Annual Action Plan - Amended
Program Year 2019/2020

MANATEE COUNTY, FLORIDA

FOR SUBMISSION TO THE U.S. DEPARTMENT OF...

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

For the Program Year 2019/2020 Annual Action Plan, the County anticipates an annual allocation which includes $1,873,924 in Community Development Block Grant (CDBG) funds, $623,566 in HOME Investment Partnerships (HOME) funds, and $160,459 in Emergency Solutions Grant (ESG) funds. This including $120,318 of carry-over funding from prior years and $29,776 of CDBG funds from the cancelled Boys & Girls Club Safety/Security Fence Activity, and $150,919 in prior year HOME resources for a total of $2,958,962 in federal funding from HUD over the Program Year. This Annual Action Plan will begin on October 1, 2019 and will expire on September 30, 2020. In response to the COVID-19 pandemic the County received a supplemental allocation of ESG and CDBG funds as authorized by the Coronavirus Aid, Relief, and Economic Security Act (CARES), Public Law 116-136, known as CDBG-CV in the amount of $1,119,458 and ESG-CV in the amount of $567,783.

The Annual Action Plan is developed in a manner specified by HUD, and the County has followed the prescribed format in completing the plan. The Annual Action Plan was developed using HUD and U.S. Census data for demographics and housing, input from public meetings, Board of County Commissioners (BOCC) meetings, and past program performance. During the planning process, the County conducted public meetings with citizens and stakeholders, meetings and consultation with non-profit groups, and a public hearing with the BOCC. The purpose of this process was to receive citizen input on current year funding allocations and community development needs of the County to ensure that this Annual Action Plan is a citizen-driven plan.

There are five major areas of focus in the Consolidated Plan: Housing, Public/Social Services, Community Development/Public Improvements, Economic Development, and Emergency/Disaster Response. The Consolidated Plan process requires Manatee County to identify priority needs for each area and prepare an Annual Action Plan to address the priority needs. For every priority need, there are goals, objectives and strategies established to measure progress. Citizen input was critical in developing the goals, objectives and strategies of this Consolidated Plan.
This Consolidated Plan not only presents goals to address the priority needs of the County, but also to address the following statutory goals established by Federal law:

**Decent Housing:**
- Assist homeless persons to obtain affordable housing
- Assist persons at risk of becoming homeless
- Retain affordable housing stock
- Increase the availability of affordable housing in standard condition to low- and moderate-income families, particularly to economically disadvantaged persons (and without discrimination on the basis of race, creed, religion, color, age, sex, marital status, familial status, national origin, disability, gender identity or sexual orientation)
- Increase the supply of supportive housing which includes structural features and services to enable persons with special needs (including persons with HIV/AIDS) to live in dignity and independence
- Provide affordable housing that is accessible to job opportunities

**A Suitable Living Environment:**
- Improve the safety and livability of neighborhoods
- Increase access to quality public and private facilities and services

**Expanded Economic Opportunities:**
- Job creation and retention for low-income persons
- Availability of mortgage financing for low-income persons at reasonable rates using nondiscriminatory lending practices
- Empowerment and self-sufficiency for low-income persons to reduce generational poverty in federally assisted housing.

2. **Summarize the objectives and outcomes identified in the Plan**

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The Five-Year Consolidated Plan identifies five goals, along with corresponding objectives to address Manatee County housing and community development needs. These goals are summarized as follows:

Goal: Housing

Goal: Community Development/Public Improvements

Reduce blight within HUD-designated low- and moderate-income areas and Racially and Ethnically Concentrated Areas of Poverty (R/ECAP) to spur reinvestment and redevelopment.

Goal: Economic Development

Goal: Emergency/Disaster Response

To plan, prevent, prepare and respond to a community emergency and/or disaster event.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

In previous program years the County has made significant progress in efforts to implement HUD entitlement programs. The County is in compliance with HUD regulations and continues to deliver housing and community development services in an efficient manner.

The Redevelopment and Economic Opportunity (REO) Department is a Manatee County Department which works to improve the quality of life for County residents through improved economic opportunities and to revitalize areas by providing decent and safe affordable housing. REO is in charge of implementing the HUD programs.

REO also offers an array of housing programs and services providing the foundation needed to aid in promoting homeownership and/or sustainable neighborhoods:
- Housing Rehabilitation Program
- Housing Replacement
- Downpayment Assistance
- Park Improvements
- Blight Removal
- Infrastructure Improvements

Additionally, the County has funded projects and activities through the CDBG program, as follows:

- Community Coalition on Homeless – One Stop Center
- Kelly Brown Resource Center
- 57th Street West Sidewalks
- Street Re-Paving
- Lincoln Park Splash Pad and Park Improvements
- Pride Park Improvements
- Replacement Housing Projects
- United Community Center
- Hope Landing Infrastructure and Playground
- Homeowner Rehab Program
- Meals on Wheels
- Microbusiness Development
- Code Enforcement
- Rental Housing Assistance
- Jim Russo Prison Ministries - Transitional Housing for Ex-Offenders
- Sidewalk Projects
- In Home Care to Elderly
- Homeless Prevention

The County has been successful in implementing these programs in the past and anticipates the continuation of such programs in the future. The County will use CDBG, HOME, ESG, and State Housing Initiatives Partnership (SHIP) funds to make these programs successful and to meet the goals and objectives identified in the Consolidated Plan.

4. **Summary of Citizen Participation Process and consultation process**

Summary from citizen participation section of plan.

Manatee County, Florida, is the lead agency responsible for overseeing the development of the Consolidated Plan and Annual Action Plans. REO is the internal department that is responsible for the day-to-day administration of CDBG, HOME, and ESG funding. However, REO does work with the County...
Commission, County Departments, in addition to residents, sub-recipients, and community organizations to develop a meaningful document.

Some of the primary documents included the County’s Local Housing Incentives Strategy and Local Housing Assistance Plan, and the Suncoast Partnership to End Homelessness Point-in-Time (PIT) Homeless Report and Annual Homeless Assessment Reports, and the 2017 Assessment of Fair Housing (AFH), among others.

To maximize citizen participation, staff conducted outreach through a series of public notices, meetings, and hearings. As part of these efforts, low- and moderate-income residents, as well as service providers, were encouraged to provide input on the Annual Action Plan. Details of these efforts can be found in Table 4.

The Consolidated Plan guides the County’s use of HUD resources through five goals. These goals are summarized as Housing, Social/Public Services, Community Development/Public Improvements, Economic Development, and Emergency/Disaster Response. Activities identified in this Annual Action Plan will deliver housing and community development services through housing programs, public works, as well as through partnerships with an array of public service providers.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Institutional coordination of the Consolidated Plan establishes a unified vision for community development. The County uses a collaborative process to shape various programs into effective, coordinated strategies. This process also facilitates the opportunity for planning and citizen participation to take place in a comprehensive context, attempting to reduce duplication of effort at the local level.

The County will implement this Annual Action Plan in coordination with public, private, and non-profit agencies. Non-profit agencies may include, but are not limited to, service providers and Community Housing Development Organizations (CHDOs). Private sector partners may include, but are not limited to, local financial institutions, developers and local businesses. The County works closely with its partners to design programs that address identified needs.

Table 2 outlines the types of agencies and organizations consulted throughout the program year and during the development of the Manatee County Consolidated Plan and the Annual Action Plan. Organizations consulted included various service providers, CHDOs, Manatee County Housing Authority (MCHA), Suncoast Partnership to End Homelessness, County Departments, and the County Commission, among others.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The County coordinates with the Suncoast Partnership to End Homelessness through its PIT and Homeless Assessment reports and with residents through community meetings. This consultation was pivotal in preparing the Needs Assessment and Strategic Plan components of the Consolidated Plan. In addition, through consultation and review of the most recent Public Housing Authority Plan and other HUD reports, the MCHA also provided pivotal input in preparing the Consolidated Plan through input collected in the recent AFH process.

Through the public participation process the County conducted several meetings to gain input from the public. Invitations were sent to the CoC in addition to several agencies that provide services to the homeless population.
Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.

Manatee County receives and administers an Emergency Solutions Grant (ESG). The Suncoast Partnership to End Homelessness is the regional Continuum of Care (CoC), which is comprised of 16 board members and six staff persons that work together to identify concerns and make policies and recommendations on homeless issues. The mission of the Suncoast Partnership is to prevent and end homelessness in Manatee and Sarasota Counties. The Suncoast Partnership envisions a community where everyone has the opportunity to have a home.

The Suncoast Partnership to End Homelessness, as the lead agency for the area's CoC, utilizes the Homeless Management Information System (HMIS) data, Annual Point-in-Time (PIT) Count Report, and other documents including the Federal Strategic Plan to Prevent and End Homelessness to inform the allocation of funds, develop policies and procedures, and evaluate outcomes annually. Consultation with the CoC for the Consolidated Plan included research of the Suncoast Partnership to End Homelessness annual reports and plans, as well as input from community meetings, public hearings, and notices.

Annually, Manatee County enters into a funding agreement with Turning Points, who coordinates with the CoC to appropriately allocate and administer ESG funds. The County aims to leverage these ESG dollars with the CoC which already receives grant dollars from the State of Florida. By leveraging funds, the County can ensure that the ESG funds make the most positive impact possible.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Identify any Agency Types not consulted and provide rationale for not consulting

Annual Action Plan 2019
Manatee County consulted with the lead agency for the CoC, local and county PHAs, affordable housing providers, various social service providers, County departments, and civic leaders. Additionally, the public, including but not limited to low- and moderate-income residents, residents within the County’s Racially and Ethnically Concentrated Areas of Poverty (R/ECAP), and other entities impacted by housing and community development activities, were noticed of community meetings by email, website, and posters, and public hearings by newspaper advertisements.

Metropolitan or regional planning agencies were not consulted during Plan development. Through extensive outreach efforts, representatives from these agencies did not participate. Other agencies and organizations not directly consulted were consulted indirectly by research of published plans and reports.

Narrative (optional)

Many of the programs and activities that will be carried out by the County during the program years will involve coordination with several agencies and organizations. The County actively administers the LHAP through state allocation for the creation and preservation of affordable housing to support the County’s goals for Housing, Social/Public Services, Community Development/Public Improvements, and Economic Development. At a minimum, implicit in these goals is the County’s commitment to providing coordinated community, housing and supportive services to its lower income residents. These services are provided through partnerships with government and quasi-government agencies, as well as respective planning efforts shown in Table 3. Manatee County will continue to encourage building partnerships between governments, lenders, builders, developers, real estate professionals, and advocates for low-income persons. Manatee County will continue to work with the
building industry, banking industry, real estate industry, social service providers and other community groups to promote the development of affordable housing and related housing services.
AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

Comments and concerns raised during the citizen participation process for both the Five-Year Consolidated Plan, Annual Action Plan, and AFH goals and outreach were taken into consideration when deciding on activity funding for the upcoming Program Year. The Annual Action Plan is a collaborative process that involves meetings with the public and stakeholders to determine areas of need and most appropriate projects to meet these needs. Priority needs were identified based on information located within the Five-Year Consolidated Plan, available housing data, public input, service provider meetings, and past program performance. In addition, REO staff consulted with various County Departments to identify priorities for the upcoming year. Complete summaries and minutes of the meetings are included in the Appendix to this document.

Housing Strategy

In addition, the County has a long and successful history of administering numerous housing programs and meeting housing needs. Several housing programs, particularly housing rehabilitation activities, have been underway for many years and provide good value to the community. In general, housing programs receive emphasis in Manatee County due to the large, ongoing need for housing services and affordable housing needs.

