Trends of Prime Rate/Poverty Level/Population of Manatee County

County's 2013 Proposed New Revenue – Health Care Sales Tax

- Half-cent Health Care Sales Tax would generate \$23 million a year
 - Would be paid by all consumers for taxable purchases up to \$5,000; both residents and visitors to the county would pay the surtax, not just property owners.

Funding Mechanism

Manatee
Healthcare System

MANATEE MEMORIAL HOSPITAL
LAKEWOOD RANCH MEDICAL CENTER

What is Low Income Pool (LIP)?

Intended to compensate providers for services offered to uninsured and underinsured and help cover shortfalls between Medicaid payments and provider costs.

Goal is to provide government support for safety net hospitals that provide health care.

Significant funding source for Medicaid participating hospitals and non-hospital safety net providers.

2014-15: \$2B for FL

2015-16: \$1B for FL

2016-17: \$608M for FL

Questions?

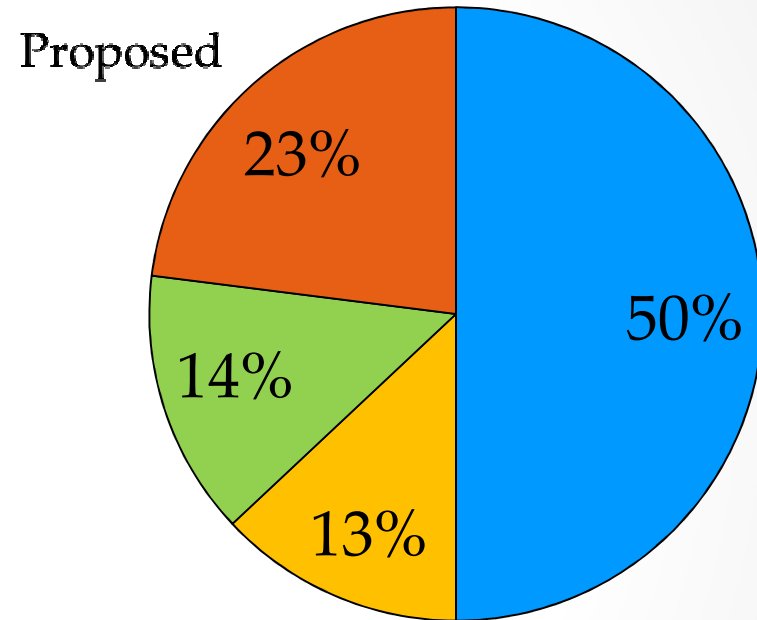

Appendix

...

Overview of the County's 2013 Proposed Sales Tax

- Property Taxes
- Charges for Services
- State & Federal
- All Other Sources

Excludes self-supported programs such as Utilities, Port Manatee, and capital projects.

Property Taxes – County's 26/13 Plan

- The NET result of these proposed changes will be a property tax decrease of up to **26%** for property owners of municipalities and a property tax decrease of up to **13%** for property owners of the unincorporated area.

Proposed County Sales Tax Outcomes

- Provide property tax relief – The 26/13 Plan;
- Diversify revenue sources to fund county government across a broader base of payers;
- Encourage economic development;
- Improve county's financial position for bond ratings;
- Transition from property tax-based government to user-based funding;
- Redirect health care funding from emergency care to less expensive clinic care;
- Realign costs of Sheriff patrol to area primarily benefitting from the service.
