D: LICENSES. TPF shall obtain any licenses required to provide the Program and maintain full compliance with any licensure requirements. Copies of reports provided to or by any licensing or regulatory agency shall be made available upon request of County's Representative.

E: CONTRACTUAL LIABILITY. The relationship of the County to TPF shall be that of an independent contractor. Nothing herein contained shall be construed as vesting or delegating to TPF or any of the officers, employees, personnel, agents, or subcontractors of TPF any rights, interest or status as an employee of the County. The County shall not be liable to any person, firm or corporation that is employed by, contracts with or provides goods or services to the TPF in connection with the Program or for debts or claims accruing to such parties. TPF shall promptly pay, discharge or promptly take such action as may be necessary and reasonable to

settle such debts or claims.

F: SUBCONTRACTORS. A part of the consideration provided by County hereunder is based upon the need to establish and maintain a fiscally sound not-for-profit entity to provide the Program to serve the interests and welfare of the residents of the County. Therefore, TPF agrees that the Program shall be provided by volunteers or employees of TPF, and not by subcontractors. Nothing herein shall preclude employment of personnel through a lease or similar arrangement with the approval of County's representative, or contracts or leases for materials, supplies, facilities and other support services for TPF's program.

G: NON-ASSIGNABILITY. TPF may not assign, transfer, or encumber this Agreement or any right or interest in this Agreement.

TPF shall indemnify, keep and save harmless, and defend the County, its agents, officials and employees, against all injuries, deaths, losses, damages, claims, patent claims, suits, liabilities, judgments, costs and expenses, which may accrue against the County arising out of the performance of or failure to perform the Program required by this Agreement or the terms of this Agreement, whether or not it shall be alleged or determined that the act was caused through negligence or omission of TPF or its employees, or of the subcontractors or its employees, if any. TPF shall pay all charges of attorneys and all costs and other expenses incurred in connection therewith, and if any judgment shall be rendered against the County in any such action, the TPF shall, at its own expense, satisfy and discharge the same. Any performance bond or insurance protection required by this Agreement, or otherwise provided by TPF, shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County as herein provided. The indemnity hereunder shall continue until such time as any and all claims arising out of TPF's performance or failure to perform under this Agreement have been finally settled, regardless of when such claims are made.

In the event that any action, suit or proceeding is brought against the County upon any liability arising out of this Agreement, County shall give notice thereof in writing to TPF at the above listed address. Upon receipt of notice, TPF, at its own expense, may defend against such action and take all such steps as may be necessary or proper to prevent a judgment against the County. Nothing in this Agreement shall be deemed to affect County's right to provide its own defense and to recover from TPF attorney's fees and expenses associated with such

TPF shall provide a Certificate of Insurance as evidence of coverage, along with all applicable endorsements. Until such time as the insurance is no longer required, TPF shall provide the County with renewal or replacement certificates of insurance not less than the day prior to the expiration or replacement of the insurance for which a previous certificate has been provided. In the event a renewal or replacement certificate is not available TPF shall, not less than the day prior to expiration of any existing policy, provide County with evidence of a binder proving continuation of coverage and a new certificate as reasonably soon as possible.

TPF shall immediately notify County upon lapse in the coverages required by this Agreement or cancellation of any of the insurance policies. TPF shall not provide any services under this Agreement during any such period of lapse or after cancellation of the insurance coverages required herein without the express written permission of the County's representative.

ARTICLE 10: COUNTY'S REPRESENTATIVE. Manatee County Parks and Natural Resources Director or Manatee County Parks and Natural Resources Athletics Supervisor shall serve as the County's representative and are authorized to interpret this Contract and designate such additional employees as may be required to monitor TPF's performance, provide technical assistance, and assume other administrative duties associated with the implementation of this Agreement. Disputes over any provision not satisfactorily resolved with the County's representative shall be referred to the County's Parks and Natural Resources Director or his designee.

Parks & Natural Resources at G.T. Bray Park Responsibilities:

Goal: The County will partner with the Suncoast Campaign for Grade-Level Reading to battle the “Summer Slide”. “Summer Slide” is the tendency for students, especially those from asset-limited families, to lose as much of three months of the reading skill gains they made during the previous school year.

Goal: Summer Camp providers, Students, Parents, Library Systems, School Systems, Summer Recreation Locations, Foundations, and Teaching Artists will work collaboratively to strengthen existing Summer Learning opportunities for children from asset-limited families, aged four–Elementary School. This collaboration will allow for increased learning through shared knowledge and data, and will help develop a stronger more unified voice in support of our most vulnerable children.

The County will share information and enthusiasm with students inspiring the students to read and log at least 6 books at their appropriate reading level* between June 1, 2020 and August 7, 2020 (10 weeks) *Appropriate Reading Level: The goal is to increase reading skills - we want students to select books at or slightly above their reading level.

