WATER OFF / PRECAUTIONARY BOIL WATER NOTICE

WATER OFF:

Tuesday, June 9, 2026, from 9:00AM-5:00PM

REASON FOR SHUTOFF:

Water off is for contractors performing 2-8” waterline tie ins, within the shutdown area.

FOR IMMEDIATE RELEASE:

MANATEE COUNTY, FL (Tuesday, June 9, 2026) – Manatee County Utilities Department will be issuing a Water off/Precautionary Boil Water Notice after the water has been restored, for our customers in Palmetto, from the address 1013 49th St E, along 49th St E, to Canal Rd & 49th St E. Also 15th St E just south of 49th St E will also be affected.

On Tuesday, **June 9, 2026**, the water will be shut off for 2-8” watermain tie ins. The affected customers are advised that once service is restored, all water used for drinking or cooking should be boiled as a precaution. A rolling boil for one minute is sufficient. As an alternative, bottled water may be used.

This precautionary notice will remain in effect until a bacteriological survey has shown the water to be safe, normally 24-48 hours. A Rescission Notice will be issued when lifted. If residents have any questions, they may call 941-792-8811 ext: 5268 or 5216 between 7:00 a.m. to 3:30 p.m.

*Regulations require that two consecutive samples be collected for bacteriological quality following the water being shut off. To restore full service as soon as possible, the Department of Health allows rescission of the precautionary boil water notice if the first sample is bacteriologically acceptable, and the second sample meets certain general water quality standards. However, if the second sample is bacteriologically questionable or unacceptable, then this precautionary boil water notice will be reissued until two consecutive bacteriologically acceptable samples are demonstrated.

THIS NOTICE HAS BEEN ISSUED BY MANATEE COUNTY UTILITIES WATER DISTRIBUTION SECTION
