

## STRUCTURAL ALUMINUM CERTIFICATE

**PERMIT #** \_\_\_\_\_

For certification of structural aluminum construction, the contractor shall require the architect or engineer, upon completion of the structural aluminum assembly, to submit to the Manatee County Building and Development Services Department, a signed and sealed affidavit on the firm's letterhead (or this form) stating the following:

I \_\_\_\_\_, an \_\_\_\_\_  
**Print Name** \_\_\_\_\_ **Architect or Engineer** \_\_\_\_\_

licensed and registered in the State of Florida, license # \_\_\_\_\_ have inspected the structural aluminum located at: \_\_\_\_\_ and hereby certify that all structural aluminum framing components, connections and fasteners have been installed and are in compliance with the sealed plans and specifications. The certification shall further state that all field welding was performed by certified welders and the welded connections are in compliance with AWS Standards.

Signed & Sealed at time of project completion by:

**Architect/Engineer** \_\_\_\_\_ **Date** \_\_\_\_\_  
**Signature** \_\_\_\_\_

A hold on the issuance of a Certificate of Occupancy (CO) will be placed on this permit until a signed and sealed certification has been submitted and accepted by the Manatee County Building Official or their representative.
