## PROJECT HIGHLIGHTS AND COMMUNITY BENEFITS

The Parrish Community Park is packed with features to make the most of the 11.5 acre space. Concept art shows off a wooden boardwalk, a splash pad area, various playgrounds and a performance pavilion. The park is set to feature picnic shelters, a performance pavilion, shade structure, splash pad, playgrounds and other amenities. A 120' by 120' shade structure and event lawn will be able to host festivals, plays and other community events. There will also be designated food truck parking spots for events. Parrish Community Park also has plans for a public swimming pool to feature a competitive lap pool and shallow play pool with water features. It is set to be built along the newly extended Ft. Hamer Road near the Parrish Community High School.
