

To Our Valued Suppliers:

The Procurement Division encourages suppliers to submit new and innovative products for evaluation to support the County's diverse operations. Products with satisfactory ratings in the process may then be included for consideration in the bidding process for future needs. The County is always interested in expanding its offering of green products that have a lesser or reduced effect on human health and the environment.

- To have your product considered for approval, please FULLY complete this Product Evaluation Request form. Email the completed form to the address indicated on the form.
- The Procurement Division will examine the product information and County requirements. After reviewing this information, samples may be requested for testing and should be shipped as indicated on the form.
- When samples are received the department or other evaluation team members will field test and individually provide "satisfactory" or "unsatisfactory" ratings to Procurement.
- The Procurement Department will request additional information, if needed, and compile all ratings from the evaluations. Products with overall satisfactory ratings will then be approved for consideration in future bidding opportunities.
- Regardless of result, company representatives submitting forms will be notified in writing of evaluation results.

Should you have any questions, please contact the Procurement Division at purchasing@mymanatee.org.

Sincerely,

Jacob Erickson, MBA, CPPO, NIGP-CPP

Terms & Conditions for Evaluation

1. All test materials will be furnished by the Manufacturer/Supplier at no cost to the County.
2. Acceptance for evaluation is in no way a commitment to purchase, recommend or specify the product evaluation, regardless of its performance.
3. Manufacturer/Supplier shall be responsible for all liabilities for injuries caused by defects in design, packaging, manufacturer labeling and usage instruction of their products.
4. A separate form will be required for each product submitted for evaluation.
5. Unmarked repackaged samples may be requested at the discretion of the County.
6. The County reserves the right to return all unused samples to the manufacturer at no cost to the County.
7. All submissions are subject to Florida Public Records Law.