Social/Public Service Strategy

Social/Public Service strategies located within the Five-Year Consolidated Plan were developed in several ways. First, the County consulted the Suncoast Partnership to End Homelessness annual PIT and homeless assessment reports to obtain the latest counts of the homeless population. The Suncoast Partnership to End Homelessness is the lead agency for homeless services and represents agencies that implement homeless services. The County also utilized data from HUD that details homelessness and homeless service providers, including the Sarasota, Bradenton/Manatee, Sarasota Counties CoC housing inventories. Finally, input from other service providers, stakeholders, and citizens through community meetings, community surveys, meetings with REO staff proved most helpful in crafting the Social/Public Service strategy.

Community Development/Public Improvements Strategy

Annual Action Plan 2019
Community Development/Public Improvements strategies located within the Five-Year Consolidated Plan were determined through community meetings, community surveys, meetings with County staff, and review of current planning activities. The County is working to leverage other planning efforts with funding opportunities where possible.

In addition, a focus group meeting was held with internal Department Heads and staff to discuss priority needs of various County Departments. To the extent possible, the REO will plan to leverage County resources and efforts.

Economic Development Strategy

Economic Development Needs located within the Five-Year Consolidated Plan were determined through community meetings, community surveys, and consultation with service providers. As with the social/public service and housing topics, HUD and the U.S. Census provide data on various economic development items. In addition, information collected from citizens, stakeholders, and service providers that are knowledgeable about economic development and could provide valuable information through the participation process.

Emergency/Disaster Response

Emergency/Disaster Need located within the Five-Year Consolidated Plan was determined in direct response to the COVID-19 pandemic.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The Annual Action Plan must identify the federal, state, local and private resources expected to be available to the County to address priority needs and specific objectives identified in the Strategic Plan. These resources are summarized in Table 5.

Manatee County anticipates a total allocation of $1,873,924 in CDBG funding, $623,566 in HOME funding, and $160,459 in ESG funding for the 2019/2020 program year. Program income may be realized over the course of the 2019/2020 program year and subsequent program years. Additionally, the County will utilize a total of $150,094 in prior year CDBG resources (This includes $120,318 of carry-over funding from prior years and $29,776 of CDBG funds from the cancelled Boys & Girls Club Safety/Security Fence Activity) and $150,919 in prior year HOME resources; additionally, supplemental allocation of ESG and CDBG funds as authorized by the Coronavirus Aid, Relief, and Economic Security Act (CARES), Public Law 116-136, known as CDBG-CV in the amount of $1,119,458 and ESG-CV in the amount of $567,783.

These funds will be used for CDBG eligible activities consistent with the current goals and objectives identified in the Five-Year Consolidated Plan. CDBG, HOME, and ESG funds will be used for housing and community development activities including, but not limited to, increasing homeownership, providing existing homeownership assistance (e.g. housing rehabilitation), public services, infrastructure improvements, blight removal, homeless services/prevention and administration of the County's programs.

Other resources, such as private and non-Federal public sources may become available to the County during the program year. For CDBG leveraging, these include funding from State and Federal grant sources, County Departments (e.g. Public Works, Parks and Natural Resources, Building and Development Services, and Property Management), public or social service providers, or other sources. The County will also look to leverage funds and efforts through the Children's Services Dedicated Millage which funds an array of prevention, intervention and treatment programs for children birth through seventeen years of age, as authorized by County Ordinance #91-42 and associated amendments.

In addition, the half-cent Infrastructure Sales Tax (IST) is a possible source to fund infrastructure projects within designated low- and moderate-
income areas.

**Table 5 - Expected Resources – Priority Table**

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

The County will look to leverage funds, if available, from State and Federal grants sources, County Departments (e.g. Public Works, Property Management, Parks and Natural Resources, Community Services, and Building and Development Services), public or social service providers, or other sources.
The County will also look to leverage funds, if available, from other agencies and programs against CDBG, HOME, and ESG dollars. The County will use funding from the State Housing Initiatives Program (SHIP) and/or other federal grants for the matching requirements under the HOME program, with 25% match on all expenditures except planning and administration, CHDO operating, CHDO capacity building, and CHDO project specific expenses when repayment is waived under §92.301. Manatee County’s match amount for ESG will come from the Community Coalition on Homelessness d/b/a Turning Points who receives grant funds through other non-federal sources. Consistent with ESG program requirements, a 100% match on all expenditures will be provided after the date that HUD signs the grant agreement. For ESG, cash, non-cash, and program income must meet requirements of § 576.201.

During the 2016 General Election, Manatee County voters approved a half-cent sales tax to pay for local roads, parks and public safety needs. Where possible, Manatee County will look to leverage these dollars with federal funds.
If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Manatee County Departments will work closely to dispose of surplus properties that are owned by Manatee County. Currently, the County administers a surplus property program that gives potential individuals the opportunity to obtain surplus property owned by Manatee County. These properties are potential surplus and must be approved by the county departments, administrators, and the Board of County Commissioners prior to approval. The County actively markets County owned property through the Property Management Department.

Also, through the property conveyance process developed by Manatee County, the Property Management Department works with the REO Department to identify surplus property that would be available for the development of permanent affordable housing. The County then seeks a non-profit partner to convey the property to in order to develop affordable housing.

Finally, through the Property Management Department, the County actively seeks property to acquire. Property Acquisition is responsible for identifying and obtaining real property needed by the County to deliver services to the citizens of Manatee County. The acquisition process includes negotiations with property owners to secure contracts for sale and purchase and conveyance of property following approval by the Board of County Commissioners.

Discussion

Manatee County’s anticipated funding allocation will address many of the County's goals, including housing, social/public services, community development/public improvements, and economic development. The County is fortunate to have a network of public or social service providers to help address these goals through financial leveraging, as well as other Federal funding sources, State funding sources, County Departments, and other agency and program funding.

Introduction

The Annual Action Plan includes proposed activities that meet the priority housing and community development needs as described in the 2017/2021 Consolidated Plan. Manatee County has developed a comprehensive strategy for using limited resources available to address the housing and community development needs of its low- and moderate-income citizens, the homeless, and its housing stock.

The following provides a breakdown of project funding for Program Year 2019/2020. The 2019/2020 Annual Action Plan is based on a CDBG entitlement allocation from HUD of $1,873,924, $623,566 received from the HOME Program, and $160,459 in ESG funds. Additionally, $120,318 of CDBG carry-over funding from prior years and $29,776 of CDBG funds from the cancelled 2018 Boys & Girls Club Safety/Security Fence Activity and $150,918.50 of HOME funds from 2018 are included. Additionally, supplemental allocation of ESG and CDBG funds as authorized by the Coronavirus Aid, Relief, and Economic Security Act (CARES), Public Law 116-136, known as CDBG-CV in the amount of $1,119,458 and ESG-CV in the amount of $567,783.

Manatee County takes great pride in the range of programs and services that are available to residents. Manatee County understands the need to ensure that basic services are provided. The County has utilized the CDBG, HOME, and ESG Programs to constructively meet the changing needs of the community.

#### Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

One obstacle to meeting underserved needs is the lack of resources. Given that entitlement programs have been reduced over the last several fiscal years, Manatee County plans to continue to review alternative sources of funds to help address the needs of County residents. Efforts will be made to submit grant applications to Federal, State, and local agencies, as staffing allows. Specific grant applications could include prisoner re-entry into society, mental health services, infrastructure improvements, and neighborhood revitalization.

The County has also identified the housing requirements of the poverty-level renter and homeowner as a major underserved need. Although the County supports the construction of low-income rental projects, these projects, which are primarily funded through the Florida Housing Finance Corporation, only reach up to 60% of median family income. Therefore, there is still a group of low-income residents who are unable to be housed through these initiatives. These projects include HOME, SHIP and other state funds, but are generally projects funded through the Low-Income Housing Tax Credit (LIHTC) program, and the State Apartment Incentive Loan (SAIL) Program.

Neighborhood resistance to group homes is also an obstacle; however, the State now requires that communities allow small group homes (6 people and under) in all residential zoning districts. This has alleviated some of the need.

With respect to activities that benefit all the residents of a given area, at least 51% of the area’s residents must be low- and moderate-income or the area must obtain a slum/blight area designation.

Some CDBG assisted activities, such as parks, neighborhood facilities, community centers and streets, serve an identified geographic area. These activities generally meet the low- and moderate-income principal benefit requirement if 51 percent of the residents in the activity's service area are low- and moderate-income.

The Low- and Moderate- Income Areas Map shows all census block groups in which the majority of the population have incomes below the 80% AMI threshold. Each of these areas meets the eligibility requirements for low- and moderate-income area benefit.

In addition, Manatee County has identified areas known as Racially/Ethnically Concentrated Areas of Poverty (R/ECAPs) as target areas. This includes both the Samoset West and South County Target Areas. HUD has developed a census tract-based definition of R/ECAPs. The definition involves a racial/ethnic concentration threshold and a poverty test. The racial/ethnic concentration threshold is straightforward: R/ECAPs must have a non-white population of 50 percent or more. Regarding the poverty threshold, HUD defines neighborhoods of extreme poverty as census tracts with 40 percent or more of individuals living at or below the poverty line. Because overall poverty levels are substantially lower in many parts of the country, HUD supplements this with an alternate criterion. Thus, a neighborhood can be a R/ECAP if it has a poverty rate that exceeds 40% or is three or more times the average tract poverty rate for the metropolitan/micropolitan area, whichever threshold is lower.

Census tracts with this extreme poverty that satisfy the racial/ethnic concentration threshold are deemed R/ECAPs. Manatee County has three Census Tracts that are identified as R/ECAPs. These three Census Tracts all reside within the South County area, more specifically, in and near the area known as “Samoset”.

Additionally, two neighborhoods that each have higher percentages of lower income residents, Samoset and Washington Gardens have been identified as Target Areas.

Finally, Manatee County is in the process of seeking a low- and moderate-income designation and/or a slum/blight area designation for the Rubonia Neighborhood which resides in North County. The Rubonia Neighborhood is an unincorporated community in Manatee County. The 2010 U.S. Census shows the Rubonia Neighborhood residing within Census Tract 16.01 Block Group number 2. It should be noted,
the Rubonia Neighborhood limits do not match the Census Block group limits. The Fiscal Year 2016 Low- and Moderate- Income Areas Summary Data provided by HUD shows a low- and moderate- income percentage of 36.17 for this Census Block Group. This does not meet the 51% threshold required to be considered a low- and moderate- income area.

For the 2019/2020 Annual Action Plan, Manatee County will provide direct assistance to these low- and moderate-income areas of the County including, but not limited to, the identified R/ECAP and Low- and Moderate- Income Target Areas. These Target Areas are identified in Table 10. Assistance will also be made available Countywide to persons meeting the CDBG eligibility requirements for low- and moderate-income benefit.

**Rationale for the priorities for allocating investments geographically**

Manatee County’s rationale for allocating investments geographically is dependent upon the location of low- and moderate-income populations and Racially and Ethnically Concentrated Areas of Poverty (R/ECAPs) as defined above.

The R/ECAPs are prioritized due to the Assessment of Fair Housing that was approved in February of 2017. Several activities will directly benefit the R/ECAPs: Home Rehabilitation Program, Manatee County Habitat for Humanity/Poling Gardens Infrastructure Project, Contemporary Housing Alternatives of Florida, Inc. (CHAF) Affordable Rental Housing Development, and Meals on Wheels PLUS of Manatee, Inc. - Unfunded Senior Meals. These programs comprise 53% of expected non-administrative funding for 2019/2020 and are directed toward physical and social enhancements of the R/ECAPs.

Additionally, the County has allocated $250,000 to the Samoset Area by way of Manatee County/Samoset Area Infrastructure Improvements (Engineering/Design/Construction) which will provide infrastructure improvements within the Samoset Area. This covers two of the County’s Target areas (Samoset and Samoset West R/ECAP)

All other activities, or the remainder of expected non-administrative funding, will benefit any person meeting the CDBG eligibility requirements for low- and moderate-income benefit, including persons living in the R/ECAPs and Target Areas. These other activities include homebuyer assistance, home
rehabilitation program, public facility projects, affordable housing development, and the homeless or persons likely to become homeless, as well as the County’s administration of CDBG, HOME, and ESG funds.

