Hi,

We do not see any issue from this project affecting airport operations as long as any height does not exceed 170 feet above ground.

Thank you

Subject: Manatee County Project Near SRQ: JOYLAND ENTERPRISES, INC. Rezone

Good afternoon,

We have a project under review in Manatee County that is within the SRQ AI Height Overlay Part 77 Surfaces. It appears to be located in the Horizontal Surface.

There is no site plan associated with the proposal as it is currently in the rezoning stage.
The rezone is located at 6416 14TH ST W, BRADENTON, 34207 of parcel 6482210058. They are proposing a rezone from Residential Duplex Dwellings to General Commercial.

We would appreciate any comments you have by January 23rd, if possible.

Thank you!
