of any mobile homes or recreational vehicles or the sale, rental or leasing of any commercial or domestic vehicles.

**Mobile Home Park** shall have the meaning set forth in Section 513.01, Florida Statutes.

**Mobile Home Park, Existing** shall mean all mobile home parks or subdivisions built and operating before April 30, 1981.

**Mobile Home Park Pre-FIRM** shall mean any mobile home park or subdivision that was built and operating before January 1, 1975.

**Mobile Home Site** shall mean any designated area of land within a mobile home park or a lot within a mobile home subdivision, where such area of land or lot is designed for occupancy by not more than one (1) mobile home dwelling.

**Mobile Home Subdivision.** (See "Subdivision, Mobile Home.")

**Mobile service** shall mean a radio communication service that is carried on between mobile stations or receivers and land stations, by mobile stations communicating among themselves, and includes (A) one-way and two-way radio communication services, (B) a mobile service which provides a regularly interacting group of base, mobile, portable, and associated control and relay stations (whether licensed on an individual, cooperative, or multiple basis) for private one-way or two-way land mobile radio communications by eligible users over designated areas of operation, and (C) any service for which a license is required in a personal communications service established pursuant to the proceeding entitled “Amendment to the Commission’s Rules to Establish New Personal Communications Services” (GEN Docket No. 90-314; ET Docket No. 92-100), or any successor proceeding.

**Mobile Service, Private** shall mean a radio communication service that is not a commercial mobile service or the functional equivalent of a commercial mobile service, as specified by Federal Communication Commission (FCC). This term shall also include aviation and emergency services.

**Model Home** shall mean any residential structure used for demonstration or sales purposes, open to the public for inspection, and not occupied as a dwelling unit.

**Moderate Income Household** shall mean one (1) or more natural persons or a family with a total annual gross household income which does not exceed one hundred twenty (120) percent of the median annual income adjusted for family size for households within the metropolitan statistical area, the County, or the non-metropolitan median for the state, whichever is greatest. With respect to rental units, the moderate income household’s annual
income at the time of initial occupancy may not exceed one hundred twenty (120) percent of the area's median income adjusted for family size. While occupying the rental unit, a moderate-income household's annual income may increase to an amount not to exceed one hundred forty (140) percent of one hundred twenty (120) percent of the area's median income adjusted for family size.

**Modular Unit** shall mean any factory fabricated transportable building, approved by the Florida Department of Economic Opportunity (DEO) designed to be used by itself or to be incorporated with similar units at a building site into a modular structure, that will be a finished permanent building in a fixed location on a permanent foundation. This term is intended to apply to major assemblies, and does not include pre-fabricated panels, trusses, plumbing trees, and other pre-fabricated sub-elements incorporated into a structure at the site.

**Monopole Tower** shall mean a telecommunication tower of a single pole design.

**Monument** shall mean a survey marker which must:

A. Be composed of a durable material.
B. Have a minimum length of eighteen (18) inches.
C. Have a minimum cross-section area of material of 0.2 square inches.
D. Be identified with a durable marker or cap bearing either the Florida registration number of the professional surveyor and mapper in responsible charge or the certificate of authorization number of the legal entity, which number shall be preceded by LS or LB as applicable.
E. Be detectable with conventional instruments for locating ferrous or magnetic objects.

**Motel.** (See "Hotel")

**Motor Freight Terminal** shall mean a building or area where freight brought by truck is assembled and/or stored for routing and reshipment, or where semitrailer trucks, including tractor and/or trailer units, are stored.

**Motor Pool Facility** shall mean any premises where the principal use is the outdoor or indoor storage, service, maintenance or repair of any truck, bus, van, automobile or other motor vehicle fleets. A motor pool facility shall not be deemed to include motor vehicle rental establishments.

**Multiple Occupancy Parcel** shall mean any parcel which is occupied by more than one (1) establishment.

**Multiprism Sign.** (See "Sign, Multiprism")

**National Flood Insurance Program (NFIP).** (See "Floodplain Management")

**National Geodetic Vertical Datum (NGVD) as corrected in 1929** shall mean a vertical control used as a reference for establishing varying elevations.

**Native (Natural) Vegetation** shall mean flora which naturally occurs in the County.

**Neo-Traditional Development** shall mean a mixed use development allowing residential and commercial uses, having a minimum density of 3 du/acre, and exhibiting many of the following characteristics:

- A discernible center which is often a plaza, square or green, and sometimes a busy/memorable intersection.
- A transit stop within the center.
- Buildings at the center placed close to the sidewalk and to each other, creating an urban sense of spatial definition. Buildings towards the edge of the neighborhood are placed further away and further apart from each other.
- Most of the dwellings are within a five-minute walk from the center - approximately one-quarter of a mile.
- Contains a variety of dwelling types so that younger and older, singles and families and the lower income and upper income can find places to live.
- Contains places to work in the form of office buildings and live-work units.
- Shops are sufficiently varied to supply the ordinary needs of a household - such as a convenience/
store, a post office and an ATM machine.
- A small ancillary building in the backyard of each house used as a rental apartment or a place to work.
- Elementary school generally within one mile, so that most children can walk from their dwelling.
- Small playgrounds distributed evenly throughout the neighborhood, approximately within one-eighth (1/8th) of a mile of every dwelling.
- Thoroughfares/streets within the neighborhood form a continuous network and provide connection to as many locations as feasible to adjacent developments and thoroughfares.
- Thoroughfares/streets are relatively narrow and shaded by rows of trees that slow traffic and create an appropriate environment for pedestrian and bicyclist.
- Parking lots and garage doors rarely front on the thoroughfares. Garages and parking lots are relegated to the rear of buildings and are accessed through alleys.
- Commercial buildings front directly on the sidewalk.
- Public buildings locate in prominent sites.
- Transportation connectivity - cul-de-sacs are avoided.
- Each neighborhood is a ten minute walk (one-half mile) from edge to edge.
- Higher density housing is located toward the center and often located above the retail space.
- Buildings are placed relatively close to the street, such that they are generally setback the equivalent of one-quarter the width of the lot.

Net Residential Acreage shall mean the total acreage within a project proposed for residential lots or parcels, including off-street parking areas, and also meeting the following limitations:
- not subject to the jurisdiction of any local, state or federal environmental review agency.
- not part of any recreational facility within the project or part of any public facility within the project.
- not part of any natural water body below mean high water, or ordinary high water, as estimated at time of project review.
- not part of any conservation easement dedicated to Manatee County.
- not within any utility easement shown as P/SP (1) on the Future Land Use Map.

Net Residential Density. (See "Density")

New shall mean a specific entity which is existing legally for the first time on or after the effective date of this Code.

New Construction shall mean any structure for which the "start of construction" commenced on or after the effective date of this Code.

Nonconforming Lot. (See "Lot, Nonconforming")

Nonconforming Structure. (See "Structure, Nonconforming")

Nonconforming Use. (See "Use, Nonconforming")

Non-Precision Instrument Runway. (See AIRPORT.)

Non-Preferred Zone Districts, shall mean the zone districts listed in Table 5-1 within which new telecommunication towers are discouraged to be located.
Public Interest (PDPI), Planned Development Research Park (PDRP), and Planned Development Mixed Use (PDMU).

Non-Site Related Capital Transportation Facilities (Impact Fees). (See "Impact Fees").

Non-Standard Take-Off Minimums. (See AIRPORT.)

North Central Overlay District

Architectural Feature shall mean a prominent or significant part or element of a building or structure.

Awning shall mean a roof-like cover that is temporary or portable in nature and that projects from the wall of a building for the purpose of shielding a doorway or window from the elements and is periodically retracted into the face of the building. Awnings are temporary or portable devices.

Building. Multi-tenant shall mean a structure for the use of multiple businesses with a roof supported by columns or walls, separated by dividing walls without interior openings to the individual businesses, where each business has a separate exterior access.

Building Scale shall mean the relative size of a structure in relationship to other nearby and adjacent structures or to the human form.

Colonnade shall mean a series of columns set the same distance apart to support a roof.

Column shall mean a vertical shaft or pillar that supports, or appears to support, a structure such as a roof, porch, or portico.

Cornice shall mean a horizontal molded projection that finishes or completes a wall or building.

Court shall mean any open space, unobstructed from the ground to the sky, bounded on two (2) or more sides by the walls of a building or buildings located on the same lot.

