WHEREAS, the State of Florida has recognized in Chapter 94-432, Laws of Florida, as amended, and Chapters 125, 162, and 489, Florida Statutes, that it is necessary in the interest of the public health, safety, and welfare to regulate the construction industry, and, accordingly, has delegated to Manatee County the authority to discipline persons who violate applicable local code provisions pertaining to the activities of licensed and unlicensed contractors, including the authority to suspend and revoke their licenses and to impose monetary fines against such violators; and

WHEREAS, the Board of County Commissioners of Manatee County, Florida, has determined that a single, consolidated construction trades board should be empowered to license contractors and to discipline persons who violate this and other County ordinances pertaining to the activities of licensed contractors to the full extend provided under the aforementioned grant of authority.
NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY
COMMISSIONERS OF MANATEE COUNTY, FLORIDA, AS FOLLOWS:

Section 1. Construction Trades Board Created

There is hereby created the Manatee County Construction Trades Board, hereinafter
referred to as the “Board”.

Section 2. Intent and Purpose

It is the intent and purpose of the Board to promote, protect, and improve the health,
safety, and welfare of the citizens of Manatee County by licensing, imposing administrative fines
and other noncriminal penalties, and to provide an equitable, expeditious, effective and
inexpensive method of enforcing the codes and ordinances in effect in Manatee County where a
pending or repeated violation exists, including, but not limited to, violations of this Ordinance
and the building, plumbing, electrical, gas or mechanical codes and violations of provisions
pertaining to the activities of licensed contractors. The Construction Trades Board has
effectively licensed and regulated licensed contractors since its establishment in 1994 by
providing uniform and fair treatment of licensing and disciplinary actions. The adoption of this
Ordinance is not intended to affect the validity of the actions by the Board or prior Manatee
County Construction Licensing Boards regarding licensing and disciplinary action taken prior to
the effective date of this Ordinance. One purpose of this Ordinance is to correct clerical errors
and to amend a number of existing provisions to better protect the health, safety and welfare of
county citizens. Another purpose is to consolidate these changes with the provisions of
Ordinance 14-08 and other prior amendments to provide a single Ordinance which is easier for
the Board, staff and the public to reference. It is the further intent of the Board of County
Commissioners of Manatee County that the Construction Trades Board be a local licensing Board and local construction regulation board for the purpose of Chapter 489, Florida Statutes.

(2) Knowingly giving false or forged evidence to the Board or misrepresentation of any material fact in the application for a Certificate of Competency, Certificate renewal, planning or other County approval for a permit.

(3) Failing to qualify a firm, or acting in the capacity of a contractor under the name other than the name of the Certificate holder set forth in the issued Certificate or registration.

(4) Abandoning a construction project in which the contractor is engaged or under contract as a contractor. A project may be presumed abandoned after ninety (90) days if the contractor terminates the project without just cause or without proper notification to the owner, including the reason for the termination, or fails to perform work without just cause for ninety (90) consecutive days.

(5) Committing of mismanagement or misconduct in the practice of contracting that causes financial harm to a customer. Financial mismanagement or misconduct occurs when:

   (a) Valid liens have been recorded against the property of a contractor’s customer for supplies or services ordered by the contractor for the customer’s job; the contractor has received funds from the customer to pay for the supplies or services; and the contractor has not had the liens removed from the property, by payment or by bond, within seventy-five (75) days after the date of such liens; or

   (b) The contract has abandoned a customer’s job and the percentage of completion is less than the percentage of the total contract price paid to the contractor as of the time of abandonment, unless the contractor is entitled to retain such funds under the terms of the contract or refunds the excess fund within thirty (30) days after the date the job is abandoned; or

   (c) The contractor’s job has been completed; and it is shown that the customer has had to pay more for the contracted job than the original contract price, as adjusted for subsequent change orders, unless such increase in cost was the result of circumstances beyond the control of the contractor, or was otherwise permitted by the terms of the contract between the contractor and the customer.

(6) Departing from the approved plans accompanying the application for a permit issued to the Certificate holder.

(7) Misrepresenting the requirements of this Ordinance regulating work in order to obtain or increase the scope of the work in any contract or work.

(8) Failing in any material respect to comply with the provisions of Chapter 489, Florida Statutes, or any County ordinance which directly relates to contracting.
(9) Failing to report to the Building Official, or attempting to conceal, a violation of any provision of this Ordinance.

(10) Knowingly combining and conspiring with an unlicensed person by allowing one’s Certificate and any permit issued therefrom to be used by the uncertified person with the intent to evade the provisions of this Ordinance, when such person is not working under the supervision or as a regular employee of the Certificate holder. Allowing one’s Certificate to be used by one or more business organizations without having any active participation in the operations, management, or control of such business organization constitutes prima facie evidence of intent to evade the provisions of this subsection.

(11) Contracting beyond the scope of a Certificate.

(12) Proceeding and/or completing any contracting work, for which a permit is required, without first obtaining all applicable permits and inspections.

(13) Failing to list the Certificate or registration number in any advertisement, in accordance with the provisions of this Ordinance.

(e) Misconduct occurs when a person has intentionally done wrong or has deliberately violated a law or regulation.

(16) Knowingly disregarding or violating applicable state or local building codes or laws.
(17) Failing to mark vehicles in conformity with the provisions of Manatee County Ordinance 14-08 as amended.

