# Annual Action Plan

## AP-05 Executive Summary

### INTRODUCTION

Manatee County, FL has completed the planning process for the 2017/2018-2021/2022 Five-Year Consolidated Plan (Consolidated Plan) as required by the U.S. Department of Housing and Urban Development (HUD). The purpose of the Consolidated Plan is to identify goals, objectives and strategies for addressing housing and community development needs, including those of the homeless and other special needs populations. The Consolidated Plan guides the use of County resources to address these needs over a five-year period.

The Consolidated Plan is carried out through Annual Action Plans, which provide a concise summary of the actions, activities, and the specific federal and non-federal resources that will be used each year to address the priority needs and specific goals identified by the Consolidated Plan.

For the Program Year 2018/2019 Annual Action Plan, the County anticipates an annual allocation which includes \$1,891,041 in Community Development Block Grant (CDBG) funds, \$684,100 in HOME Investment Partnerships (HOME) funds, and \$148,976 in Emergency Solutions Grant (ESG) funds. This amount totals \$2,724,117 in federal funding from HUD over the Program Year. This Annual Action Plan will begin on October 1, 2018 and will expire on September 30, 2019.

The Annual Action Plan is developed in a manner specified by HUD, and the County has followed the prescribed format in completing the plan. The Annual Action Plan was developed using HUD and U.S. Census data for demographics and housing, input from public meetings, Board of County Commissioners (BOCC) meetings, and past program performance. During the planning process, the County conducted public meetings with citizens and stakeholders, meetings and consultation with non-profit groups, and a public hearing with the BOCC. The purpose of this process was to receive citizen input on current year funding allocations and community development needs of the County to ensure that this Annual Action Plan is a citizen-driven plan.

There are four major areas of focus in the Consolidated Plan: Housing, Public/Social Services, Community Development/Public Improvements, and Economic Development. The Consolidated Plan process requires Manatee County to identify priority needs for each area and prepare an Annual Action Plan to address the priority needs. For every priority need, there are goals, objectives and strategies established to measure progress. Citizen input was critical in developing the goals, objectives and strategies of this Consolidated Plan.

This Consolidated Plan not only presents goals to address the priority needs of the County, but also to address the following statutory goals established by Federal law:

***Decent Housing:***

- Assist homeless persons to obtain affordable housing
- Assist persons at risk of becoming homeless
- Retain affordable housing stock
- Increase the availability of affordable housing in standard condition to low- and moderate-income families, particularly to economically disadvantaged persons (and without discrimination on the basis of race, creed, religion, color, age, sex, marital status, familial status, national origin, disability, gender identity or sexual orientation)
- Increase the supply of supportive housing which includes structural features and services to enable persons with special needs (including persons with HIV/AIDS) to live in dignity and independence
- Provide affordable housing that is accessible to job opportunities

***A Suitable Living Environment:***

- Improve the safety and livability of neighborhoods
- Increase access to quality public and private facilities and services

***Expanded Economic Opportunities:***

- Job creation and retention for low-income persons
- Availability of mortgage financing for low-income persons at reasonable rates using nondiscriminatory lending practices

- Empowerment and self-sufficiency for low-income persons to reduce generational poverty in federally assisted housing.

## **SUMMARY OF CITIZEN PARTICIPATION PROCESS AND CONSULTATION PROCESS**

Manatee County, Florida, is the lead agency responsible for overseeing the development of the Consolidated Plan and Annual Action Plans. However, REO does work with the County Commission, County Departments, in addition to residents, sub-recipients, and community organizations to develop a meaningful document.

The development of the Annual Action Plan was based on the Consolidated Plan and numerous other studies, plans, and reports that have been prepared in recent years. Some of the primary documents included the County's Local Housing Incentives Strategy and Local Housing Assistance Plan, and the Suncoast Partnership to End Homelessness Point-in-Time (PIT) Homeless Report and Annual Homeless Assessment Reports, and the 2017 Assessment of Fair Housing (AFH), among others.

To maximize citizen participation, staff conducted outreach through a series of public notices, meetings, and hearings. As part of these efforts, low- and moderate-income residents, as well as service providers, were encouraged to provide input on the Annual Action Plan. ## AP-10 Consultation

### **SUMMARY OF THE JURISDICTION'S ACTIVITIES TO ENHANCE COORDINATION BETWEEN PUBLIC AND ASSISTED HOUSING PROVIDERS AND PRIVATE AND GOVERNMENTAL HEALTH, MENTAL HEALTH, AND SERVICE AGENCIES**

Institutional coordination of the Consolidated Plan establishes a unified vision for community development. The County uses a collaborative process to shape various programs into effective, coordinated strategies. This process also facilitates the opportunity for planning and citizen participation to take place in a comprehensive context, attempting to reduce duplication of effort at the local level.

The County will implement this Annual Action Plan in coordination with public, private, and non-profit agencies. Non-profit agencies may include, but are not limited to, service providers and Community Housing Development Organizations (CHDOs). Private sector partners may include, but are not limited to, local financial institutions, developers and local businesses. The County works closely with its partners to design programs that address identified needs.

**Table 2** outlines the types of agencies and organizations consulted throughout the program year and during the development of the Manatee County Consolidated Plan and the Annual Action Plan.

Organizations consulted included various service providers, CHDOs, Manatee County Housing Authority (MCHA), Suncoast Partnership to End Homelessness, County Departments, and the County Commission, among others.

### **DESCRIBE COORDINATION WITH THE CONTINUUM OF CARE AND EFFORTS TO ADDRESS THE NEEDS OF HOMELESS PERSONS (PARTICULARLY CHRONICALLY HOMELESS INDIVIDUALS AND FAMILIES, FAMILIES WITH CHILDREN, VETERANS, AND UNACCOMPANIED YOUTH) AND PERSONS AT RISK OF HOMELESSNESS**

The County coordinates with the Suncoast Partnership to End Homelessness through its PIT and Homeless Assessment reports and with residents through community meetings. This consultation was pivotal in preparing the needs assessment and strategic plan components of the Consolidated Plan. In addition, through consultation and review of the most recent Public Housing Authority Plan and other HUD reports, the MCHA also provided pivotal input in preparing the Consolidated Plan through input collected in the recent AFH process.

Through the public participation process the County conducted several meetings to gain input from the public. Invitations were sent to the CoC in addition to several agencies that provide services to the homeless population.

**DESCRIBE CONSULTATION WITH THE CONTINUUM(S) OF CARE THAT SERVES THE JURISDICTION'S AREA IN DETERMINING HOW TO ALLOCATE ESG FUNDS, DEVELOP PERFORMANCE STANDARDS AND EVALUATE OUTCOMES, AND DEVELOP FUNDING, POLICIES AND PROCEDURES FOR THE ADMINISTRATION OF HMIS.**

Manatee County receives and administers an Emergency Solutions Grant (ESG). The Suncoast Partnership to End Homelessness is the regional Continuum of Care (CoC), which is comprised of 16 board members and six staff persons that work together to identify concerns and make policies and recommendations on homeless issues. The mission of the Suncoast Partnership is to prevent and end homelessness in Manatee and Sarasota Counties. The Suncoast Partnership envisions a community where everyone has the opportunity to have a home.

The Suncoast Partnership to End Homelessness, as the lead agency for the area's CoC, utilizes the Homeless Management Information System (HMIS) data, Annual Point-in-Time (PIT) Count Report, and other documents including the Federal Strategic Plan to Prevent and End Homelessness to inform the allocation of funds, develop policies and procedures, and evaluate outcomes annually. Consultation with the CoC for the Consolidated Plan included research of the Suncoast Partnership to End Homelessness annual reports and plans, as well as input from community meetings, public hearings, and notices.

Annually, Manatee County enters into a funding agreement with Turning Points, who coordinates with the CoC to appropriately allocate and administer ESG funds. The County aims to leverage these ESG dollars with the CoC which already receives grant dollars from the State of Florida. By leveraging funds, the County can ensure that the ESG funds make the most positive impact possible.

## **IDENTIFY ANY AGENCY TYPES NOT CONSULTED AND PROVIDE RATIONALE FOR NOT CONSULTING**

Manatee County consulted with the lead agency for the CoC, local and county PHAs, affordable housing providers, various social service providers, County departments, and civic leaders. Additionally, the public, including but not limited to low- and moderate-income residents, residents within the County's Racially and Ethnically Concentrated Areas of Poverty (R/ECAP), and other entities impacted by housing and community development activities, were noticed of community meetings by email, website, and posters, and public hearings by newspaper advertisements.

Metropolitan or regional planning agencies were not consulted during Plan development. Through extensive outreach efforts, representatives from these agencies did not participate. Other agencies and organizations not directly consulted were consulted indirectly by research of published plans and reports.

## **DESCRIBE COOPERATION AND COORDINATION WITH OTHER PUBLIC ENTITIES, INCLUDING THE STATE AND ANY ADJACENT UNITS OF GENERAL LOCAL GOVERNMENT, IN THE IMPLEMENTATION OF THE CONSOLIDATED PLAN (91.215(L))**

Many of the programs and activities that will be carried out by the County during the program years will involve coordination with several agencies and organizations. The County actively administers the LHAP through state allocation for the creation and preservation of affordable housing to support the County's goals for Housing, Social/Public Services, Community Development/Public Improvements, and Economic Development. At a minimum, implicit in these goals is the County's commitment to providing coordinated community, housing and supportive services to its lower income residents. These services are provided through partnerships with government and quasi-government agencies, as well as respective planning efforts shown in **Table 3**. Manatee County will continue to encourage building partnerships between governments, lenders, builders, developers, real estate professionals, and advocates for low-income persons. Manatee County will continue to work with the building industry, banking industry, real estate industry, social service providers and other community groups to promote the development of affordable housing and related housing services.