Eaves shall mean a projecting overhangs at the lower borders of a roof.

Elevation shall mean a scaled drawing of the side, front, or rear project view of a structure without any allowance for the laws of perspective.

Facade shall mean the front or principal face of a building or any side of a building that faces a street or other open space.

Fascia shall mean a flat board with a vertical face that forms the trim along the edge of a flat roof, or along the eaves of a pitched roof. The rain gutter is often mounted to it.

Kiosk shall mean a free-standing structure upon which temporary information and/or posters, notices, and announcements are posted.

Mass shall mean the physical bulk or volume of a building. In architectural terms, a single mass building is a single geometric form such as a rectangle or square, and may include simple roof form with no variation in the roof line. Massing refers to variation in the mass and may involve multiple masses joined together.

Natural shall mean materials present in or produced by nature and not produced or changed artificially.

Outdoor Gathering Space shall mean a plaza, courtyard, or other open space designed for the assembly of people.

Parapet shall mean the extension of the main walls of a building above the roof level.

Pavers shall mean the reformed paving blocks that are installed on the ground to form patterns that articulate pathways or driveways.

Pediment shall mean a wide low-pitched gable surmounting the facade of a building in a classical style, and any similar triangular crowing elements used over doors, windows, and niches.

Pitch shall mean the angle of a roof, usually expressed as a ratio of units of vertical distance to twelve (12) units of horizontal distance. For example, 4:12 means four (4) units of vertical rise to every twelve (12) units of horizontal run.
Plaza shall mean an open space that may be improved and landscaped, usually surrounded by streets and buildings.

Primary Structure shall mean a structure designed to serve as a focal point to the site and to suggest a point of activity. On parcels with more than one (1) structure, it is the primary or anchor tenant building.

Roof shall mean the outside top covering of a building.

Roof, Flat shall mean a roof that is pitched less than 1:12 and the surface of which is generally parallel to the ground.

Roof, Gable shall mean a ridged roof forming a gable at both ends of the building.

Roof, Gambrel shall mean a roof with two (2) slopes on each side, the lower steeper than the upper.

Roof, Hip shall mean a roof with sloping ends and sides.

Roof, Mansard shall mean a roof with two (2) slopes on each of four (4) sides, the lower steeper than the upper. In current use the upper slope may be flat.

Scale of Development shall mean the relationship of a particular project or development, in terms of size, height, bulk, intensity, and aesthetics, to its surroundings.

Storefront shall mean that portion of the front of a building which is especially arranged to afford extensive show windows for a shop or store. Characteristically, it is a screen of windows, glazed with large sheets of plate or tempered glass so as to give the greatest possible space for display of goods.

Nursing Home shall mean any facility licensed under Chapter 400, Part II Florida Statutes, which shall include but shall not be limited to skilled nursing facilities and intermediate care facilities.

Nuisance, Exotic plants shall mean those species introduced to Florida from a natural range outside of Florida that have naturalized and have altered native plant communities by displacing native species, changing community structures or ecological functions, or through hybridizing with natives. The list shall include those upland plant species indicated as Florida prohibited noxious weeds or Florida prohibited aquatic plants species in the document entitled Non-Native Plant Species Restricted by Federal, State, or Local Law in Florida, and compiled by the Bureau of Invasive Plant Management, Florida Department of Environmental Protection.

Nuisance Species shall mean species of flora whose noxious characteristics or presence in sufficient number, biomass, or areal extent may reasonably be expected to compromise the viability of desirable native species.

Nursery, Retail shall mean an establishment whose principal use is the sale of plant materials including trees, flowers, shrubs, sod and other such items, as well as accessory fertilizer, pesticides and garden equipment. This may include accessory cultivation and transplantation, however the principal use is the retail sale of plant materials. Retail Nurseries shall not include the accessory retail sales where the principal use is growing and cultivating plant materials on-site for sale in other locations.

Nursery, Wholesale shall mean land used to raise flowers, shrubs and plants for sale at other locations.

Occupancy shall mean any structure or premises, or portion thereof which is owned, leased, rented, or otherwise occupied for a given use.

Occupied Space shall mean the total area of all buildings or structures on any lot or parcel of ground projected on a horizontal plane, excluding permitted projections allowed by this Code.

Office shall mean any room, studio, suite or building in which a person transacts business or carries on a stated occupation. An office shall not involve manufacturing, fabrication, production, processing, assembling, cleaning, testing, repair, or storage of materials, goods and products; or the sale or delivery of any materials, goods or products which are physically located on the premises. Unless specified otherwise, the term Office when used in this code shall include professional and medical offices, banking, and lawn care/landscaping and construction headquarter offices.

Office, Medical and Dental shall mean an office in which the principal use is the dispensing of health and/or dental services by licensed practitioners. The use shall include, but not be limited to, physicians and dentists offices, veterinarians, and massage therapists (masseurs/ masseuses) licensed by the State of Florida.
Office, Professional shall mean any office wherein the primary use is the conduct of a business by professionals such as engineers, architects, bankers, planners, land surveyors, artists, musicians, lawyers, accountants, real estate brokers, insurance agents, and landscape architects.

Off Site Sign. (See “Sign, Off Site.”)

Off Street Parking. (See “Parking, Off Street.”)

On Site Sign. (See “Sign, On Site.”)

One Hundred (100) Year Floodplain. (See “Floodplain, One Hundred (100) Year” under “Floodplain Management”)

Open Sales Area. (See “Sales Area, Open”)

Open Space shall mean any parcel or area of land or water which is unimproved, used for crops, or is landscaped using plant cover and set aside, dedicated, designated or reserved for public or private use or enjoyment, or for the protection of natural resources. 

Open Space, Common shall mean any open space provided and maintained for common use of and owned by a homeowner's or other such association for the use and enjoyment of the owners, tenants and/or their guests.

Open Space, Dedicated shall mean all open space which is to be dedicated or conveyed to the County, or to an appropriate public agency, board or body, for public use as open space.

Open Space, Landscaped shall mean that open space that is designed and landscaped to enhance the privacy or the amenity of the development, provide screening for the benefit of the occupants or those in neighboring areas, achieve a general appearance of openness, or provide relief from large expanses of impervious area.

Open Space, Recreational shall mean that open space that is designated and improved for recreational use by residents of a development. Recreational open space may be located on or off the site but shall be reasonably accessible to all dwelling units therein. Land designated as recreational open space shall be suitable for active and passive recreational use, and may include without limitation, playgrounds, tot lots, golf courses, beach frontage, nature trails, horseback riding trails, bikeways, recreational clubhouses, swimming pools, tennis courts and similar facilities, provided that such open space shall be comprised of not more than:

A. Thirty (30) percent by other utility easements or rights-of-way provided they are at least twenty-five (25) feet wide, located entirely outside a street right-of-way, and signed and reserved to adequately serve as recreational open space. Utility easements or rights-of-way where all utility facilities associated therewith are below ground and completely covered may be fully credited as recreational open space; OR

B. Twenty-five (25) percent of which lies within a floodplain.

Recreational open space shall not be deemed to include required minimum yards or minimum distances between buildings, retention or detention areas, or landscaped medians or islands in parking or other vehicular use areas.

Orchard shall mean the establishment, care, and harvesting of a group of fruit or nut bearing trees. The products of an orchard may or may not be for commercial purposes. [MEMO #4 EXHIBIT A]

Ordinary High Water Mark shall mean the line formed by the intersection of the plane of mean high water with the shore for freshwater bodies and watercourses by reference to current USGC or other official governmental records, or in their absence by the determination of the Department Director based upon historical or empirical evidence presented.

Ordinary Repairs and Maintenance shall mean any work for the maintenance of or minor repairs of a non-structural nature.

Other Than Utility Runway. (See AIRPORT.)

Outdoor Advertising Sign. (See “Sign, Outdoor Advertising.”)

Outdoor Gathering Space shall mean a plaza, patio, porch, gallery or promenade; green space; or focal elements such as water features, public art, and public gardens in non-residential developments that are appropriate for public gathering, outdoor dining, farm markets, seasonal events, vendor carts, kiosks, and other outdoor activities. Outdoor gathering space shall not mean parking facilities. A public garden is one that is identified with signs or other educational materials (e.g., butterfly or demonstrational gardens) and open to the public.
Outdoor Lighting

Fixture (Outdoor Lighting) shall mean the light source, the lamp holder, the shields, and their housing in an assembly that may include other components, e.g., electrical devices. Including but not limited to: security, flood, spot, wall, fascia, back, advertising, landscape, foot path, accent, outline, swivel, directional, movable, portable, yard, seawall, or dock light.

