Did you create additional shelter beds/units through an ESG-funded conversion project	No

Data Participation Information

Are there any funded projects, except HMIS or Admin, which are not listed on the Project Links and Uploads form? This includes projects in the HMIS and from VSP No

Step 5: Project Outcomes

Project outcomes are required for all CAPERS where the program year start date is 1-1-2021 or later. This form replaces the narrative in CR-70 of the eCon Planning Suite.

From the Action Plan that covered ESG for this reporting period copy and paste or retype the information in Question 5 on screen AP-90: "Describe performance standards for evaluating ESG."

In Program Year 2024/2025, Manatee County will receive its second allocation of ESG funding for the 2023 – 2027 Consolidated Planning cycle in the amount of \$162,357, made available through the HEARTH Act from the U.S. Department of Housing and Urban Development. These funds will be utilized in support of homeless prevention and rapid rehousing for the homeless. The Continuum of Care (CoC) and Homeless Providers have prepared written standards which are located within the Appendix of this report, and will be updated during the lifetime of this Consolidated Plan.

Rapid Rehousing Performance Standards

The Suncoast Partnership and the CoC Leadership Council have set the following system wide performance standards:

- 1. 85% of those referred have entered the RRH project .
- 2. 30% increase income from time of entry into the project to time of exit.
- 3. 85% of those with a permanent housing outcome remain housed one- year later.
- 4. 45-60 days from entry into project to housing placement.

Failure to meet the goals doesn't result in a termination of contracted funds, but may be used to determine which Providers receive funding in future years.

Based on the information from the Action Plan response previously provided to HUD:

1. Briefly describe how you met the performance standards identified in A-90 this program year. If they are not measurable as written type in N/A as the answer.

During Program Year 2023–2024, Manatee County successfully executed its FY 2023 ESG award with the designated subrecipient. In alignment with the performance standards outlined in Section A-90, a total of 10 individuals (7 households) were referred from the One-By-One List in Program Year 2024–2025, and the subrecipient has been actively engaged in providing assistance and supportive services to all referred clients.

2. Briefly describe what you did not meet and why. If they are not measurable as written type in N/A as the answer.

Any performance standards that were not met by Manatee County resulted from delays in the subrecipient selection process during the prior program year, which were further compounded by the impacts of the 2024 disasters. Accordingly, the County utilized the 2024 HUD ESG Disaster Waivers for both the FY 2023 and FY 2024 awards. The FY 2023 ESG agreement was executed on July 18, 2025, and the FY 2024 ESG agreement was executed on November 23, 2025. Despite these delays, a total of 10 individuals (7 households) have been referred from the One-By-One List in Program Year 2024–2025, and the subrecipient is actively providing assistance to all referred clients.

OR

3. If your standards were not written as measurable, provide a sample of what you will change them to in the future? If they were measurable and you answered above type in N/A as the answer.

Please provide any additional comments on other areas of the CAPER that need explanations:

Aggregates data from CAPERs submitted to HUD by selected criteria (project type and/or specific question)

ⓘ

Due to changes in the CAPER over time, some tables have been retired and replaced by updated versions. Depending on the date range of data included, you will automatically see previous versions of those tables, new ones, or both. Tables that are retired are marked as such in their title.

📖

Click here to read a short technical explanation of how this works

 and other important information about pulling data across report versions.

Instructions: Select an option for each filter. **Aggregate mode** sums data together from separate CAPERRs and presents the output as the regular CAPER table shell. **Details mode** outputs one row for each included CAPER, with a column for each cell of data. Data in Q4 can't be summed, and only outputs in details mode.

In aggregate mode, numbers in green italics have been recalculated or weighted based on available totals.

If you attempt to pull an entire CAPER, especially aggregating over many recipients, you may have to wait several minutes for the result. Use the "Email me" button to run the report and email you the results when it's complete. You can navigate to other pages in Sage while that's running.

"Year" means the year of the start date for the submission.

This Aggregator uses data from reports with a status of Review in Progress, Reviewed, or Submitted.
