520. Standards. No such use shall be permitted unless the following requirements are met:

520 (A) *Nuisance, Hazardous Features.* Adjacent uses shall be suitably protected from any nuisance or hazardous features involved in the use. See also Section 540.

520 (B) *Traffic and Circulation.* The use will not create hazardous vehicular or pedestrian traffic conditions, or result in traffic in excess of the capacity of streets serving the use; and all parking, driveway layouts temporary on-site traffic signage, handicap accessibility, and vehicular access shall be approved by the Transportation and Planning Department.

520(C) *Public Facilities and Services.* Adequate potable water from Manatee County Public Water System or an in-ground private water supply system, electricity from the local utility company, refuse management, emergency services, access, and similar necessary facilities and services, with appropriate signage shall be provided for use. All necessary sanitary and potable water facilities shall be approved by the H.R.S./Manatee County Public Health Unit.

520 (D) *Natural Environment.* The proposed use will not have a adverse impact on the natural environment. Adequate provisions shall be incorporated in the plans and construction to achieve compliance with Section 540, herein.

520 (E) *Site Suitability.* The site is suitable for the proposed use, considering flood hazard, drainage, soils, and other conditions, which may constitute a danger to life, health, or property.

520 (F) *Duration.* The length of time the use is permitted shall be as short as practicable. Unless, otherwise specifically specified in this Section, no temporary use shall be allowed for more than two (2) years.

520 (G) *Building Permit.* A Building Permit is obtained concurrently from the Building Division of the Planning Department based on the proposed temporary use.

520 (H) *Pre-Permit Site Inspection.* A pre-permit site inspection has been conducted by the Building Division and Growth Management Division of the Planning Department.

520 (J) *Dust Control, Appearance.* All areas involved in the use and all access roads thereto shall be maintained so as to prevent dust or debris from blowing or spreading onto adjoining properties or onto any public rights-of-way. Such areas shall be maintained in a clean and orderly manner, and building material and construction residue and debris shall not be permitted to accumulate. Upon notification by the County that dust, particle emissions, erosion, and siltation control measures are inadequate, the developer shall immediately cease operation and restore all damaged surfaces and initiate additional measures to correct the adverse impact before commencing further operations.

NOTE: Termination. By the end of the time period for which the temporary use was permitted, including any renewal or extension periods, the use shall be discontinued, all temporary structures involved removed, and the site restored to an acceptable condition free of debris and code violations.

NOTE: ALL TEMPORARY USE PERMIT APPLICATIONS MUST BE SUBMITTED THIRTY (30) DAYS PRIOR TO THE PROPOSED COMMENCEMENT DATE FOR SUCH USE TO ALLOW AMPLE REVIEW TIME FOR ALL AGENCIES TO REVIEW REQUEST.
