The Citizens Action Center receives website, phone, e-mail, and walk-in requests from citizens who have questions, a need for County services, or a referral to another agency. Totals for April show a 10.2% increase compared to the same period in FY16-17 and a 10.8% increase when compared to FY15-16.

Citizens have the ability to request help from the Citizens Action Center via the County's website or the MyManatee App for cell phones. About 55% of the total requests are made by direct email or through the TRAKiT System on the County's website at www.mymanatee.org.

Work continues on the 2,500+ unique webpages of the MyManatee site to improve content, simplify the overall usability, and improve accessibility. April totals show a 37.2% decrease for this month compared to the prior year.

The MyManatee App available in iTunes and Google Play makes it easy for residents to connect to the Citizens Action Center to request service or report a problem. In April, 57 users downloaded the MyManatee App to their cell phones for a total of 5,176 downloads since the program began.

April 2018 impact fees were collected on 284 permits, a decrease of 29 permits (9.3%) from March 2018. April's net impact fee revenue was \$2,432,465, a decrease of \$431,218 (15.1%) compared to March. April's net impact fee revenue was higher (\$128,377 or 5.6.%) than net revenue collected during the same period in FY 2016/2017. Additionally, fiscal year-to-date totals show revenues are 3.6% higher than during the prior year at this time.

Note that these numbers represent impact fees collected for law enforcement, libraries, parks, public safety, and transportation.

SOURCE: Manatee County Tax Collector's Office

March showed an increase in revenues of 23.7%, or \$465,975, compared to the same period in the prior year and a cumulative increase of 13.9%, or \$993,881. This increase is primarily attributed to a strong diverse market of visitors from leisure, combined with three hotels opening in the area during this period. A continued strong influx of visitors from Europe and the Southeast United States resulted in a 7.3% rise in the number of visitors when compared to the prior year.

NOTE: The tax collection process is the same for both sales and lodging (bed) taxes. The results of collections for each month are reported by the Tax Collector the following month.

April Crosley revenues reflect a decrease of 12.2% or \$13,778 from this month last year, with an overall decrease of 7% or \$50,882. The decrease for the month is due to three fewer events (13 vs 16) as compared to the prior year, combined with a decrease in alcohol sales of \$3,923. The overall decrease is primarily the result of nine fewer events (98 vs 107) for the year, as compared to the prior year, combined with an overall decrease in alcohol sales of 9.6% or \$19,786 and no Crosley Theater events, reflecting a decrease of \$38,767. This decrease was slightly offset by an increase in catering commission of \$7,451 for the year.

NOTE: These figures are based on gross event revenues.

April showed an increase of \$12,625 or 22.3% when compared to the same month in the previous year, and an overall increase of \$15,916 or 3.13% for the fiscal year to date. April's increase was primarily due to three more events (13 vs 10), which included two large new clients with new events. The overall increase was due to a rise in the conference center occupancy for the year, combined with an increase in catering and audio visual commissions. There was also an increase in parking revenues due to two large events at the Convention Center -- the Matthew West Concert in October and the Circus event in November.

NOTE: These figures are based on gross event revenues.

The total number of commercial permits issued in April shows a 6.7% decrease from the same period in the prior year, but a 13.5% increase from April 2016.

These figures represent the number of permits for new commercial and commercial alterations and additions. Commercial permits require fire, electrical, plumbing, mechanical, and building reviews. The complexity of the reviews are in relation to the size of the structure and the occupancy designation.

In April, 38 new land development applications were submitted to staff for review, compared to 33 in the same period during 2017. In addition to these new applications, 29 resubmittals were made where an applicant was responding to issues and concerns raised by staff during previous submittals. This brings the total submissions for the month to 67. These figures are based on the weekly Reviewing Agency Meetings (RAM).

Land development applications include Administrative Permits, Administrative Adjustments, Special Permits, General Development Plans, Preliminary Site Plans, Final Site Plans, Off Street Parking Plans, Tree Removal Permits, Rezones, Certified Lots, Extension Requests, Amendments to Approved Plans, and "One Stop Reviews." Additionally, 16 Administrative Determinations, Beverage Licenses, and Zoning Verifications were reviewed in April.