Each location will have a designated Suncoast Summer Reading Challenge Team Leader/Contact person.

- This person will be responsible for communicating all Summer Learning plans and reporting data and pertinent information to The Patterson Foundation.

Each location’s Leader/Contact person and at least one other full-time staff person will attend the 90-minute Suncoast Summer Reading Challenge virtual Blast Off event from 10 am – 11:30 am on May 16, 2020.

Initials _____ 10 _____

- This Blast Off is a blast! This event is open to all staff and volunteers from all participating summer locations. The virtual Blast Off will include professional development, instructions about the Suncoast Summer Reading Challenge, motivational activities, door prizes, and information about “This Book is Cool!”

If the County is in session the week of July 6, 2020, the County’s Leader/Contact person and at least one other full-time staff person will participate in a mid-summer Zoom Video Booster Training and Chat.

- A variety of times will be offered on Wednesday, July 8 and Thursday, July 9, 2020.

All staff who will be interacting with the children participating in the Suncoast Summer Reading Challenge will view the Suncoast Summer Reading Challenge training video and participate in a virtual question and answer session.

- The Patterson Foundation will provide the Team Leader/Contact person from the County a link to the training video. After the staff has viewed the video, a virtual question and answer session will be scheduled. Don’t forget to include your volunteers, the more you train...the stronger we’ll be!

The Patterson Foundation will provide supports for the County serving at least 20 children per week from predominantly low-income families who fully participate in the Suncoast Summer Reading Challenge. (50% or more of the students qualifying for free and reduced lunch using 2019-20 data) The County must offer programming for at least four weeks during the summer.

All on-site participating students will be provided with a physical official Suncoast Summer Reading Challenge Log to track their progress.

- The log may travel home with the students, or be kept by the summer program.

All students who are participating virtually as part of the summer program’s cohort will be given an electronic Suncoast Summer Reading Challenge Log to complete weekly.

Each on-site summer program will award silicone bracelets, provided by the Suncoast Campaign for Grade-Level Reading, for the first 6 books read. When children reach the 6-book goal, they will be given an “Out of this World” Brag Tag and 24” chain.

- The awarding of bracelets and brag tags will take place at least once per week at each summer program. Students will receive a different color bracelet for each book read, up to 6 books. Children will earn one brag tag when they reach 6 books and can earn an additional Brag Tag every time they read 5 more books.
- The summer program will arrange a time the bracelets and brag tags can be picked up or will mail the bracelets and brag tags to the students, at least once every two weeks.

The Suncoast Campaign for Grade-Level Reading will provide a series of webcasts, entitled “This Book is Cool!” Each week, two books per grade level for PreK, K, Grade 1, Grade 2, and Grade 3 will be featured. The webcast for each book will include a special guest sharing five reasons why “This Book is Cool”, 6 vocabulary words, and a suggested activity that is connected to the book. Participating on-site summer programs will receive a “This Book Is Cool” activity

guide with step by step instructions for all 100 suggested activities and up to two sets of the 100 featured books. A Summer Reading Challenge tool-kit with additional ideas and lessons to help encourage a love of reading will also be provided.

The “This Book is Cool!” webcasts may be used as part of a summer program’s virtual offerings. In order to qualify for funding support, the summer program must offer activities and opportunities for engagement beyond “This Book is Cool!”. If a summer program does not have the capacity for additional virtual offerings, we hope the summer program will encourage families with children grades PK - 3 to sign up for the Suncoast Summer Reading Challenge directly with the Suncoast Campaign for Grade-Level Reading.

The Suncoast Campaign for Grade-Level Reading will provide a tool-kit.

- The toolkit has ideas and lessons for staff members and volunteer to help encourage the love of reading.

Staff members are encouraged to read during the summer and wear the bracelets and Brag Tags they earn. Model a love of reading!

Team Leaders/Contact persons at each Summer location will connect with a Suncoast Campaign for Grade-Level Reading Engagement Team Member at least once a week for a brief learning and sharing session. This session may include photos and anecdotes from the week’s reading activities. The Engagement Team Member will share what is working at other locations.

The Team Leader/Contact person will keep a record of all participating children participating in the SSRC in-person or virtually as part of their cohort, and the number of books they have read each week. Unique identifier numbers or full name, birthdate, and most recent school attended will be provided for each child. This information will be reported within two weeks of the start date of the summer programming as listed in the Agreement for Charitable Contributions. This record will be shared electronically with The Patterson Foundation by noon on Mondays following each week of the program. Missing a reporting period may result in a loss of funding.

How are you making reading fun and essential?