## AP-12 Citizen Participation

### SUMMARY OF CITIZEN PARTICIPATION PROCESS/EFFORTS MADE TO BROADEN CITIZEN PARTICIPATION

The development of the Annual Action Plan requires extensive citizen participation. For the 2018/2019 Annual Action Plan, Manatee County underwent an in-depth citizen participation process. HUD requires local jurisdictions to provide for citizen participation which encourages the development of the Annual Action Plan in cooperation with residents from every walk of life. In particular, HUD believes it is important to obtain the views of residents who live in low- and moderate- income areas, as well as service providers who deliver services to low-income and special needs residents.

The following section describes the public participation process that was completed for Manatee County in preparation of the 2018/2019 Annual Action Plan. A summary of the public participation process is shown in **Table 4**.

## **SUMMARIZE CITIZEN PARTICIPATION PROCESS AND HOW IT IMPACTED GOAL-SETTING**

Comments and concerns raised during the citizen participation process for both the Five-Year Consolidated Plan, Annual Action Plan, and AFH goals and outreach were taken into consideration when deciding on activity funding for the upcoming Program Year. The Annual Action Plan is a collaborative process that involves meetings with the public and stakeholders to determine areas of need and most appropriate projects to meet these needs. Priority needs were identified based on information located within the Five-Year Consolidated Plan, available housing data, public input, service provider meetings, and past program performance. In addition, REO staff consulted with various County Departments to identify priorities for the upcoming year. Complete summaries and minutes of the meetings are included in the Appendix to this document.

### ***Housing Strategy***

Housing strategies located within the Five-Year Consolidated Plan were determined by using housing data provided by HUD and the U.S. Census Bureau. Customized HUD data is available to help communities evaluate housing and homeless needs. Complete summaries of this data are available in the Needs Assessment and Market Analysis section, as the Appendix to this document.

In addition, the County has a long and successful history of administering numerous housing programs and meeting housing needs. Several housing programs, particularly housing rehabilitation activities, have been underway for many years and provide good value to the community. In general, housing programs receive emphasis in Manatee County due to the large, ongoing need for housing services.

### ***Social/Public Service Strategy***

Social/Public Service strategies located within the Five-Year Consolidated Plan were developed in several ways. First, the County consulted the Suncoast Partnership to End Homelessness annual PIT and homeless assessment reports to obtain the latest counts of the homeless population. The Suncoast Partnership to End Homelessness is the lead agency for homeless services and represents agencies that implement homeless services. The County also utilized data from HUD that details homelessness and homeless service providers, including the Sarasota, Bradenton/Manatee, Sarasota Counties CoC housing inventories. Finally, input from other service providers, stakeholders, and citizens through community meetings, community surveys, meetings with REO staff proved most helpful in crafting the Social/Public Service strategy.

### ***Community Development/Public Improvements Strategy***

Community Development/Public Improvements strategies located within the Five-Year Consolidated Plan were determined through community meetings, community surveys, meetings with County staff, and review of current planning activities. The County is working to leverage other planning efforts with funding opportunities where possible.

In addition, a focus group meeting was held with internal Department Heads and staff to discuss priority needs of various County Departments. To the extent possible, the REO will plan to leverage County resources and efforts.

### ***Economic Development Strategy***

Economic Development Needs located within the Five-Year Consolidated Plan were determined through community meetings, community surveys, and consultation with service providers. As with the social/public service and housing topics, HUD and the U.S. Census provide data on various economic development items. In addition, information collected from citizens, stakeholders, and service providers that are knowledgeable about economic development and could provide valuable information through the participation process.

## AP-15 Expected Resources

### INTRODUCTION

The Annual Action Plan must identify the federal, state, local and private resources expected to be available to the County to address priority needs and specific objectives identified in the Strategic Plan. These resources are summarized in **Table 5**.

Manatee County anticipates a total allocation of \$1,891,041 in CDBG funding, \$684,100 in HOME funding, and \$148,976 in ESG funding for the 2018/2019 program year. Program income may be realized over the course of the 2018/2019 program year and subsequent program years. Additionally, the 2017/18 Annual Action Plan amendment cancels the United Way of Manatee Reading Room activity and transfers the \$40,000.00 of funding to the 2018/19 Action Plan Washington Park activity. The County will utilize a total of \$100,000 in prior year resources.

These funds will be used for CDBG eligible activities consistent with the current goals and objectives identified in the Five-Year Consolidated Plan. CDBG, HOME, and ESG funds will be used for housing and community development activities including, but not limited to, increasing homeownership, providing existing homeownership assistance (e.g. housing rehabilitation), public services, infrastructure improvements, blight removal, homeless services/prevention and administration of the County's programs.

Other resources, such as private and non-Federal public sources may become available to the County during the program year. For CDBG leveraging, these include funding from State and Federal grant sources, County Departments (e.g. Public Works, Parks and Natural Resources, Building and Development Services, and Property Management), public or social service providers, or other sources. The County will also look to leverage funds and efforts through the Children's Services Dedicated Millage which funds an array of prevention, intervention and treatment programs for children birth through seventeen years of age, as authorized by County Ordinance #91-42 and associated amendments.

In addition, the half-cent sales tax recently passed is a possible source to fund infrastructure projects within designated low- and moderate- income areas.

The Annual Action Plan must summarize the County’s priorities and the specific goals it intends to initiate and/or complete within the second-year of the Strategic Plan. These goals must be described in quantitative terms. Manatee County has selected goal outcome indicators and quantities based on the anticipated performance measures of the 2018/2019 Annual Action Plan. See **Table 8** and **Table 9**.

**EXPLAIN HOW FEDERAL FUNDS WILL LEVERAGE THOSE ADDITIONAL RESOURCES (PRIVATE, STATE AND LOCAL FUNDS), INCLUDING A DESCRIPTION OF HOW MATCHING REQUIREMENTS WILL BE SATISFIED**

The County will look to leverage funds, if available, from State and Federal grants sources, County Departments (e.g. Public Works, Property Management, Parks and Natural Resources, Community Services, and Building and Development Services), public or social service providers, or other sources.

The County will also look to leverage funds, if available, from other agencies and programs against CDBG, HOME, and ESG dollars. The County will use funding from the State Housing Initiatives Program (SHIP) and/or other federal grants for the matching requirements under the HOME program, with 25% match on all expenditures except planning and administration, CHDO operating, CHDO capacity building, and CHDO project specific expenses when repayment is waived under §92.301. Manatee County's match amount for ESG will come from the Community Coalition on Homelessness d/b/a Turning Points who receives grant funds through other non-federal sources. Consistent with ESG program requirements, a 100% match on all expenditures will be provided after the date that HUD signs the grant agreement. For ESG, cash, non-cash, and program income must meet requirements of § 576.201.

During the 2016 General Election, Manatee County voters approved a half-cent sales tax to pay for local roads, parks and public safety needs. Where possible, Manatee County will look to leverage these dollars with federal funds.

**IF APPROPRIATE, DESCRIBE PUBLICALLY OWNED LAND OR PROPERTY LOCATED WITHIN THE JURISDICTION THAT MAY BE USED TO ADDRESS THE NEEDS IDENTIFIED IN THE PLAN**

Manatee County Departments will work closely to dispose of surplus properties that are owned by Manatee County. Currently, the County administers a surplus property program that gives potential individuals the opportunity to obtain surplus property owned by Manatee County. These properties are potential surplus and must be approved by the county departments, administrators, and the Board of County Commissioners prior to approval. The County actively markets County owned property through the Property Management Department.

Also, through the property conveyance process developed by Manatee County, the Property Management Department works with the REO Department to identify surplus property that would be

available for the development of permanent affordable housing. The County then seeks a non-profit partner to convey the property to in order to develop affordable housing.

Finally, through the Property Management Department, the County actively seeks property to acquire. Property Acquisition is responsible for identifying and obtaining real property needed by the County to deliver services to the citizens of Manatee County. The acquisition process includes negotiations with property owners to secure contracts for sale and purchase and conveyance of property following approval by the Board of County Commissioners.

## **DISCUSSION**

Manatee County's anticipated funding allocation will address many of the County's goals, including housing, social/public services, community development/public improvements, and economic development. The County is fortunate to have a network of public or social service providers to help address these goals through financial leveraging, as well as other Federal funding sources, State funding sources, County Departments, and other agency and program funding.

## AP-35 Projects

### INTRODUCTION

The Annual Action Plan includes proposed activities that meet the priority housing and community development needs as described in the 2017/2021 Consolidated Plan. Manatee County has developed a comprehensive strategy for using limited resources available to address the housing and community development needs of its low- and moderate-income citizens, the homeless, and its housing stock.

The following provides a breakdown of project funding for Program Year 2018/2019. The 2018/2019 Annual Action Plan is based on a CDBG entitlement allocation from HUD of \$1,891,041, \$684,100 received from the HOME Program, and \$148,976 in ESG funds. In addition, the County has included \$100,000 in prior year CDBG resources.