This dashboard depicts monthly Half-Cent Sales Tax revenues for Transportation, Public Safety, and Parks & Community Facilities for Fiscal Years 2017 and 2018. This discretionary revenue lags two months in receipt. March and April revenue collection is expected at the end of May 2018. FY17 has been adjusted to reflect all accruals and state quarterly adjustments to reflect the FY17 CAFR.

The face of Manatee County Government's workforce is changing. Not unlike most organizations, our older workforce numbers continue to decline while our younger workforce numbers increase. In March 2018, we had 804 employees ages 51-65+ and 936 employees ages 18-50 compared to 850 employees ages 51-65+ and 840 employees ages 18-50 in March 2017 and 886 employees ages 51-65+ and 749 employees ages 18-50 in March 2016.

**Manatee County Government's Employee
Turnover Rate for the period 4/1/2017 through
3/31/2018: 15.9%**

Manatee County Government's (MCG) annual employee turnover rate has remained consistent each year, hovering around 16% of total employees. In March 2018, we saw 29 employees (136 cumulative) separate from MCG compared to 21 in March 2017 (133 cumulative) and 24 in March 2016 (130 cumulative). While the organization's aggregate total turnover rate has historically hovered at around 16%, the employee turnover rate for employees in jobs that are in high demand in the surrounding marketplace can be as high as 40% of total employees in those jobs. We continue to work with department managers and supervisors to develop and implement recruitment and retention strategies for employees, especially for employees who are in jobs that are in high demand.

The total for library usage is combined from the following sub-categories: circulation, computer usage, on-line resource usage, catalog log-ins, and in-house usage.

Material usage for the month of April 2018 was up 3% when compared to April 2017. This upturn is due to a 5% increase in online resource usage, and a 9% increase in internet/wifi usage.

Total	1825	319	580	530	153

This new dashboard (which replaces the Average Response Time dashboard) provides a more accurate breakdown of the service calls made by Animal Services Officers. Thus far in FY 2018, 78.3% of the dogs and cats impounded were returned to their owners, transferred to an animal rescue organization, or adopted.

The **Impound** number is the total number of dogs and cats picked up in the field and taken in by citizens at the shelter. **RTO** shows the total number of dogs and cats returned to their families in the field and redeemed at the shelter. **Transfer** refers to the total number of dogs and cats Animal Services transferred from the shelter to animal rescue organizations. The **Adopt** number is the total combined number of dogs and cats adopted from both the Palmetto shelter and the Downtown Bradenton Adoption Center. The **Euth** number is the total number of dogs and cats euthanized. This number includes those dogs and cats that were too sick, injured, and suffering, or dogs that were too aggressive and potentially dangerous.

Aug	85%	93%	
Sep	89%	91%	
Avg.	89%	89%	92%

April shows a save rate of 96 percent. When compared to the previous month, April showed an increase in total intakes, returns to owners, and transfers and adoptions, as well as a decrease in euthanasia. Total euthanasia is a cumulative count of all dogs and cats humanely euthanized by Manatee County Animal Services and its contracted veterinarians.

Note: The calculated save rate includes those animals euthanized by the contracted veterinarian during after hours emergency calls and those animals euthanized during regular business hours that were taken directly to the contracted veterinarian by the animal services officers.

The March 2018 call volume to the 9-1-1 Center was 17,326 calls.

The implementation of our Next Generation 9-1-1 Project has enabled a more accurate and efficient tracking of 9-1-1 call data. This includes the ability to distinguish between 'true' 9-1-1 calls and calls for assistance received from outside organizations such as the Florida Highway Patrol and private alarm monitoring companies. This ability to pinpoint true 9-1-1 calls has allowed the Manatee County Emergency Communications Division to more accurately report on actual monthly call volume starting with our December 2015 reporting.

