

NOTICE

The Manatee Land Development Code, Section 801.3.W, requires that measures be taken by builders and developers to provide compliance with soil stabilization, soil erosion and transporting of fill materials regulations. In addition, construction sites that will result in a disturbance of one acre or more are required to seek coverage under the Generic Permit for Stormwater Discharge from Large and Small Construction Activities (DEP Document 62-621.300(4)(a)). A generic permit is a general NPDES permit issued by Florida Department of Environmental Protection.”

As contractor of record _____, License Number _____,
(Name)

doing business as _____. I fully understand that this permit
(Name of Firm)

is issued conditionally, that all erosion control measures will be erected and maintained during the
construction of _____
(Type of Project)

located at _____, Permit Number _____.
(Address)

My failure to comply with all requirements of the Manatee Land Development Code and
Comprehensive Plan may result in this permit being revoked or other disciplinary action by Manatee
County Government.

I have read and understand the foregoing instrument and agree to abide by such conditions.