**Discussion**

Manatee County has identified 15 projects to implement the five goals of the Strategic Plan during the third year of the 2017-2021 Consolidated Plan. These projects benefit low- and moderate-income persons Countywide and within the County’s Target Areas. Projects with Countywide benefit include CHDO Set-Aside, Manatee County Homeowner Rehabilitation Program, Project Smile, Allean’s Loving Care, Housing Preservation, Meals on Wheels, as well as the County’s administration of CDBG, HOME, and ESG funds. Furthermore, several projects are specific to the R/ECAPs.
Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The County places a high priority on providing affordable homeownership and rental opportunity in Manatee County. This goal shall be addressed, in part, by local non-profit organizations and developers that construct affordable housing for lower-income homebuyers and renters. In addition, the County will continue to deliver its housing rehabilitation and rental assistance programs, and to support homebuyer education and Fair Housing activities.

Manatee County approved Resolution R-17-069 on August 22, 2017, to enact the Livable Manatee Incentive Program for Qualified New Affordable Housing. This program provides for homeownership and rental incentives to foster the construction of new affordable units and is an improvement and expansion on the previous Affordable Housing Impact Fee Program. Through this program, Manatee County will pay 100% of impact fees for new qualified affordable units and will expedite the corresponding review and permitting process. The resulting development is subject to a Land Use Restriction Agreement to maintain affordability for a designated amount of time.

Additionally, Manatee County amended its Future Land Use Categories and increased densities in the Comprehensive Plan to further support affordable housing. The companion Land Development Code changes were adopted and implemented in April 2019.

The Annual Action Plan must specify goals for the number of homeless, non-homeless, and special needs households to be supported within the program year. These numbers are shown in Table 11 and are inclusive of the affordable housing activities shown in Table 6, in addition to other planned housing activities identified in Table 8. Table 12 indicates the number of households to be supported through specific activities, including rental assistance, production of new units, rehabilitation of existing units, or acquisition of existing units. For the purposes of this section, the term “affordable housing” is defined in the HOME regulations at 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership. [This section replaces the former HUD Table 3B.]

**Discussion**

The County will continue to deliver its long-standing housing programs, including housing rehabilitation, housing replacement, rental assistance, and down payment assistance through both federal and state programs, coordinate with non-profit organizations and for-profit developers that construct affordable housing, and support homebuyer education and Fair Housing activities. These housing activities will support twelve (12) households through a combination of production of new units and rehabilitation of existing units.
AP-60 Public Housing – 91.220(h)

Introduction

This section of the Annual Action Plan describes what actions Manatee County will take in the 2019/2020 program year to carry out the public housing portion of the Strategic Plan. Below, the County has identified the manner in which the 2019/2020 Annual Action Plan will address the needs of public housing during the program year.

Actions planned during the next year to address the needs to public housing

Currently, Manatee County has two Public Housing Authorities working within its borders. These include the Bradenton Public Housing Authority, which also manages the Hope VI housing project, and the Manatee County Housing Authority. According to the 2010 Bradenton Housing Authority PHA plan and the 2008 Manatee County Housing Authority PHA plan, these two Authorities manage 325 housing units and 906 Section 8 vouchers.

These units/vouchers are in constant demand. The current waiting list is 100 applicants while the Section 8 voucher program is more than 500 applicants. Typical wait time is 6 months to 2 years before receiving assistance. Currently, both public housing authorities have closed their waiting lists in an effort to manage the current demand.

According to the Manatee County Housing Authority, their 2008 PHA Plan has taken the following steps to ensure consistency between this Plan and the Consolidated Plan for the jurisdiction:

- The PHA has based its statement of needs of families on its waiting lists on the needs expressed in the Consolidated Plan.
- The PHA has participated in many consultation processes, organized and offered by Manatee County, in the development of the Consolidated Plan.
- The PHA has consulted with the Consolidated Plan agency during development of their Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan.

This Plan also explains that there are no public housing units or Section 8 Vouchers expected to be lost from their inventory over the next five years. In addition, the PHA does not utilize a HOPE VI grant.

Actions to encourage public housing residents to become more involved in management and...
participate in homeownership

All programs in the 2019/2020 Annual Action Plan are available to public housing residents and address the common needs experienced by low-income persons, including public housing residents. In addition, public housing residents are encouraged to participate in the Annual Action Plan development process.

Furthermore, in 2017 Manatee County collaborated with the MCHA to develop a joint AFH. The AFH was a citizen-driven plan that was developed through a series of public outreach efforts that included the surveys with PHA residents, meetings with MCHA staff, and attending PHA resident advisory board meetings.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Manatee County Housing Authority has a PHAS score of 100 and has a “small PHA deregulation” and is not listed as troubled by HUD. The Bradenton Housing Authority has a PHAS score of 88 and is considered a standard performer and is not listed as troubled by HUD.

Discussion

Affordable housing needs are met by multiple service providers in Manatee County. The MCHA currently administers public housing units and tenant-based vouchers (HCVs). The County will continue to coordinate referrals with the MCHA in order to connect low-income residents with housing options.
AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

This section of the Annual Action Plan describes Manatee County’s one-year goal and the specific actions steps it will undertake in the program year to carry out the homeless strategy identified in the Strategic Plan. Additionally, this section addresses any activities related to the supportive housing needs of non-homeless populations.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Consistent with the Five-Year Consolidated Plan’s Strategic Plan, Manatee County will pursue the goal of reduced homeless. To this end, the County has programmed activities that meet the objectives of the Strategic Plan. Activities include:

- Project Smile - Funding to pay for dentures, prosthetics, and supplies for making such devices for homeless clients.
- Homeless Prevention - Funding will provide for housing relocation and stabilization services, and short-term and medium-term rental assistance.

Consistent with the Five-Year Consolidated Plan’s Strategic Plan, Manatee County will pursue the goal of reduced homeless. To this end, the County has programmed activities that meet the objectives of the Strategic Plan. Activities include:

- Project Smile - Funding to pay for dentures, prosthetics, and supplies for making such devices for homeless clients or income-qualified clients at risk of becoming homeless.
- Homeless Prevention - Funding will provide for housing relocation and stabilization services, and short-term and medium-term rental assistance.

Strategies outlined in the Consolidated Plan and the specific actions taken by Centerstone of Florida, Manatee County will continue to support the efforts of the Suncoast Partnership to End Homelessness,
Addressing the emergency shelter and transitional housing needs of homeless persons

One of the County’s strategies for preventing and reducing homelessness is to assist non-profit service providers in obtaining additional funding sources for emergency shelters. The primary activities to address homelessness during the 2019/2020 program year is Project Smile and Homeless Prevention through short-term and medium-term rental assistance.

As stated previously, the dramatic increase in housing costs could lead to homelessness for individuals and families. Manatee County continues to support programming that is designed to prevent homelessness by assisting homeowners and renters that find themselves behind in mortgage or rental payments. This type of temporary assistance can help families that truly find themselves in a unique situation that can be remedied by one-time support. Through the Homeless Prevention activity, the County will provide or housing relocation and stabilization services, and short-term and medium-term rental assistance.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

Another of the County’s strategies for preventing and reducing homelessness is to promote and encourage the development of programs that facilitate the transition from homelessness into permanent housing. With ESG funds, the County supports homeless prevention and rapid rehousing services for the homeless.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Homeless prevention is a major concern and goal of Manatee County. Strategies outlined in the
Consolidated Plan will continue to support the efforts of the Suncoast Partnership to End Homelessness, Inc., through this Action Plan Program Year.

During the 2019/2020 program year, Manatee County will coordinate with Suncoast Partnership to End Homelessness, the County’s designated Continuum of Care agency and other homeless service providers to implement a cohesive, community-wide discharge coordination policy that can be successfully implemented to ensure that persons being discharged from publicly funded agencies and institutions do not become homeless upon release. Programs currently meeting such need include Turning Points, Our Daily Bread, The Salvation Army, and Catholic Charities.

The County will coordinate with Suncoast Partnership to End Homelessness and its member agencies that offer self-sufficiency training, medical/healthcare, mental health counseling, case management, and other activities to prevent homelessness in populations that may be discharged from systems of care but require housing assistance and continued access to related social services.

**Discussion**

The County plans to allocates the entire ESG allocation of $160,459 toward homeless services for the 2019/2020 program year. These activities will provide much needed services for the homeless population.

Additionally, toward both reducing homelessness and addressing special needs, the County will support health services and other related activities including rental assistance and services for at-risk families.

Special needs in Manatee County include meal and home repair assistance for seniors, supportive housing for persons with disabilities, substance abuse and mental health counseling, HIV/AIDS services, and support in response to domestic violence and at-risk youth. The following 2019/2020 program year activities will support persons with special needs. These activities include:

- Manatee County Homeowner Rehabilitation Program
- Gulfcoast Legal Services, Inc. - Housing Preservation
- Meals on Wheels PLUS of Manatee, Inc. - Unfunded Senior Meals
- AMFM Enterprise, Inc. - Allean's Loving Care
- CHDO Set-aside
AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Manatee County is dedicated to providing affordable housing to homeless, non-homeless, and special needs households. During the 2019/2020 program year, the County will utilize the Housing Rapid Response Team and Land Development Code incentives for the Urban Corridors and the Livable Manatee Incentive Program for Qualified New Affordable Housing that act to reduce barriers to and incentivize affordable housing. Moreover, County staff will review and identify required revisions to the Comprehensive Plan and Land Development Code to further fair housing and remove or ameliorate barriers to affordable housing.

Additionally, the County plans to provide funding in 2019 to support two (2) affordable housing development projects: Contemporary Housing Alternatives of Florida, Inc. (CHAF) Affordable Rental Housing Development (HOME) and Manatee County Habitat for Humanity/Poling Gardens Infrastructure Project (CDBG).

With regard to fair housing, Manatee County has in previous years made available funds to the Gulfcoast Legal Services for low- and moderate-income residents who are victims of predatory lending practices, foreclosure rescue scams, persons who are experiencing or who have experienced discrimination and/or fraud in housing and to remedy these matters through negotiation, workouts, mediation or litigation.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Public policies can have a direct impact on barriers to affordable housing. Manatee County has recognized this fact and has reviewed its own process to expose any barriers or obstacles to developing affordable housing. From this review, a few concerns were noted. These included the review time by the staff and the cost to the developer, the limited code allowances for affordable or workforce housing, and impact fees. To alleviate these concerns, a variety of policies and or regulations were put into practice. An in-depth description of these policies and regulations are provided within the Consolidated Plan. An overview is outlined here:

**Housing Rapid Response Team** – assists housing developers who wish to participate in the County’s affordable/workforce housing programs expedite the development and permitting processes.

**Manatee County Land Development Code** – outlines incentives which may be available to developers of affordable/workforce housing developments. Developers for income-eligible households may seek expedited review and permit processing, review and permit fee refunds, and other incentives, as
Urban Corridors - Starting in 2016, the County made amendments to the Comprehensive Plan and Land Development Code to improve opportunities for infill, redevelopment and development, along major corridors in strategic areas of the County. The amendments generally provide greater flexibility in the regulations, allow for moderate increases in density and intensity of development, and allow residential and mixed-use development patterns to occur along the corridors. They also ensure that development review is consistent, meaningful, and predictable for staff, the developer, and citizens. In 2017, the Urban Corridors received statewide recognition for allowance of greater densities and building heights while promoting mixed-use and walkability.