Manatee County takes great pride in the range of programs and services that are available to residents. Manatee County understands the need to ensure that basic services are provided. The County has utilized the CDBG, HOME, and ESG Programs to constructively meet the changing needs of the community.

## **DESCRIBE THE REASONS FOR ALLOCATION PRIORITIES AND ANY OBSTACLES TO ADDRESSING UNDERSERVED NEEDS**

One obstacle to meeting underserved needs is the lack of resources. Given that entitlement programs have been reduced over the last several fiscal years, Manatee County plans to continue to review alternative sources of funds to help address the needs of County residents. Efforts will be made to submit grant applications to Federal, State, and local agencies, as staffing allows. Specific grant applications could include prisoner re-entry into society, mental health services, infrastructure improvements, and neighborhood revitalization.

The County has also identified the housing requirements of the poverty-level renter and homeowner as a major underserved need. Although the County supports the construction of low-income rental projects, these projects, which are primarily funded through the Florida Housing Finance Corporation, only reach up to 60% of median family income. Therefore, there is still a group of low-income residents who are unable to be housed through these initiatives. These projects include HOME, SHIP and other state funds, but are generally projects funded through the Low-Income Housing Tax Credit (LIHTC) program, and the State Apartment Incentive Loan (SAIL) Program.

Neighborhood resistance to group homes is also an obstacle; however, the State now requires that communities allow small group homes (6 people and under) in all residential zoning districts. This has alleviated some of the need.

## AP-50 Geographic Distribution

### DESCRIPTION OF THE GEOGRAPHIC AREAS OF THE ENTITLEMENT (INCLUDING AREAS OF LOW-INCOME AND MINORITY CONCENTRATION) WHERE ASSISTANCE WILL BE DIRECTED

For the 2018/2019 Annual Action Plan, Manatee County will direct assistance to low- and moderate-income areas of the County including, but not limited to, the identified R/ECAP and Low- and Moderate-Income Target Areas. These Target Areas are identified in **Table 10**. Assistance will also be made available Countywide to persons meeting the CDBG eligibility requirements for low- and moderate-income benefit.

Manatee County has three Census Tracts that are identified as R/ECAPs. These three Census Tracts all reside within the South County area, more specifically, in and near the area known as “Samoset”.

**TABLE 10: GEOGRAPHIC DISTRIBUTION**

Target Area	Percentage of Funds
R/ECAPs	43.7%
Low- and Moderate-Income Areas	25.4%

**Table 10 – Geographic Distribution**

## **RATIONALE FOR THE PRIORITIES FOR ALLOCATING INVESTMENTS GEOGRAPHICALLY**

Manatee County's rationale for allocating investments geographically is dependent upon the location of low- and moderate-income populations and Racially and Ethnically Concentrated Areas of Poverty (R/ECAPs).

The R/ECAPs are prioritized due to the Assessment of Fair Housing that was approved in February of 2017. Several activities will directly benefit the R/ECAPs: Home Rehabilitation Program, Manatee County Housing Authority 2018 South NOSO 22 Affordable Units Rehab Project, and Meals on Wheels PLUS of Manatee, Inc. - Unfunded Senior Meals. These programs comprise 43.7% of expected non-administrative funding for 2018/2019 and are directed toward physical and social enhancements of the R/ECAPs.

All other activities, or the remaining 56.3% of expected non-administrative funding, will benefit any person meeting the CDBG eligibility requirements for low- and moderate-income benefit, including persons living in the R/ECAPs. These other activities include homebuyer assistance, home rehabilitation program, public facility projects, affordable housing development, and the homeless or persons likely to become homeless, as well as the County's administration of CDBG, HOME, and ESG funds.

## **DISCUSSION**

Manatee County has identified 17 projects to implement the five goals of the Strategic Plan during the second year of the 2017-2021 Consolidated Plan. These projects benefit low- and moderate-income persons Countywide and within the County's Target Areas. Projects with Countywide benefit include CHDO Set-Aside, Manatee County Homeowner Rehabilitation Program, Project Smile, Allean's Loving Care, Housing Preservation, Meals on Wheels, as well as the County's administration of CDBG, HOME, and ESG funds. Furthermore, several projects are specific to the R/ECAPs.

## **AP-55 Affordable Housing**

### **INTRODUCTION**

The County places a high priority on providing affordable homeownership and rental opportunity in Manatee County. This goal shall be addressed, in part, by local non-profit organizations and developers that construct affordable housing for lower-income homebuyers and renters. In addition, the County

will continue to deliver its housing rehabilitation and rental assistance programs, and to support homebuyer education and Fair Housing activities.

The Annual Action Plan must specify goals for the number of homeless, non-homeless, and special needs households to be supported within the program year. These numbers are shown in **Table 11** and are inclusive of the affordable housing activities shown in **Table 6**, in addition to other planned housing activities identified in **Table 8**. **Table 12** indicates the number of households to be supported through specific activities, including rental assistance, production of new units, rehabilitation of existing units, or acquisition of existing units. For the purposes of this section, the term “affordable housing” is defined in the HOME regulations at 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership. [This section replaces the former HUD Table 3B.]

## DISCUSSION

The County will continue to deliver its long-standing housing programs, including housing rehabilitation, housing replacement, rental assistance, and down payment assistance through both federal and state programs, coordinate with non-profit organizations and for-profit developers that construct affordable housing, and support homebuyer education and Fair Housing activities. These housing activities will

support thirty-eight (38) households through a combination of production of new units, rehabilitation of existing units, and short-term to medium-term rental assistance.

## **AP-6o Public Housing**

### **INTRODUCTION**

This section of the Annual Action Plan describes what actions Manatee County will take in the 2018/2019 program year to carry out the public housing portion of the Strategic Plan. Below, the County has identified the manner in which the 2018/2019 Annual Action Plan will address the needs of public housing during the program year.

### **ACTIONS PLANNED DURING THE NEXT YEAR TO ADDRESS THE NEEDS TO PUBLIC HOUSING**

Currently, Manatee County has two Public Housing Authorities working within its borders. These include the Bradenton Public Housing Authority, which also manages the Hope VI housing project, and the Manatee County Housing Authority. According to the 2010 Bradenton Housing Authority PHA plan and the 2008 Manatee County Housing Authority PHA plan, these two Authorities manage 325 housing units and 906 Section 8 vouchers.

These units/vouchers are in constant demand. The current waiting list is 100 applicants while the Section 8 voucher program is more than 500 applicants. Typical wait time is 6 months to 2 years before receiving assistance. Currently, both public housing authorities have closed their waiting lists in an effort to manage the current demand.

According to the Manatee County Housing Authority, their 2008 PHA Plan has taken the following steps to ensure consistency between this Plan and the Consolidated Plan for the jurisdiction:

- The PHA has based its statement of needs of families on its waiting lists on the needs expressed in the Consolidated Plan.
- The PHA has participated in many consultation processes, organized and offered by Manatee County, in the development of the Consolidated Plan.
- The PHA has consulted with the Consolidated Plan agency during development of their Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan.

This Plan also explains that there are no public housing units or Section 8 Vouchers expected to be lost from their inventory over the next five years. In addition, the PHA does not utilize a HOPE VI grant.

### **ACTIONS TO ENCOURAGE PUBLIC HOUSING RESIDENTS TO BECOME MORE INVOLVED IN MANAGEMENT AND PARTICIPATE IN HOMEOWNERSHIP**

All programs in the 2018/2019 Annual Action Plan are available to public housing residents and address the common needs experienced by low-income persons, including public housing residents. In addition, public housing residents are encouraged to participate in the Annual Action Plan development process.

Furthermore, in 2017 Manatee County collaborated with the MCHA to develop a joint AFH. The AFH was a citizen-driven plan that was developed through a series of public outreach efforts that included the surveys with PHA residents, meetings with MCHA staff, and attending PHA resident advisory board meetings.

### **IF THE PHA IS DESIGNATED AS TROUBLED, DESCRIBE THE MANNER IN WHICH FINANCIAL ASSISTANCE WILL BE PROVIDED OR OTHER ASSISTANCE**

The Manatee County Housing Authority has a PHAS score of 100 and has a “small PHA deregulation” and is not listed as troubled by HUD. The Bradenton Housing Authority has a PHAS score of 88 and is considered a standard performer and is not listed as troubled by HUD.

### **DISCUSSION**

Affordable housing needs are met by multiple service providers in Manatee County. The MCHA currently administers public housing units and tenant-based vouchers (HCVs). The County will continue to coordinate referrals with the MCHA in order to connect low-income residents with housing options.

## **AP-65 Homeless and Other Special Needs Activities**

### **INTRODUCTION**

This section of the Annual Action Plan describes Manatee County’s one-year goal and the specific actions steps it will undertake in the program year to carry out the homeless strategy identified in the Strategic Plan. Additionally, this section addresses any activities related to the supportive housing needs of non-homeless populations.

## **DESCRIBE THE JURISDICTIONS ONE-YEAR GOALS AND ACTIONS FOR REDUCING AND ENDING HOMELESSNESS**

Consistent with the Five-Year Consolidated Plan's Strategic Plan, Manatee County will pursue the goal of reduced homeless. To this end, the County has programmed activities that meet the objectives of the Strategic Plan. Activities include:

- Project Smile - Funding to pay for dentures, orthotics, and supplies for making such devices for homeless clients.
- Homeless Prevention - Funding will provide for housing relocation and stabilization services, and short-term and medium-term rental assistance.

