tracking the program keeps on the mentoring sessions with the clients. Reviewed the requirements mentors must touch on with their clients known as a Roadmap. Encouraged CSAB Members to review the fact sheet for what is offered through the program.

Discussion ensued and it was determined, by member consensus, the Funding Increase Recommendation discussion will be held during the next meeting, scheduled for May 24, 2023.

Connie Shingledecker encouraged CSAB Members to be prepared for the next meeting by having their talking points ready in advance, to include reasoning as to why CSAB Members plan to support increases.

Kristi Hagen shared the total of investments requested of the Children's Services Millage for FY24 is \$16,106,770. Level funding for currently funded programs is \$13,703,623. Mrs. Hagen also shared the amount of the Budget Stabilization fund is approximately \$11,676,250 and is allowable for the CSAB Members to utilize those funds in considering recommendations.

Carolann Garafola reviewed the funding amounts and spoke about the importance of the CSAB Members and programs keeping in mind the funds are currently available at the given amount, at present. It is a program that will help forge good working relationships between childcare centers and the Early Learning Coalition as it is voluntary for the programs to participate. Designed to helps childcare centers to get back on

track if they have had violations from Department of Children and Families. **Public Comment:** Rachel Spivey, Early Learning Coalition: Spoke on why the program focused services through the program on the Early Learning Coalition's school readiness program as the Early Learning Coalition is state mandated to offer 2 programs, school readiness and Voluntary Pre-Kindergarten. The agency chose to work with 50 of the school readiness sites for the program because they directly tie to families who need financial support and for viability of the new program. Provided reasoning as to why the program did not request an increase in funds for the Subsidy and Match Program, which provides similar service. Due to the history of the discussions concerning local licensing and the program being recommended to pursue this route for funding. Cori Perry, Early Learning Coalition: Spoke on the program initially aiming to serve only 50 providers the agency has a current working relationship within the hopes of increasing the numbers as providers see the results. It is anticipated the program will receive a lot of interest from providers as it gets rolling.

New/Old Business

Debbie Tapp provided CSAB Members with additional information on the Funding Recommendations Motions Template previously provided concerning making a motion for reconsidering increase in funding. Mrs. Tapp shared, under Robert's Rules of Order, special actions are necessary to change an action taken during the same meeting. The orientation is towards making a decision and then moving on. If a CSAB Member wants or needs to change an action that has been approved, they can make a motion to reconsider. Mrs. Tapp shared an example of a good reason to reconsider would be if someone has obtained new information that might change the outcome of the vote. Simply being unhappy with the outcome and hoping for something different is not a reason to move to reconsider, which is why a CSAB Member must have voted with the prevailing side to move this motion
