Hi Tia,

This is Steve Bradley, concerning the project at Manatee Palms. I own a house on Alpine Lane that will be affected by this project. My concern is that they would have a wall, or heavy landscaping, or both between my house and this new project. Currently I cannot see anything in my backyard, and I would like for it to continue to be that way. If you have any questions, feel free to email me or call me at 941-741-6588.

Thank you,
Steve Bradley

Good Afternoon Ms. Thomas,

Attached are the notices that were placed in the Bradenton Herald and the Sarasota Herald for Manatee Palms. At this time, the date and time for that Planning Commission meeting has not changed.

Thank you,

Tia A. Boyd

Good Morning,

I am reaching out in response to a Public Hearing notice that has been posted in our neighborhood regarding a development of multi-family homes. I see that the scheduled hearing is not conducive to any of the home owners as it is scheduled during working hours. Many home owners are not able to attend the current scheduled hearing and will not be heard if we cannot have a hearing that fits the needs of the working class homeowner.

Are you able to provide a copy of the Public Hearing notice and has the date or time changed since the original notice was made?