## **REACHING OUT TO HOMELESS PERSONS (ESPECIALLY UNSHELTERED PERSONS) AND ASSESSING THEIR INDIVIDUAL NEEDS**

Consistent with the Five-Year Consolidated Plan's Strategic Plan, Manatee County will pursue the goal of reduced homeless. To this end, the County has programmed activities that meet the objectives of the Strategic Plan. Activities include:

- Project Smile - Funding to pay for dentures, orthotics, and supplies for making such devices for homeless clients.
- Homeless Prevention - Funding will provide for housing relocation and stabilization services, and short-term and medium-term rental assistance

Strategies outlined in the Consolidated Plan and the specific actions taken by Centerstone of Florida, Manatee County will continue to support the efforts of the Suncoast Partnership to End Homelessness, Inc., through this Action Plan Program Year.

## **ADDRESSING THE EMERGENCY SHELTER AND TRANSITIONAL HOUSING NEEDS OF HOMELESS PERSONS**

One of the County's strategies for preventing and reducing homelessness is to assist non-profit service providers in obtaining additional funding sources for emergency shelters. The primary activities to address homelessness during the 2018/2019 program year is Project Smile and Homeless Prevention through short-term and medium-term rental assistance.

As stated previously, the dramatic increase in housing costs could lead to homelessness for individuals and families. Manatee County continues to support programming that is designed to prevent

homelessness by assisting homeowners and renters that find themselves behind in mortgage or rental payments. This type of temporary assistance can help families that truly find themselves in a unique situation that can be remedied by one-time support. Through the Homeless Prevention activity, the County will provide housing relocation and stabilization services, and short-term and medium-term rental assistance.

**HELPING HOMELESS PERSONS (ESPECIALLY CHRONICALLY HOMELESS INDIVIDUALS AND FAMILIES, FAMILIES WITH CHILDREN, VETERANS AND THEIR FAMILIES, AND UNACCOMPANIED YOUTH) MAKE THE TRANSITION TO PERMANENT HOUSING AND INDEPENDENT LIVING, INCLUDING SHORTENING THE PERIOD OF TIME THAT INDIVIDUALS AND FAMILIES EXPERIENCE HOMELESSNESS, FACILITATING ACCESS FOR HOMELESS INDIVIDUALS AND FAMILIES TO AFFORDABLE HOUSING UNITS, AND PREVENTING INDIVIDUALS AND FAMILIES WHO WERE RECENTLY HOMELESS FROM BECOMING HOMELESS AGAIN**

Another of the County's strategies for preventing and reducing homelessness is to promote and encourage the development of programs that facilitate the transition from homelessness into permanent housing. With ESG funds, the County supports homeless prevention and rapid rehousing services for the homeless.

**HELPING LOW-INCOME INDIVIDUALS AND FAMILIES AVOID BECOMING HOMELESS, ESPECIALLY EXTREMELY LOW-INCOME INDIVIDUALS AND FAMILIES AND THOSE WHO ARE: BEING DISCHARGED FROM PUBLICLY FUNDED INSTITUTIONS AND SYSTEMS OF CARE (SUCH AS HEALTH CARE FACILITIES, MENTAL HEALTH FACILITIES, FOSTER CARE AND OTHER YOUTH FACILITIES, AND CORRECTIONS PROGRAMS AND INSTITUTIONS); OR, RECEIVING ASSISTANCE FROM PUBLIC OR PRIVATE AGENCIES THAT ADDRESS HOUSING, HEALTH, SOCIAL SERVICES, EMPLOYMENT, EDUCATION, OR YOUTH NEEDS**

Homeless prevention is a major concern and goal of Manatee County. Strategies outlined in the Consolidated Plan and the specific actions taken by Centerstone of Florida, Manatee County will continue to support the efforts of the Suncoast Partnership to End Homelessness, Inc., through this Action Plan Program Year.

During the 2018/2019 program year, Manatee County will coordinate with Suncoast Partnership to End Homelessness, the County's designated Continuum of Care agency and other homeless service providers to implement a cohesive, community-wide discharge coordination policy that can be successfully implemented to ensure that persons being discharged from publicly funded agencies and institutions do

not become homeless upon release. Programs currently meeting such needs include Turning Points, Our Daily Bread, The Salvation Army, and Catholic Charities.

The County will coordinate with Suncoast Partnership to End Homelessness and its member agencies that offer self-sufficiency training, medical/healthcare, mental health counseling, case management, and other activities to prevent homelessness in populations that may be discharged from systems of care but require housing assistance and continued access to related social services.

## **DISCUSSION**

The County plans to allocate \$60,000 in CDBG funds and the entire ESG allocation of \$148,976 toward homeless services for the 2018/2019 program year. These activities will provide much needed services for the homeless population.

Additionally, toward both reducing homelessness and addressing special needs, the County will support health services and other related activities including rental assistance and services for at-risk families.

Special needs in Manatee County include meal and home repair assistance for seniors, supportive housing for persons with disabilities, substance abuse and mental health counseling, HIV/AIDS services, and support in response to domestic violence and at-risk youth. The following 2018/2019 program year activities will support persons with special needs. These activities include:

- Manatee County Homeowner Rehabilitation Program
- Gulfcoast Legal Services, Inc. - Housing Preservation
- Meals on Wheels PLUS of Manatee, Inc. - Unfunded Senior Meals
- United Cerebral Palsy of Southwest Florida - Adult Training Center Remodeling Project
- AMFM Enterprise, Inc. - Allean's Loving Care
- CHDO Set-aside

## **AP-75 Barriers to Affordable Housing**

### **INTRODUCTION**

Manatee County is dedicated to providing affordable housing to homeless, non-homeless, and special needs households. During the 2018/2019 program year, the County will utilize the Housing Rapid

Response Team and Land Development Code incentives for the Urban Corridors and the Livable Manatee Incentive Program for Qualified New Affordable Housing that act to reduce barriers to and incentivize affordable housing. Moreover, County staff will review and identify required revisions to the Comprehensive Plan and Land Development Code to further fair housing and remove or ameliorate barriers to affordable housing.

With regard to fair housing, Manatee County has in previous years made available funds to the Gulf Coast Legal Services for elderly, low- and moderate-income residents who are victims of predatory lending practices, foreclosure rescue scams, persons who are experiencing or who have experienced discrimination and/or fraud in housing and to remedy these matters through negotiation, workouts, mediation or litigation.

**ACTIONS IT PLANNED TO REMOVE OR AMELIORATE THE NEGATIVE EFFECTS OF PUBLIC POLICIES THAT SERVE AS BARRIERS TO AFFORDABLE HOUSING SUCH AS LAND USE CONTROLS, TAX POLICIES AFFECTING LAND, ZONING ORDINANCES, BUILDING CODES, FEES AND CHARGES, GROWTH LIMITATIONS, AND POLICIES AFFECTING THE RETURN ON RESIDENTIAL INVESTMENT**

Public policies can have a direct impact on barriers to affordable housing. Manatee County has recognized this fact and has reviewed its own process to expose any barriers or obstacles to developing affordable housing. From this review, a few concerns were noted. These included the review time by the staff and the cost to the developer, the limited code allowances for affordable or workforce housing, and impact fees. To alleviate these concerns, a variety of policies and or regulations were put into practice. An in-depth description of these policies and regulations are provided within the Consolidated Plan. An overview is outlined here:

**Housing Rapid Response Team** – assists housing developers who wish to participate in the County’s affordable/workforce housing programs expedite the development and permitting processes.

**Manatee County Land Development Code** – outlines incentives which may be available to developers of affordable/workforce housing developments. Developers for income-eligible households may seek expedited review and permit processing, review and permit fee refunds, and other incentives, as applicable.

**Urban Corridors** - Starting in 2016, the County made amendments to the Comprehensive Plan and Land Development Code to improve opportunities for infill, redevelopment and development, along major corridors in strategic areas of the County. The amendments generally provide greater flexibility in the regulations, allow for moderate increases in density and intensity of development, and allow residential and mixed-use development patterns to occur along the corridors. They also ensure that development review is consistent, meaningful, and predictable for staff, the developer, and citizens. In 2017, the Urban Corridors received statewide recognition for allowance of greater densities and building heights while promoting mixed-use and walkability.

**Livable Manatee Incentive Program for Qualified New Affordable Housing** - Manatee County approved Resolution R-17-069 on August 22, 2017, to enact the Livable Manatee Incentive Program for Qualified New Affordable Housing. This program provides for homeownership and rental incentives to foster the construction of new affordable units and is an improvement and expansion on the previous Affordable Housing Impact Fee Program. Through this program, Manatee County will pay 100% of impact fees for new qualified affordable units and will expedite the corresponding review and permitting process. The resulting development is subject to a Land Use Restriction Agreement to maintain affordability for a designated amount of time.

**Fair Housing Proclamation** - Manatee County has made a commitment to affirmatively further fair housing within the community. Along with the recent adoption of the Assessment of Fair Housing, the County has declared the month of April as “Fair Housing Month”. With this proclamation the Board of County Commissioners calls upon all residents and citizens to recognize that compliance with the U.S. Fair Housing Laws is the equitable way in which to guarantee fair housing practices for all citizens.