Livable Manatee Incentive Program for Qualified New Affordable Housing - Manatee County approved Resolution R-17-069 on August 22, 2017, to enact the Livable Manatee Incentive Program for Qualified New Affordable Housing. This program provides for homeownership and rental incentives to foster the construction of new affordable units and is an improvement and expansion on the previous Affordable Housing Impact Fee Program. Through this program, Manatee County will pay 100% of impact fees for new qualified affordable units and will expedite the corresponding review and permitting process. The resulting development is subject to a Land Use Restriction Agreement to maintain affordability for a designated amount of time.

Fair Housing Proclamation - Manatee County has made a commitment to affirmatively further fair housing within the community. Along with the recent adoption of the Assessment of Fair Housing, the County has declared the month of April as “Fair Housing Month”. With this proclamation the Board of County Commissioners calls upon all residents and citizens to recognize that compliance with the U.S. Fair Housing Laws is the equitable way in which to guarantee fair housing practices for all citizens.

National Community Development Week Proclamation – April 22-26, 2019 was designated National Community Development Week to recognize and celebrate the CDBG Program and the HOME Program. On April 23, 2019 Manatee County BOCC adopted a Proclamation to recognize the outstanding work being done locally with CDBG and HOME funds by urging Congress to provide increased funding for both programs in Fiscal Year 2020.

Discussion:

During the 2019/2020 program year, the County will utilize the Housing Rapid Response Team and Land Development Code incentives for the Urban Corridors and the Livable Manatee Incentive Program for Qualified New Affordable Housing that act to reduce barriers to and incentivize affordable housing. It should also be noted that, through the development of the AFH, the County identified
several polices and regulations that need to be reviewed with the goal in determining what impediments to fair housing and barriers to affordable housing exist within these policies. The Land Development Code and County Comprehensive Plan were identified as documents that will need to be reviewed.
AP-85 Other Actions – 91.220(k)

Introduction:

This section of the Annual Action Plan describes the Manatee County’s planned actions to carry out the following strategies outlined in the Strategic Plan:

- Foster and maintain affordable housing;
- Evaluate and reduce lead based paint hazards;
- Reduce the number of poverty level families;
- Develop institutional structure; and
- Enhance coordination.

In addition, the County has identified obstacles to meeting underserved needs and proposed actions to overcome those obstacles.

Actions planned to address obstacles to meeting underserved needs

One obstacle to meeting underserved needs is the lack of resources. Given that entitlement programs have been reduced over the last several fiscal years, during the 2019/2020 program year, Manatee County will continue to review alternative sources of funds to help address the needs of County residents. Efforts will be made to submit grant applications to Federal, State, and local agencies, as staffing allows. Specific grant applications could include prisoner re-entry into society, mental health services, infrastructure improvements, and neighborhood revitalization.

The County has also identified the housing requirements of the poverty-level renter and homeowner as a major underserved need. Although the County supports the construction of low-income rental projects, these projects, which are primarily funded through the Florida Housing Finance Corporation, only reach up to 60% of median family income. Therefore, there is still a group of low-income residents who are unable to be housed through these initiatives. These projects include HOME, SHIP and other state funds, but are generally projects funded through the Low-Income Housing Tax Credit (LIHTC) program, and the State Apartment Incentive Loan (SAIL) Program. During the 2019/2020 program year, Manatee County will utilize incentive programs, such as the Livable Manatee Incentive Program for Qualified Affordable Housing, to foster additional rental units affordable to low income residents.

Neighborhood resistance to group homes is also an obstacle; however, the State now requires that communities allow small group homes (6 people and under) in all residential zoning districts. This has alleviated some of the need.

Actions planned to foster and maintain affordable housing

The County will continue to deliver its long-standing housing programs, including housing rehabilitation,
housing replacement, rental assistance, and down payment assistance, coordinate with non-profit organizations and developers that construct affordable housing, and support homebuyer education and Fair Housing activities. These housing activities will support thirty-eight (38) households through a combination of production of new units, rehabilitation of existing units, and short-term to medium-term rental assistance.

During the 2019/2020 program year, the County will utilize the Housing Rapid Response Team and Land Development Code incentives for the Urban Corridors and the Livable Manatee Incentive Program for Qualified New Affordable Housing that act to reduce barriers to and incentivize affordable housing. These programs foster affordable housing through expedited review and permitting, impact fee waivers, density and height allowances, and other measures to facilitate the production of new units affordable to low and moderate-income residents.

Additionally, the County plans to support two (2) affordable housing developments: Contemporary Housing Alternatives of Florida, Inc. (CHAF) Affordable Rental Housing Development (HOME) and Manatee County Habitat for Humanity/Poling Gardens Infrastructure Project (CDBG).

**Actions planned to reduce lead-based paint hazards**

During the coming year, the Manatee County Health Department will continue to test low-income children for lead poisoning, as well as investigate any cases found. The County will meet the requirements of the new lead-based paint regulations by undertaking the actions shown in the Consolidated Plan as outlined below.

Three members of the housing staff within the Redevelopment and Economic Opportunity Department have successfully completed the HUD Office of Lead Hazard Control’s “Visual Assessment Course” training. Participating contractors who have not attended the training continue to be encouraged to obtain training certification in lead-based paint safety procedures.

The County will address the lead-based paint hazards that are found in all homes rehabilitated with the County’s CDBG and/or HOME funds. Only homes that are pre-1978 are subject to the lead-based paint provisions and, fortunately, many homes in Manatee County were constructed after 1978.

The County will continue to encourage appropriate staff and participating contractors to attend training and obtain certification in “Lead-Based Paint Safe Work Practices” for County construction and rehabilitation projects.

**Actions planned to reduce the number of poverty-level families**

Manatee County through programs proposed in the 2019/2020 Annual Action Plan has developed a program that will serve poverty level families and those in need. Through various housing initiatives the County will aim to increase the number of affordable units available, along with providing funds to
rehabilitation substandard housing for income qualified households.

Also, with regards to financial literacy programs, legal services, and homeless prevention the County will provide a series of public services that address the priority needs identified within the Consolidated Plan.

**Actions planned to develop institutional structure**

The County has a strong institutional structure in place to carry out its housing and community development strategies. The County’s REO will administer the CDBG, HOME, and ESG, programs.

In conjunction with other County operating departments, REO will also implement any public works project proposed by the 2017/2021 Consolidated Plan or any of the annual Action Plans.

Manatee County, unlike many others, has a dedicated tax millage for services for abused, neglected, and at-risk children to supplement similar programs. Accordingly, REO and the County’s non-profit agencies have long-standing ties and an effective delivery system for social services to the youth. REO will integrate the public service activities proposed in the Consolidated Plan or Annual Action Plan with these ongoing operations.

Manatee County receives SHIP and HOME funding. REO has an effective public/private affordable housing production system in place. The affordable housing activities proposed in the Consolidated Plan and Annual Action Plan will be integrated into these ongoing operations.

Suncoast Partnership to End Homelessness, Inc., is the lead agency for Continuum of Care in Manatee County. This is the non-profit entity that will administer the Continuum of Care process and homeless funding for both Manatee and Sarasota Counties. Representatives from Manatee County government, public housing authority, law enforcement, homeless providers, and mental health providers are members of this organization. This entity will be responsible for developing the Continuum of Care plan and prioritizing homeless funding for Manatee County.

**Actions planned to enhance coordination between public and private housing and social service agencies**

The Manatee County REO will continue to coordinate with various community groups and service agencies to determine objectives and goals through the public participation process. These groups play a vital role in implementing the Five-Year Consolidated Plan and the Annual Action Plans, CAPERs, and any proposed Substantial Amendments. All stakeholders are welcomed and encouraged to participate in the
implementation of this Annual Action Plan.

**Discussion:**

For the third-year Annual Action Plan, the County will support activities that will address underserved needs through community development and public services; foster and maintain affordable housing through rehabilitation, replacement, and homebuyer assistance; reduce lead-based paint hazards through responsible rehabilitation; reduce the number of poverty-level families through a combination of job training and economic development; and develop institutional structure through a network of community partners, including the County and its departments. Additionally, the County will continue to encourage coordination with the MCHA, non-profit and private for-profit housing developers, and public service providers, Annual Action Plan participation, and regular day-to-day referrals through REO.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Manatee County uses the recapture method for the entire amount of HOME funds provided as a subsidy, when HOME-assisted homeownership housing does not continue to be the principal residence of the assisted homebuyer for the full affordability period. The recapture provision is subject to the limitation that when the recapture requirement is triggered by a sale, voluntary or involuntary, of the housing unit, and there are no net proceeds, or the net proceeds are insufficient to repay the HOME investment due, the County can only recapture the net proceeds, if any. The net proceeds are the sales price minus the superior loan repayment and closing costs. This language is included in the loan documents. The County will not use HOME funds to refinance the existing debt for multi-family projects.

**Emergency Solutions Grant (ESG)**

**Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

In Program Year 2019/2020, Manatee County will receive its fifth allocation of ESG funding in the amount of $160,459, made available through the HEARTH Act from the U.S. Department of Housing
and Urban Development. These funds will be utilized in support of homeless prevention and rapid rehousing for the homeless. The Continuum of Care (CoC) and Homeless Providers have prepared written standards which are located within the Appendix of this report.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Suncoast Partnership to End Homelessness, our lead agency for the Manatee and Sarasota Continuum of Care (CoC), has established a coordinated entry and assessment system in full compliance with HUD requirements. This system includes designated access points where the homeless and those at risk can receive an intake and assessment into the system by a trained professional and be prioritized for housing resources. The Manatee and Sarasota CoC coordinated entry system also includes trained outreach specialists who can serve as access points on the streets.

The CoC meets regularly to share best practices, solve problems and introduce new ideas. One very important activity entrusted to the CoC is the annual point-in-time census of homeless individuals and the corresponding survey of available emergency shelter beds, transitional housing units, and permanent housing units. This data helps the members with vital information on the needs and gaps in the system, and helps redirect services, funding and other resources as the needs of the community’s homeless populations shift.

The CoC has established a centralized assessment system using HMIS principles. The CoC has a standing committee to consider process improvements. Currently, 2-1-1 conducts the initial assessment upon engaging the client.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

Manatee County is collaborating with the Suncoast Partnership to End Homelessness, the lead Continuum of Care (CoC) agency, to appropriately allocate and administer these funds. The County aims to leverage these ESG dollars with the CoC which already receives and allocates grant dollars from the State of Florida. By leveraging funds, the County can ensure that the ESG funds make the most positive impact possible.

Manatee County’s match amount for ESG will come from the Community Coalition on Homelessness d/b/a Turning Points who receives grant funds through other non-federal sources.
4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

Manatee County itself does not have homeless or formerly homeless individuals elected to the commission but actively participates in the CoC Leadership Council for policy discussions and funding decisions. The CoC Leadership Council includes those with lived homeless experience, and the CoC membership includes active participants who are currently homeless or have past lived experience.

Manatee County awards all ESG funds to Turning Points, which does include homeless or formerly homeless individuals.

5. Describe performance standards for evaluating ESG.

During 2019/2020 program year, Manatee County will work with the CoC and homeless providers to create additional performance standards that ensure that ESG funds are used efficiently. This is being done in collaboration with the CoC Leadership Council.

Manatee County anticipates $1,873,924 in CDBG funds and $150,094 in prior year resources ($120,318 of carry-over funding from prior years and $29,776 of CDBG funds from the cancelled Boys & Girls Club Safety/Security Fence Activity). In addition, $623,566 in HOME funds and $160,459 in ESG funds. As shown in Table 14 the County has not identified funds for urgent need activities at this time; however, the percentage of overall benefit to low- and moderate-income persons is expected to be 100%. Manatee has calculated the percentage of overall benefit based on the first program year (2019/2020).

Enabling/Regulating Authority
24 CFR Part 91 (Consolidated Plan and Citizen Participation Plan regulation)
2017-22 Consolidated Plan (Resolution R-17-083)

24 CFR 5.110, HUD may, upon a determination of good cause and subject to statutory limitations, waive regulatory provisions. Additional regulatory waiver authority is provided in 24 CFR 91.600. These regulatory provisions provide HUD the authority to make waiver determinations for the CDBG, HOME, ESG, CoC, and HOPWA Programs and consolidated planning requirements for all CPD formula programs.

