The adjacent section is to be the subject of a FDOT-managed project development & environmental phase that is cost feasible in the 2030 – 2045 period with all other phases (design, right-of-way, construction) to be completed after 2045. The PD&E and improvements are likely to be Federally funded. Because the way right-of-way is acquired can have bearing on Federal projects and this appears to have originally been conveyed by plat, Transportation Planning is not making a recommendation regarding the property adjacent to the State highway. In case it matters, for State road right-of-way and access questions, we usually refer developers to Kim Strickland at FDOT (kim.strickland@dot.state.fl.us, 863.519.2236).

**Wauchula Rd**
This is a little more awkward. First, I missed that the east end of the alley touches a thoroughfare. Past that, Wauchula Rd has been planned as a two-lane road with 100 foot right-of-way for most of its history in the comp plan. However, the historical pattern (including the properties on either side of the alley) appears to have been for the balance of a half-width needed to comprise a 70-75 foot right-of-way. For straightforward consistency with the plan, we should keep the additional 12-15 feet of Wauchula Rd right-of-way for the width of the alley (for a Wauchula Rd half-width of 50 feet). However, if it would be helpful, Public Works staff can also discuss needs internally then follow-up.

Clarke,  

Good afternoon. I have reached out to FDOT and Kim Strickland, as suggested, regarding the alley that abuts SR 70. Has Public Works completed a discussion internally about the proposed vacation of Roosevelt Avenue?  

Thank you,

Charles,

Zoning and Addressing have no objections to the requested ROW vacation for Roosevelt Ave and the 10' alley however, Parcel ID# 1898.0005/9 (owners Yvonne Aronin, Theresa Sellmer) located directly south of Roosevelt Ave, lists the address incorrectly in the PAO/GiS database as 2123 46th Street Ct E and should be listed as 37015 State Road 70E. The PAO's office has been contacted and the correction to the address will be made.