## **DISCUSSION**

During the 2018/2019 program year, the County will utilize the Housing Rapid Response Team and Land Development Code incentives for the Urban Corridors and the Livable Manatee Incentive Program for Qualified New Affordable Housing that act to reduce barriers to and incentivize affordable housing. It should also be noted that, through the development of the AFH, the County identified several policies and regulations that need to be reviewed with the goal in determining what impediments to fair housing and barriers to affordable housing exist within these policies. The Land Development Code and County Comprehensive Plan were identified as documents that will need to be reviewed. During the 2018/2019

program year, County staff will review and identify required revisions to the Comprehensive Plan and Land Development Code to further fair housing and remove or ameliorate barriers to affordable housing.

## **AP-85 Other Actions**

### **INTRODUCTION**

This section of the Annual Action Plan describes the Manatee County's planned actions to carry out the following strategies outlined in the Strategic Plan:

- Foster and maintain affordable housing;
- Evaluate and reduce lead-based paint hazards;
- Reduce the number of poverty-level families;
- Develop institutional structure; and
- Enhance coordination.

In addition, the County has identified obstacles to meeting underserved needs and proposed actions to overcome those obstacles.

### **ACTIONS PLANNED TO ADDRESS OBSTACLES TO MEETING UNDERSERVED NEEDS**

One obstacle to meeting underserved needs is the lack of resources. Given that entitlement programs have been reduced over the last several fiscal years, during the 2018/2019 program year, Manatee County will continue to review alternative sources of funds to help address the needs of County residents. Efforts will be made to submit grant applications to Federal, State, and local agencies, as staffing allows. Specific grant applications could include prisoner re-entry into society, mental health services, infrastructure improvements, and neighborhood revitalization.

The County has also identified the housing requirements of the poverty-level renter and homeowner as a major underserved need. Although the County supports the construction of low-income rental projects, these projects, which are primarily funded through the Florida Housing Finance Corporation, only reach up to 60% of median family income. Therefore, there is still a group of low-income residents who are unable to be housed through these initiatives. These projects include HOME, SHIP and other state funds, but are generally projects funded through the Low-Income Housing Tax Credit (LIHTC) program, and the State Apartment Incentive Loan (SAIL) Program. During the 2018/2019 program year,

Manatee County will utilize incentive programs, such as the Livable Manatee Incentive Program for Qualified Affordable Housing, to foster additional rental units affordable to low income residents.

Neighborhood resistance to group homes is also an obstacle; however, the State now requires that communities allow small group homes (6 people and under) in all residential zoning districts. This has alleviated some of the need.

### **ACTIONS PLANNED TO FOSTER AND MAINTAIN AFFORDABLE HOUSING**

The County will continue to deliver its long-standing housing programs, including housing rehabilitation, housing replacement, rental assistance, and down payment assistance, coordinate with non-profit organizations and developers that construct affordable housing, and support homebuyer education and Fair Housing activities. These housing activities will support thirty-eight (38) households through a combination of production of new units, rehabilitation of existing units, and short-term to medium-term rental assistance.

During the 2018/2019 program year, the County will utilize the Housing Rapid Response Team and Land Development Code incentives for the Urban Corridors and the Livable Manatee Incentive Program for Qualified New Affordable Housing that act to reduce barriers to and incentivize affordable housing. These programs foster affordable housing through expedited review and permitting, impact fee waivers, density and height allowances, and other measures to facilitate the production of new units affordable to low and moderate-income residents.

### **ACTIONS PLANNED TO REDUCE LEAD-BASED PAINT HAZARDS**

During the coming year, the Manatee County Health Department will continue to test low-income children for lead poisoning, as well as investigate any cases found. The County will meet the requirements of the new lead-based paint regulations by undertaking the actions shown in the Consolidated Plan as outlined below.

Three members of the housing staff within the Redevelopment and Economic Opportunity Department have successfully completed the HUD Office of Lead Hazard Control's "Visual Assessment Course" training. Participating contractors who have not attended the training continue to be encouraged to obtain training certification in lead-based paint safety procedures.

The County will address the lead-based paint hazards that are found in all homes rehabilitated with the County's CDBG and/or HOME funds. Only homes that are pre-1978 are subject to the lead-based paint provisions and, fortunately, many homes in Manatee County were constructed after 1978.

The County will continue to encourage appropriate staff and participating contractors to attend training and obtain certification in "Lead-Based Paint Safe Work Practices" for County construction and rehabilitation projects.

### **ACTIONS PLANNED TO REDUCE THE NUMBER OF POVERTY-LEVEL FAMILIES**

Manatee County through programs proposed in the 2018/2019 Annual Action Plan has developed a program that will serve poverty level families and those in need. Through various housing initiatives the County will aim to increase the number of affordable units available, along with providing funds to rehabilitation substandard housing for income qualified households.

Also, with regards to financial literacy programs, legal services, and homeless prevention the County will provide a series of public services that address the priority needs identified within the Consolidated Plan.

### **ACTIONS PLANNED TO DEVELOP INSTITUTIONAL STRUCTURE**

The County has a strong institutional structure in place to carry out its housing and community development strategies. The County's REO will administer the CDBG, HOME, and ESG programs.

In conjunction with other County operating departments, REO will also implement any public works project proposed by the 2017/2021 Consolidated Plan or any of the annual Action Plans.

Manatee County, unlike many others, has a dedicated tax millage for services for abused, neglected, and at-risk children to supplement similar programs. Accordingly, REO and the County's non-profit agencies have long-standing ties and an effective delivery system for social services to the youth. REO will integrate the public service activities proposed in the Consolidated Plan or Annual Action Plan with these ongoing operations.

Manatee County receives SHIP and HOME funding. REO has an effective public/private affordable housing production system in place.

The affordable housing activities proposed in the Consolidated Plan and Annual Action Plan will be integrated into these ongoing operations.

Suncoast Partnership to End Homelessness, Inc., is the lead agency for Continuum of Care in Manatee County. This is the non-profit entity that will administer the Continuum of Care process and homeless funding for both Manatee and Sarasota Counties. Representatives from Manatee County government, public housing authority, law enforcement, homeless providers, and mental health providers are members of this organization. This entity will be responsible for developing the Continuum of Care plan and prioritizing homeless funding for Manatee County.

### **ACTIONS PLANNED TO ENHANCE COORDINATION BETWEEN PUBLIC AND PRIVATE HOUSING AND SOCIAL SERVICE AGENCIES**

The Manatee County REO will continue to coordinate with various community groups and service agencies to determine objectives and goals through the public participation process. These groups play a vital role in implementing the Five-Year Consolidated Plan and the Annual Action Plans, CAPERs, and any proposed Substantial Amendments. All stakeholders are welcomed and encouraged to participate in the implementation of this Annual Action Plan.

### **DISCUSSION**

For the second-year Annual Action Plan, the County will support activities that will address underserved needs through community development and public services; foster and maintain affordable housing through rehabilitation, replacement, and homebuyer assistance; reduce lead-based paint hazards through responsible rehabilitation; reduce the number of poverty-level families through a combination of job training and economic development; and develop institutional structure through a network of community partners, including the County and its departments. Additionally, the County will continue to encourage coordination with the MCHA, non-profit and private for-profit housing developers, and public service providers, Annual Action Plan participation, and regular day-to-day referrals through REO.

## AP-90 Program Specific Requirements

### INTRODUCTION

This section addresses the program specific requirements for the Annual Action Plan; included are the CDBG, HOME, and ESG programs.

### COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CDBG) REFERENCE 24 CFR 91.220. (I)(1)

Projects planned with all CDBG, HOME, and ESG funds expected to be available during the year are identified in **Table 8**. **Table 13** identifies any program income that is available for use that is included in projects to be carried out. As shown, no program income is available.

**TABLE 13: AVAILABLE PROGRAM INCOME**

## **HOME INVESTMENT PARTNERSHIP PROGRAM (HOME) REFERENCE 24 CFR 91.220(I)(2)**

- 1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:**

The County will use funding from the State Housing Initiatives Program (SHIP) and/or other federal grants for the matching requirements under the HOME program.

- 2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254 is as follows:**

Manatee County uses the recapture method for the entire amount of HOME funds provided as a subsidy, when HOME-assisted homeownership housing does not continue to be the principal residence of the assisted homebuyer for the full affordability period. The recapture provision is subject to the limitation that when the recapture requirement is triggered by a sale, voluntary or involuntary, of the housing unit, and there are no net proceeds, or the net proceeds are insufficient to repay the HOME investment due, the County can only recapture the net proceeds, if any. The net proceeds are the sales price minus the superior loan repayment and closing costs. This language is included in the loan documents. These funds will be used by the County for other eligible HOME activities.

The proceeds from the sale of a CHDO property are retained by the CHDO and used in conformance with 24 CFR 92.300(a)(2).

- 3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:**

See the response to number 2, above.

- 4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b) are as follows:**

The County will not use HOME funds to refinance the existing debt for multi-family projects.

## **EMERGENCY SOLUTIONS GRANT (ESG) REFERENCE 24 CFR 91.220(I)(4)**

### **1. Include written standards for providing ESG assistance:**

In Program Year 2018/2019, Manatee County will receive its fifth allocation of ESG funding in the amount of \$148,976, made available through the HEARTH Act from the U.S. Department of Housing and Urban Development. These funds will be utilized in support of homeless prevention and rapid rehousing for the homeless. The Continuum of Care (CoC) and Homeless Providers have prepared written standards which are located within the Appendix of this report.