Footcandle (Outdoor Lighting) shall mean the unit for measurement of illumination received by a surface located at a distance from a source of visible light. Typically calculated for a lighting plan and measured with a light meter.

Full horizontal shielding (Outdoor Lighting) shall mean a design for a fixture that does not emit light above the horizontal plane running through the lowest point on the light source. Does not include a drop lens, sag lens, or convex lens if the lens extends below the shield. Sometimes called fully shielded by manufacturers of outdoor lighting.

Full oblique shielding (Outdoor Lighting) shall mean a design for a fixture that does not emit light above the line of sight to the light source when viewed from protected property. The shield blocks direct illumination of protected property. The fixture completely conceals and recesses the light source from all viewing positions except those positions permitted to receive illumination.

An observer can establish a sight line at any location where the observer can see only a small part of the fixture's light source. By moving away from the fixture until the light source no longer appears, the observer will cross the sight line. Where the observer's eyes coincide with the sight line, the observer can project the sight line to the ground. The sight line coincides with the oblique line along the bottom of the shielding angle (see definition). If the sight line falls on protected property, then the fixture does not provide adequate full oblique shielding.

Light source (Outdoor Lighting) shall mean the medium producing the visible light or changing the direction of the light. Such media may include bulbs, lenses, refractors, reflectors, diffusers, or any emitter of visible light either directly from the material discharging the visible radiant energy or indirectly from material that redirects the illuminating light.

Lumen (Outdoor Lighting) shall mean the unit of measurement of the total visible light produced by a light source. Typically published in specifications by the manufacturer.

Protected area (Outdoor Lighting) shall mean an area intended for protection from outdoor lighting including any property: 1) in residential use, 2) in a residential zoning district that may develop into a residential use, 3) in a planned development zoning district that may develop into a residential use, or 4) in a public street right-of-way.

Shield (Outdoor Lighting) shall mean the opaque barrier on the fixture to block the light from illuminating certain distant surfaces. No light escapes through a shield.

Shielding Angle (Outdoor Lighting) shall mean the opaque angle shielded below the horizontal plane that runs through the bottom of the light source in a fixture with full oblique shielding. The oblique line along the bottom of the angle coincides with the sight line (see definition of full oblique shielding) along the oblique boundary between the illumination cone and the shielded area above it. Lighting plans use the shielding angles in calculations to plot projections of the sight lines onto land areas.

Outdoor Sales. (See "Sales, Outdoor.")

Outdoor Shooting Range See Shooting Range.

Outdoor Storage. (See "Storage, Outdoor.")

Overburden shall mean the natural covering of any solid mineral sought to be mined, which shall include, but shall not be limited to, soils, sands, shell, rocks, gravel, limestone, clays, water, oil, or peat.

Owner shall mean any person recorded as such on official records as holding fee simple title.

Owner, Sign shall mean the owner of the property on which any sign is located. (See Chapter 6)

Ownership, Common shall mean the ownership of common open space or common improvement which grants at
least some undivided and common rights in such lands or improvements to the residents or occupants of a development or a neighborhood either directly, or indirectly, through shares or other interests in the property of a separate legal entity.

**Ownership, Single** shall mean the possession of land under single or unified control, whether sole, joint, common or other ownership recorded as such on official records, as holding fee simple title.

**Parapet Wall** shall mean that portion of any exterior wall, party wall or fire wall which extends above the roof line.

**Parcel** shall mean any area of land with its appurtenances and buildings which, because of its unity of use or commonality of ownership, may be regarded as the smallest conveyable unit of real estate.

**Parcel Identification Number** shall mean a unique number assigned by the Manatee County Property Appraiser's office which identifies each lot(s) or parcel. The parcel identification number shall also be known as the data processing number or D.P. number.

**Parking** shall mean any space located outside of any street right-of-way or easement, and designed to accommodate the parking of domestic vehicles.

**Parking, Commercial** shall mean a principal use of land or structures designed primarily for the parking of personal vehicles, and excluding recreational vehicles, commercial vehicles, or trailered vehicles (boats, RV's etc.), and vehicles over one-ton, for a fee.

**Parking, Off Street.** (See Section 1005)

**Parking Space** shall mean a designated striped space on an off street area, which is available and usable for the parking of one (1) motor vehicle.

**Perennial Lake or Stream:** "Perennial Stream" shall mean any surface waterbody with perennial flow in a defined channel with banks during typical climatic and hydrologic conditions for its region within the state. During periods of drought, portions of a stream channel may exhibit a dry bed, but wetted pools are typically still present during these conditions. "Perennial Lake" shall mean any lake that contains/holds water throughout the year, except for infrequent periods of drought, any lake or stream shown as perennial on the most recent United States Geological Survey Topographical Quadrangle Maps, in the most recent Soil Survey of Manatee County published by the United States Department of Agriculture, or by a method accepted by Manatee County.

**Permanent Sign.** (See "Sign, Permanent.")

**Permitted Use.** (See "Use, Permitted.")

**Person** shall mean any individual, group of individuals, firms, associations, joint ventures, partnerships, estates, trustees, business trusts, syndicates, fiduciaries, corporations, and all other groups or combinations.

**Person (Impact Fees).** (See "Impact Fees").

**Personal Pets.** (See "Pets, Personal.")

**Personal Service Establishment** shall mean any establishment that primarily provides services generally involving the care of a person or a person's apparel which shall include but shall not be limited to barber shops, beauty salons, seamstress shops, shoe repair and shining shops, coin operated laundry, optician shops, tanning salons, health clubs, diet centers, nail salons, pick-up and general dry cleaners and pet grooming shops.

**Personal Wireless Service Facility (PWSF)** shall mean a facility for the provision of personal wireless services as defined in the Telecommunications Act of 1996. A PWSF is any facility for the transmission and/or reception of personal wireless services, which may consist of an antennae array, transmission cables, equipment shelter or building, access road, telecommunication towers and a guy system.

**Pest Control.** (See "Exterminating.")

**Pet Service Establishments (Kennel)** shall mean any land or structure where dogs and other common household pets are kept, sheltered, boarded, trained, or bred for compensation, or a non-profit establishment for the rescue, rehabilitation and adoption of common household pets.

**Pets, Common Household** shall mean any animal domesticated by man so as to live and breed in a tame condition.
The term common household pet includes the keeping of domesticated animals, such as dogs, cats, birds, and the like, but does not include farm, livestock, poultry, or wild and exotic animals.

Pets, Personal shall mean animal species that are primarily for personal use and enjoyment rather than for commercial purposes.

Physical Culture Establishment. (See "Adult Entertainment").

Planning Commission shall mean the Commission created and governed by this Code.

Plat shall mean any preliminary or final subdivision plat.

Platform shall mean a support system that may be used to connect antennas and antenna arrays to telecommunication towers or alternative support structures.

Pole Cover. (See "Signs").

Political Sign. (See "Sign, Political").

Pollution shall mean the presence in the outdoor atmosphere, soil or waters of the state of any substances, contaminants, noise, or manmade or man-induced alteration of the chemical, physical, biological, or radiological integrity of the air or water in quantities or at levels which are or may be potentially harmful or injurious to human health or welfare, animal or plant life, or property or which unreasonably interferes with the enjoyment of life or property, including outdoor recreation.

Pool, Cage. (See "Screen Cage").

Pool, Public Swimming shall mean a watertight structure of concrete, masonry, or other approved materials which is located either indoors or outdoors, used for bathing or swimming by humans, and filled with a filtered and disinfected water supply, together with buildings, appurtenances, and equipment used in connection therewith. A public swimming pool shall mean a conventional pool, spa, spa-type pool, wading pool, special purpose pool, or water recreation attraction, to which admission may be gained with or without payment of a fee and includes, but is not limited to, pools operated by or serving camps, churches, cities, counties, child care centers, group homes facilities for eight (8) or more clients, health spas, institutions, parks, state agencies, schools, subdivisions, or the cooperative living-type projects, such as apartment, boardinghouses, hotels, mobile home parks, motels, recreational vehicle parks, and townhouses. However the term does not include a swimming pool located on the premises of a single-family or duplex dwelling. Any swimming pool not accessory to, and not situated on the premises of a single-family, or duplex dwelling for the purposes of this code shall be considered a public swimming pool.

