I. MOSAIC NEST RENTAL PARAMETERS & PROCEDURES

The Mosaic NEST at Robinson Preserve is available for rental by individuals and groups for a variety of different uses and purposes. The following describes the procedure for renting this space as well as the parameters set forth for rental eligibility. Due to this site's unique structure features, and interior, specific elements for rentals, such as the need for all rentals to carry event insurance have also been outlined below.

Requirements for all Mosaic NEST Rentals

- Each rental, regardless of the amount of time requested on site, will carry insurance naming Manatee County as additionally insured. This requirement is intended to protect and preserve the integrity and high value of the site.
- A refundable damage deposit of \$100, or \$500 for events with alcohol, will be obtained for each rental. The County reserves the right to adjust damage fees, if necessary, upon site evaluation after rental.
- Requests for alcohol on site must be made in the initial proposal for the event. Additional insurance to be provided by the renter will be required for events with alcohol.
- Any vendors, including caterers, those bringing in tables, chairs, tents, entertainment, etc. will provide the County with certificates of insurance naming the County as additionally insured.

Natural Resources Department Fee Schedule

- Animals beyond standard service animals are not allowed within the building, except for staff managed Animal Ambassadors.
- Events are subject to limitations on number of participants and availability depending upon the Department's previously established calendar of events.
- Birthday parties and other social events will not include exclusive usage of the Canopy Zone or grounds. Weddings may reserve the Canopy Zone or grounds for an additional hourly fee.
- Rentals of the Mosaic NEST are handled in the same manner as pavilion and other structure rentals in the preserves. Rentals for the NEST are either for the building only or include the grounds in which case the renter must also fill out the Special Event Permit Application and pay the appropriate additional fee.
- Rental fees incurred will include any necessary time before and/or after the event for set up and tear down. For instance, if an event requires an hour lead time for set up, this time will be billed at the standard rate and must be indicated on the rental application.
- Fire and open flames are not permitted within the building except for sterno and chafing dishes.
- All renters are required to provide a site plan within the building describing any elements they plan to bring into the site including tables, chairs, arches, etc. The County reserves the right to refuse permission to use any item that is deemed one that might harm the interior of the building.

Mosaic NEST Rental Procedure

- Individual contacts Manatee County Natural Resources requesting to rent the NEST.
- Rentals of the NEST fall into two categories: either a rental of just the building or a rental that would require use of the surrounding property as well.
 - If the rental is just for the building, the individual will fill out the building rental application.
 - If the rental also requires use of the grounds, more parking than is available at the site, additional elements such as more bathrooms, or is larger than 50 people, the individual is provided with a special event permit application.
- The individual then fills out the appropriate form/s and submits it to the Education and Volunteer Division.
- Staff in the Division will review the application, send it to the review committee, and will verify that the following elements are met:
 - The building and/or site is available at the time requested.
 - The proposed event is feasible at the site, taking into consideration the building's capacity, availability, etc.
 - The proposed event does not have a negative impact on the preserve's ecosystem.
 - Any questions raised by the review committee are sufficiently addressed.
- Once the event application is approved, staff will invoice the requestor with the fees for the event.
- Fees for all rentals must be paid within two weeks of the event or the renter will forfeit the space reservation. Cancellations will include a \$100 cancellation fee (the damage deposit will not be returned) to address staff time spent coordinating the rental.
- Once an event is scheduled, an appropriate staff member will be assigned to attend the event and serve as the County's host. Staff will follow the Mosaic NEST Rental Management Procedure to host the event.
- Staff will attend the event and will assist with opening the site, preparing it as necessary within reason, monitoring the building during the event to ensure its safety, and closing of the site after the event.
- Once the event is completed, staff will verify that the site is undamaged. Once site conditions are inspected and approved, staff will approve the refund of the damage deposit.
 - If the site is damaged, staff will take detailed notes in the event application packet and will also take photos of the damage to provide to the renter. These will be kept on file and the damage deposit will not be returned.
 - If use of the site exceeds the time rented, the damage deposit may be withheld to account for the additional staff time required.
- Any damage to the site will be reported to the Department Director and the damage deposit will be utilized to cover the costs incurred. If the building receives severe loss the County Attorney's Office will be contacted to pursue the event insurance to cover damages.

J. GOPHER TORTOISE RECIPIENT FEE POLICY

The following is a descriptive policy regarding Gopher Tortoise Recipient Fees for Gopher Tortoise Recipient Sites permitted within Manatee County Natural Resources Department managed lands.