### **2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system:**

The Suncoast Partnership to End Homelessness, our lead agency for the Manatee and Sarasota Continuum of Care (CoC), has established a coordinated entry and assessment system in full compliance with HUD requirements. This system includes designated access points where the homeless and those at risk can receive an intake and assessment into the system by a trained professional and be prioritized for housing resources. The Manatee and Sarasota CoC coordinated entry system also includes trained outreach specialists who can serve as access points on the streets.

The CoC meets regularly to share best practices, solve problems and introduce new ideas. One very important activity entrusted to the CoC is the annual point-in-time census of homeless individuals and the corresponding survey of available emergency shelter beds, transitional housing units, and permanent housing units. This data helps the members with vital information on the needs and gaps in the system, and helps redirect services, funding and other resources as the needs of the community's homeless populations shift.

The CoC has established a centralized assessment system using HMIS principles. The CoC has a standing committee to consider process improvements. Currently, 2-1-1 conducts the initial assessment upon engaging the client.

### **3. Identify the process for making sub-awards and describe how the ESG allocation available to private non-profit organizations (including community and faith-based organizations) will be allocated:**

Manatee County is collaborating with the Suncoast Partnership to End Homelessness, the lead Continuum of Care (CoC) agency, to appropriately allocate and administer these funds. The County aims to leverage these ESG dollars with the CoC which already receives and allocates grant dollars from the State of Florida. By leveraging funds, the County can ensure that the ESG funds make the most positive impact possible.

Manatee County's match amount for ESG will come from the Community Coalition on Homelessness d/b/a Turning Points who receives grant funds through other non-federal sources.

**4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG:**

Manatee County itself does not have homeless or formerly homeless individuals elected to the commission but actively participates in the CoC Leadership Council for policy discussions and funding decisions. The CoC Leadership Council includes those with lived homeless experience, and the CoC membership includes active participants who are currently homeless or have past lived experience.

Manatee County awards all ESG funds to Turning Points, which does include homeless or formerly homeless individuals.

**5. Describe performance standards for evaluating ESG:**

During 2018/2019 program year, Manatee County will work with the CoC and homeless providers to create additional performance standards that insure that ESG funds are used efficiently. This is being done in collaboration with the CoC Leadership Council.

## **DISCUSSION**

Manatee County anticipates \$1,891,041 in CDBG funds and \$100,000 in prior year resources. In addition, \$684,100 in HOME funds and \$148,976 in ESG funds. As shown in **Table 14** the County has not identified funds for urgent need activities at this time; however, the percentage of overall benefit to low- and

moderate-income persons is expected to be 100%. Manatee has calculated the percentage of overall benefit based on the first program year (2018/2019).

11.1.4 Efficiency in Service Delivery (Comprehensive Plan)

**Background Discussion**

- Manatee County is an entitlement community through the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs.
- In order to receive HUD funding, the County must have a HUD approved 5-Year Consolidated Plan, that focuses heavily on affirmatively furthering fair housing, and an approved Annual Action Plan for each of the 5 years covered under the Consolidated Plan, that identifies specific projects and budgets to be carried out during the program year. The 2017-2022 Consolidated Plan was approved by the Board on July 25, 2017.
- The public was offered 3 community outreach opportunities to provide input on unmet County needs: Samoset Visioning Meeting on January 30, 2018, CDBG Focus Group Meeting on February 9, 2018, and the Pride Park Community Meeting on April 17, 2018. The public was also offered the opportunity to provide input during the 30-day comment period and public hearing.
- A grant application workshop was held on March 5, 2018, with nonprofit agencies interested in obtaining grant funding.
- Grant applications were due to the County on March 30, 2018.

- Staff conducted a threshold review of all grant applications received by the deadline, and passed the applications on to a review committee comprised of individuals from Goodwill Manasota, Suncoast Partnership to End Homelessness, and the County. The committee reviewed and ranked each application based upon the priority needs that were identified in the 2017-22 Consolidated Plan.
- Manatee County's funding allocation was received from HUD on May 14, 2018.
- Briefings were held with the Board from 6/4/18 through 6/12/18 to discuss review committee/staff recommended CDBG projects. The Board approved the recommended projects for advertisement to the public at the 6/12/18 Board of County Commissioners meeting.
- Based upon the committee ranking and available funding, eighteen CDBG/HOME/ESG activities are proposed in the 18/19 Action Plan as follows:

## Bear suspected in hiker's death

BY RACHEL D'ORO  
Associated Press

### ANCHORAGE, ALASKA

A missing hiker was found dead Wednesday near the site where a member of his search party was mauled by a bear outside of Alaska's largest city.

Anchorage police said the same brown bear appears to be responsible for attacks on the missing

man, Michael Soltis, and the volunteer searcher, whose name was not released. It appeared the bear had been protecting Soltis' body when the male searcher was attacked, according to police. The searcher, who was taken to a hospital, had serious injuries to the leg but he was expected to survive, police said.

The animal was not immediately found, and authorities were asking

people to stay away from the wooded area.

Anchorage police said officers searching for the bear after the Wednesday morning attack found Soltis' body near the end of a rural, paved mountainous road dotted with well-appointed homes in the Eagle River area. Thim said the site was a couple of hundred yards off the road, located in mountainous terrain networked with hiking trails.

states that flipped from  
President Barack Obama in  
2012 to Trump in 2016 -  
Ohio, Michigan, Pennsylva-  
nia and Florida. But it is not  
clear how demographic  
change will affect politics in  
the future.  
"People say demograph-  
ics is destiny and there'll  
be more people of color -  
all that is true," said Jen-  
nifer Richeson of Yale  
University. "But they also  
say the U.S. is going to  
become more progressive  
and we don't know that.  
We should not assume  
that white moderates and  
liberals will maintain cur-  
rent political allegiances,  
nor should we expect that  
the so-called nonwhite  
group is going to work in  
any kind of coalition."  
At its most basic level,  
the change is about pop-  
ulation, but each state is  
experiencing it differently.  
Florida was the first  
state where white deaths  
outstripped births around  
1993, largely because it  
was drawing a lot of reti-  
rees. But its population  
has been one of the fastest  
growing in the nation.  
Retirees have kept com-  
ing, replenishing the white  
population, and its large  
Latino population has  
helped lift the state over-  
all. The median age for  
Latinos in the United  
States is 29, prime for  
child bearing, compared  
with 43 for whites.

The Board of County Commissioners of Manatee County does not discriminate upon the basis of any individual's disability status. This non-discrimination policy involves every aspect of the Board's functions, including one's access to and participation in programs, activities, meetings and public hearings. Anyone requiring reasonable accommodation for this meeting as provided for in the Americans with Disabilities Act should contact Kaycee Ellis at (941) 742-5800; TDD ONLY (941) 742-5802 and wait 60 seconds; FAX (941) 745-3790.

According to Florida Statutes Section 286.0105, a person deciding to appeal any decision made by the Board of County Commissioners with respect to any matter considered at the above-referenced meeting or hearing, will need a record of the proceedings, and, for such purposes, it may be necessary to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

**Summary of Action Plan**

The Action Plan includes an estimate of available resources from private and public sources to address identified needs; a description of the priorities and specific objectives to be addressed in this program year; a summary of the eligible programs or projects that Manatee County will undertake to address the needs; a description of the geographic areas of the County in which assistance will be directed; a description of the projects to address the needs of the homeless, near-homeless and special needs populations; the plans to reduce the number of poverty level families; a description of the activities to evaluate and reduce the number of housing units containing lead-based paint hazards; and the standards in which the County will monitor its housing and community development projects.

## PUBLIC NOTICE

### NOTICE OF FUNDING AVAILABILITY

#### MANATEE COUNTY, FLORIDA

#### Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME) and Emergency Solutions Grant (ESG)

Manatee County has been notified that the Department of Housing and Urban Development (HUD) has proposed an estimated allocation of \$2,274,903.00 for the 2018-19 program year CDBG, HOME and ESG programs. This allocation is an estimate based upon the 2017-18 funding year and is subject to change. (A maximum of 20% of the funds may be used for program planning and administration.) The CDBG program is primarily designed to help those residents who are of low- and/or moderate-income within CDBG eligible areas or for households who income qualify.

During February of 2018, public focus group meetings and public outreach meetings were held to solicit stakeholder/citizen comments on Manatee County's low and moderate-income housing and community development needs, provide information about the eligibility of various kinds of activities, and answer questions regarding the grant programs. Feedback received will be used to assist Manatee County in determining which priority needs identified in the 2017-22 Consolidated Plan are of highest priority, when reviewing grant applications for the 2018-19 program year.

Manatee County will be soliciting CDBG grant applications from non-profit organizations to assist in addressing the housing and community development needs of the County's low- and moderate-income residents.

Applications for funding will be available through the Redevelopment and Economic Opportunity Department on March 5, 2018. In addition, a grant application workshop will be held on March 5, 2018 at the Manatee County Administrative Building, 4th floor Manatee Room, 1112 Manatee Avenue West, Bradenton, FL, from 9:00AM to 11:30AM, to give details and answer questions regarding the funding application. **Enabling/Regulating Authority**

24 CFR Part 91 (Consolidated Plan and Citizen Participation Plan regulation)

11.1.4. Efficiency in Service Delivery (Comprehensive Plan)

**Background Discussion**

Manatee County is an Entitlement Community through the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs.

