PROGRAM DESCRIPTION

The Offender Work Program participants, both male and female, will perform manual labor at non-profit County, City and Government organizations/agencies for no wage. This program can accommodate up to 40 program participants on a daily basis. The minimum number of days an offender is required to participate is one day per week. The offender will generally work an eight hour day; beginning at 7:30 am and will include a 30 minute lunch and two 15 minutes breaks during the day, until 3:30 pm. Personnel from the Manatee County Probation Office will supervise program participants. Attendance, conduct and compliance of program participants will be documented by Probation personnel.

PROGRAM OBJECTIVES

This program will provide a sentencing alternative for offenders who could be given the option at the time of sentencing to perform various labor activities for the benefit of the community in lieu of incarceration at the Manatee County Jail. The program participant is repaying his debt to society by working in Manatee County thereby saving the taxpayer money. The Offender Work Program can be an extremely useful jail management tool.