1. All revenues (i.e., fees collected) received by and through the Manatee County Gopher Tortoise Recipient Site Program for gopher tortoise relocations shall be placed into an account dedicated for the staffing, management, maintenance, and monitoring mandated by the Florida Fish and Wildlife Conservation Commission ("State") Gopher Tortoise Recipient Site Permit (GTLR-23-00009) (Application No. 96483).
2. The Natural Resources Department will implement the State-approved, Gopher Tortoise Recipient Site Habitat Management Plan to the extent the designated account allows. Staffing shall include an Authorized Gopher Tortoise Agent ("GTA") retained by Manatee County and Resource Management personnel and/or contracted personnel to perform various management activities in perpetuity (temporary enclosure fencing, mowing, prescribed burning, tortoise marking, monitoring, etc.).
3. Each Manatee County gopher tortoise recipient site shall be managed and monitored in accordance with the aforementioned permit and consistent with the most current FWC Gopher Tortoise Permitting Guidelines <https://myfwc.com/license/wildlife/gopher-tortoise-permits/permitting-guidelines/guidelines-revisions/>
4. Unless directed otherwise by FWC, Manatee County's gopher tortoise recipient sites shall only accept gopher tortoises being relocated from development projects (i.e., donor site) occurring within the approved geographic region defined as fifty miles north or south and from west coast to east coast of the permitted gopher tortoise recipient site to which the gopher tortoise(s) will be relocated.
5. Gopher tortoises shall be accepted at Manatee County's permitted gopher tortoise recipient sites from both public agency development projects and private entity development projects within the approved geographic region defined above. However, a minimum of 25% of the total number of tortoises accepted at any individual recipient site shall be reserved for Manatee County infrastructure projects (e.g., public works, utilities, facilities, etc.), 25% of the total number of tortoises accepted shall be reserved for other public entities (e.g., Florida Department of Transportation, Manatee County School Board, etc.), and the remaining 50% of the total number of tortoises accepted shall be reserved for private entities.
6. A designated Manatee County Natural Resources representative shall maintain a ledger tallying gopher tortoise vacancies at each permitted recipient site. The ledger shall be audited annually by an authorized GTA.
7. Upon a gopher tortoise relocation inquiry from a potential donor site, the Manatee County Natural Resources representative shall review the recipient site ledgers for available carrying capacity. If a recipient site is available to accommodate the estimated number of gopher tortoises anticipated from the donor site, the Manatee County representative shall send a Reservation Letter to the donor site, including a Reservation Agreement and Deposit Form.
8. The Gopher Tortoise Recipient Fee shall be calculated based on the market rate at the time of the Reservation Letter generation, as follows:

Donor Site	Cost per Tortoise
Manatee County Infrastructure Projects	Market Rate -20%
Donor Sites (Private Entities)	Market Rate
Donor Site (Public Entities)	Market Rate –10%

9. Market rate shall be assessed on a quarterly basis by averaging the fees for a minimum of three long-term recipient sites within the Southwest Region.
10. The Gopher Tortoise Recipient Fee covers costs to staff Manatee County Authorized GTA(s), management of the gopher tortoise reservation system, installation and maintenance of temporary enclosure fencing for relocated gopher tortoises, marking, tracking, and monitoring of relocated gopher tortoise(s), and long-term management and maintenance activities associated with the Duette Preserve Long-term Gopher Tortoise Recipient Site(s).
11. A nonrefundable administrative fee equal to 5% of the calculated Gopher Tortoise Recipient Fee is required upon return of the executed Reservation Agreement. This fee covers the administrative costs and equipment costs associated with the management of the recipient sites. Upon receipt of the administration fees, Manatee County Natural Resources Department will provide the necessary reservation letter which will allow the applicant to utilize the reserved capacity on the donor site permit application with FWC.

Natural Resources Department Fee Schedule

12. Tortoises with a carapace less than 130 mm will not be charged the full Gopher Tortoise Recipient Fee. Instead, the administration fee will be used for authorized agent administration and receiving activities.
13. The donor site (i.e., GTA or FWC approved designee) shall be responsible for transport of all donor site gopher tortoises to the Manatee County recipient site's designated transfer location to be provided to the permittee upon issuance of the donor site relocation permit.
14. Once received at the recipient site, relocated gopher tortoises shall be weighed, measured, assessed for health, and marked by a Manatee County Authorized GTA using a unique identifying number (ID). The unique ID will be used to inventory gopher tortoises in the credit ledger and will be provided to the FWC for permit compliance tracking.
15. The Manatee County Authorized GTA reserves the right to deny receipt of any unhealthy tortoises delivered to the recipient site.
16. After a relocation is complete, the donor site is responsible for paying the Gopher Tortoise Recipient Fee balance in accordance with the Reservation Agreement.
17. Payment to the County will be made by the Donor in compliance with Chapter 218, Florida Statutes, also known as the "Local Government Prompt Payment Act" upon receipt of an invoice from the County.
18. Failure to promptly pay invoices may result in the application of late fees, cancellation of the Reservation Agreement, and/or denial of future Reservations.