Background Discussion
Manatee County is an entitlement community through the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs.

HUD approved Manatee County’s 2017-2022 Consolidated Plan in October of 2017. The five-year
Consolidated Plan identified priority needs through an extensive public outreach and engagement effort. Those needs are: 1) affordable housing and compliance with fair housing regulations; 2) community development/infrastructure; 3) social/public services; 4) economic development and 5) emergency/disaster response. The priority needs are to be addressed through the funding of specific projects and activities in each year’s Action Plan.

In preparation for the FY 2020-21 HUD Annual Action Plan funding cycle, public meetings were held on February 18 and 21, 2020, and a grant application workshop was held on March 6, 2020 with interested organizations. Applications for funding were due on April 10, 2020. Due to COVID-19 and the need to reprioritize department activities, the review of the applications was placed on hold.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES) was signed into law and appropriated supplemental CDBG and ESG funds, known as CDBG-CV and ESG-CV. On April 2, 2020, HUD announced the allocation of CDBG-CV and the first allocation of ESG-CV to Manatee County. On April 9, 2020, HUD issued a memo outlining the availability to submit the FY 2020-21 HUD Annual Action Plan late. On May 5, 2020, the Board of County Commissioners approved a substantial amendment that appropriated CDBG-CV and the first allocation of ESG-CV.

In June 2020, staff conducted a completeness review of all grant applications received by the deadline to ensure they met the threshold requirements identified in the application. Unlike in prior years, a review committee of staff rather than community members was comprised due to COVID-19. Staff reviewed each application based upon the priority needs, goals, strategies identified in the five-year Consolidated Plan, CARES Act funding, the projects funded through the May 5, 2020 Substantial Amendment, and the needs and gaps for on-going response to COVID-19. In addition, staff also reviewed the applications for collaboration/partnerships, leveraging of other funds, performance measure and outcomes among other criteria.

Manatee County received notification of its FY 2020-21 CDBG, HOME and ESG funding allocation from HUD on February 18, 2020.

- $1,902,977.00 2020-21 Community Development Block Grant Entitlement (CDBG)
- $60,532.00 CDBG Carry-Over Funding from Prior Years (estimated)
- $175,490.40 CDBG-Cares Act (CDBG-CV)
- $663,812.00 2020-21 Home Investment Partnership (HOME)
- $150,000.00 2019-20 HOME Carry-Over Funding
- $164,657.00 2020-21 Emergency Solutions Grant (ESG)
- $3,114,468.40 TOTAL

Briefings were held with the Board on August 7, 2020 and August 10, 2020, to discuss recommended projects. The Board approved the recommended projects for advertisement to the public at the August 11, 2020 Board of County Commissioners meeting.

Based upon the recommendation and available funding, 10 CDBG eligible activities are proposed for funding in the FY 2020-21 HUD Annual Action Plan (See Summary of Annual Action Plan within the Resolution).

Resolution R-20-121 provides for approval and execution of the HUD Grant funds, the Applications for Federal Assistance (SF424s), Certifications required for the submission of the FY 2020-21 HUD Annual Action Plan and Substantial Amendment to the FY 2019-20 HUD Annual Action Plan. Additionally, staff is seeking authorization for the Chairman to execute the HUD Grant Agreements upon receipt from HUD.
Resolution B-20-101 provides for the amendment to the annual budget for the FY 2019-20 CDBG Carry-Over Funding from prior years, and CDBG-CV.

A budget amendment to increase revenues and expenditures will be on a future Board Agenda, after HUD has accepted the FY 2020-21 HUD Annual Action Plan and receipt of the HUD Grant Agreements.

2017-22 Consolidated Plan (Resolution R-17-083)

24 CFR 5.110, HUD may, upon a determination of good cause and subject to statutory limitations, waive regulatory provisions.
Additional regulatory waiver authority is provided in 24 CFR 91.600. These regulatory provisions provide HUD the authority to make waiver determinations for the CDBG, HOME, ESG, CoC, and HOPWA Programs and consolidated planning requirements for all CPD formula programs.

**Background Discussion**

Manatee County is an entitlement community through the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs.

HUD approved Manatee County’s 2017-2022 Consolidated Plan in October of 2017. The five-year Consolidated Plan identified priority needs through an extensive public outreach and engagement effort. Those needs are 1) affordable housing and compliance with fair housing regulations; 2) community development/infrastructure; 3) social/public services; and 4) economic development. The priority needs are to be addressed through the funding of specific projects and activities in each year’s Action Plan.

In preparation for the FY 2020/21 CDBG funding cycle, public meetings were held on February 18 and 21, 2020, and a grant application workshop was held on March 6, 2020 with interested organizations. Applications for funding were due on April 10, 2020. Due to COVID-19 and the need to reprioritize department activities, the review of the applications was placed on hold.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES) was signed into law and appropriated supplemental CDBG and ESG funds, known as CDBG-CV and ESG-CV. On April 2, 2020, HUD announced the allocation of CDBG-CV and the first allocation of ESG-CV to Manatee County. On April 9, 2020, HUD issued a memo outlining the availability to submit the FY 2020/21 Annual Action Plan late. On May 5, 2020, the Board of County Commissioners approved a substantial
amendment that appropriated CDBG-CV and the first allocation of ESG-CV.

In June 2020, staff conducted a completeness review of all grant applications received by the deadline to ensure they met the threshold requirements identified in the application. Unlike in prior years, a review committee of staff rather than community members was comprised due to COVID-19. Staff reviewed each application based upon the priority needs, goals, strategies identified in the five-year Consolidated Plan, CARES Act funding, the projects funded through the May 5, 2020 Substantial Amendment, and the needs and gaps for on-going response to COVID-19. In addition, staff also reviewed the applications for collaboration/partnerships, leveraging of other funds, performance measure and outcomes among other criteria.

Manatee County received notification of its FY 2020/21 CDBG, HOME and ESG funding allocation from HUD. CDBG is $1,902,977; HOME is $660,812 and ESG is $164,657. Additionally, there is an estimated $60,532.00 in CDBG Carry-Over funding from prior years, $150,000 in HOME Carry-Over funding from prior years, and $175,490.40 in CDBG-CV funding to allocate.

- $1,902,977.00 2020/21 Community Development Block Grant Entitlement (CDBG)
- $ 60,532.00 CDBG Carry-Over Funding from Prior Years (estimated)
- $ 175,490.40 CDBG-Cares Act (CDBG-CV)
- $ 660,812.00 2020/21 Home Investment Partnership (HOME)
- $ 150,000.00 2019/20 HOME Carry-Over Funding
- $ 164,657.00 2020/21 Emergency Solutions Grant (ESG)
- $3,114,468.40 TOTAL

Based upon the recommendation and available funding, 10 CDBG eligible activities are proposed for funding in the FY 2020/21 Annual Action Plan (See attachment).
Upon Board approval of the proposed projects and activities for inclusion into the Action Plan, the draft Plan will be finalized, and the 30-day public comment period commencing on August 28th will be advertised.

The FY 2020/21 Annual Action Plan will be scheduled for a public hearing and approval at the Board’s September 29th Board of County Commissioners Meeting. As outlined in the April 9, 2020 HUD memo, the Action Plan is due to HUD no later than August 15, 2021. The FY 2020/21 Annual Action Plan will be submitted to HUD in October 2020.

Background Discussion
Manatee County is an entitlement community through the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs. In order to receive HUD funding, Manatee County must have an approved Citizen Participation Plan, a 5-Year Consolidated Plan, and an approved Annual Action Plan.
Plan for each of the years that funding will be received.

Manatee County’s Citizen Participation Plan and 2017-2022 Consolidated Plan was approved on July 25, 2017. Over the past few years the Board of County Commissioners has approved the 2018/19 Annual Action Plan on July 24, 2018, and the 2019/20 Annual Action Plan on July 24, 2019.

A substantial amendment to the above referenced Plans is necessary to:

- Amend to the Citizen Participation Plan to include virtual hearings as an allowed method for citizen participation and includes provisions relative to Consolidated Plan citizen participation, Community Development Block Grant, HOME Investment Partnership (HOME) and Emergency Solutions Grant waivers made available under the Coronavirus Aid, Relief, and Economic Security (CARES) Act.
- Amend the 2017-2020 Consolidated Plan to add Disaster Response to the Priority Needs and strategies.
- Change previously approved CDBG and HOME activities and budget to activities to prevent, prepare and respond to coronavirus pandemic (COVID-19).
- To receive and allocate supplemental allocation of ESG and CDBG funds as authorized by the Coronavirus Aid, Relief, and Economic Security Act (CARES), Public Law 116-136, known as CDBG-CV and ESG-CV.

In development of the use of the grant funds consideration and prioritization was given to the needs of low- and moderate-income persons and the development of partnerships with the private nonprofit sector. Coordination with the Department of Public Safety, Division of Emergency Management was undertaken in identification of activity to support the local pandemic response. Citizen Participation Plan

Statement of Purpose

Manatee County recognizes that citizen participation is a very important part of the consolidated planning process. To better guide the County’s outreach in gaining citizen input, the County has developed a Citizen Participation Plan. The Manatee County Citizen Participation Plan is designed to create opportunities for citizens to be involved in the development of the Consolidate Plan, Annual Action Plans, the implementation of Substantial Amendments, Assessment of Fair Housing (AFH), and the Consolidated Annual Performance and Evaluation Report (CAPER). These plans and documents are required in order to keep compliance with federal regulations related to the Community Development Block Grant (CDBG), HOME Investment Partnerships, and Emergency Solutions Grant (ESG) programs.

INTRODUCTION

In accordance with 24 CFR Section 91.105, the Manatee County Redevelopment and Economic Opportunity (REO) Department has prepared a Citizen Participation Plan to explain the opportunity all residents have to participate in the process of preparing the Consolidated Plan. The Manatee County Redevelopment and Economic Opportunity Department is responsible for administering the Citizen Participation Plan.

The overall goal of the Consolidated Plan is to utilize federal, state and local funding in a coordinated manner to promote the development of viable communities. Viable communities are described as meeting the residents’ needs in regards to affordable and decent housing, a safe and suitable living environment, and adequate economic opportunities particularly for low- and moderate-income persons.

Citizen participation will be encouraged during development of the Consolidated Plan, Annual Action Plans, any Substantial Amendments, AFH, and the CAPER, by providing notice to residents and local organizations through various media methods.

The Citizen Participation Plan sets forth the policies to be used for citizen participation and outlines the procedures to be used to encourage the participation of all Manatee County residents – especially residents who are low-income, minorities, non-English speaking, disabled, and persons with HIV/ AIDS.

The BOCC shall hold a minimum of one public hearing for public input on any Substantial Amendments. In the event that Manatee County is closed to the public, virtual public meetings and hearings may be used instead. Check www.mymanatee.org for notices of all public meetings, including virtual hearings. Virtual hearings will be used in lieu of in-person hearing if national or local health authorities recommend social distancing and limit public gatherings for public health reasons. Prior to amending its Consolidated Plan for a new activity or a substantial change, the County will publish a notice of the substantial change in a newspaper of general circulation, on the County’s website at www.mymanatee.org and in any widely disseminated smaller publications serving low- and moderate-income persons or special needs populations no less than 10 days prior to the hearing date to notify the public of their opportunity to attend the hearing and provide comment. When a smaller publication serving low- and moderate-income persons or special needs population is not available, the notice in the newspaper of general circulation will include a Spanish language notice.

COMMENT PERIOD

The public shall be given an opportunity to comment on any Substantial Amendments made to the County’s Consolidated Plan or Annual Action Plan. After proper notice is given, a 30-day public review period will be required to obtain public comment prior to BOCC approval.