Pool, Single-Family Swimming shall mean any swimming pool, spa, or spa-like structure, that are accessory to, and situated on the premises of a single-family, or duplex dwelling that is intended for swimming or recreational bathing and contains water over twenty-four (24) inches deep, including, but not limited to, in-ground, above ground, and on-ground swimming pools, hot tubs, and non-portable spas.

Port Facility shall mean a harbor or shipping improvements used predominantly for commercial purposes, including channels, turning basins, jetties, breakwaters, landings, wharves, docks, markets, structures, buildings, piers, storage facilities, plazas, anchorages, utilities, bridges, tunnels, roads, causeways and all other property or facilities necessary or useful in connection with commercial shipping.

Portable Sign. (See "Sign, Portable").

Portable Spa shall mean a non-permanent structure intended for recreational bathing, in which all controls and water heating and water circulating equipment are an integral part of the project and which is cord connected and not permanently electrically wired.

Potable Water shall mean water which is satisfactory for drinking, culinary, and domestic purposes and which meets the appropriate requirements of the Florida Department of Health.

Potable Water System (Facilities) shall mean a system of structures designed, constructed or used to collect, treat or distribute potable water, which includes water wells, treatment plants, reservoirs and distribution mains.

Pot-Belly Pig or Pot-Bellied Pig shall mean a domesticated miniature Vietnamese, Chinese, or Asian pot-bellied or pot-belly pig not exceeding one hundred fifty (150) pounds in weight.
**Chapter 2. Definitions**

*Precision Instrument Runway.* (See "Airport")

*Preferred Zone Districts,* shall mean the zone districts preferred as siting preferences for PWSF as described in Table 5-1.

*Pre-FIRM Structure.* (See "Structure, Pre-FIRM.")

*Premises* shall mean any parcel or parcels of land with its appurtenances and buildings. A premise includes any business, activity or land use which may be composed of one or more establishments and is conceived as an unified concept (this includes shopping centers).

*Principal Building.* (See "Building, Principal.")

*Principal Use.* (See "Use, Principal.")

*Privacy Yard.* (See "Yard, Privacy.")

*Private School.* (See "School, Private.")

*Private Stable.* (See "Stable, Private.")

*Private Street.* (See "Street, Private.")

*Private Use Airport.* (See "Airport, Private Use" under "Airport.")

*Professional Engineer* shall mean a duly qualified individual currently licensed to practice engineering in the State of Florida pursuant to Chapter 471, Florida Statutes, practicing in the discipline required for the particular task as indicated in this Code.

*Professional Office.* (See "Office, Professional.")

*Professional Staff (Wild and Exotic Animals).* (See Animal Services (Wild and Exotic Animals).)

*Project* shall mean any land use or combination of more than one (1) land use, either existing or proposed, for which application for approval has either been submitted or is in the process of being reviewed, or which has been issued a development order. Cultivation or raising of agricultural or other farm or plant products shall not be considered a project unless either:

A. The proposed or existing agricultural use is considered a special agricultural use, as defined herein for comprehensive plan, and defined herein, but not defined in the Comp Plan; or

B. The proposed or existing agricultural use is conducted along with uses other than residential dwelling unit(s) for the family of the individual or individuals carrying out the agricultural activity.

A project shall also constitute a parcel or tract of land which is proposed or exists as a single development, with all portions of the parcel or tract being contiguous, except where divided by roadways, railroads, streams, rivers, lakes or utility transmission corridors.

*Projecting Sign.* (See "Sign, Projecting")

*Protected Species* shall mean any plant or animal species listed for the purpose of special protection in Rules 68A-27 F.A.C. or 50 C.F.R. 17.11 and 17.12.

Land Development Code

Chapter 2. Definitions

Public Street. (See "Street, Public.")

Public Swimming Pool. (See "Pool, Public Swimming.")

Public Use Airport. (See "Airport, Public Use" under AIRPORT.)

Public Use Area shall mean a dedicated area possibly with an option to purchase property that may include any of the following uses in any combination: parks, schools, fire stations, police stations, and other public uses.

Public Use Facility shall mean the use of land, buildings, or structures by Manatee County or other governmental agency to provide protective, administrative, social, or recreational services directly to the general public, including police or fire stations, County buildings, post offices and any other public facility providing the above services, but shall not be deemed to include public land or buildings devoted solely to the storage and maintenance of equipment and materials and shall not include cultural facilities.

Public Way shall mean any street or navigable waterway, but shall not be deemed to include alleys, private parking areas, or private pedestrian areas.

Public Works Standards. (See "Manatee County Public Works Standards.")

Railroad Switching and Classification Yard shall mean any facility engaged in the furnishing of terminal facilities for rail traffic for linehaul service and in the movement of railroad cars between terminal yards, industrial sidings and other such facilities.

Ready for Highway Use shall mean a recreational vehicle that is on its wheels or jacking system, is attached to the site only by quick disconnect type utilities, and security devices and does not have any additions.

Real Estate Sign. (See "Sign, Real Estate.")

Rear Lot Line. (See "Lot Line, Rear.")

Rear Yard. (See "Yard, Rear.")

Recovery Home, Large shall mean a group residential facility with one (1) or more supervisors residing on the premises, serving seventeen (17) persons or more, with professional staff services as needed, providing board, lodging, supervision, medication and other treatment and counseling, for persons progressing from relatively intensive treatment for crime, delinquency, mental or emotional illness, alcoholism, drug addiction or similar conditions to full normal participation in community life or persons otherwise in need of a structured environment to deal with such conditions. A recovery home shall not be deemed to include a Residential Treatment Facility, Assisted Living Facility, Family Care Home, Nursing Home, Hospital or Emergency Shelter.

Recovery Home, Small shall mean a group residential facility with one (1) or more supervisors residing on the premises, serving sixteen (16) persons or less, with professional staff services as needed, providing board, lodging, supervision, medication and other treatment and counseling, for persons progressing from relatively intensive treatment for crime, delinquency, mental or emotional illness, alcoholism, drug addiction or similar conditions to full normal participation in community life or persons otherwise in need of a structured environment to deal with such conditions. A recovery home shall not be deemed to include a Residential Treatment Facility, Assisted Living Facility, Family Care Home, Nursing Home, Hospital or Emergency Shelter.

Recreational Facility shall mean any land or improvements designed for scenic, recreational, or open space purposes, and includes scenic easements and all other interests in land which may be acquired or created for such purposes.

Recreation, High Intensity shall mean any public, quasi-public, or private premises where the principal use is one of the following: amusement park, aquarium, zoo, permanent circus exhibition, stadium, drive-in theater, or a similar facility.

Recreation, Low Intensity shall mean any public, quasi-public, or private premises where the principal use is one of the following: a park, playground, athletic field, tennis court, handball court, shuffleboard courts, golf course, golf driving range, paintball field (outdoor) or a similar facility.

Recreation, Medium Intensity shall mean any recreational facility such as billiard or pool halls, bowling alleys, banquet venues, or dancing establishments, skating rinks, shooting arcades, indoor firing ranges, miniature golf courses, theaters, and similar facilities.
Recreation, Passive Activities shall mean any public recreational pastime such as low impact camping, horseback riding, education/nature studies, canoeing and kayaking, fishing, hiking, off-road bicycling, swimming, or a similar activity as well as those support facilities associated with said uses.

Recreation, Rural shall mean any commercial or noncommercial recreational use, which by the nature of either the customary operation of the use or the noise impacts of such uses require that the use be located on a large parcel of land and is most appropriately located outside the urban area. Rural recreation uses shall include, but not be limited to, game preserves, outdoor shooting ranges, rodeos, and off road vehicle facilities. This definition shall not include major attractor or intensive recreational uses.

Recreation, Temporary shall mean any recreational facility which will be a temporary use such as carnivals, circuses, festivals, fairs, horse shows, dog shows, steeplechases, tent meetings, music festivals, turkey shoots, and similar activities.

Recreational Vehicle shall mean a vehicular type unit primarily designed as temporary living quarters for recreational, camping or travel use, which either has its own motive power or is mounted on or drawn by another vehicle pursuant to Section 320.01, F.S. The basic types of recreational vehicles are travel trailers, motor homes, camping trailers, campers and recreational vans.