HUD approved Manatee County's 2017-2022 Consolidated Plan on July 25, 2017. The five-year Consolidated Plan identified priority needs through an extensive public outreach and engagement effort. Those needs are 1) housing (increase supply of affordable housing, etc.) and Fair Housing; 2) community development/infrastructure; 3) social/public services; and 4) economic development. The priority needs are to be addressed through the funding of projects and activities in each year's Action Plan.

In preparation for the FY 2018-19 funding cycle, a grant application workshop was held on March 5, 2018, with interested organizations, and applications were due March 30, 2018.

Staff conducted a completeness review of all grant applications received by the deadline to ensure they met the threshold requirements identified in the application (attached). A review committee comprised of three individuals, Margie Genter from Goodwill Manasota, Ed DeMarco from Suncoast Partnership to End Homelessness, and Debbie Underwood from the Redevelopment and Economic Opportunity Department, reviewed and ranked each application based upon the priority needs, goals, and strategies identified in the five-year Consolidated Plan. In addition, the committee also reviewed the applications for collaboration/partnerships, leveraging of other funds, performance measure and outcomes among other criteria.

Manatee County received its funding allocation from HUD on May 14, 2018, which will be \$1,891,041 for FY 2018-19.

Based upon the committee ranking and available funding, 11 CDBG eligible activities are proposed for funding in the FY 2018-19 Action Plan (attached).

After Board approval of the proposed funding of projects and activities, the proposed list will be advertised beginning on June 22, 2018, for the public comment period.

The FY 2018-19 Action Plan will be scheduled for a public hearing and approval at the Board's July 24, 2018, Board Meeting. The Plan is due to HUD on August 16, 2018.

Subject: Revised CDBG Project List

Commissioners,

Since our Board briefings earlier this week, an emergency situation with the Anna Gayle STEM Center and MLK Children's Library was brought to our attention. The facility is in dire need of a new roof. Without funding for a new roof, we have been advised by Barbara Harvey, Executive Director, that the facility will have to close until funding becomes available to replace the roof. We have provided immediate technical assistance and received the information needed to be able to recommend funding this project as it aligns with high priority goals in our Five-Year Consolidated Plan. Attached, please find our revised recommendation which reduces the recommended award for the UCP Adult Training Center by \$20,000 and provides this funding for roof replacement at the Anna Gayle Center. UCP has committed to finding other sources of funding for the difference.

In addition to the revised recommendation, below please find additional information that was requested during briefings on the Boys & Girls Club Fencing Project and the Manatee Technical College New Beginnings/New Career Pathway Program:

#### Boys & Girls Club Fencing Project

- ☐ The fundraising campaign has been going on a lot longer than a year. The public has only been made aware of it over the past year
- ☐ The Boys & Girls Club is short by about \$200,000 from their contract amount and are currently working on additional donations.
- ☐ The building was scaled down in size from what was originally planned to meet budgetary constraints.
- ☐ Services/goods were solicited from various companies (i.e. AC), and there are donated portions of the various aspects of the project.

#### Manatee Technical College – New Beginnings/New Career Pathway

- ☐ This program is being offered to low/mod-income individuals with preference given to those who reside in a R/ECAP. The objective is to provide job training, which will lead to a higher paying job, and the ability of the student to relocate out of the R/ECAP.
- ☐ A part-time recruiter will be dedicated to the program. The recruiter will visit R/ECAP and CDBG low/mod-income areas to reach out to prospective students. CDBG funds will be utilized to pay for the recruiter.

- ☐ Each student will be provided a bus pass, if needed, to get to and from MTC.
- ☐ Each student will first take an adult basic education test. Those who pass will be admitted into a trade program of their choice.
- ☐ A part-time remediation teacher will be dedicated to the program and paid with CDBG funds. The remediation teacher will work with students who do not pass the adult basic education test, to get them to the minimum educational requirement for their trade. If the student is unable to pass the test after working with the remediation teacher, or are not English speaking, they will go into a GED prep course.
- ☐ Those students moving on to trade school will be provided assistance in obtaining a PELL grant, which can be obtained if the trade school of their choice exceeds 600 hours. The average program length is 1,050 hours or 10.5 months. The grant can also be used to pay for tools and books.
- ☐ Job Placement Services will be provided to students upon completion of trade school.

Please let me know if you need any additional information or have additional questions.

Thanks,

Geri Lopez and Bill O'Shea

2. ## **Specific Community Development Block Grant Certifications**

The Entitlement Community certifies that:

**Citizen Participation** -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

**Following a Plan** -- It is following a current consolidated plan that has been approved by HUD.

**Use of Funds** -- It has complied with the following criteria:

**1. Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

**2. Overall Benefit.** The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2016/17 - 2018/19 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

**3. Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
  2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.
-

**Compliance with Anti-discrimination laws --** The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

**Lead-Based Paint --** Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

**Compliance with Laws --** It will comply with applicable laws.

Dear Mr. Torres,

Thank you for working with Manatee County and the Manatee County Housing Authority on the recently drafted Assessment of Fair Housing (AFH). **Section VI.2** For each fair housing issue with significant contributing factors identified in Question 1, set one or more goals. Explain how each goal is designed to overcome the identified contributing factor and related fair housing issue(s). For goals designed to overcome more than one fair housing issue, explain how the goal will overcome each issue and the related contributing factors. For each goal, identify metrics and milestones for determining what fair housing results will be achieved, and indicate the timeframe for achievement.

### **ADDENDUM RESPONSE:**

#### **Fair Housing Goals and Priorities**

As a product of the Fair Housing Assessment process, the following eight (8) goals and priorities were developed to address Fair Housing in Manatee County (see Table 20). These goals and priorities were informed by the community participation process and input from service providers, Manatee County staff, Manatee County Housing Authority staff, and the Board of County Commissioners. Goals are prioritized from Goal 1 being of the highest priority to Goal 8 being of lower priority.

**Table 20: Fair Housing Goals and Priorities Table**

<b>Goal 1: Identify Opportunities to Reinvest in R/ECAPs to Eliminate Blighted Conditions and Spur Redevelopment</b>	
<b>Goal Priority Level</b>	<b>High Priority</b>
<b>Contributing Factors</b>	<ul style="list-style-type: none"> <li>-Deteriorated and abandoned properties</li> <li>-Lack of community revitalization strategies</li> <li>-Lack of private investments in specific neighborhoods</li> <li>-Lack of public investments in specific neighborhoods, including services or amenities</li> <li>-Location and type of affordable housing</li> </ul>
<b>Fair Housing Issues</b>	<b>R/ECAPs</b>
<b>Metrics &amp; Milestones</b>	1.1 Eliminate blight conditions in R/ECAP areas through targeted demolition and redevelopment or rehabilitation by September 30, 2019. 1.2 Develop neighborhood plan(s) for the R/ECAPs to identify the issues that need to be addressed and resources to offset contributing factors by September 30, 2019.
<b>Timeframe for Achievement</b>	<b>2017-2019 (3 years)</b>
<b>Responsible Program Participants</b>	<b>Manatee County Redevelopment and Economic Opportunity Department (1.1 and 1.2)</b>
<b>Discussion</b>	Contributing factors include higher levels of poverty and lower levels of educational attainment, income, and language proficiency in R/ECAP Census Tracts when compared to Manatee County as whole, resulting in a lack of economic opportunity for persons living in R/ECAPs that limits housing choice. The analysis identified segregated areas and R/ECAPs generally lack access to opportunity. Additionally, publicly supported housing is predominantly located in these areas. Generally, there is a lack of businesses, jobs, and necessary services in these segregated/high poverty areas. The lack of community revitalization strategies has been selected as a contributing factor of priority affecting the fair housing issues

	of segregation, R/ECAP, disparities in access to opportunity, and disproportionate housing needs.
<b>Goal 2: Address Contributing Factors of Poverty and Segregation</b>	
<b>Goal Priority Level</b>	High Priority
<b>Contributing Factors</b>	<ul style="list-style-type: none"> <li>-Lack of community revitalization strategies</li> <li>-Lack of private investments in specific neighborhoods</li> <li>-Lack of public investments in specific neighborhoods, including services or amenities</li> <li>-Location and type of affordable housing</li> </ul>

<b>Responsible Program Participants</b>	Manatee County Redevelopment and Economic Opportunity Department (2.1 only); Manatee County Housing Authority (2.2 only)
<b>Discussion</b>	GIS mapping show clear areas of segregation within Manatee County. Some areas of segregation also experience high levels of poverty. The County's current R/ECAPs are located near the City of Bradenton. The northern R/ECAP is located southeast of downtown Bradenton, between 1st St./U.S. 41 and 15th St. E. (south of U.S. 301 and north of 44th Ave. E./Cortez Rd.). The southern R/ECAP is located south of Bradenton, between 14th St. W. and 15th St. E. (south of 53rd Ave. E. and north of 63rd Ave. E.). In addition, the County has other neighborhoods that experience high levels of segregation and poverty than other areas of Manatee County.
<b>Goal 3: Strengthen Code Enforcement on Substandard Rental Units</b>	
<b>Goal Priority Level</b>	High Priority
<b>Contributing Factors</b>	<ul style="list-style-type: none"> <li>-Location and type of affordable housing</li> <li>-The availability of affordable units in a range of sizes</li> <li>-Lack of private investments in specific neighborhoods</li> <li>-Lack of public investments in specific neighborhoods, including services or amenities</li> <li>- Access to publicly supported housing for persons with disabilities</li> <li>-Lack of affordable, accessible housing in range of unit sizes</li> <li>-Lack of assistance for housing accessibility modifications</li> <li>-Location of accessible housing</li> </ul>

Discussion	Contributing factors indicate limited locations, quality, and types of affordable housing. The amount of affordable housing within Manatee County is an issue that was identified through the public participation process and the collection and analysis of housing data indicates that affordable housing is lacking especially for lower income racial/ethnic minority and disabled households. Moreover, the quality of housing available for lower income racial/ethnic minority and disabled households is poor, particularly rental housing, and further inspection and code enforcement is needed. Through outreach efforts and data collection the quality of affordable housing for lower income racial/ethnic minority and disabled households is lacking. Establishment of more stringent rental housing enforcement and inspection procedures should be explored to better maintain the County's rental housing stock.

