1. Summary of Proposed Ordinance, Including a Statement of the Public Purpose to be Served by the Proposed Ordinance, Such as Serving the Public Health, Safety, Morals, and Welfare of the County:

Chapter 2025-190, Florida Statutes was approved to modify F.S. 397.487, which speaks to voluntary certification for Substance Abuse Service. Chapter 2025-190, Florida Statutes states: "...the governing body of each county or municipality shall adopt an ordinance establishing procedures for the review and approval of certified recovery residences within its jurisdiction. The ordinance must include a process for requesting reasonable accommodations from any local land use regulation that serves to prohibit the establishment of a certified recovery residence." The documents to be obtained from the applicant are required to receive a written determination by the County within 60 days. These documents are to show consistency with the Fair Housing Act and the American Disability Act, which demonstrate compliance by providing reasonable accommodations.

Staff is also proposing an update to the Recovery Home and Residential Treatment Facility definitions to more appropriately reflect the definitions found in the Florida Statutes 397.

The intent of this proposed Land Development Code Text (LDCT) Amendment is to modify regulatory requirements, with supporting analysis, to ensure the

language is reflective of County's goals, objectives, and policies. This is to also update obsolete or no longer applicable regulatory language, as it relates to Florida Statutes. Pursuant to Chapter 1 of the LDC: "the Code is adopted in order to foster and preserve public health, safety, comfort, and welfare in the unincorporated areas of the County."

2. Estimate of Direct Economic Impact of Proposed Ordinance on Private, For-Profit Businesses in the County, Including the Following (if any):

- a. An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted:

The cost that businesses may incur will only be fees associated with acquiring certification or licenses, if warranted.

- b. Any new charge or fee on businesses subject to the proposed ordinance or for which businesses will be financially responsible:

The only fee the business may be responsible for is associated with acquiring a certificate or license, if warranted.

- c. An estimate of the County's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs:

The only other cost imposed by the County is associated with the fee for a reasonable accommodation application.

3. A Good Faith Estimate of the Number of Businesses Likely to be Impacted by the Ordinance:

A good faith estimate was not produced to show how many businesses would be affected if this ordinance were to be implemented due to the available information staff currently has at hand. Business Impact Statement may not be required due complying with Chapter 2025-190, Florida Statutes.

4. Additional Information the Board Determines May be Useful:

There is no additional information to be provided at this time to the Board.