(18) Falsely certifying another’s qualifications in order to obtain a Certificate of Competency.

(19) Being disciplined by any municipality or county for an act or violation of any regulatory provisions which directly relate to the practice of contracting, which discipline shall be reviewed by the Board before taking any disciplinary action of its own.

(20) Filing of a voluntary petition in bankruptcy with the intention of defrauding a property owner or avoiding payment for materials furnished or labor performed.

(21) Attempting to influence a member of the Board regarding a pending disciplinary matter.

(22) Signing a statement with respect to a project or contract falsely indicating that the work is bonded; falsely indicating that payment has been made for all subcontracted work, labor, and materials, which indication results in a financial loss to the owner, purchaser, or contractor; or falsely indicating that workers compensation and public liability insurance are provided.

(23) Performing any act which assists a person or entity in engaging in the prohibited uncertified and unregistered practice of contracting, if the Certificate holder or registrant knows or has reasonable grounds to know that the person or entity was uncertified and unregistered.

(24) Entering into an agreement, oral or written, whereby the contractor’s license number is used, or to be used, by a person who is not licensed as a contractor or used, or to be used, by a business organization that is not duly qualified by said contractor to engage in the business, or act in the capacity, of a contractor.

(25) Knowingly allowing the contractor’s license number to be used by a person who is not licensed as a contractor, or to be used by a business organization that is not qualified by said contractor to engage in the business, or act in the capacity of a contractor.

(26) Applying for or obtaining a building permit for construction work unless the contractor or business duly qualified by said contractor has entered into a contract to make improvements to, or perform the contracting at, the real property specified in the application or permit. This subsection does not prohibit a contractor from applying for or obtaining a permit for the contractor to perform work for another person without compensation or to perform work on property that is owned by said contractor without entering into a contract.
Ordinance 14-33

(27) Failing in any material respect to comply with a rule or lawful order of the Board or court of competent jurisdiction.

(28) Intimidating, threatening, coercing, or otherwise discouraging the service of a notice to owner under Part I of Chapter 713 or a notice to contractor under Chapter 255 or Part I of Chapter 713.

(29) Failing to satisfy within a reasonable time, the terms of a civil judgment obtained against the licensee, or the business organization qualified by the licensee, relating to the practice of the licensee’s profession.

B. The following shall be grounds to suspend or revoke permitting privileges against state-certified contractors:

(1) Committing fraud.

(2) Committing a willful building code violation in Manatee County.

(3) Having been found guilty in another county or municipality within the last twelve (12) months of fraud or willful building code violations if such fraud or violation would have been fraud or a violation if committed in Manatee County.

Section 8. Investigation, Enforcement, and Pre-Hearing Procedure

A. It shall be the duty of the Building Official to receive and expeditiously investigate complaints and initiate enforcement proceedings against licensed contractors to the extent that there exists probable cause to believe that such persons violated the provisions of this Ordinance relating to licensed and unlicensed contracting activities.

B. If an allegation of a violation of any portion of the Code pertaining to licensed contractors is received, the Building Official shall notify the contractor and give the contractor a reasonable amount of time to respond to the allegations and correct any violations for which probable cause exists; provided however, in the event that the activity of the contractor constitutes an immediate danger to the health, safety or welfare of the public, the Department may stop all work by said contractor. Notice of the filing of a formal complaint shall be provided in accordance with Section 9.

D. A hearing before the Board shall be held in accordance with Board procedures adopted pursuant to Section 10 of this Ordinance.

E. As to any state-certified contractors:

Notification of and information concerning any action taken against a state-certified contractor shall be submitted to the Florida Department of Business and Professional Regulation within fifteen (15) days after Board action.

A. Upon finding that an individual has committed one or more violations in one or
more cases being considered together, the Board shall issue appropriate civil disciplinary
penalties or permitting restrictions.

B. In determining the appropriate action to be taken against a person for any of the

(1) The Board shall not recertify or re-register a contractor whose Certificate or any privileges have been revoked until all requirements or stipulations imposed in any final order against the contractor have been met. Additionally, the Board shall not issue, renew, reinstate, or otherwise reissue a Certificate or permitting privileges for any person for a minimum period of five (5) years from the date of revocation.

(2) The Board shall not accept reciprocity for the certification of an individual whose Certificate it previously revoked, unless the individual demonstrates that the jurisdiction from which reciprocity is being requested has required the individual to meet all current requirements to demonstrate competency, including examination, and a minimum of five (5) years has passed since the certificate was revoked.

C. Surrendered Certificate

(1) The Board shall not issue, renew, reinstate, or otherwise reissue a Certificate or permitting privileges for a person who has voluntarily surrendered a Certificate of Competency for a period of five (5) years from the date of such surrender.

Ordinance 14-33

A. Ordinance 96-20 is hereby repealed, but to the extent that any of the provisions of this Ordinance 14-33 are the same as those of Ordinance 96-20, as amended, such provisions shall be construed as a restatement and continuation thereof, and not a new enactment.

Section 18. Codification

The publisher of the County’s Code of Laws, the Municipal Code Corporation, is directed to incorporate this article into the Code of Ordinances where indicated and to replace Article III of Chapter 2-6 with this Ordinance.