This chart reflects the average response time for 18 ambulances county-wide and one 12-hour peak ambulance county-wide. The measurement begins when the ambulance is notified of the call and ends when they arrive on-scene. EMS responds to approximately 50,000 calls per year and covers 760 square miles (including both urban and rural areas). Each ambulance is staffed with an EMT and a paramedic. Total events for April 2018 equal 4,426 (compared to 4,263 in April 2017). Please note: EMS response time calculations reflect the system average. "Urban" areas represent higher call volumes and lower ART (average response time). "Rural" areas typically represent lower call volumes and higher ART. Overall Public Safety Response times to EMS calls are also reported in a separate dashboard.

NOTE: On September 1, 2016, a change was made to the EMS response matrix. All EMS calls are assigned an acuity level by utilizing a Medical Priority Dispatching System. Calls for service are assigned the following priority (Omega - lowest and Echo - highest acuity): Omega, Alpha, Bravo, Charlie, Delta, and Echo. EMS now responds to Omega and Alpha calls non-emergency (no lights and sirens). Given this fact, response times reported in this dashboard may show a slight increase.

MANATEE COUNTY PUBLIC SAFETY DEPARTMENT

Avg.	11.62	11.91	11.99

This chart reflects the average amount of time for the Public Safety Department to process a 911 call and have paramedics at the side of an EMS patient. The measurement begins when a 911 call registers at the 911 switch (ALI spill) and ends when the paramedic says "hello" to the patient. 911 calls are processed by the Emergency Communication Center and relayed to different response agencies including EMS, fire, and law enforcement. 911 call-takers are trained to use three different nationally recognized 911 protocols depending upon a caller's need. EMS response time is measured from time of dispatch to arrival (reported in another dashboard). The overall Public Safety Response Time (for EMS calls) dashboard demonstrates a more comprehensive spectrum of time.

NOTE: On September 1, 2016, a change was made to the EMS response matrix. All EMS calls are assigned an acuity level by utilizing a Medical Priority Dispatching System. Calls for service are assigned the following priority (Omega - lowest and Echo - highest acuity): Omega, Alpha, Bravo, Charlie, Delta, and Echo. EMS now responds to Omega and Alpha calls non-emergency (no lights and sirens). Given this fact, response times reported in this dashboard may show a slight increase.

This chart measures monthly and cumulative Fiscal Year (FY) 2017-18 system ridership for Manatee County Fixed Route public transportation services. Current fiscal year ridership is presented along with monthly and cumulative totals for the prior two (2) fiscal years in order to evaluate the overall ridership trend for the combined system. As shown, cumulative ridership levels in FY 2018 are lower than in FY 2017. Overall cumulative ridership decreased 12.3% when compared to the same period in FY 2017.

It is important to note that regional and national trends point towards declining bus ridership levels and there is some speculation that the trend is due to the impact of low energy prices and improvements in the overall national and local economy. Other local factors contributing to the decline include reductions in service from implementation of the service optimization plan including discontinuation of the Longboat Key Trolley, residual impacts from Hurricane Irma on Anna Maria Island Trolley ridership, and the return to 60-minute service frequency on Route 3/Manatee Avenue. The overall reallocation in service hours between FY 2016 and FY 2017 was approximately 3,000 hours. Staff re-established 30-minute frequency on Route 3/Manatee Avenue in February 2018 and that change, over time, is expected to bolster the core network of fixed routes and boost ridership levels on fixed-route services.

This chart measures monthly and cumulative fiscal year system ridership for MCAT Paratransit (i.e. Handy Bus) services, including ridership for the Longboat Key Shuttle service. Current fiscal year ridership is presented along with monthly and cumulative totals for the prior two (2) fiscal years in order to evaluate the overall ridership trend. As shown, cumulative ridership levels thus far in FY 2018 are 4.2% lower than in FY 2017.

Handy Bus service consistently experiences moderate fluctuations in ridership levels since December 2015. At that time, Transit Division staff determined that operational resources (buses and bus operators) were at a sustainable capacity limit of approximately 350 trips per weekday and, consequently, implemented an effort to limit Handy Bus reservations to that level. In July 2016, the Board approved a plan to increase staffing resources to maintain the operational level of service at 350 trips per weekday.