- The County will plan at least two Summer reading activities each week. A list of proposed Summer reading activities will be received by The Patterson Foundation prior to the first support payment being issued. A weekly list of actual activities will be in the site’s weekly report.

All participating on-site and virtual programs will be given Suncoast Summer Reading Challenge Parent Guides to share with their families.

The County must include parents and families in at least one of the events planned as part of the Suncoast Summer Reading Challenge and will share their plans for including families in the Suncoast Summer Reading Challenge with The Patterson Foundation by completing this form prior to the start date listed on the Agreement. <https://forms.gle/QCAbw5ovjYha8tiHA>

print at their summer location in at least one way. (For example: names and photos on a bulletin board, on a poster) Students reaching these goals who are participating in a virtual cohort will be recognized in a newsletter, in an electronic letter home, or acknowledged on a website.)

All locations will be encouraged to engage Parents, Board Members, Staff, and volunteers in the celebration of National Summer Learning Week, July 6th – 11th. Photos and short videos of celebration events will be shared in the provider's weekly reports to be shared by The Patterson Foundation both regionally and nationally.

The County agrees to encourage honesty in the accurate accounting of books read. The integrity pledge will be printed on each Suncoast Reading Challenge log:

I understand it is my responsibility to keep my brain, body, and character strong. I know that reading books over the summer is important for my brain and my future. I will keep a truthful record in this log of books I have read this summer. Watch as I build a better me!

The first time the students take the pledge they will receive a sticker with the pledge printed upon it. The integrity pledge is an opportunity for character building and may be combined with games and activities and recommended books.

The support dollars given by The Patterson Foundation must be used to promote summer reading. These funds may be used to compensate the Leader/Contact person, the person charged to collect and report data, approved Association of Florida Teaching Artists (AFTA), Van Wezel Performing Arts Hall educators, authors, librarians, or dedicated reading staff/ remedial educators in addition, the support dollars may be used to fund activities and materials.

Parks & Natural Resources at John H. Marble Park Responsibilities:

Goal: The County will partner with the Suncoast Campaign for Grade-Level Reading to battle the “Summer Slide”. “Summer Slide” is the tendency for students, especially those from asset-limited families, to lose as much of three months of the reading skill gains they made during the previous school year.

Goal: Summer Camp providers, Students, Parents, Library Systems, School Systems, Summer Recreation Locations, Foundations, and Teaching Artists will work collaboratively to strengthen existing Summer Learning opportunities for children from asset-limited families, aged four–Elementary School. This collaboration will allow for increased learning through shared knowledge and data, and will help develop a stronger more unified voice in support of our most vulnerable children.

The County will share information and enthusiasm with students inspiring the students to read and log at least 6 books at their appropriate reading level* between June 1, 2020 and July 31, 2020 (9 weeks) *Appropriate Reading Level: The goal is to increase reading skills - we want students to select books at or slightly above their reading level.

Each location will have a designated Suncoast Summer Reading Challenge Team Leader/Contact person.

- This person will be responsible for communicating all Summer Learning plans and reporting data and pertinent information to The Patterson Foundation.

Each location’s Leader/Contact person and at least one other full-time staff person will attend the 90-minute Suncoast Summer Reading Challenge virtual Blast Off event from 10 am – 11:30 am on May 16, 2020.

(Every name must be initialed by all parties signing the document)

- This Blast Off is a blast! This event is open to all staff and volunteers from all participating summer locations. The virtual Blast Off will include professional development, instructions about the Suncoast Summer Reading Challenge, motivational activities, door prizes, and information about “This Book is Cool!”.

If the County is in session the week of July 6, 2020, the County’s Leader/Contact person and at least one other full-time staff person will participate in a mid-summer Zoom Video Booster Training and Chat.

- A variety of times will be offered on Wednesday, July 8 and Thursday, July 9, 2020.

All staff who will be interacting with the children participating in the Suncoast Summer Reading Challenge will view the Suncoast Summer Reading Challenge training video and participate in a virtual question and answer session.

The Patterson Foundation will provide the Team Leader/Contact person from the County a link to the training video. After the staff has viewed the video, a virtual question and answer session will be scheduled. Don’t forget to include your volunteers, the more you train...the stronger we’ll be!

The Patterson Foundation will provide supports for the County serving at least 20 children per week from predominantly low-income families who fully participate in the Suncoast Summer Reading Challenge. (50% or more of the students qualifying for free and reduced lunch using 2019-20 data) The County must offer programming for at least four weeks during the summer.

All on-site participating students will be provided with a physical official Suncoast Summer Reading Challenge Log to track their progress.

- The log may travel home with the students, or be kept by the summer location program.

All students who are participating virtually as part of the summer program’s cohort will be given an electronic Suncoast Summer Reading Challenge Log to complete weekly.

