WATER OFF / PRECAUTIONARY BOIL WATER NOTICE

WATER OFF:

Thursday, May 7, 2026
10:00 AM - 12:00 PM

REASON FOR SHUTOFF:

Water Line Break

FOR IMMEDIATE RELEASE:

MANATEE COUNTY, FL (Friday, May 8, 2026) – Manatee County Utilities Department has issued a Precautionary Boil Water Notice for our customers **at 5718 Manatee Ave W (Pig Out BBQ), on Thursday, May 7, 2026**, after the water has been restored.

A water line break occurred on **Thursday, May 7, 2026**. The water was off from **10:00 AM - 12:00 PM**. Customers are advised that once service is restored, all water used for drinking or cooking should be boiled as a precaution. A rolling boil of one minute is sufficient. As an alternative, bottled water may be used.

This precautionary notice will remain in effect until a bacteriological survey has shown the water to be safe, normally 24-48 hours. A Rescission Notice will be issued when lifted, and this webpage will be updated. For any questions, please call 941-792-8811, ext. 5268 or 5216, between 7:00 a.m. and 3:30 p.m., Monday through Sunday.

*Regulations require that two consecutive samples be collected for bacteriological quality following the water being shut off. To restore full service as soon as possible, the Department of Health allows rescission of the precautionary boil water notice if the first sample is bacteriologically acceptable and the second sample meets certain general water quality standards. However, if the second sample is bacteriologically questionable or unacceptable, then this precautionary boil water notice will be reissued until two consecutive bacteriologically acceptable samples are demonstrated.

THIS NOTICE HAS BEEN ISSUED BY MANATEE COUNTY UTILITIES WATER DISTRIBUTION SECTION