Total	534,764	534,764	512,195	512,195	281,797	281,797

This chart depicts monthly and cumulative ridership on the Anna Maria Island (AMI) Trolley in Fiscal Year (FY) 2017-18, including the Sunday Beach Express. The AMI Trolley is the most productive route in terms of total ridership operated by Manatee County, and ridership exceeded 500,000 in FY 2015, FY 2016, and FY 2017. Overall, the AMI Trolley and Beach Express continue to experience strong ridership levels. However, overall cumulative ridership is 15.4% lower in FY 2018 than in FY 2017. Staff continues to monitor month-to-month ridership levels and compare those ridership levels to regional and national bus ridership trends. That effort allows staff to determine if productivity levels are satisfactory and/or if modifications are needed in service levels.

This chart depicts all fare box revenue, ticket sales, and collected fares from all modes of Transit and Paratransit offered by Manatee County for three fiscal years. These modes include the regular fixed routes, paratransit (Handy Bus), and Anna Maria Island and Longboat Key services. The current fiscal year is then compared with the previous two (2) fiscal years. The cash fare for fixed route service is \$1.50. The Anna Maria Island Trolley and Beach Express offer free fares, with an opportunity for passenger donations. Paratransit fares include fares for the general public (ADA and TD program), as well as purchase of service reimbursement for sponsoring organizations in the community.

Cumulative transit revenues are 4.7% lower in FY 2018 than in FY 2017. Staff continues to closely monitor revenue by fare category and service type in order to identify changes in system-wide revenues. In FY 2016, staff engaged with Sarasota County and local colleges and universities on pre-paid, lump sum fares through Universal Access, or U-Pass, agreements to bolster fare revenue and promote ridership growth, and these efforts continue. On April 2, 2018, staff implemented a mobile ticketing pilot program, whereby passengers utilize their smartphone to purchase bus passes. The mobile ticket program is well received by Transit Division Operations staff, by passengers, and totaled over \$1,200 in sales in the month of April.

Solid waste received at the Landfill in April shows an increase of 11.2% over the same period in FY16-17 and a decrease of 6% from FY15-16.

The overall decrease in tonnage last year is attributable, in part, to the increase in the recycling rate. The transition to single stream recycling was completed in October 2016, which resulted in an almost 50% increase in recycling.

Currently Manatee County recycles at the rate of 54%. The Florida Legislature has set a goal of a 75% recycling rate to be achieved by the year 2020.

Potable water use varies from month to month depending on seasonal population changes and rainfall. Water use is higher during the winter months when the population increases and lowest during the rainy season, July - September. Average daily retail potable water demand consists of total residential and commercial account use but excludes wholesale customers.

Reclaimed water is a resource used throughout Florida as a way to conserve potable water. As residents use reclaimed water for irrigation, less potable water is used, extending the life of our water resources. In wetter times of the year, less reclaimed water is used as the need for irrigation decreases. February 2016 is an example of a month with higher rainfall resulting in less use of reclaimed water. Average daily demand of total reclaimed water includes residential, recreational, and agricultural uses. Month to month variation is linked to rainfall and agricultural crop seasons.

MANATEE COUNTY PROPERTY MANAGEMENT DEPARTMENT

Quarterly totals by calendar year

Reporting Period	2016	2017	2018
Jan - March	\$ 325,096	\$ 341,670	\$ 357,940
April - June	\$ 358,274	\$ 393,667	
July - Sept	\$ 411,751	\$ 439,484	
October - December	\$ 330,065	\$ 414,186	
Total for year	\$ 1,425,186	\$ 1,589,007	

This dashboard compares the quarterly electrical usage costs for 16 county-owned properties. These properties include six libraries, the Judicial Center, Bradenton Area Convention Center, Public Safety Center, Desoto Center, Historic Courthouse, and the Administration Building. Most of these properties have had some recent energy conservation measures applied in the last few years and are being monitored for the purpose of energy conservation. Since monitoring began in 2012, quarterly reporting has seen a trend downward in electrical use.

There are many variables that may affect electrical usage: weather patterns, increases or decreases within facilities experiencing periodic events, changes in facility workforce occupancy, or price escalation with the utility provider. The savings gained over the previous fourth quarter were attributed to cooler winter time temperatures and significant decreases in facility usage for events.