<b>Responsible Program Participants</b>	Manatee County Redevelopment and Economic Opportunity Department (5.2 and 5.3 only); Manatee County Housing Authority (5.1 only)
<b>Discussion</b>	Contributing factors indicate a lack of outreach and education materials available and the absence of a fair housing department or agency with a primary of focus on fair housing issues and outreach. Currently, there is no enforcement, investigation, or conciliation of the Manatee County Fair Housing Ordinance and it is unclear who the responsible Authority is for enforcing the ordinance. Presently, all complainants are referred to the HUD Atlanta office and the Florida Commission on Human Relations, and therefore are not monitored locally. Through outreach and data collection uncertainty regarding a complaint procedure and "who to call" when faced with a housing discrimination issue was prevalent. In addition, educating landlords, lenders, and the real estate community were also identified as needs. Lack of outreach and education materials available; absence of a fair housing department or agency with a primary of focus on fair housing issues and outreach.

Responsible Program Participants	Manatee County Redevelopment and Economic Opportunity Department (6.1 and 6.2); Non-Profit Housing Agencies (6.1 and 6.2); Lending Community (6.1 and 6.2)
Discussion	<p>Contributing factors of disparities in access to opportunity include poverty rates, low educational attainment, limited English language proficiency, and unemployment. Other factors include lack of access to job training, child care services, and other services that would assist in obtaining employment. These factors combined limit access to economic opportunity. Lack of income, poor credit history, and lack of financial knowledge, debt-to-income ratio, and employment history are common causes of denial of loan applications among racial/ethnic minority populations. Services and education are needed for lower income racial/ethnic minority households related to financial literacy. According to poverty rates, racial/ethnic minority populations are more likely to experience poverty. More stringent financing requirements have emerged from lending institutions, such as the requirement for a credit score of 620 or higher, 3 lines of credit, and restrictive underwriting practices, resulting in the inability to obtain a mortgage. Inadequate financial literacy education: Without proper financial literacy education, residents may continue to make poor financial decisions. There is an overall disparity of loan originations among racial groups.</p>
<b>Goal 7: Improve the Enforcement of Fair Housing Laws and Ordinances.</b>

	primary of focus on fair housing issues and outreach. Currently, there is no enforcement, investigation, or conciliation of the Manatee County Fair Housing Ordinance and it is unclear who the responsible Authority is for enforcing the ordinance. Presently, all complainants are referred to the Atlanta HUD office and the Florida Commission on Human Relations. Efforts have been made in past years to develop a Fair Housing Ordinance that is both enforceable and substantially equivalent to the Fair Housing Act. There is still work to be done to an ordinance that can be properly enforced at the local level.
<b>Goal 8: Provide Better Access to Opportunity for Protected Classes through Public Services.</b>	
<b>Goal Priority Level</b>	Medium Priority
<b>Contributing Factors</b>	<ul style="list-style-type: none"> <li>-Access to publicly supported housing for persons with disabilities</li> <li>-Lack of affordable, accessible housing in range of unit sizes</li> <li>-Lack of assistance for housing accessibility modifications</li> <li>-Location of accessible housing</li> <li>-Lack of private investment in specific neighborhoods</li> <li>-Lack of public investment in specific neighborhoods, including services and amenities</li> </ul>
<b>Fair Housing Issues</b>	<u>Disability and Access Issues; Publicly Supported Housing Location and Occupancy;</u>
<b>Metrics &amp; Milestones</b>	<p>8.1 Assist at least 10 low economic opportunity individuals from the protected classes with economic opportunity through County or non-profit programs (i.e., literacy education, job training, child care services, etc.) annually beginning October 1, 2018.</p> <p>8.2 Continued assistance of public housing residents through Family Self-Sufficiency Program (15 extremely low to very low income households) by September 30, 2019.</p>
<b>Timeframe for Achievement</b>	2017-2021 (5 years)
<b>Responsible Program Participants</b>	Manatee County Redevelopment and Economic Opportunity Department (8.1 only); Non-Profit Agencies (8.1 only); Manatee County Housing Authority (8.2 only)
<b>Discussion</b>	Contributing factors reveal a lack of basic accessibility features (such as an entrance with no steps or homes with no stairs and/or elevators) in older housing developments and the lack of regular inspection and code enforcement of rental housing affordable to persons with a disability. A common cause for poverty is the lack of access to opportunity, low educational attainment, and unemployment. Job training, child care services, and other services are needed to assist households with obtaining employment. When looking at poverty rates, racial/ethnic minority populations are more likely to experience poverty. Limited income is a major factor that prevents many residents from exercising their choice in housing. In

	Manatee County, Black/African-American and Hispanic households and other protected class groups display higher percentages of lower incomes than other households. Lower educational attainment among certain racial/ethnic minority groups; lack of economic opportunity; and limited language proficiency.

  - b) Statement describing the reason for eviction if eviction is from an applicant's family. The statement must be signed by the family member, dated and must be notarized.
  - c) If there is no formal eviction process, persons are considered evicted when they are forced out of the dwelling unit by circumstances beyond their control. In those instances, applicants must provide a signed and dated statement describing the circumstances. - (1) Income evaluation form containing the minimum requirements specified by HUD and completed by the case manager for the applicant.
- (2) Source documents for the assets held by the program participant and income received over the most recent period for which representative data is available before the date of the evaluation ( *e.g.*, wage statement, unemployment compensation statement, public benefits statement, bank statement);
- (3) To the extent that source documents are unobtainable, a written statement by the relevant third party ( *e.g.*, employer, government benefits administrator) or the written certification by the case manager of the oral verification by the relevant third party of the income the program participant received over the most recent period for which representative data is available; or
- (4) To the extent that source documents and third party verification are unobtainable, the written certification by the applicant of the amount of income the applicant received for the most recent period representative of the income that the applicant is reasonably expected to receive over the 3-month period following the intake evaluation.
- (5) The applicant's certification on a form specified by HUD that the program participant has insufficient financial resources and support networks; *e.g.*, family, friends, faith-based or other social networks, immediately available to retain housing stability and meets one or more of the conditions under paragraphs of the definition of "at risk of homelessness" in CFR § 576.2;
- (6) The most reliable evidence available to show that the applicant does not have sufficient resources or support networks; *e.g.*, family, friends, faith-based or other social networks, immediately available to prevent them from being evicted from their housing. Acceptable records must show:
  - (A) Source documents ( *e.g.*, notice of termination from employment, unemployment compensation statement, bank statement, health-care bill showing arrears, utility bill showing arrears);
  - (B) To the extent that source documents are unobtainable, a written statement by the relevant third party ( *e.g.*, former employer, public administrator, relative) or the written certification by the applicant or case manager of the oral verification by the relevant third party that the applicant meets one or both of the criteria of the definition of "at risk of homelessness" in § 576.2; or

### **COORDINATION OF SERVICES**

Turning Points coordinates and integrates Emergency Solutions Grant funded activities with partner agencies and programs in the Continuum of Care that encompasses both Manatee and Sarasota Counties. Homeless service providers are directed to have potential clients use the 211 call system for clients seeking assistance with rent and utility services in Manatee County. The Coalition holds monthly meetings for homeless service providers as well as mainstream service and housing providers to network and share information about funding sources and services available for people who are homeless or at risk of becoming homeless. The primary method for clients to be referred to the appropriate service is by utilizing the 211 call center, the coordinated assessment system of the CoC.

### **PROCEDURE FOR PRIORITIZING ELIGIBLE APPLICANTS FOR ESG ACTIVITIES**

Clients seeking ESG assistance are referred to complete the standardized intake application form through calling 211. Once the completed form has been entered into HMIS, it is printed off in the order in which it is received at Turning Points. Turning Points staff take each day's application and evaluate it to see if it meets basic eligibility guidelines as described under general eligibility requirements. Those who are not eligible based on the guidelines described there will be notified in the preferred method they indicated on the intake form. Those clients that meet basic eligibility are gathered in a group to be contacted. Those eligible applicants that have children in their household will be given priority and will be contacted first for appointments with the case managers out of the group of eligible applicants. Second priority will be given to veterans and applicants with disabilities. Eligible households without children and individuals will then be contacted for any remaining slots available for that day. This procedure will repeat each day, with any households with children that did not get appointments on a previous day being given priority for the next day's available appointment slots.