Each on-site summer program will award silicone bracelets, provided by the Suncoast Campaign for Grade-Level Reading, for the first 6 books read. When children reach the 6-book goal, they will be given an “Out of this World” Brag Tag and 24” chain.

- The awarding of bracelets and brag tags will take place at least once per week at each summer program. Students will receive a different color bracelet for each book read, up to 6 books. Children will earn one brag tag when they reach 6 books and can earn an additional Brag Tag every time they read 5 more books.
- The summer program will arrange a time the bracelets and brag tags can be picked up or will mail the bracelets and brag tags to the students, at least once every two weeks.

The Suncoast Campaign for Grade-Level Reading will provide a series of webcasts, entitled “This Book is Cool!” Each week, two books per grade level for PreK, K, Grade 1, Grade 2, and Grade 3 will be featured. The webcast for each book will include a special guest sharing five reasons why “This Book is Cool”, 6 vocabulary words, and a suggested activity that is connected

to the book. Participating on-site summer programs will receive a “This Book Is Cool” activity guide with step by step instructions for all 100 suggested activities and up to two sets of the 100 featured books. A Summer Reading Challenge tool-kit with additional ideas and lessons to help encourage a love of reading will also be provided.

The “This Book is Cool!” webcasts may be used as part of a summer program’s virtual offerings. In order to qualify for funding support, the summer program must offer activities and opportunities for engagement beyond “This Book is Cool!”. If a summer program does not have the capacity for additional virtual offerings, we hope the summer program will encourage families with children grades PK - 3 to sign up for the Suncoast Summer Reading Challenge directly with the Suncoast Campaign for Grade-Level Reading.

The Suncoast Campaign for Grade-Level Reading will provide a tool-kit.

- The toolkit has ideas and lessons for staff members and volunteer to help encourage the love of reading.

Staff members are encouraged to read during the summer and wear the bracelets and Brag Tags they earn. Model a love of reading!

Team Leaders/Contact persons at each Summer location will connect with a Suncoast Campaign for Grade-Level Reading Engagement Team Member at least once a week for a brief learning and sharing session. This session may include photos and anecdotes from the week’s reading activities. The Engagement Team Member will share what is working at other locations.

The Team Leader/Contact person will keep a record of all participating children participating in the SSRC in-person or virtually as part of their cohort, and the number of books they have read each week. Unique identifier numbers or full name, birthdate, and most recent school attended will be provided for each child. This information will be reported within two weeks of the start date of the summer programming as listed in the Agreement for Charitable Contributions. This record will be shared electronically with The Patterson Foundation by noon on Mondays following each week of the program. Missing a reporting period may result in a loss of funding.

How are you making reading fun and essential? The County will plan at least two Summer reading activities each week. A list of proposed Summer reading activities will be received by The Patterson Foundation prior to the first support payment being issued. A weekly list of actual activities will be in the site’s weekly report.

All participating on-site and virtual programs will be given Suncoast Summer Reading Challenge Parent Guides to share with their families.

The County must include parents and families in at least one of the events planned as part of the Suncoast Summer Reading Challenge and will share their plans for including families in the Suncoast Summer Reading Challenge with The Patterson Foundation by completing this form prior to the start date listed on the MOU. <https://forms.gle/QCABw5ovjYha8tiHA>

Students reaching 4 books read, 5 books read, 6 books read and beyond will be acknowledged in

print at their summer location in at least one way. (For example: names and photos on a bulletin board, on a poster) Students reaching these goals who are participating in a virtual cohort will be recognized in a newsletter, in an electronic letter home, or acknowledged on a website.)

All locations will be encouraged to engage Parents, Board Members, Staff, and volunteers in the celebration of National Summer Learning Week, July 6th – 11th. Photos and short videos of celebration events will be shared in the providers weekly reports to be shared by The Patterson Foundation both regionally and nationally.

The County agrees to encourage honesty in the accurate accounting of books read. The integrity pledge will be printed on each Suncoast Reading Challenge log:

I understand it is my responsibility to keep my brain, body, and character strong. I know that reading books over the summer is important for my brain and my future. I will keep a truthful record in this log of books I have read this summer. Watch as I build a better me!

The first time the students take the pledge they will receive a sticker with the pledge printed upon it. The integrity pledge is an opportunity for character building and may be combined with games and activities and recommended books.

The support dollars given by The Patterson Foundation must be used to promote summer reading. These funds may be used to compensate the Leader/Contact person, the person charged to collect and report data, approved Association of Florida Teaching Artists (AFTA), Van Wezel Performing Arts Hall educators, authors, librarians, or dedicated reading staff/ remedial educators in addition, the support dollars may be used to fund activities and materials.

Each participating Summer location will plan at least two Summer reading activities each week.