Recreational Vehicle Park shall mean a place set aside and offered by a person, for either direct or indirect remuneration of the owner, lessor, or operator of such place, for the parking, accommodation, or rental of five or more recreational vehicles or tents; and the term also includes buildings and sites set aside for group camping and similar recreational facilities pursuant to Section 513.01, F.S.

Recreational Vehicle Park, Pre-FIRM shall mean any recreational vehicle park or subdivision built and operating before January 1, 1975.

Recreational Vehicle Sales. (See “Mobile Home and Recreational Vehicle Sale, Rental and Leasing Establishment.”)

Recreational Vehicle Site shall mean a designated area of land within a Recreational Vehicle Park, which is intended to be occupied by not more than one (1) recreational vehicle for a limited period of time.

Redevelopment shall mean the reconstruction, conversion, structural alteration or enlargement of any structure below the point where such improvement would constitute a substantial improvement. For purposes of this definition, if substantial improvement is reached, the project shall be considered a new development (See “Substantial Improvement”).

Recyclable Material shall mean those components of the waste stream which can be reused after separation or processing.

Regional Park shall mean large, resource-based areas that serve two or more counties and are usually within an hour's driving distance of the residents they serve. The park should serve a population of 500,000 and should range in size from a minimum of 250 acres to as much as several thousand acres. Because regional parks are generally designed for resource-based activities, location is dependent upon the availability of high quality natural resources capable of being developed and used for outdoor recreation.

Rehabilitation Center shall mean a facility providing professional care, nonresident only, for those requiring therapy, counseling or other rehabilitative services related to drug abuse, alcohol abuse, social disorders, physical disabilities, intellectual disabilities or similar problems.

Religious Symbol shall mean crosses and other religious symbols which shall be considered as monuments, not signs.

Rental Service Establishment shall mean any premises where the principal use is the rental of tools, household, or gardening equipment, small appliances, musical instruments, apparel, sports equipment, or similar items. For the purposes of this Code, a rental service establishment shall not be deemed to include motor vehicle, sales, rental, and leasing establishments.

Repair Service Establishment shall mean any premises where the principal use is the repair and general service of common home items such as musical instruments, sewing machines, jewelry, televisions and radios, bicycles, washing machines, vacuum cleaners, power tools, electric razors, refrigerators and lawnmowers, or any premises where the principal use is taxidermy, gunsmithing, or similar uses, or interior decorating to include reupholstering and the making of draperies, slipcovers and other similar articles, but not to include furniture or cabinet making.
establishments.

Replat shall mean the further division of lots or the relocation of lot lines of any lot or lots within a subdivision previously made and approved or recorded according to law that increases the density of any such subdivision or the alteration of any streets or the establishment of any new streets within any such subdivision, but shall not include conveyances made so as to combine existing lots by deed or other instrument. **Replat shall not include the division of lots in the A zoning district resulting in parcels each greater than five (5) acres in lot area.**

Required Yard. (See "Setback.")

Research and Development Activity shall mean any research, development, or prototype testing related to such fields as chemical, pharmaceutical, medical, electrical, transportation, and engineering, provided such activities are conducted within entirely enclosed buildings and produce no noise, smoke, glare, vibration, or odor detectable outside the buildings.

Research Facility, Agricultural. (See "Agricultural Research Facility.")

Residential Care Facility shall mean any emergency shelter, assisted living facility, community residential home, or recovery home, as individually defined herein.

Residential Development shall mean any residential subdivision, mobile home park or mobile home subdivision, planned residential development, or planned commercial development involving residential dwelling units, including mobile home dwellings but excluding hotels and boatels.

Residential Support Use shall mean any Church or Other House of Worship, Child Care Center, Accessory Child Care Facility, Family Day Care Home, Environmental Education Facility, or School (whether it is elementary, middle, high, or college/university; public or private; or school of special education).

Residential Treatment Facility shall mean a 24-hour residential program providing relatively intensive diagnostic or therapeutic services for its residents for alcoholism, drug abuse, mental illness, development disabilities, emotional or social problems, or similar conditions. A residential treatment facility shall not be deemed to include a nursing home, hospital, assisted living facility, dormitory (although a dormitory facility may be included as a part of a residential treatment facility), family care home, or emergency shelter. Nothing in this Code shall prevent a residential treatment facility from having outpatients. For the purpose of this code, "small" treatment facilities house up to fourteen (14) residents. A residential treatment facility with more than fourteen (14) residents is deemed "large."

Resource Recovery Facility shall mean any facility at which solid waste is processed for the purpose of extracting, converting into energy, or otherwise separating and preparing solid waste for reuse. For the purpose of this code, resource recovery facilities are classified was Solid Waste Management Facilities.

Restaurant shall mean any establishment which provides, for compensation, food or drinks for consumption by patrons on the premises. The term shall not be deemed to include a drive-through eating establishment or alcoholic beverage establishment.

Restaurant, Drive-Through shall mean any establishment which provides, for compensation, food or drinks for consumption by patrons. A drive-through restaurant shall include a pick-up or drive-through window or area and may accommodate individuals dining on the premises. The term shall not be deemed to include an eating establishment or an alcoholic beverage establishment.

Restricted Vehicle shall mean any vehicle that qualifies as one of the following:

Type A: A commercial vehicle.

Type B: Motor homes, campers and house trailers, or any other vehicle in which the interior contains the facilities for any two (2) or more of the following personal needs: sleeping, food preparation, or toilet.

Type C: Boats of any size regardless of whether the boat rests on a trailer or other supporting structure, except when docked in a navigable waterway or suspended from a davit immediately adjacent to a navigable waterway.

Type D: Trailers and other vehicles which are not self-propelled and which are designed to be moved by other vehicles which are self-propelled.
Retail Sales, General shall mean any premises where the principal use is the sale of merchandise in small quantities, in broken lots or parcels, not in bulk, for the use or consumption by the immediate purchaser. This shall include but shall not be limited to apparel, shoes, appliances, art supplies, automotive supplies, camera and photography supplies, furniture, guns and ammunition, hardware supplies, toys, crafts, jewelry, lawn and garden supplies, retail nurseries, musical instruments and supplies, office equipment, office supplies, paint, wallpaper, pets, stereo, televisions, florists, tobacco shops, liquor, candy, nut and confectionery shops, sporting goods, trading stamps and redemption outlets.

Retail Sales, Community shall mean establishments, or groupings thereof, that in addition to serving day-to-day commercial needs of a neighborhood, also supply the more durable and permanent needs of a community (e.g., office supplies, home improvement centers, furniture stores, junior department stores, automobile sales).

Retail Sales, Neighborhood Convenience shall mean any establishment, or groupings thereof which generally serve the day-to-day retail needs of a residential neighborhood which shall include but shall not be limited to food stores, convenience stores, drug stores, liquor stores, newsstands, bakeries, delicatessens, dairy product stores, meat and seafood shops, and produce markets.

Retail Sales, Regional shall mean establishments, or groupings thereof, which serve any or all retail needs of a broadly distributed population and work force (e.g., regional malls) in addition to including community-serving and other retail uses. However, region serving retail uses shall not include bulk warehousing or uses for which distribution of goods to other than a residential end-user is a primary or major use.

Retention shall mean storage of stormwater runoff for subsequent disposal by evapo-transpiration, percolation or filtration.

Retention Area or Facility shall mean any natural or artificially created area or facility for stormwater retention.

Reverse Frontage Lot. (See "Lot, Reverse Frontage")

Revolving Sign (a/k/a Rotating Sign). (See "Sign, Revolving")

structure is located on the same lot as the main building.

Structure, Habitable [shall mean] a structure that is used for living, sleeping, eating, cooking, working, entertainment
or otherwise occupied by people for their use.

Structure, Historic shall mean any structure that is:

A. Listed individually in the National Register of Historic Places (a listing maintained by the Department of the
    Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual
    listing on the National Register, or eligible for listing on the National Register;
B. Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical
    significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as
    registered historic district, or eligible for listing on the National Register; or
C. Certified or preliminarily determined by Manatee County as historically or archaeologically significant to
    Manatee County.

Structure, Nonconforming shall mean any structure lawfully established prior to and existing on the effective date of
this Code, or any amendment hereto, which does not conform to the requirements of this Code for the zoning
district in which it is located and all applicable floodplain regulations.