Copies of the draft Substantial Amendments will be made available for review by the Redevelopment and Economic Opportunity Department and on the County’s website at www.mymanatee.org. Copies of the Substantial Amendments will be made available to interested citizens and organizations upon request.

***For HOME funding under FY 2020-2021 and earlier and CDBG funding under FY 2019-2020, FY 2020-2021, and the Coronavirus Aid, Relief, and Economic Security Act or CARES Act, Manatee County may provide a 5-day notice of proposed substantial amendments beginning April 24, 2020 as allowed under a HUD waiver.

***Special ESG funding under the CARES Act referred to as ESG-CV to address the COVID-19 pandemic does not apply to citizen participation requirements that would otherwise apply to ESG funds; however, the County will publish how the ESG-CV funding has or will be used on Manatee County website at www.mymanatee.org.

Performance Reports

Each year the County will issue a Performance Report showing the progress it has made in carrying out its Strategic Plan and Action Plan.

The Performance Report, or the Consolidated Annual Performance and Evaluation Report (CAPER), will include a description of the resources available, the investment of those resources, where those resources were spent geographically, persons assisted (including the racial and ethnic status of persons assisted), actions taken to further fair housing, and other actions indicated in the Strategic Plan and Action Plan. The County must send HUD a CAPER
by December 30 or within 90 days of the close of the program year. Manatee County’s program year begins on October 1 and ends on September 30.

PUBLIC HEARINGS
The County will hold a minimum of one public hearing with the BOCC to consider any comments or views of citizens in relation to the published CAPER. A public notice shall be published in a local newspaper and on the County’s website at www.mymanatee.org no less than 10 days prior to the hearing date to notify the public of their opportunity to attend the hearing and provide comment.

COMMENT PERIOD
The County will receive comments and make all CAPERs available to the public at least 15 days prior to submission to HUD. The County will consider any comments or views of citizens received in writing or orally at public hearings in preparing the final version of CAPERs.

A summary of these comments will be attached to the Performance Report, upon completion of the final version to be submitted to HUD. HUD conducts a 30-day review of the CAPER after submission.

Copies of the draft CAPER will be made available for viewing by the Redevelopment and Economic Opportunity Department and located on the County’s website at www.mymanatee.org. Electronic copies of the CAPER will be provided to interested citizens and organizations, upon request.

Assessment of Fair Housing (AFH)

PUBLIC HEARINGS
In accordance with the Department of Housing and Urban Development (HUD) requirements, a minimum of one public hearing shall be held for public input for the AFH, prior to the draft document being made available for 30-day public comment. An additional public hearing shall be held within the noticed 30-day public comment period and prior to approval by the Board of County Commissioners.

PUBLIC NOTICE
The County will publish a notice of availability of the AFH for public review in a newspaper of general circulation, on the County’s website at www.mymanatee.org and in any widely disseminated smaller publications serving low- and moderate-income persons or special needs populations. The date of publication will be the beginning of a 30-day public comment period at the end of which a public hearing on the AFH will also be held.

The notice of availability shall include a summary of the AFH. The summary will describe the contents and purpose of the AFH, and will include a list of locations where copies of the entire AFH may be examined.

The summary will describe the contents and purpose of the AFH, and will include a list of locations where copies of the entire proposed AFH may be examined.

COMMENT PERIOD
Prior to the BOCC’s approval of the AFH, a 30-day public comment period shall be held as required by HUD.
The County shall publish a draft of the AFH to be available during the 30-day comment period so that citizens have an opportunity to review the AFH prior to approval and submission to HUD. During the 30-day comment period, the Redevelopment and Economic Opportunity Department will receive written comments on the AFH from the public and will later include those comments and the County’s responses in the final publication of the AFH.

Copies of the draft AFH will be available for review at the Central Library, South Manatee and Palmetto Branches of the Manatee County Public Library System. Upon request, the Redevelopment and Economic Opportunity Department of Manatee County will provide a reasonable number of additional copies to citizens and groups.

The Manatee County BOCC, as the elected authority of the citizens of Manatee County, has responsibility for the AFH. All public comments shall be reviewed and taken into consideration by the Board. The BOCC authorizes final publication of the AFH as well as their submission to HUD.

**SUBMISSION OF PLAN**

Following approval by the BOCC, the AFH will be submitted to HUD.

**Consultation**

During the development of the AFH and/or Consolidated Plan Year Manatee County will make every effort to consult with other public and private agencies that provide assisted housing, health services, and social services, including those focusing on services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons. The agencies may include local Public Housing Authorities and the local Continuum of Care. Manatee County shall also consult with community-based and regionally-based organizations that represent protected class members and organizations that enforce fair housing laws when preparing both the AFH and the Consolidated Plan.

Consultation will also include coordination with regional government agencies in addition to adjacent units of general local government and local government agencies. This includes local government agencies with metropolitan-wide planning and transportation responsibilities.

Background Discussion
- Manatee County is an entitlement community through the U.S. Department of
  Housing and Urban Development (HUD) for the Community Development
  Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency
  Solutions Grant (ESG) programs.
- In order to receive HUD funding, the County must have a HUD approved
  5-Year Consolidated Plan that focuses heavily on affirmatively furthering fair
  housing and an approved Annual Action Plan for each of the 5 years covered
  under the Consolidated Plan, that identifies specific projects and budgets to be
  carried out during the program year. The 2017-2022 Consolidated Plan was
  approved by the Board on July 25, 2017.
- The public was offered 2 community outreach opportunities to provide input on
  unmet County needs: Summertime Outreach Meeting on February 11, 2019, and the
  CDBG Focus Group Meeting on February 22, 2019. The public was also
  offered the opportunity to provide input during the May 21, 2019, Board of
County Commission Meeting, the 30-day comment period, and the July 23, 2019, public hearing.

- A grant application workshop was held on February 25, 2019, with nonprofit agencies interested in obtaining grant funding.
- Grant applications were due to the County on March 22, 2019.
- Staff conducted a threshold review of all grant applications received by the deadline, and passed the applications on to a review committee comprised of four individuals. The committee reviewed and ranked each application based upon the priority needs that were identified in the 2017-22 Consolidated Plan.
- Manatee County’s funding allocation notification was received from HUD on April 23, 2019, which will be $1,873,924 in CDBG, $623,566 in HOME, and $160,459 in ESG for the 2019-20 program year.
- Briefings were held with the Board from May 15, 2019, through May 20, 2019, to discuss review committee/staff recommended CDBG projects. The Board approved the recommended projects for advertisement to the public at the May 21, 2019, Board of County Commissioners meeting.
- Based upon the committee ranking and available funding, 15 CDBG/HOME/ESG activities are proposed in the 2019-20 Action Plan:

**Community Development Block Grant**

1. **Manatee County Habitat for Humanity/Peilin Gardens Infrastructure Project - $780,000.00 ($690,006.00 plus $150,094.00 of carry-over funding from prior years)** Construct infrastructure to serve a 16-unit affordable housing development in the Samoset West R/ECAP.

Enabling/Regulating Authority
24 CFR Part 91 (Consolidated Plan and Citizen Participation Plan regulation)
2017-22 Consolidated Plan (Resolution R-17-083)

24 CFR 5.110, HUD may, upon a determination of good cause and subject to statutory limitations, waive regulatory provisions. Additional regulatory waiver authority is provided in 24 CFR 91.600. These regulatory provisions provide HUD the authority to make waiver determinations for the CDBG, HOME, ESG, CoC, and HOPWA Programs and consolidated planning requirements for all CPD formula programs.

Background Discussion
Manatee County is an entitlement community through the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs.

HUD approved Manatee County’s 2017-2022 Consolidated Plan in October of 2017. The five-year...
Consolidated Plan identified priority needs through an extensive public outreach and engagement effort. Those needs are: 1) affordable housing and compliance with fair housing regulations; 2) community development/infrastructure; 3) social/public services; 4) economic development and 5) emergency/disaster response. The priority needs are to be addressed through the funding of specific projects and activities in each year’s Action Plan.

In preparation for the FY 2020-21 HUD Annual Action Plan funding cycle, public meetings were held on February 18 and 21, 2020, and a grant application workshop was held on March 6, 2020 with interested organizations. Applications for funding were due on April 10, 2020. Due to COVID-19 and the need to reprioritize department activities, the review of the applications was placed on hold.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES) was signed into law and appropriated supplemental CDBG and ESG funds, known as CDBG-CV and ESG-CV. On April 2, 2020, HUD announced the allocation of CDBG-CV and the first allocation of ESG-CV to Manatee County. On April 9, 2020, HUD issued a memo outlining the availability to submit the FY 2020-21 HUD Annual Action Plan late. On May 5, 2020, the Board of County Commissioners approved a substantial amendment that appropriated CDBG-CV and the first allocation of ESG-CV.

In June 2020, staff conducted a completeness review of all grant applications received by the deadline to ensure they met the threshold requirements identified in the application. Unlike in prior years, a review committee of staff rather than community members was comprised due to COVID-19. Staff reviewed each application based upon the priority needs, goals, strategies identified in the five-year Consolidated Plan, CARES Act funding, the projects funded through the May 5, 2020 Substantial Amendment, and the needs and gaps for on-going response to COVID-19. In addition, staff also reviewed the applications for collaboration/partnerships, leveraging of other funds, performance measure and outcomes among other criteria.

Manatee County received notification of its FY 2020-21 CDBG, HOME and ESG funding allocation from HUD on February 18, 2020.

- $1,902,977.00 2020-21 Community Development Block Grant Entitlement (CDBG)
- $60,532.00 CDBG Carry-Over Funding from Prior Years (estimated)
- $173,490.40 CDBG-Cares Act (CDBG-CV)
- $663,812.00 2020-21 Home Investment Partnership (HOME)
- $159,000.00 2019-20 HOME Carry-Over Funding
- $164,657.00 2020-21 Emergency Solutions Grant (ESG)
- $3,114,468.40 TOTAL

Briefings were held with the Board on August 7, 2020 and August 10, 2020, to discuss recommended projects. The Board approved the recommended projects for advertisement to the public at the August 11, 2020 Board of County Commissioners meeting.

Based upon the recommendation and available funding, 10 CDBG eligible activities are proposed for funding in the FY 2020-21 HUD Annual Action Plan (See Summary of Annual Action Plan within the Resolution).

Resolution R-20-121 provides for approval and execution of the HUD Grant funds, the Applications for Federal Assistance (SF424s), Certifications required for the submission of the FY 2020-21 HUD Annual Action Plan and Substantial Amendment to the FY 2019-20 HUD Annual Action Plan. Additionally, staff is seeking authorization for the Chairman to execute the HUD Grant Agreements upon receipt from HUD.
Resolution B-20-101 provides for the amendment to the annual budget for the FY 2019-20 CDBG Carry-Over Funding from prior years, and CDBG-CV.

A budget amendment to increase revenues and expenditures will be on a future Board Agenda, after HUD has accepted the FY 2020-21 HUD Annual Action Plan and receipt of the HUD Grant Agreements.

**Background Discussion**

Manatee County is an entitlement community through the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs.

HUD approved Manatee County’s 2017-2022 Consolidated Plan in October of 2017. The five-year Consolidated Plan identified priority needs through an extensive public outreach and engagement effort. Those needs are 1) affordable housing and compliance with fair housing regulations; 2) community development/infrastructure; 3) social/public services; and 4) economic development. The priority needs are to be addressed through the funding of specific projects and activities in each year’s Action Plan.

