Mr. Will Abberger  
Vice President, Director of Conservation Finance  
The Trust for Public Land  
306 N. Monroe Street  
Tallahassee, FL 32301

Dear Mr. Abberger:

The Manatee County Board of County Commissioners requests technical advice and assistance from The Trust for Public Land in connection with our efforts to develop and sustain reliable, ongoing sources of funding for land conservation.

As part of your advice and assistance, we understand you will conduct research with affected groups to develop recommendations for the Manatee County Commission on strategies for supporting dedicated, ongoing sources of public funds for land conservation.

We are interested not only in the factual information that you can provide, but also your opinions and recommendations on public funding measures available to us and strategies to enact such measures. That would include understanding the public's priorities and attitudes concerning land preservation, water quality and natural areas—including parks, trails, and fish and wildlife habitat—and how the public would respond to different methods of presenting those issues.

Information provided to the County Commission will be public record as a matter of law. This request does not in any way commit public funds to the efforts of The Trust for Public Land related to this request, nor does it require public disclosure of any confidential information of either organization.