Structure, Pre-FIRM shall mean a structure that was built and occupied before January 1, 1975.

Structure, Waterfront shall mean any dock, wharf, pier, boathouse, boat hoist, mooring pile, or similar structure.

Structure, Waterfront Multi-family shall mean any waterfront structure associated with a multi-family or multi-family
condominium development.

Structure, Waterfront Other shall mean any waterfront structures that are associated with non-residential
development.

Structure, Waterfront Residential shall mean any waterfront structure associated with individual single-family or duplex
lots.

Subdivision shall mean the division of a parcel of land or lot of record that results in the creation of two (2) parcels of
land under five (5) acres in size for the purpose, whether immediate or future, of transfer of ownership, or, if the establishment of a new street is involved, any division of such parcel. The term subdivision shall also include any replat.

The term subdivision shall not be deemed to include:

A. The division of a site into parcels of five (5) acres or greater in area except in conjunction with the creation of streets; or

B. A change in right-of-way lines or easements; or

C. The combining or reconfiguration of platted lots or portions thereof when the lot area, required access and width of the resulting lots is not less than the original lots or than allowed by this Code, whichever is less provided the number of lots is not increased; or

D. The division of property for the conveyance of land to a federal, state, county or municipal governmental agency, entity, political subdivision, or public utility, if such property is accepted by the governmental body (See Chapter 3, Part V).

Subdivision, Major shall mean any subdivision of eleven (11) or more residential lots or parcels of land; or any non-residential subdivision; or any time the division of land results in the establishment of a new street; or the creation of six (6) or more lots on an existing unpaved, county street (See Chapter 3, Part V).

Subdivision, Mobile Home shall mean any subdivision where lots are sold or offered for sale for the placement of mobile home dwellings which are occupied on a non-transient residential basis.

Subdivision, Minor shall mean a subdivision creating three (3) to ten (10) residential lots or parcels of land; and never involves the establishment of a new street and does not include any type of non-residential subdivision (See Chapter 3, Part V).

Subdivision, Replat. (See “Replat”)

Subdivision Sign. (See “Sign, Subdivision”)

Substandard Dwelling Unit. (See “Dwelling Unit, Substandard”)

Substantial Damage shall mean damage of any origin sustained by a structure whereby the cost of restoring the structure to its condition before damage would equal or exceed fifty (50) percent of the “fair market value” of the structure before the damage occurred. The fair market value in the substantial damage provision is the market value of the mobile home or park trailer itself and its foundation and shall not include the fair market value of the land or of other improvements made to the land.

Substantial Improvement shall mean any combination of repairs, reconstruction, addition, alteration, or improvement to a structure, taking place during the life of the structure, which the cumulative cost equals or exceeds fifty (50) percent of the fair market value of the structure either,

A. Before the improvements or repair is started, or

B. If the structure has been damaged, and is being restored, before the damage occurred. For the purpose of this definition, substantial improvement is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term shall not, however, include:

1. The cost of the minimum improvements necessary to correct existing violations of a health, sanitary, handicap accessibility or safety code which is solely necessary to assure safe conditions only when such improvement is initiated, as a result of the issuance of an order, citation, unsafe notice or other directive from an appropriate governmental agency or official prior to the repair or improvement.

2. Any alteration of a historic structure provided the alteration will not preclude the structure’s continued designation as a historic structure.

Suburban Development shall mean a pattern of built up land areas exhibiting moderate intensity, primarily residential uses, functionally connected to adjacent urban areas by transportation and public utility links and providing for a gradual transition from these urban areas to neighboring rural, primarily open, land areas.
Successor-in-Interest (Impact Fees). (See “Impact Fees”.)

Surface Water shall mean water upon the surface of the earth, whether contained in bounds created naturally or artificially or diffused. Water from natural springs shall be classified as surface water when it exits from the spring onto the earth’s surface.

Swimming Pool. (See “Pool, Swimming.”)

Tall Tower shall mean any telecommunication tower with an overall height of five hundred (500) feet or more above grade, which contains one (1) or more antennas for telecommunication services.

Tall Tower Cluster shall mean a grouping of two (2) or more tall towers in a specified geographical location with established dimensions of area and height, where tall towers with a common impact on aviation may be grouped.

Taxi-Cab and Limousine Service shall mean any establishment engaged in providing passenger transportation by automobile, taxi-cab, truck, limousine, or other similar vehicle, not operating on regular schedules or between fixed terminals, and containing space for vehicle fleets and related office facilities. For the purpose of this code, this use is classified as Intensive Services.

Telecommunication Equipment Building shall mean the telecommunication support facility structure located on a tower site, which houses the electronic receiving and relay equipment.

Telecommunications Facility shall mean a facility, site, or location that contains one (1) or more antennas, telecommunication towers, alternative support structures, satellite dish antennas, other similar communication devices, and support equipment which is used for transmitting, receiving, or relaying telecommunications signals.

Telecommunication Support Facility shall mean the telecommunication support equipment and cabinets associated with a telecommunication facility.

Telecommunication Tower shall mean any structure that is designed and constructed primarily for the purpose of supporting one (1) or more wireless provider’s antennae, including camouflaged towers, lattice towers, guy towers, or monopole towers. The term includes radio and television transmission towers, microwave towers, and common-carrier towers. The term shall exclude alternative support structures.

Telephone Answering Service shall mean any business whose only function is that of answering telephone calls for others and recording messages. This occupation shall not generate any vehicular traffic.

Temporary Dwelling shall mean a mobile home or a recreational vehicle.

Temporary Recreational Use. (See “Recreational Use, Temporary.”)

Temporary Sign. (See “Sign, Temporary.”)

Temporary Use. (See “Use, Temporary.”)

Temporary Wireless Telecommunication Facility shall mean any Carrier or Cellular on Wheels (COW) or antenna designed for use while a permanent wireless facility is under construction or reconstruction, for a large-scale special event or conference or during a declared emergency by the County.

Thoroughfare shall mean any major street or roadway that is designated as collector, arterial or limited access facility within the Comprehensive Plan for the purposes of this Code.

Thoroughfare, Rural. (See “Street, Rural.”)

Through Lot. (See “Lot, Through.”)

Towing Service and Storage Establishment shall mean any establishment where the principal use is the towing of disabled or otherwise non-operative motor vehicles and the subsequent storage of such vehicles. This definition shall not be deemed to include a junkyard or vehicle repair. For the purpose of this code, this use is classified as Intensive Services.

Traffic Generation shall mean both the production and attraction of traffic.

Transit Oriented Design (TOD) shall mean mixed use higher density development that occurs within a walkable distance (generally ½ mile) of a transit station.

Transportation CLOS shall mean a certificate of level of service compliance for transportation concurrency to be
issued pursuant to this Code.

Transportation CMS shall mean the concurrency management system established for transportation concurrency pursuant to Section 163.3180, F.S., and the Comprehensive Plan, and implemented pursuant to this Code.

Travel Way. (See "Street.")

Tree shall mean any self-supporting woody plant which usually produces one (1) main trunk, has a more or less distinct and elevated head with many branches, normally grows to an overall height of at least fifteen (15) feet in the environs of the County, and provides shade or is capable of providing shade at maturity. For the purpose of this Code, a mangrove shall be considered a tree.

Tree Canopy shall mean the total area beneath the drip line of a qualifying tree.

Tree, Canopy shall mean a tree species which produces one (1) main trunk and normally reaches a height of thirty (30) feet or more upon maturity.

Tree, Understory shall mean any tree species which produces single trunk or multiple trunks and normally reaches a height of less than thirty (30) feet upon maturity.

Trip Length/Rate Study (a/k/a TLS) shall mean an analysis of the trip length, trip rate, capture and diversion rate or any combination thereof.

Truck Terminal shall mean the use of land, buildings or structures for the parking of trucks, and the storage and transfer of cargo to and from trucks on a regular basis. This term shall not be deemed to mean intermodal terminal.

Turnaround shall mean the closed end of a minor local street, one (1) end of which is closed and consists of a symmetrically shaped circular space for turning around vehicles (see also "Cul-de-Sac").

Understory Tree. (See "Tree, Understory.")

