GENERAL REGULATIONS:

In addition to the regulations which follow, all laws and regulations of the State of Florida relating to wildlife shall apply. Duette Preserve is not a state wildlife management area. It is managed by Manatee County Government. Duette Preserve regulations are more restrictive than the state regulations. Hunting or the taking of wildlife shall be allowed only during the state open seasons and Preserve scheduled hunt weekends, and only in the manner set forth herein.

EACH HUNTER IS PERSONALLY RESPONSIBLE FOR THE KNOWLEDGE OF AND ADHERING TO ALL LAWS AND RULES PERTAINING TO THIS HUNT PROGRAM AND DUETTE PRESERVE.

1. Each new participant must provide a copy of his/her Hunter Safety Certificate at the time of registration. No exceptions.
2. Any person entering Duette Preserve during the prescribed hunts, other than archery hunts, shall wear at least 500 square inches of Dayglo fluorescent orange material above the waistline as an outer garment. A head covering of the same color is also required. *The Dayglo fluorescent orange material must be visible at all times, including while in ground blinds.*
3. During hunt weekends, access to Duette Preserve is restricted to hunters with a valid hunt permit for the designated hunt and two immediate family members (see Children and Family). Entry and exit is permitted through the Check Station only.
4. The use of feeders, baiting, or the possession of baiting materials of any kind is prohibited. Trapping of any kind is prohibited.
5. There are quiet times during the Big Game season. Walking around or driving during this time is prohibited. A Quiet Time Schedule is distributed at Orientation and is posted at the Check Station on the board with the buck quota.
6. **Male deer (buck) must have a minimum of three (3) points on one side.** *(A point is defined as antler growth off the main beam that is 1" in length.)*
7. A buck harvest quota is established for each Big Game weekend. Unfilled buck quotas are not carried over to future hunts. If the buck quota is filled on the first day of the hunt weekend, only feral hogs may be taken the second day. The buck quota is posted at the Check Station. Only one deer may be harvested per permitted hunter per Big Game Weekend, regardless of quota.
8. All deer must be dressed at the Check Station so the health of the harvested deer can be evaluated. All deer harvested are required to have one jawbone extracted for aging. All hogs shall be dressed at the check station, unless justification is accepted and prior verbal authorization is given by a ranger on duty.
9. Transport of deer or parts of the deer off of the property requires a copy of the harvest sheet signed by staff. It is the hunter's responsibility to acquire a copy of the harvest sheet from staff. See Florida Fish and Wildlife Commission Hunting Handbook for state rules on dismemberment.
10. Hunting is prohibited in areas posted "No Hunting."
11. STATE REGULATIONS REGARDING BUFFER ZONE DISTANCES APPLY.
12. The waste of wildlife is prohibited.
13. No plants, or their parts, or any animals shall be introduced, liberated, planted, or placed in any part of Duette Preserve by visitors.
14. Littering and the possession of alcohol is prohibited everywhere within Duette Preserve.
15. In accordance with Manatee County Code of Ordinances staff may order any person to **leave** the park and may also request law enforcement to deliver such an order if they exhibit disruptive or unsafe behavior.
