Subject: FDEP Grant Agreement, Coquina Beach Feasibility Study; RLS-2018-0317

Charlie:

Pursuant to the above Request for Legal Services, you have asked our office to review the above referenced Agreement authorizing the above grant from the Florida Department of Environmental Protection (FDEP). I provide the following comments:

1. The Agreement follows a standard FDEP form accepted by the County in similar past transactions. In our experience, FDEP is reluctant to make substantive changes to its form documents. I have no comments to the text of the Agreement.
2. The County Administrator does have the authority to execute the Agreement during the Board's Summer Recess, subject to compliance with Resolution R-09-161 (the "Recess Resolution"), which requires that it be included in the record of the Board placed on the consent agenda at the July 24, 2018, regular meeting.

There were no specific legal issues raised in the RLS. Therefore, I have limited my review to identifying legal issues that could give rise to claim or case against the County. I express no opinion as to the business judgment of entering into the Agreement.

I have no objection from a legal standpoint to the Agreement being executed by the County.

This concludes my response to the RLS. Please let me know if you have any questions or concerns.

Bill Clague
Assistant County Attorney
Manatee County, Florida