In preparation for the FY 2020/21 CDBG funding cycle, public meetings were held on February 18 and 21, 2020, and a grant application workshop was held on March 6, 2020 with interested organizations. Applications for funding were due on April 10, 2020. Due to COVID-19 and the need to reprioritize department activities, the review of the applications was placed on hold.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES) was signed into law and appropriated supplemental CDBG and ESG funds, known as CDBG-CV and ESG-CV. On April 2, 2020, HUD announced the allocation of CDBG-CV and the first allocation of ESG-CV to Manatee County. On April 9, 2020, HUD issued a memo outlining the availability to submit the FY 2020/21 Annual Action Plan late. On May 5, 2020, the Board of County Commissioners approved a substantial
amendment that appropriated CDBG-CV and the first allocation of ESG-CV.

In June 2020, staff conducted a completeness review of all grant applications received by the deadline to ensure they met the threshold requirements identified in the application. Unlike in prior years, a review committee of staff rather than community members was comprised due to COVID-19. Staff reviewed each application based upon the priority needs, goals, strategies identified in the five-year Consolidated Plan, CARES Act funding, the projects funded through the May 5, 2020 Substantial Amendment, and the needs and gaps for on-going response to COVID-19. In addition, staff also reviewed the applications for collaboration/partnerships, leveraging of other funds, performance measure and outcomes among other criteria.

Manatee County received notification of its FY 2020/21 CDBG, HOME and ESG funding allocation from HUD. CDBG is $1,902,977; HOME is $660,812 and ESG is $164,657. Additionally, there is an estimated $60,532.00 in CDBG Carry-Over funding from prior years, $150,000 in HOME Carry-Over funding from prior years, and $175,490.40 in CDBG-CV funding to allocate.

- $1,902,977.00  2020/21 Community Development Block Grant Entitlement (CDBG)
- $  60,532.00  CDBG Carry-Over Funding from Prior Years (estimated)
- $  175,490.40  CDBG-Cares Act (CDBG-CV)
- $  660,812.00  2020/21 Home Investment Partnership (HOME)
- $  150,000.00  2019/20 HOME Carry-Over Funding
- $  164,657.00  2020/21 Emergency Solutions Grant (ESG)
- $3,114,468.40  TOTAL

Based upon the recommendation and available funding, 10 CDBG eligible activities are proposed for funding in the FY 2020/21 Annual Action Plan (See attachment).
Upon Board approval of the proposed projects and activities for inclusion into the Action Plan, the draft Plan will be finalized, and the 30-day public comment period commencing on August 28th will be advertised.

The FY 2020/21 Annual Action Plan will be scheduled for a public hearing and approval at the Board’s September 29th Board of County Commissioners Meeting. As outlined in the April 9, 2020 HUD memo, the Action Plan is due to HUD no later than August 15, 2021. The FY 2020/21 Annual Action Plan will be submitted to HUD in October 2020.

Background Discussion
Manatee County is an entitlement community through the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs. In order to receive HUD funding, Manatee County must have an approved Citizen Participation Plan, a 5-Year Consolidated Plan, and an approved Annual Action Plan.
Plan for each of the years that funding will be received.

Manatee County's Citizen Participation Plan and 2017-2022 Consolidated Plan was approved on July 25, 2017. Over the past few years the Board of County Commissioners has approved the 2018/19 Annual Action Plan on July 24, 2018, and the 2019/20 Annual Action Plan on July 24, 2019.

A substantial amendment to the above referenced Plans is necessary to:

- Amend to the Citizen Participation Plan to include virtual hearings as an allowed method for citizen participation and includes provisions relative to Consolidated Plan citizen participation, Community Development Block Grant, HOME Investment Partnership (HOME) and Emergency Solutions Grant waivers made available under the Coronavirus Aid, Relief, and Economic Security (CARES) Act.
- Amend the 2017-2020 Consolidated Plan to add Disaster Response to the Priority Needs and strategies.
- Change previously approved CDBG and HOME activities and budget to activities to prevent, prepare and respond to coronavirus pandemic (COVID-19).
- To receive and allocate supplemental allocation of ESG and CDBG funds as authorized by the Coronavirus Aid, Relief, and Economic Security Act (CARES), Public Law 116-136, known as CDBG-CV and ESG-CV.

In development of the use of the grant funds consideration and prioritization was given to the needs of low- and moderate-income persons and the development of partnerships with the private nonprofit sector. Coordination with the Department of Public Safety, Division of Emergency Management was undertaken in identification of activity to support the local pandemic response. Citizen Participation Plan

Statement of Purpose

Manatee County recognizes that citizen participation is a very important part of the consolidated planning process. To better guide the County’s outreach in gaining citizen input, the County has developed a Citizen Participation Plan. The Manatee County Citizen Participation Plan is designed to create opportunities for citizens to be involved in the development of the Consolidate Plan, Annual Action Plans, the implementation of Substantial Amendments, Assessment of Fair Housing (AFH), and the Consolidated Annual Performance and Evaluation Report (CAPER). These plans and documents are required in order to keep compliance with federal regulations related to the Community Development Block Grant (CDBG), HOME Investment Partnerships, and Emergency Solutions Grant (ESG) programs.

INTRODUCTION

In accordance with 24 CFR Section 91.105, the Manatee County Redevelopment and Economic Opportunity (REO) Department has prepared a Citizen Participation Plan to explain the opportunity all residents have to participate in the process of preparing the Consolidated Plan. The Manatee County Redevelopment and Economic Opportunity Department is responsible for administering the Citizen Participation Plan.

The overall goal of the Consolidated Plan is to utilize federal, state and local funding in a coordinated manner to promote the development of viable communities. Viable communities are described as meeting the residents’ needs in regards to affordable and decent housing, a safe and suitable living environment, and adequate economic opportunities particularly for low- and moderate-income persons.

Citizen participation will be encouraged during development of the Consolidated Plan, Annual Action Plans, any Substantial Amendments, AFH, and the CAPER, by providing notice to residents and local organizations through various media methods.

The Citizen Participation Plan sets forth the policies to be used for citizen participation and outlines the procedures to be used to encourage the participation of all Manatee County residents – especially residents who are low-income, minorities, non-English speaking, disabled, and persons with HIV/AIDS.

An additional public hearing shall be held within the noticed 30-day public comment period and prior to approval by the Board of County Commissioners.

PUBLIC NOTICE
The County will publish a notice of availability of the AFH for public review in a newspaper of general circulation, on the County’s website at www.mymanatee.org and in any widely disseminated smaller publications serving low- and moderate-income persons or special needs populations. COMMENT PERIOD
Prior to the BOCC’s approval of the AFH, a 30-day public comment period shall be held as required by HUD.
The County shall publish a draft of the AFH to be available during the 30-day comment period so that citizens have an opportunity to review the AFH prior to approval and submission to HUD. During the 30-day comment period, the Redevelopment and Economic Opportunity Department will receive written comments on the AFH from the public and will later include those comments and the County’s responses in the final publication of the AFH.

Copies of the draft AFH will be available for review at the Central Library, South Manatee and Palmetto Branches of the Manatee County Public Library System. Upon request, the Redevelopment and Economic Opportunity Department of Manatee County will provide a reasonable number of additional copies to citizens and groups.

The Nanatee County BOCC, as the elected authority of the citizens of Manatee County, has responsibility for the AFH. All public comments shall be reviewed and taken into consideration by the Board. The BOCC authorizes final publication of the AFH as well as their submission to HUD.

SUBMISSION OF PLAN
Following approval by the BOCC, the AFH will be submitted to HUD.

Consultation
During the development of the AFH and/or Consolidated Plan Year Manatee County will make every effort to consult with other public and private agencies that provide assisted housing, health services, and social services, including those focusing on services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons. The agencies may include local Public Housing Authorities and the local Continuum of Care. Manatee County shall also consult with community-based and regionally-based organizations that represent protected class members and organizations that enforce fair housing laws when preparing both the AFH and the Consolidated Plan.

Consultation will also include coordination with regional government agencies in addition to adjacent units of general local government and local government agencies. This includes local government agencies with metropolitan-wide planning and transportation responsibilities.

Background Discussion

- Manatee County is an entitlement community through the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs.
- In order to receive HUD funding, the County must have a HUD approved 5-Year Consolidated Plan that focuses heavily on affirmatively furthering fair housing and an approved Annual Action Plan for each of the 5 years covered under the Consolidated Plan, that identifies specific projects and budgets to be carried out during the program year. The 2017-2022 Consolidated Plan was approved by the Board on July 25, 2017.
- The public was offered 2 community outreach opportunities to provide input on unmet County needs: Sansost Outreach Meeting on February 11, 2019, and the CDBG Focus Group Meeting on February 22, 2019. The public was also offered the opportunity to provide input during the May 21, 2019, Board of
County Commission Meeting, the 30-day comment period, and the July 23, 2019, public hearing.

- A grant application workshop was held on February 25, 2019, with nonprofit agencies interested in obtaining grant funding.
- Grant applications were due to the County on March 22, 2019.
- Staff conducted a threshold review of all grant applications received by the deadline, and passed the applications on to a review committee comprised of four individuals. The committee reviewed and ranked each application based upon the priority needs that were identified in the 2017-22 Consolidated Plan.
- Manatee County’s funding allocation notification was received from HUD on April 23, 2019, which will be $1,873,924 in CDBG, $623,566 in HOME, and $160,459 in ESG for the 2019-20 program year.
- Briefings were held with the Board from May 15, 2019, through May 20, 2019, to discuss review committee/staff recommended CDBG projects. The Board approved the recommended projects for advertisement to the public at the May 21, 2019, Board of County Commissioners meeting.
- Based upon the committee ranking and available funding, 15 CDBG/HOME/ESG activities are proposed in the 2019-20 Action Plan:

### Community Development Block Grant

Section VI.2 For each fair housing issue with significant contributing factors identified in Question 1, set one or more goals. Explain how each goal is designed to overcome the identified contributing factor and related fair housing issue(s). For goals designed to overcome more than one fair housing issue, explain how the goal will overcome each issue and the related contributing factors. For each goal, identify metrics and milestones for determining what fair housing results will be achieved, and indicate the timeframe for achievement.

**ADDENDUM RESPONSE:**

**Fair Housing Goals and Priorities**

As a product of the Fair Housing Assessment process, the following eight (8) goals and priorities were developed to address Fair Housing in Manatee County (see Table 20). These goals and priorities were informed by the community participation process and input from service providers, Manatee County staff, Manatee County Housing Authority staff, and the Board of County Commissioners. Goals are prioritized from Goal 1 being of the highest priority to Goal 8 being of lower priority.