Urban Corridor shall mean the area encompassing the properties that abut the following roadway corridors (see Map 9-9) within Manatee County’s Urban Service Area:

- Manatee Avenue West (from 75th Street West to 34th Street West)
- Cortez Road West/44th Avenue East (from 75th Street West to 15th Street East)
- 53rd Avenue West/SR-70 (from 75th Street West to US 301)
- Tamiami Trail (US 41)/14th Street West (BUS 41) (from 26th Avenue West to University Boulevard)
- 15th Street East (from US 301 to University Boulevard)
- 1st Street (from 21st Avenue West to Cortez Road West)

Urban Infill Redevelopment Area (UIRA) shall mean an area that has been designated by the County and the City of Palmetto for the promotion of a “Florida Urban Village” design concept; strengthening neighborhood identity; encouraging mixed use commercial areas, along with compatible industrial development. This area coincides with the Palmetto – North Manatee County Enterprise Zone. See Comprehensive Plan Map G.

Use shall mean the purpose for which a structure is arranged, designed, or intended to be used, occupied, or maintained.

Use, Accessory shall mean a use or structure which meets all of the following:

A. Is clearly incidental to, customarily found in association with, and serves a principal use;
B. Is subordinate in purpose, area, or extent, to the principal use served;
C. Is located on the same lot as the principal use, or on an adjoining lot in the same ownership and district as that of the principal use; and
D. Is not the principal use.

Use, Nonconforming shall mean any use lawfully existing at the time of adoption of this Code, or any subsequent
amendment thereto, which does not conform to one (1) or more provisions of this Code, including an existing use permissible as a special permit use but which has not been so specifically authorized.

**Use, Permitted** shall mean any land use permitted by right in a zoning district (see Chapter 3).

**Use, Principal** shall mean the main or primary purpose for which a structure, building, or lot is designed, arranged, constructed, or intended, or for which it may be used, occupied or maintained under this Code.

**Use, Special Permit.** (See "Special Permit Use.")

**Use, Temporary** shall mean a use permitted for a fixed period of time with the intent to discontinue such use at the expiration of the time period.

**Urban Development** shall mean a pattern of built up land areas exhibiting relatively intense residential, commercial, industrial, institutional, governmental or recreational uses, generally in combination, and functionally connected by a system of transportation and public utility networks. These built up areas are characterized by concentrations of population and activities.

**Utility Pole Mounted Antenna** shall mean an antenna attached to or upon an existing or replacement electric transmission or distribution pole, street light, traffic signal, athletic field light, or other approved similar structure.

**Utility Runway.** (See "Airport").

**Utility Service** shall mean electricity from an electric utility provider, potable water from a public or private utility provider or an in-ground private water supply system, and wastewater discharged to a public or private utility provider or an on-site sewage disposal system.

**Utility Use** shall mean any of the following uses:

A. Electric substations or distribution centers including transformer stations.

B. Natural gas, oil or other petroleum product metering, regulating, compressor, control or distribution stations, and local office space incidental thereto and necessary for the operation of such station, but shall not include any storage facilities.

C. Major sewage pumping facilities.

D. Telecommunication facilities, including but not limited to exchanges, dial centers, or repeater stations. Telecommunication towers and antennas are not included in the definition of "Utility Use."

E. Major potable water storage, control, or pumping facilities.

F. Service or supply yards for any of the above uses, where such yards are less than one (1) acre in area.

G. Wastewater Treatment Plants.

**Utility Use, Heavy** shall include, but is not limited to, power generating facilities and multiple transmission line facilities.

**Variance** shall mean a grant of relief upon appeal in specific cases by a governmental entity empowered to authorize relief from the requirements of this Code.

**Vehicle, Commercial.** (See "Commercial Vehicle.")

**Vehicle, Commercial Vehicle** shall mean any motor vehicle (including mobile homes or recreational vehicles) that qualifies as one of the following:

A. Is designed, altered or used principally for business, governmental, institutional, or non-profit organizational purposes;

B. Has a platform, cabinet, box, rack, compartment, or other facility for transportation of materials, equipment, and items other than the personal effects of private passengers or for carrying passengers for hire;

C. Conspicuously displays the name or other advertising of the business, agency or organization on the exterior thereof, resulting in a total of more than six (6) square feet of sign area on the vehicle;

D. Is designed to carry passengers for hire; or
E. Has a rated gross payload of three-quarter (¾) ton or greater.

**Vehicle, Domestic** shall mean any vehicle used in operation on streets or waterways and shall include but shall not be limited to automobiles, private pickup trucks, and vans, and private pleasure crafts. (See "Vehicle Repair" definition).

**Vehicle, Junk** shall mean any motor vehicle, trailer, or semi-trailer which is inoperable or would not be allowed to operate legally upon the public roads under the laws of the State of Florida in its present condition. This definition does not include vehicles used for legal competition which are in an operable condition.

**Vehicle, Recreational.** (See "Recreational Vehicle.")

**Vehicle Repair** shall include neighborhood serving, community serving or major repair establishments, as follows:

A. Neighborhood Serving, which may include any of the following:
   1. Sale and service of spark plugs and batteries.
   2. Replacement of fan belts, brake fluids, light bulbs, fuses, floor mats, windshield wipers and blades, and mirrors.
   3. Fluid replacement.
   4. Greasing and lubrication.
   5. Emergency repair of wiring.
   6. Minor adjustment not involving removal of the head of crankcase and grinding valves.
   7. Battery recharging.
   8. Safety inspections.

B. Community Serving, which may include all neighborhood serving vehicle repair and may include any of the following:
   9. Sale or service of distributor and ignition system parts.
   10. Sale, service or repair of tires, but shall not include recapping or regrooving.
   11. Replacement of mufflers, tail pipes, water hoses, seat covers, grease retainers, wheel bearings, and the like.
   12. Radiator cleaning and flushing.
   13. Providing and repairing fuel pumps, oil pumps, and the like.
   15. Adjusting brakes and installing exchange brake shoes.
   16. Wheel balancing.
   17. Warranty maintenance.
   18. Other minor servicing of a similar intensity to those listed above.

C. Major. Activities of greater intensity than those listed in (A) or (B). Major vehicle repair shall also include the repair of boats and boat motors. (See Section 531.56, Vehicle Repair).

**Vehicle, Restricted.** (See "Restricted Vehicle.")

**Vehicle Sale, Rental or Leasing Establishment** shall mean any premises where the principal use is the sale, rental or leasing of any commercial or domestic vehicle. Vehicle sale, rental or leasing establishments shall not be deemed to include the storage, except for sales display, of trucks, machinery or equipment of more than one-and-one-half (1½) tons in weight or buses, or the sales, rental or leasing of mobile homes or recreational vehicles.

**Vehicle or Trailer Sign.** (See "Sign, Vehicle or Trailer.")

**Vehicle Use Area** shall mean the area of a site devoted to driveways, drive aisles, parking stalls and loading zones.
Vertical Clearance shall mean the lateral vision that shall be maintained between a height of two-and-one-half (2½) feet and eight (8) feet above the average elevation of the existing surface of both streets, measured along the center lines, and adjacent to the visibility triangle.

Very Low Income Household shall mean one (1) or more natural persons or a family, with a total annual gross household income that does not exceed fifty (50) percent of the median annual income adjusted for family size for households within the metropolitan statistical area, the County, or the non-metropolitan median for the state, whichever is greatest. With respect to rental units, the low income household's annual income at the time of initial occupancy may not exceed fifty (50) percent of the area's median income adjusted for family size. While occupying the rental unit, a very low income household's annual income may increase to an amount not to exceed one hundred forty (140) percent of fifty (50) percent of the area's median income adjusted for family size.

Veterinary Clinic shall mean any facility rendering surgical or medical treatment to small animals, primarily on an outpatient basis, but having overnight accommodations for no more than ten (10) such animals. Small animals shall be deemed to be ordinary household pets.

Veterinary Hospital shall mean any facility rendering surgical or medical treatment to animals, and may provide other related services such as grooming, boarding and animal disposal, which may include cremation, and shall allow boarding without limitation to number of animals, provided that those animals were treated at the facility.

Visibility Triangle shall mean an area of a lot or parcel where development is restricted adjacent to the intersection of streets with other streets or driveways, to allow for vehicular visibility.

Visual Runway. (See "Airport").

Volume Reduction Facility shall mean a facility which removes materials from the overall solid waste process entering a landfill for further recycling.

