In Re: PDR – 16-06 (Z)(P) – Neal Communities of Southwest Florida/Tides End (the “Project”).

Dear Ms. Baugh,

A public hearing to consider the above described Project is scheduled for September 1, 2016 before the Board. On behalf of the Applicant, we respectfully request that the Applicant be afforded an additional five (5) minutes to present its application in addition to the normal fifteen (15) minutes. This request is necessary so as to have sufficient time for the full and complete presentation of evidence and testimony in support of the application. We will use only so much of the time as is required, and will be efficient in our presentation and respectful of the Board's time. Nevertheless, we would be grateful for this accommodation.

Sincerely,
Edward Vogler II