**Discussion**

Contributing factors include higher levels of poverty and lower levels of educational attainment, income, and language proficiency in R/ECAP Census Tracts when compared to Manatee County as whole, resulting in a lack of economic opportunity for persons living in R/ECAPs that limits housing choice. The analysis identified segregated areas and R/ECAPs generally lack access to opportunity. Additionally, publicly supported housing is predominantly located in these areas. Generally, there is a lack of businesses, jobs, and necessary services in these segregated/high poverty areas. The lack of community revitalization strategies has been selected as a contributing factor of priority affecting the fair housing issues.

| **Discussion** | GIS mapping show clear areas of segregation within Manatee County. Some areas of segregation also experience high levels of poverty. The County’s current R/ECAPs are located near the City of Bradenton. The northern R/ECAP is located southeast of downtown Bradenton, between 1st St./U.S. 41 and 15th St. E. (south of U.S. 301 and north of 44th Ave. E./Cortez Rd.). The southern R/ECAP is located south of Bradenton, between 14th St. W. and 15th St. E. (south of 53rd Ave. E. and north of 63rd Ave. E.). In addition, the County has other neighborhoods that experience high levels of segregation and poverty than other areas of Manatee County. |

**Discussion**
Contributing factors indicate a lack of outreach and education materials available and the absence of a fair housing department or agency with a primary of focus on fair housing issues and outreach. Currently, there is no enforcement, investigation, or conciliation of the Manatee County Fair Housing Ordinance and it is unclear who the responsible Authority is for enforcing the ordinance. Presently, all complainants are referred to the HUD Atlanta office and the Florida Commission on Human Relations, and therefore are not monitored locally. Through outreach and data collection uncertainty regarding a complaint procedure and “who to call” when faced with a housing discrimination issue was prevalent. In addition, educating landlords, lenders, and the real estate community were also identified as needs. Lack of outreach and education materials available; absence of a fair housing department or agency with a primary of focus on fair housing issues and outreach.

| Discussion | Contributing factors of disparities in access to opportunity include poverty rates, low educational attainment, limited English language proficiency, and unemployment. Other factors include lack of access to job training, child care services, and other services that would assist in obtaining employment. These factors combined limit access to economic opportunity. Lack of income, poor credit history, and lack of financial knowledge, debt-to-income ratio, and employment history are common causes of denial of loan applications among racial/ethnic minority populations. Services and education are needed for lower income racial/ethnic minority households related to financial literacy. According to poverty rates, racial/ethnic minority populations are more likely to experience poverty. More stringent financing requirements have emerged from lending institutions, such as the requirement for a credit score of 620 or higher, 3 lines of credit, and restrictive underwriting practices, resulting in the inability to obtain a mortgage. Inadequate financial literacy education. Without proper financial literacy education, residents may continue to make poor financial decisions. There is an overall disparity of loan origination among racial groups. |

Presently, all complainants are referred to the Atlanta HUD office and the Florida Commission on Human Relations. | Discussion | Contributing factors reveal a lack of basic accessibility features (such as an entrance with no steps or homes with no stairs and/or elevators) in older housing developments and the lack of regular inspection and code enforcement of rental housing affordable to persons with a disability. A common cause for poverty is the lack of access to opportunity, low educational attainment, and unemployment. Job training, child care services, and other services are needed to assist households with obtaining employment. When looking at poverty rates, racial/ethnic minority populations are more likely to experience poverty. Limited income is a major factor that prevents many residents from exercising their choice in housing. |
Manatee County, Black/African-American and Hispanic households and other protected class groups display higher percentages of lower incomes than other households. Lower educational attainment among certain racial/ethnic minority groups; lack of economic opportunity; and limited language proficiency.
The Community Coalition on Homelessness dba Turning Points operates a homelessness prevention and stabilization program called the Transitional Development Program. For the purposes of the Emergency Solutions Grant, this program will focus the majority of funding on assisting individuals and families into housing or rapidly re-housing clients. The remaining funding is budgeted for the prevention of homelessness by utilizing financial assistance for eligible clients who are at risk of becoming homeless with services they may require to stay housed and to achieve financial stability. (2) Security deposits. ESG funds may pay for a security deposit that is equal to no more than 2 months' rent.

(3) Last month's rent. If necessary to obtain housing for a program participant, the last month's rent may be paid from ESG funds to the owner of that housing at the time the owner is paid the security deposit and the first month's rent. This assistance must not exceed one month's rent and must be included in calculating the program participant's total rental assistance, which cannot exceed 12 months.

(4) Utility deposits. ESG funds may pay for a standard utility deposit required by the utility company for all customers for the utilities listed in paragraph (5) of this section.

(5) Utility payments. ESG funds may pay for up to 6 months of utility payments per program participant, per service, including up to 6 months of utility payments in arrears, per service. A partial payment of a utility bill counts as one month. This assistance may only be provided if the program participant or a member of the same household has an account in his or her name with a utility company or proof of responsibility to make utility payments. Eligible utility services are gas, electric, water, and sewage. No program participant shall receive more than 6 months of utility assistance within a one year period.

(6) Moving costs. ESG funds may pay for moving costs, such as truck rental or hiring a moving company. This assistance may include payment of temporary storage fees for up to 3 months, provided that the fees are accrued after the date the program participant begins receiving assistance under paragraph (b) of this section and before the program participant moves into permanent housing. Payment of temporary storage fees in arrears is not eligible. Clients will be eligible for payment of moving costs for one time only and circumstances must be non-voluntary.
b) Services costs. ESG funds may be used to pay the costs of providing the following services:

   (vii) Assistance with obtaining utilities and making moving arrangements; and
   (viii) Tenant counseling.

(2) Mediation. ESG funds may pay for mediation between the program participant and the owner or person(s) with whom the program participant is living, provided that the mediation is necessary to prevent the program participant from losing permanent housing in which the program participant currently resides.

(3) Legal services. ESG funds may pay for legal services, except that the eligible subject matters also include landlord/tenant matters, and the services must be necessary to resolve a legal problem that prohibits the program participant from obtaining permanent housing or will likely result in the program participant losing the permanent housing in which the program participant currently resides.

e) Use with other subsidies. Financial assistance under paragraph (a) of this section cannot be provided to a program participant who is receiving the same type of assistance through other public sources.

d) Determination of length of client participation

ESG funds will be used to assist eligible applicants with short term and medium term rental assistance not to exceed 18 months. The length of assistance will be mutually agreed upon with the applicant and clearly identified in their individual action plan. All payments will be calculated to be completed by the end of the ESG grant period, unless an extension has been granted. ESG funds may assist applicants with one time payments of rent in arrears not to exceed 3 months of arrears.

e) Determination of type and amount of assistance using Emergency Solutions Grant Funding

Rent assistance will be authorized for families and individuals meeting the eligibility criteria for homelessness prevention aid as identified in 24 CFR 756.2 (definitions) paragraphs 2, 3, and 4. Payments for rent will not exceed $1300 per month. The maximum level of direct financial assistance to be provided to an eligible household with ESG funding will be determined by the parameters of the category of assistance (homelessness prevention or rapid re-housing) the client will be applying for, with no household receiving more than $12,000 in total assistance during the period of the grant. If the client requests additional services following case termination, an intake screening will be completed to determine if client is eligible for any additional service using ESG grant funds.
Application for Assistance: Applicants will apply online for assistance at the Turning Points website (www.tpmanatee.org) or call the coordinated care access CoC agency handling access (currently this is 211) to be screened for eligibility. If eligible for ESG, applications are forwarded by 211 to Turning Points and clients are scheduled to see ESG trained case managers. During an initial consultation and clients get an in depth eligibility assessment with which includes verifying documentation of income and residency. During the consultation the case manager determines eligibility for the ESG program, the type of assistance needed and the appropriate funding source if they do not qualify for ESG.

Applicant Documentation Requirements: All applicants for homelessness prevention and rapid re-housing will be required to provide documentation at intake to establish and verify eligibility for ESG funding based on homeless and financial status. All documentation must be submitted prior to a client receiving any ESG funding. The following documents are required at intake:

1) Verification of income – employment pay stubs, copies of payments received for child support and/or spousal support, payment stubs for TANF, SSI, SSDI, or other public assistance, any other assets
2) Valid legal picture identification (State or Federal) for head of household (applicant), social security cards for all household members that will be housed.
3) Verification of housing status
   Priority for verifying housing status will be first priority for third party documentation, followed by intake worker observation second, and certification from the applicant third.
   Verification must include:

   a) Formal eviction notice if being evicted from a private dwelling. Should be a court order resulting from an eviction action that requires the individual or family to leave their residence within 14 days after the date of their application for homeless assistance; or the equivalent notice under applicable Florida state law, a Notice to Quit, or a Notice to Terminate issued under Florida state law.

   b) Statement describing the reason for eviction if eviction is from an applicant’s family. The statement must be signed by the family member, dated and must be notarized.

   c) If there is no formal eviction process, persons are considered evicted when they are forced out of the dwelling unit by circumstances beyond their control. In those instances, applicants must provide a signed and dated statement describing the circumstances. Case managers will make efforts to confirm that these circumstances are true, documenting these efforts and attesting to their validity. The case management verification should be signed and dated.

RECORD KEEPING

For each individual or family at risk of homelessness who receives Emergency Solutions Grant (ESG) assistance, case managers will ensure records include the evidence relied upon to
establish and verify the individual or family's "homeless or at risk of homelessness" status. Evidence will include an intake and certification form that meets HUD specifications and is completed by the case manager. The evidence must also include:

(1) Income evaluation form containing the minimum requirements specified by HUD and completed by the case manager for the applicant.

(2) Source documents for the assets held by the program participant and income received over the most recent period for which representative data is available before the date of the evaluation (e.g., wage statement, unemployment compensation statement, public benefits statement, bank statement);

(3) To the extent that source documents are unobtainable, a written statement by the relevant third party (e.g., employer, government benefits administrator) or the written certification by the case manager of the oral verification by the relevant third party of the income the program participant received over the most recent period for which representative data is available; or

(4) To the extent that source documents and third party verification are unobtainable, the written certification by the applicant of the amount of income the applicant received for the most recent period representative of the income that the applicant is reasonably expected to receive over the 3-month period following the intake evaluation.

(5) The applicant’s certification on a form specified by HUD that the program participant has insufficient financial resources and support networks; e.g., family, friends, faith-based or other social networks, immediately available to retain housing stability and meets one or more of the conditions under paragraphs of the definition of “at risk of homelessness” in CFR § 376.2;

(6) The most reliable evidence available to show that the applicant does not have sufficient resources or support networks; e.g., family, friends, faith-based or other social networks, immediately available to prevent them from being evicted from their housing. Acceptable records must show:

(A) Source documents (e.g., notice of termination from employment, unemployment compensation statement, bank statement, health-care bill showing arrears, utility bill showing arrears);

(B) To the extent that source documents are unobtainable, a written statement by the relevant third party (e.g., former employer, public administrator, relative) or the written certification by the applicant or case manager of the oral verification by the relevant third party that the applicant meets one or both of the criteria of the definition of “at risk of homelessness” in §376.2; or

(C) To the extent that source documents and third-party verification are unobtainable, a written statement by the case manager describing the efforts taken to obtain the required evidence.
D) Determinations of ineligibility. For each individual and family determined ineligible to receive Emergency Solutions Grant (ESG) assistance, the record will include documentation of the reason for that determination.

(7) Program participant records that document compliance with the applicable requirements for providing services and assistance to that program participant, the services and assistance actually provided to the program participant, including, as applicable, any rental assistance and/or utility payments made on behalf of the program participant, and any eligible activities as directed in the CFRs § 576.101 through §576.106, the provision on determining eligibility and amount and type of assistance at § 576.401(a) and (b), and the provision on using appropriate assistance and services at § 576.401(d) and (e).

COORDINATION OF SERVICES

Turning Points coordinates and integrates Emergency Solutions Grant funded activities with partner agencies and programs in the Continuum of Care that encompasses both Manatee and Sarasota Counties. Homeless service providers are directed to have potential clients use the 211 call system for clients seeking assistance with rent and utility services in Manatee County. The Coalition holds monthly meetings for homeless service providers as well as mainstream service and housing providers to network and share information about funding sources and services available for people who are homeless or at risk of becoming homeless. The primary method for clients to be referred to the appropriate service is by utilizing the 211 call center, the coordinated assessment system of the CoC.

PROCEDURE FOR PRIORITIZING ELIGIBLE APPLICANTS FOR ESG ACTIVITIES

Clients seeking ESG assistance are referred to complete the standardized intake application form through calling 211. Once the completed form has been entered into HMIS, it is printed off in the order in which it is received at Turning Points. Turning Points staff take each day’s application and evaluate it to see if it meets basic eligibility guidelines as described under general eligibility requirements. Those who are not eligible based on the guidelines described will be notified in the preferred method they indicated on the intake form. Those clients that meet basic eligibility are gathered in a group to be contacted. Those eligible applicants that have children in their household will be given priority and will be contacted first for appointments with the case managers out of the group of eligible applicants. Second priority will be given to veterans and applicants with disabilities. Eligible households without children and individuals will then be contacted for any remaining slots available for that day. This procedure will repeat each day, with any households with children that did not get appointments on a previous day being given priority for the next day’s available appointment slots.