Walking Mile shall mean a distance measured in miles of the shortest pedestrian route along public or private roadways. Such distance shall be measured from the closest pedestrian entry point of the school to the closest pedestrian entry point of the development. The pedestrian entry point shall be where private property meets the public right-of-way.

Wall, Decorative, Opaque, shall mean any solid fence constructed of concrete aggregate, stucco finish, brick, stone, concrete masonry split face design or other such substantial material, as determined by the Department Director.

Wall, Retaining shall mean any wall, fence or other structure erected to hold back or support a bank of earth. This term shall not include erosion control structures (seawalls).

Wall Sign. (See "Sign, Wall.")

Warehouse shall mean any premises where the principal use is the storage of merchandise, products, or materials in bulk, for a fee or charge or for distribution to other establishments operated by the same business enterprise or establishment. A warehouse may include accessory wholesale sales, but shall not be deemed to include retail sales establishments, motor freight terminals, mini-warehouses or the bulk storage of flammable, explosive, toxic, or noxious materials as a principal use.

Warehouse (Impact Fees). (See "Impact Fees.")

Warehouse, Mini shall mean any building or group of buildings in a controlled access and fenced compound that contains varying sizes of individual, compartmentalized and controlled access stalls or lockers for the storage of goods belonging to the individual lessees of the stalls and accessible to the lessees through individual doors.

Warning Sign. (See "Sign, Warning.")

Waste Minimization shall mean the reduction of the amount of wastes generated through:

A. The use of nondisposable products and durable materials;
B. The purchase of only the exact amounts of a material or product needed;
C. Modifications to systems and operations to reduce the amounts of material needed;
D. The use of closed rather that open ended systems;
E. Reuse of byproducts; and
F. Any other procedure by which the creation of wastes is avoided or reduced.

Wastes shall mean sewage, industrial wastes, and all other liquid, gaseous, solid, radioactive, or other substances which may pollute or tend to pollute any waters of the state.

Water Animal. (See Animal Services (Wild and Exotic Animals))

Water Body shall mean any natural or artificial pond, lake, reservoir or other area which ordinarily or intermittently contains water or which has a discernible shoreline.

Water Dependent Use shall mean activities which can be carried out only on, in or adjacent to water areas because the use requires access to the water body for: waterborne transportation including ports or marinas; recreation; electric generating facilities; or water supply. This term includes structures meeting Title 44, Code of Federal Regulations (C.F.R.) definition of functionally-dependent use.

Watercourse shall mean any natural or artificial channel, ditch, canal, stream, river, creek, waterway or wetland through which water flows in a definite direction, either continuously or intermittently, and which has a definite channel, bed, banks or other discernible boundary. Watercourse shall not include irrigation and drainage ditches constructed in the uplands which are not more than thirty-five (35) square feet in total cross section area and which normally has a water depth of no more than three (3) feet, provided they are not in and do not directly connect to Outstanding Florida Waters, Class I Waters and Class II Waters.

Water-Enhanced Uses shall mean uses which are not water-dependent but whose value is increased due to location along the water. Any such increase in value is unrelated to generally increased property values of waterfront property.

Waterfront Property shall mean any property abutting any gulf, bay, bayou, navigable stream, canal, lake, or impounded reservoir.

Waterfront Structure. (See "Structure, Waterfront.")

Waterfront Yard. (See "Yard, Waterfront.")

Water-Related Uses shall mean activities which are not directly dependent upon access to water body, but which provide goods and services that are directly associated with water-dependent or waterway uses.

Water Management System shall mean a system of natural or artificial waterbodies or watercourses which stores or conveys water; a stormwater management system.

Waters shall mean, but shall not be limited to, rivers, lakes, streams, springs, impoundments, and all other waters or bodies of water, including fresh, brackish, saline, tidal, surface, or underground waters. Waters owned entirely by one (1) person other than the state are included only in regard to possible discharge on other property or water. Underground waters include, but shall not be limited to, all underground waters passing through pores of rocks or soils or flowing through in channels, whether manmade or natural.

Wetland, as defined by SWFWMD Rule Chapter 40D-4.021(21), shall mean those areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soils. Soils present in wetlands generally are classified as hydric or alluvial, or possess characteristics that are associated with reducing
soil conditions. The prevalent vegetation in wetlands generally consists of facultative or obligate hydrophytic macrophytes that are typically adapted to areas having soil conditions described above. These species, due to morphological, physiological, or reproductive adaptations, have the ability to grow, reproduce, or persist in aquatic environments or anaerobic soil conditions. Florida wetlands generally include swamps, marshes, bayheads, bogs, cypress domes and strands, sloughs, wet prairies, riverine swamps and marshes, hydric seepage slopes, tidal marshes, mangrove swamps, and other similar areas. Florida wetlands generally do not include longleaf or slash pine flatwoods with an understory dominated by saw palmetto.

\textit{Wetland delineation} shall mean mapping wetlands and establishing a wetland edge or boundary in accordance with the manual adopted under Chapter 62-340, F.A.C.

\textit{Wetland, Disturbed} shall mean any wetland that has been substantially affected by the actions of man, but which continues to be dominated by wetland or transitional vegetation, and retains some degree of wetland function.

\textit{Wetland, Isolated} shall mean any wetland that does not have hydrological or vegetative connections with "Waters of the State" as defined in Section 403.031, Florida Statutes.

\textit{Wetland Mitigation} shall mean actions including, but not limited to, restoration, enhancement, creation of wetlands, upland preservation, or a combination of the above required to be taken to offset environmental impacts of permitted activities.

\textit{Wetland, Non-Viable} shall mean an isolated wetland less than 0.5 acres in size, with a UMAM score of 0.4 or less that does not support listed plant or animal species and is not connected by standing or flowing surface water at seasonal high water level to one (1) or more wetlands where the combined wetland acreage is greater than 0.5 acres.

\textit{Wetland Vegetation} shall mean as defined in Rule 62-340.400, Florida Administrative Code.

\textit{Wholesale Trade Establishment} shall mean any premises where the principal use is the conduct of Wholesale Sales, or the sale of merchandise to institutional, commercial, or industrial customers. Wholesale trade establishment shall not be deemed to include warehouse or any retail sales.

\textit{Wild and exotic animals}. (See "Animal Services").

\textit{Window Sign}. (See "Sign, Window").

\textit{Workforce Housing} shall mean attainable, safe, decent housing purchased by an individual or family with income at or below the income equivalent no higher than twenty (20) percent above the moderate income level for a family of three (3) and where the sales price of the home is no higher than twenty (20) percent above the moderate income home sales price established by the Manatee County Local Housing Assistance Plan.

\textit{Yard} shall mean any area on the same lot with a building or building group lying between the building or building group and the nearest lot line, or streetline, whichever is closer, unobstructed to the sky and unoccupied except by specific uses and structures allowed pursuant to this Code.

\textit{Yard, Front} shall mean a yard extending across the full width of a lot, measured from and perpendicular to the front lot line, or streetline, whichever is closer, and extending to the principal building or structure.

\textit{Yard, Privacy} shall mean a small area adjoining a building and enclosed on at least two (2) sides with a fence of at least six (6) feet in height.

\textit{Yard, Rear} shall mean a yard extending across the full width of the lot and lying between the rear lot line of the lot, or street line, whichever is closer, and the principal building group, and measured perpendicular from and along a line parallel with the rear lot line.

\textit{Yard, Required}. (See "Setback").

\textit{Yard, Side} shall mean a yard between the side lot line of the lot and the principal building, and extending from the front yard to the rear yard, or, in the absence of either of such yards, to the front or rear lot lines, as may be. The side yard shall be measured perpendicular from and along a line parallel with the side lot line.

\textit{Yard, Waterfront} shall mean a yard required on waterfront property with depth measured from shore line.

\textit{Zonal Landscaping} shall mean a landscaping method which groups plant materials with similar water requirements together, i.e. planting drought resistant plants together, etc.
Manatee County

Land Development Code

Chapter 2. Definitions

Zoo shall mean any permanent facility where exotic and wild animals are housed or maintained under the supervision of professional staff, and exhibited to the public on a regularly scheduled basis, in a variety of natural or habitat like settings, for the purposes of education, conservation, scientific studies, or recreation and whether operated for profit or not. Zoo shall also be deemed to include "Zoological Parks" and "Zoological Gardens." For the purposes of this code, Zoos are classified as Recreation Use, High Intensity.
