Waiver of Street Numbering Request**

Dear Vicki:

On behalf of our client, Schroder-Manatee Ranch, Inc., we are submitting this letter, along with a location map and site plan for your reference, for your review and consideration of granting a waiver from required street numbering for the proposed Cresswind Development. In lieu of numbering the proposed streets within the development, we will be submitting for your review a list of proposed street names under separate cover. It is our opinion that naming the streets within the development, rather than numbering, will provide a desirable sense of identity to the community and its future residents.

In addition to the Local Map and Site Plan referenced above, we are also enclosing a check in the amount of \$812.00 made payable to Manatee County BOCC, for the required review fee. We trust that this information meets your needs at this time. However, should you have any questions or require any additional information, please do not hesitate to contact us directly.

Sincerely,

MORRIS ENGINEERING AND CONSULTING, LLC
