Hours to Get  
Started

Token Transit is a single mobile ticketing and pass distribution platform for public transit agencies nationwide.

Riders download the Token Transit app, buy transit passes and use their phone as fare media.

Agencies can launch Token Transit in hours, realize their pass distribution potential and analyze the wealth of ridership data.

## Features for Your Agency

### Premier Mobile Ticketing App

- Buy a bus pass in seconds
- Fully accessible, in any language
- One app for many agencies

### Pass Distribution Platform

- Distribute passes with a click
- Passes delivered by text message
- Partner with employers, schools

### Data Analytics

- Detailed analytics dashboard
- Track sales, activations and uses
- Integrates with existing backends

### Successful Nationwide

- Trusted by 27 transit agencies
- Works for agencies of all sizes
- Growing national network

### Fastest Agency Onboarding

- Get started in 3 hours or less
- Clear, detailed launch checklists
- Turn-key software solution

### Bluetooth Beacon Validation

- Fast phone tap boarding
